SOUTHERN TECH BATH TUB RACE '84

May 13, 1984

ΛΧΑ

LAMBDA CHI ALPHA

BATHTUB RACING ASSOCIATION

Southern Technical Institute
Marietta, Georgia 30062

WELCOME RACE FANS!

Southern Technical Institute proudly welcomes you to the Eighteenth Annual Spring Bathtub Race. We hope that you will enjoy the festivities we have planned.

At this time we would like to recognize the people who have helped us to make this race possible:

The Sports Car Club of America

The Safety Committee

Track Marshalls

Pi Kappa Phi - Tire Throwers

Tau Kappa Epsilon - Tire Throwers

Lambda Chi Alpha for this Program

City of Marietta

WGHR Radio Station

Bathtub Sponsors

The Students, Alumni, Faculty and Staff of STI

The Drivers and Crews of the BRA

We wish the best of luck to all of the teams and offer our prayers for a safe race.

Sincerely,

The Bathtub Racing Association

GUARANTEE A SKILL THAT CAN HELP GET YOU MONEY FOR COLLEGE.

What you do is to combine two Army programs. Delayed Entry and the Army College Fund.

With Delayed Entry, you pick a skill you want to learn, and once you qualify, the Army guarantees your skill training for a year. And you don't go in the Army until it's available.

If you choose a skill that entitles you to participate in Army College Fund, you can earn up to \$15,200 for college in a two-year enlistment. It works exactly like a savings plan. You save up to \$100 per month from your pay (over \$570 per month to start) up to a maximum contribution of \$2,400, and the government matches your savings 5 to 1.

Find out all about Delayed Entry and the Army College Fund. Ask your Army Recruiter.

ARMY. BE ALL YOU CAN BE.

PRACTICE LIMITED TO ORTHODONTICS

WE'LL PAY YOU TO GET INTO SHAPE THIS SUMMER.

If you have at least two years of college left, you can spend six weeks at our Army ROTC Basic Camp this summer and earn approximately \$600.

And if you qualify, you can enter the ROTC 2-Year Program this fall and receive up to \$1,000 a year.

But the big payoff happens on graduation day. That's when you receive an officer's commission.

So get your body in shape (not to mention your bank account).

Enroll in Army ROTC. For more information, contact your Professor of Military Science.

**ARMY ROTC.

THE WORLD FAMOUS BATHTUB RACE

Bathtub racing is a fine old tradition here at Southern Tech. It all started 18 years ago when two fraternities, using tubs mounted on wheels as a means of carrying beer, spontaneously began a race. Other clubs and fraternities soon picked up on the idea and bathtub racing as an organized sport was born. The original tubs were pieced-together racers with little more than ropes to guide them and powered by the energy of unfortunate pledges. The track consisted of a series of man-made obstacles such as opened fire hydrants, mud puddles, and water balloons. Despite its crude beginnings, the idea took hold and grew. It has evolved into a major racing attraction that draws national attention.

