

WHATSIZNAME??

SOUTHERN TECH

January 11, 1974

SOURIS

John Martin, Southern Tech wrestling coach, has announced the results of the three-way wrestling meet between Southern Tech, the University of Nebraska at Omaha, and Maryville College on Tuesday, January 8.

The team scores were:

Nebraska	37	;	Southern Tech	5
Nebraska	33	;	Maryville	3
Southern Tech	24	;	Maryville	21

In the 118 pound class, STI forfeited.

In the 126 pound class, Ted Souris(STI) lost to Jerry DeLaimo(M) by three points and lost to Nebraska's Larry Burkholder.

In the 134 pound class, Mark Hutchinson (STI) tied Mike Block(N) and won over Maryville's Frank Sabo.

In the 142 pound class, Jay McClure(STI) lost by a decision to Ken Boettcher(N) but defeated Joe Arbidson(M).

In the 150 pound class, Phil Howland(STI) lost to Dan Schroeder(N) and to Alonzo Williams(M).

In the 158 pound class, STI's David Granade lost a decision to Danny Dier(N) and defeated Maryville's Steve Kitchens.

In the 167 pound class, Wayne Eleton(STI) lost a decision to Steve Artis(N) and was defeated by Rich Ramos(M).

In the 177 pound class, Mike Speed(STI) lost to Dan Fuchs(N) and lost a decision to Matt Pacifico(M).

In the 190 pound class, Charles Kerr (STI) lost a decision to Dan Cahill(N), the national champion, and defeated Larry Mc Keever(M).

In the unlimited class, Southern Tech's Ray Perry lost by pin to Jim Gregory(N) and won by a pin over Karl Reardon(M).

The next match for Southern Tech wrestlers will be a single meet with Clemson University Friday night at 7:00 p.m.

FELIX & STELLA FLY

Felix and Stella are happy to see everyone back at school. They promise to a very interesting article for next week's column. For example: Who is the invisible "Dean"? Dr. Petite has the personality of a mop. How to waste an hour going in circles.

" WELCOME "

The Whatsizname staff would like to welcome back all students and faculty and hope your holiday was a warm and meaningful one. A special welcome to all the new students; especially the young ladies!

The Editor

S.A.M.

The first meeting of the winter quarter for the Society of Advancement of Management will be held Tuesday, Jan. 15, 1974 in Room 358 at 12:30 PM.

Please bring tickets that have been sold to the meeting! Sweat shirt orders will be taken and plans for the bathtub will be discussed. New Members are urged to attend.

President,
Glenn C. Welch

JEFF TUCKER SAYS,

As most of the students have heard, the faculty has voted to raise the Dean's List grade point average to 3.5 and a student must also make a 3.5 to graduate with honors.

This entire matter evolved out of your Student Government Association, except this wasn't what we had in mind. The SGA passed a bill for changing the honors designation for graduating students. Basically the bill recommended that 3.30 to 3.59 designate a "cum laude" honor, 3.60 to 3.89 designate a "magna cum laude" honor, and 3.90 to 4.00 designate a "summa cum laude" honor. The intent of this SGA bill was to give the students who graduate with honors a more impressive recognition.

This SGA bill prompted a statistical report on the overall grade point average of the student body; how many students made the Dean's List each quarter and how many students graduated with honors. This report revealed that the overall average of the student body last year was a 2.9 average. The Standing Committee of Southern Tech decided that this average was too high and it was evidently too easy for Southern Tech students to make the Dean's List.

I think it was a good move to make the statistical report which was compiled by Mr. Hayes in the Registrar's Office, but I do not think it was a good move by the Standing Committee to take the action that they did.

I do not feel that the Standing Committee considered what constituted the overall 2.9 average of our Student Body.

1. Students who transfer to Southern Tech are able to start with a clean slate. Many times these transfer students are more settled down because of marriage, military service, etc.
2. About a third of the student population are night school students and a large number of these students may take one 3 or 5 hour course a quarter, thus their chances of making a 4.0 average are very high.
3. I feel that our Student Body as a whole is very mature and responsible. The average Southern Tech student is goal orientated because when he comes to Southern Tech he has his career planned. These students are motivated and know they must make good grades.

These are three good reasons why the Southern Tech students had a high over-all grade point average last year, and probably will have for many years to come.

As I said before this whole conglomeration evolved from a bill passed by the Student Government Association. The Standing Committee recommended something to the faculty and the SGA did not have the chance to stand up for our own bill. I do not see how any committee appointed by the Dean of Southern Tech can decide what is best for the students without student input.

The student Government Association has composed a resolution strongly recommending that Dean Carlson appoint students to all committees as deemed necessary by Dean Carlson and The Student Government Association.

This resolution will be in the Dean's hands within one week. If this measure is not successful we will implement another type of action.

- ATTENTION -

Any student in Clayton or South Fulton County interested in joining a car pool please contact Brad Breed, 471-5157 or Chuck Merk, 478-0028 after 6:00 PM.

SOMETIME

Sometime, when you're feeling important,
Sometime, when your ego's in bloom,
Sometime when you take it for granted,
You're the best qualified in the room,
Sometime when you feel that your going,
Would leave an unfillable hole,
Just follow this simple instruction,
And see how it humbles your soul.

Take a bucket and fill it with water,
Put your hand in it, up to the wrist,
Pull it out, and the hole that's remaining,
Is a measure of how you'll be missed.
You may splash all you please when you enter,
You can stir up the water galore,
But stop, and you'll find in a minute,
That it looks quite the same as before.

The moral in this quaint example
Is do just the best that you can,
Be proud of yourself, but remember,
There is no indispensable man. Anonymous
