

# WHAT'S IN A NAME??

SOUTHERN TECH

JANUARY 25

## JEFF SAYS,

The question has been put forth; should Southern Tech separate from or merge with Georgia Tech?

There are many people who are advocating both moves and some think we should remain as we are presently. What would be the future of Southern Tech in any of these situations?

To remain as we are presently, would mean that Southern Tech would still not have a President. Our budgeting procedures would still be handled by Georgia Tech and in our case, the budget would still be argued for by the President of Georgia Tech. We would not be independent and we would not be Georgia Tech. We would be Southern Technical Institute, Division of Georgia Institute of Technology. We would not have anyone to politic for us in the community and no direct representative to the Board of Regents.

To separate completely from Georgia Tech would mean losing any use of the name Georgia Tech. We would have our own president who would be free to politic for us in the community and argue our budget cases personally to the Board of Regents. We would have direct-line communication to the Board of Regents and we would become a unit of the University system as its thirty-first institution.

To merge completely with Georgia Tech would mean that we would have to give up our identity as a separate institution with the name of Southern Technical Institute. We would become Georgia Institute of Technology--Marietta, Campus. Our National Alumni Association could become absorbed by that of Georgia Tech or remain as a separate unit for the Marietta campus only. Our present statutes would have to be changed and our complete committee structure would be desolved. Our budgeting procedures would remain the same and we would still not have a direct-line communication to the Board of Regents. The most visible change would be that our

diplomas would read Georgia Institute of Technology instead of Southern Technical Institute.

The aforementioned statements are just a few, but are the most important ones. Next week a survey will be issued by the Student Government Association and will be sent to the individual students mailboxes and you will be asked to make a decision. These surveys will also be circulated to the administration, faculty, staff, and all alumni. The final decision voiced by the surveys will be the stand that your Student Government Association will take.

Remember, it is of great importance that you take a few minutes of your time to answer the survey because it is the decision of the students, administration, faculty, staff, and alumni that may change the future of Southern Tech one way or the other. A drop box will be placed in the post office for you to cast your decision.

Letter to the Editor:

In the January 18 issue of WHATSIZNAME, ANONYMOUS made some pretty ridiculous charges concerning our basketball team. He or she says that "attendance (by the students) has not been that great but it is steadily improving and there is not a silent moment in the gym."

These claims are not true; attendance has declined at every game since the winter quarter began January 2 and during last Saturday's game with Belmont Abbey College you could hear the coach of both teams giving instructions to their teams during the time outs!

Now, what in the \*?#\*\$&! kind of support is this for a good basketball team? ANONYMOUS, you couldn't possibly have any conception of how hard the players have worked since this season began! Think about practice every day - not just when you wan to practice - but every day....sometimes twice a day! This requires spirit as well as desire. Running, dribbling, shooting, and drilling until your mouth becomes so dry it feels stuffed with cotton, your feet and legs become lead weights, creating blisters and aching muscles, jamming a finger on a pass that you weren't ready for, getting hit in the eye with an elbow, landing on someone's foot when you come down with a rebound and twisting an ankle, all of these things require spirit. And in addition to these little daily occurrences you must keep up the fifteen to twenty class hours per quarter in order to stay eligible to play basketball. The rest of us don't know what hard work can be!

Support by their peers is absolutely essential to the spirit of the members of the basketball team - and so to winning. If we had to stand in line or fight to get a ticket to a basketball game, maybe the students of this school would actually support an event on this campus. At the game with West Goergia (which is only about an hour and fifteen minutes from campus) on Friday, January 11, there were 11 Southern Tech fans and something over 2000 West Georgia fans. Now, that tells me something.

ANONYMOUS, if you were one percent of the "supporter" you claim to be, I think you would be exerting your efforts to improve the attendance at the basketball games instead of writing such garbage to

be published in the newspaper. I certainly never heard you at the game last Saturday.

