National Association of Intercollegiate Athletics

THE NAIA

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association which administers programs leading to national championships in 15 events for more than 500 fully-accredited four-year colleges and universities in all 50 states and Canada.

Established in 1940 as the National Association of Intercollegiate Basketball the NAIB evolved from the institution of a "National Small College Basketball Tournament" which was inaugurated in 1937. In 1952, the NAIB expanded to include tennis, outdoor track and golf, and that year the organization was renamed the NAIA.

Since that time the NAIA has further enlarged to encompass football (two divisions were formed in 1970), cross country, baseball and swimming, which were added to the NAIA championship program in 1956, wrestling (1958), soccer (1959), gymnastics (1964), indoor track (1966), ice hockey (1968) and volleyball (1969).

With its national headquarters and staff located in Kansas City, MO., the NAIA is organized into 31 districts. The District Executive Committee is the governing body in each District with the District Chairman serving as the chief officer. Within the district an eligibility chairman and publicity chairman are appointed to handle various duties.

A major factor in the success of the NAIA program is the importance placed on "grass roots" organization, in which each district administers and organizes the programs of the schools within their own district. The districts are usually small enough in the number of schools involved that each individual institution has a major voice in the policy and decision-making process within that district. This procedure carries forward to the national level, where each of the 31 districts have an equal voice in national matters.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletic program, administered and controlled by those responsible for the administration of the college or university. The NAIA encourages a broad program of athletic pursuits in its member institutions and aims at uniformity and equity in policies and practices through its district and national championship events.

Eligibility rules in the NAIA govern all competition in sports recognized by the NAIA, not just post-season competition. These rules must be adhered to by all NAIA member institutions, including those members holding dual affiliations with other associations. NAIA member institutions must pay the annual membership dues and be in support of the policies of the Association.

ACADEMIC AND ATHLETIC EXCELLENCE

Dear Basketball Fans,

Welcome to Southern Tech. Tonight's game promises fast-paced basketball action with one of the best teams in the nation. Statistics released in September showed that based on the past ten seasons, Southern Tech ranks sixth among the winningest men's basketball teams in the NAIA -- with an impressive won - loss record of 247-78. Last year's team boasted an outstanding 27-7 record, capturing both the GIAC and District 25 titles and returning to the national tournament in Kansas City. This success record is due to the talent and teamwork of our athletes under the strong leadership of Head Coach Perides, who is entering his 12th season at the college.

Each year the program continues to grow. Joining our six returning players will be outstanding junior college and freshman recruits from throughout the state, as well as Florida, North Carolina and Ohio.

We're experiencing growth throughout the college. Our second master's degree program, a Master of Science in Technical Communication, will be in place winter quarter. We have several new facilities, including a spacious new academic building and a library addition that doubled previous space. Construction is under way for the W. Clair Harris Apparel and Textile Center, a \$1.6 million facility. We hope that you'll find an opportunity to return to the campus during the day and get a first-hand look at our growth.