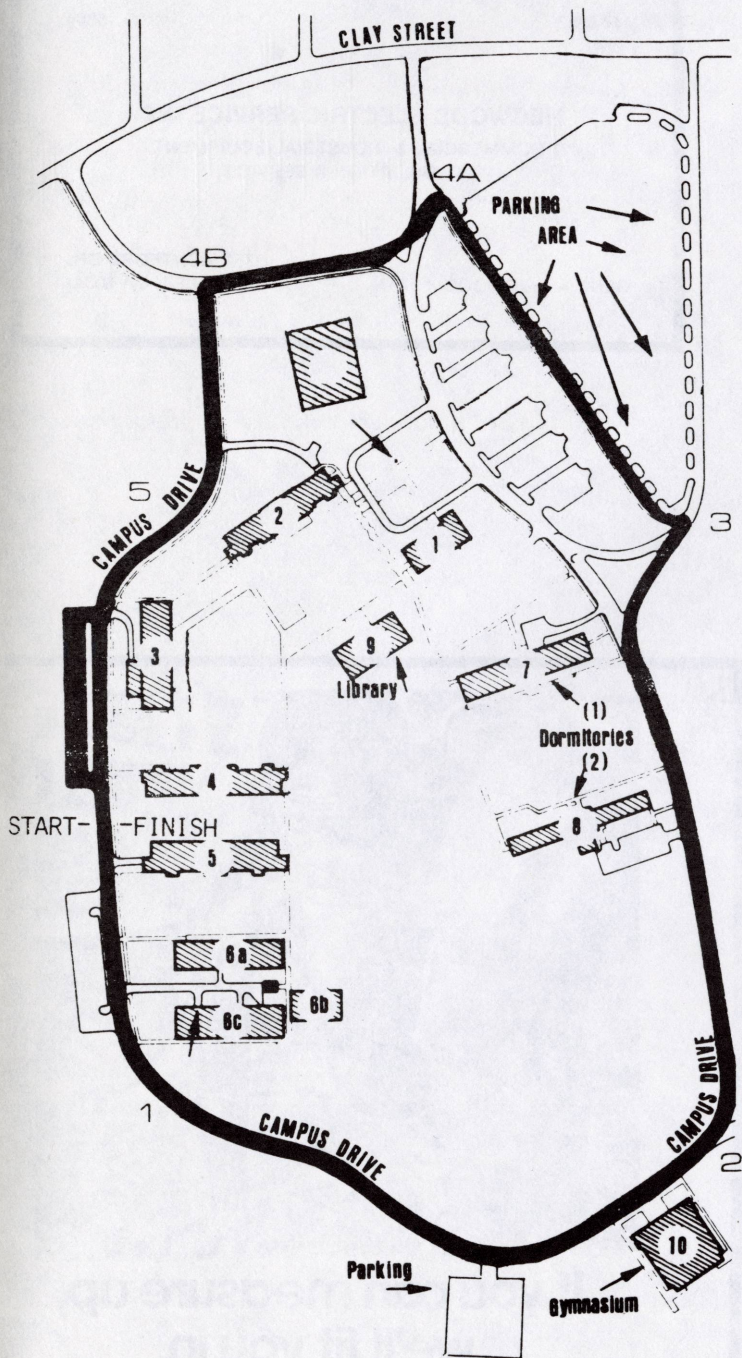

The formula for a bathtub racer is simple: take any cast iron, rolled rim bathtub four feet in length, acid-dip or grind it to the minimum 140 pounds, mount it on a lightweight frame, attach a 175 cc motorcycle engine, devise a steering system, install dependable brakes, and mount the whole thing on low profile Go-Kart racing slicks and you're in business.

SOUTHERN TECH BATHTUB RACEWAY
1.1 MILE TRACK

The current track record is held by Edward Jordan with Bathtub #15. Edward smashed his own record by one full second with a lap time of 62.7 seconds. The tubs have been clocked by radar and are believed to attain speeds in excess of 90 MPH.

There are two races held each year; the Fall race is intended as a warm-up to the Spring race which is 75 laps long. The Spring race takes about 1-1/2 hours to complete and the winner will cover a distance of 82.5 miles.

The race is coordinated by the Bathtub Racing Association (BRA), a loosely organized group of drivers, pit crewmen and other bathtub racing enthusiasts. The BRA has been meeting every week since school began in October, planning the Spring 1984 Bathtub Race. Besides building their racing machines and finding sponsors to finance them, the BRA must handle every aspect of the race: safety communications and flags, track marshalls, tire throws, etc..

The BRA would appreciate if you would cooperate by staying behind the yellow safety ropes and by crossing the track only at the bridges. Traffic during race weekend is requested to travel in race direction only until after the race on Sunday.

The BRA gives special thanks to all Bathtub Race sponsors, for their generous support of the Bathtub Race.

Piccadilly Cafeteria

NOW OPEN with

COOKIN' SO GOOD...

The Piccadilly home-style taste you're gonna love comes from food cooked the way Mom would cook. We start with fresh prepared ingredients and cook each delicious recipe in small, family-size quantities. Our recipes, like Mom's, have been refined and improved for over 40 years. So, every dish is just right every time, and super nutritious, too. Of course, most Moms don't cook for as many people as a cafeteria does. But, at Piccadilly, instead of making more of each dish, we make each dish MORE OFTEN. In fact, we're cooking continuously throughout

the day, and before any dish gets stale, we replace it with a fresh one. So, you taste Piccadilly's fresh-cooked flavor every time in every selection.

YOUR CHOICE... EVERY DAY

- 14 Tender, juicy meats and tantalizing seafood dishes
 - 14 Nutritious vegetables
 - 20 Refreshing salads
 - 20 Mouth-watering desserts
 - Homemade bread, rolls & biscuits
- All so good.

YOU'LL THINK WE KIDNAPPED YOUR MOTHER.

The Real Taste of Beer.

There was a time when if a beer didn't make it on taste, it didn't make it at all.

When the only advertising for beer was word of mouth.

And the word on Pabst Blue Ribbon® was that it was the best a beer could be.

**No Shortcuts.
No Skimping.
No Compromises.**

We simply don't believe you can make the real taste of beer by scientifically speeding up the process.

As the founder of the American brewing industry we were pioneers in establishing quality control.

That's why the time-honored ways of brewing beer our founders established are still honored today. And why it takes longer to brew Pabst Blue Ribbon.

You see, at Pabst, pride and dedication are ingredients that go into the making of Pabst Blue Ribbon Beer.

The Original.

If you've read this far, you obviously care as much about beer as we do.

So the next time you thirst for the real taste of beer.

The original taste.

Give the man who's reading this... a Blue Ribbon.

**"Give that man
a Blue Ribbon."**