ANONYMOUS, when the Hornets start winning big, and there is no doubt in my mind about that, I hope you are the second person in line for the last standing room only space in the gym!

Russell M. Beach

Letter To The Editor

I would like to submit a question for the faculty of Southern Tech to ponder. Realizing that the classroom exposure is oriented toward a positive learning experience for both the student and the instructor, why is it then that I and all of the various students whom I have questioned feel that the laboratories are more of a punishment than a learning experience? I'm sure that there is much more constructive criticism that could be utilized in making the labs a more positive rather than a negative learning experience.

Albert Slack

YEARBOOK AND NEWSPAPER STAFF CHALLENGE ANY FACULTY FOOTBALL TEAM TO A GAME OF TOUCH. PLEASE STOP BY THE YEARBOOK ROOM TO ORGANIZE THE GAME. (THAT IS IF YOU'RE NOT AFRAID)

STUDENTS: Nomination Forms for Student of the Quarter will appear in the next issue of WHATSIZNAME.

-----ATTENTION-----

A not so sauve roommate is needed to share "Luxury Living" for Winter Quarter in Barclay Arms Apartments. Extra large room, (approximately 10"x11") semi-private bath, (or private, depending on sex) and good food served from the apartment 3 Lamplighters Kitchen. The only requirements are that you must be a male or female and help keep the cost of living down. Call 427-2871 or contact the editor of WHATSIZNAME, Tim McCarthy.

SME AND ASME are going on a tour to Amoco Chemicals, Tuesday, **Feburary** 5, and the tour will leave the parking lot across from the Mechanical Building at 5:00 P.M. Come and join us.

# 'STI SPIES'

FELIX & STELLA FLY

BY

Felix : Would you just look at that!  
Stella: I can't believe it...another sign.  
I wonder how long it took for some  
genius to come up with "PED-XING".  
Felix: Yeah, I heard someone say it sounds  
obscene. Like "Do you want to go be-  
hind the classroom building and do  
a little PED-XING.", or "I'll show  
you my Ped, but no Xing." Ha,Ha,  
Ha. Here's one of my own: " I've  
got to go to the Doctor my PED is  
XING.  
Stella: You know we may be all wrong. This  
could be someones hobby. Some people  
collect stamps and others collect  
coins--maybe this person collects  
signs.  
Felix: Of course, the answer was in front  
of us all the time. What do you  
think will be next? A yield right  
away! sign or a.....  
Stella: I know--a patrolman to walk the Goat  
Shedders across the street.  
Felix: Why do you say walk the Goat Shedders  
across the street.  
Stella: Everyone, at least those who walk  
with their eyes open, knows students  
don't walk in the cross walk.  
Felix: That's true. Why don't they take  
those signs down and put up a yield  
right away! pedestrians sign. That  
way everywhere on campus drive, the  
pedestrains in the right.  
Stella: That's a good idea, a yield right  
away! sign--but the Goat Shed won't.  
Ah anyway, lets go down to the gym  
to watch the basketball team practice.  
Felix: O.K.-- they need a little support.  
Stella: Yeah, the supporters here on campus  
are only supporters if the team wins  
every game.  
Felix: You would think that the supporters  
would realize that the team is made  
up of freshman. And that we spend  
the least of all the other teams in  
the confrence.  
Stella: Well, in any case, STUDENTS, FACULTY,  
AND ADMINISTRATORS--PLEASE SUPPORT  
YOUR TEAM.

Felix: Good Stel, but only a few administrat-  
ors will come  
Stella: Why?  
Felix: They'll have to cross the street---  
--and there's no signs.  
Felix&Stella: HA, HA, HA, HA.

---

## SAM

The next meeting of the Society for  
the Advancement of Management will be  
held Tuesday, January 29, 1974 at 12:30  
in Room 358. Last minute plans for the  
automobile giveaway will be discussed,  
membership certificates and cards will  
be issued, and money from the ticket  
sales will be collected.