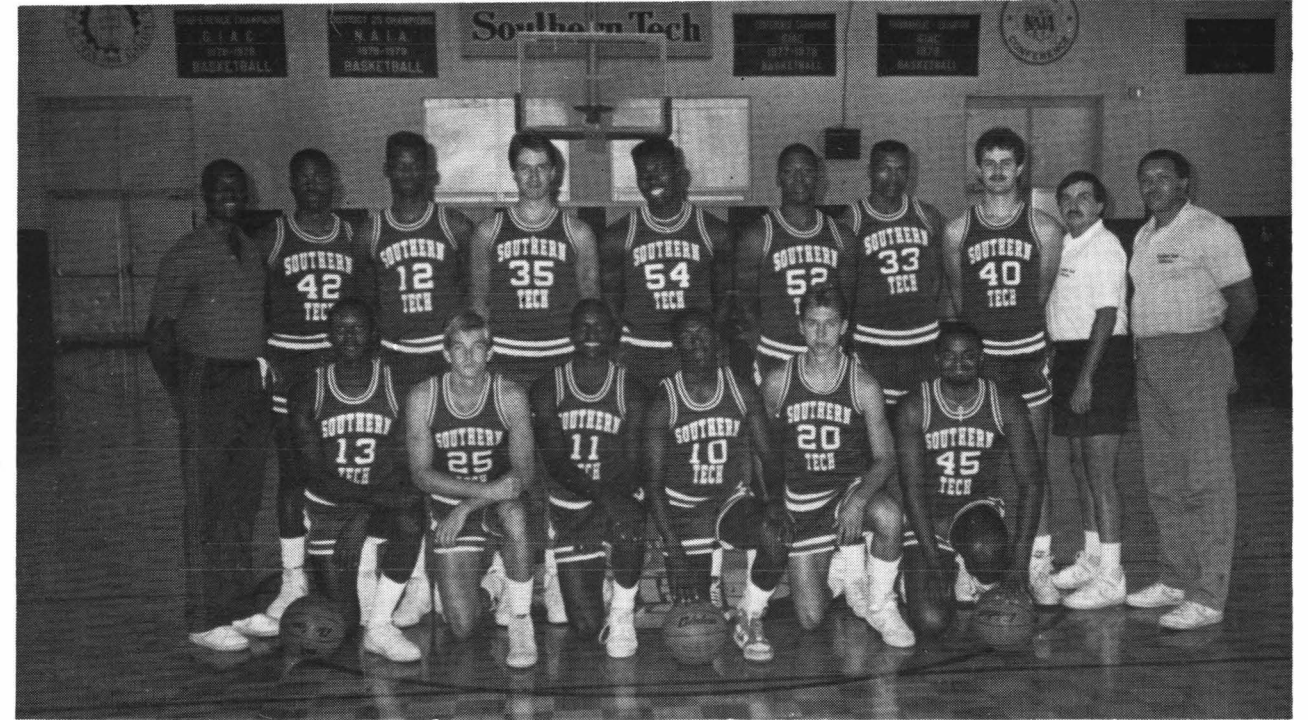

Webster defines teamwork as "work done by a number of associates each doing a part, but all subordinating personal prominence

to the efficiency of the whole." Because of it, Southern Tech not only has one of the winningest basketball teams in the country, but is a flagship college in engineering technology and related fields. The young people on our athletic team exemplify the winning spirit of our almost 4,000 students and 500 employees. We're glad you're here tonight to share in that spirit.

Sincerely,

Steve Cheshier
President

AIMING HIGH

In the 1986-1987 season, the Runnin' Hornets, coached by General George Perides, compiled a regular season record of 27-6. As a result of this great record, the Hornets were seeded number one in the District 25 play-off games and were at home for all the district tournament games. The quarter final game was a 71 to 59 victory over Nova College. The semi-final game was a nail biting 60 to 58 victory over North Georgia College. Two days later, the District 25 Championship game was played at the Hornets' Nest against powerful Georgia Southwestern College. The Hornets outlasted the Hurricanes 57 to 54.

This season, in addition to new players, Coach Perides has a veteran coaching staff returning. Assistant Coach James Waldon is in charge of recruiting. Richard Stallworth has "on the floor" coaching responsibilities.

The Hornets have several exceptional returning players. At guard, Craig Collard and John "Chris" Boulware will return to direct the Hornet offense. At the post position, Chris Carter and Darren Holley return. Terry Givens returns at the small forward position. To complement these returning players are guards - John Molden and Maurice Charlton, forwards - Rodney Armstrong and Ricky West, and post - Bobby Hines.

This will be the third season of the anticipated rivalry with Kennesaw College and continued rivalries with the remaining GIAC schools - North Georgia College, Piedmont College, Georgia Southwestern College, Berry College, Shorter College, LaGrange College, Georgia College and Oglethorpe University who has returned to the GIAC.

On December 4th and 5th, Southern Tech will host the Hornet Classic Tournament which will feature Limestone College, Clark College and Earl Paulk Kingdom Institute. See you at the games (home and away).

☆☆☆☆☆ THE COACHES ☆☆☆☆☆

Head Coach George Perides enters his twelfth season of leading the Runnin' Hornets with an impressive track record. In Perides, eleven seasons at Southern Tech, the Hornets have compiled a 252-99 record and have captured the NAIA District title for a record five straight years from 1978-1982 and again in 1987. In nine of his last ten seasons, his teams have won at least 20 games.

George Perides came to Southern Tech from small Palm Beach Atlantic College in West Palm Beach, Florida. His team made one trip to Kansas City and posted a 82-43 mark over four seasons.

Assisting Coach Perides for the seventh year is Richard Stallworth. Stallworth built an impressive record while playing for the Runnin' Hornets and played on two NAIA District Championship teams. James Waldon, formerly Head Coach at Edward Waters College in Jacksonville, Florida, joined the staff as assistant last year.