The club has collected about \$125.00  
from donations which will just build a  
bath tub minus the engine. We need your  
help. Mr. Allen Cross has made a stand-  
ing offer of \$50.00 to anyone winning  
the automobile. Anyone purchasing a  
ticket will profit, either by winning or  
by helping enter a tub on Race Day. This  
is publicity for the school and we need  
all we can get.

Please help.

Glenn C. Welch  
President S.A.M.

LOG

If you are graduating Winter or  
Spring quarter of this year be sure to  
come by the yearbook room and fill out a  
yearbook request form. The 1974 Log will  
not be coming out until registration day  
of Fall quarter.

Joe Deadwyler

# PLACEMENT & CO-OP OFFICE

TENNESSEE EASTMAN CO., Kingsport, Tennessee, has scheduled to interview on campus on February 6; however, they must know immediately how many associate degree CET, EET, IET, and MET graduates (March or June) are interested in interviewing. SIGN UP IMMEDIATELY IF INTERESTED, or they will cancel the date.

MOORE HANDLEY, INC. had no response for interview date of January 21; send them a resume if interested. They will re-schedule if there is enough response.

Barry Lovett, Benny Folsom - come by to proof-read your resumes.

## CO-OP JOB OPPORTUNITIES:

Philadelphia Carpet Co., Cartersville, Georgia - IET  
 Oxford Industries, Gaffney, S.C. and other locations - IET, AMET  
 Parsons, Brinckerhoff, Tudor and Bechtel, Atlanta - CET  
 Algernon-Blair, Birmingham or Atlanta - AET, CET, MET  
 Bechtel Power Corporation, AET, CET, IET, EET, MET  
 Atlanta Gas Light Company, Atlanta - EET, MET  
 CFW Construction Co., Inc., Tennessee - CET  
 Jordan, Jones & Goulding, Atlanta - AET, CET  
 Fesco, Inc., Atlanta (Doraville) - MET  
 Southern Engineering Company, Atlanta - CET  
 Southwire Company, Carrollton, Georgia - MET  
 Westinghouse, Tampa, Florida - IET, MET

## CO-OP CAMPUS INTERVIEWS SCHEDULED:

Georgia Power Co., Thursday, January 31, 12:00 Noon in Room 214, Building 2 - CET, EET, MET. If interested, come by Co-op Office and pick up a resume.

Southern Bell, Wednesday, February 20. If interested, come by Co-op Office, sign up for a time, and pick up an application form.

NOTICE: Effective this quarter the Placement and Co-op Office hours are 8:00 A.M. until 4:30 P.M.

ATTENTION JUNE AND SEPTEMBER GRADUATES: You are strongly urged to begin interviewing this quarter. Our interview schedule and job listings look good now, but we don't know what to expect by Spring Quarter. You will need a RESUME - come by the Placement Office and check on this.

LENDMAN ASSOCIATES will have another CAREER WEEKEND on Friday Evening and Saturday, January 25-26, at the Royal Coach in Atlanta. This is for Bachelor degree graduates - MARCH, JUNE, AND SEPTEMBER. Further information in Placement Office.

The English and Social Studies Department will offer a new course Spring quarter which deals with Career Preparation and Planning, Resume Development, Letter Writing, Interview Techniques, and other special interest topics. Juniors are especially urged to consider this new 1 hr. elective course; however, any two or four year degree student who will soon be graduating should attempt to schedule the course. Those interested in taking this course are requested to come by the Placement Office and register so that we might have an idea as to the number of sections that will be required.

## CAMPUS INTERVIEWS SCHEDULED THE WEEK OF JANUARY 28:

Tuesday, January 29, Watson & Company - AET, CET, EET (C&C), MET  
 Tuesday, January 29, Augusta Iron and Steel Works - CET, MET, IET  
 Wednesday, January 30, Blue Bell - IET, MET, AMET  
 Thursday, January 31, Georgia Power Co., CET, EET, MET  
 Friday, February 1, U.S. Marines - All Departments
