

WHAT'S IZ NAME??

SOUTHERN TECH

MARCH 5, 1974

O.K. ENGINEER TECHNOLOGIST

Here's your chance to get the ball rolling for yourself and, at the same time, help us all.

The American Society for Engineering Technology has been formed in New Jersey and we want all STI students to join. It only costs \$2.00 for one year's membership. Write to:

ASET

ATTENTION: Dr. Robert Bakish
c/o Fairleigh-Dickinson University
Teaneck, New Jersey 07666

Make checks payable to the American Society for Engineering Technology. Any questions, come by Whatsizname office for answers.

LOG

The yearbook needs photographers with home darkrooms. If interested, contact Joe Deadwyler in the Log Room or at Box 8121. This is a paying position.

LAMBDA CHI ALPHA

Alpha Beta Sigma and other interested students signed a petition Friday, March 1, 1974 requesting installation of a chapter of Lambda Chi Alpha here at Southern Tech. The petition was signed following a meeting with Mr. Gary Tiller, National Director of Expansion for Lambda Chi Alpha. If the petition is approved, the colony is expected to be installed sometime during early April, 1974, with a beach weekend trip to celebrate following installation ceremonies.

Lambda Chi Alpha members here at Southern Tech include Professor Doug Black, William J. Glenn, and Coach John Martin.

SPORTS

Southern Tech Intramural Basketball season is finally coming to a close. Monday, March 4, 1974, at 6:30 pm the playoffs will begin with the Black Student Association (Brothers) facing the Fellowship of Christian Athletes (F.C.A.).

The Brothers are a fast aggressive team while F.C.A. relies on their big center, Larry Williams, and the outside shooting of Danny Carlson and Hubert Nelson.

At 8:00 pm the Fighting Irish, coached by George Cirelli, will face TKE. The Fighting Irish is the only team going into the finals with a perfect undefeated season. They are led by their big gun, Terry Brantley. They are very strong on the boards with Keith Flander and Bruce Weekley. Jack Betagh and Walter Murphy from Savannah are the real spirit of the team. They will face the always tough TKE. TKE has the leading scorer in the league. Bubba Smith, a senior, in his last outing scored 47 points to take over the scoring lead from Mallie Seckinger. The winner will be decided on Tuesday at 8:00 pm. Come out and support your favorite team.

The Scout!

THE HANNEFORD CIRCUS

Well the Hanneford Circus did have the wild animals and beautiful girl performers that they said they did. The only problem was that apathy seems to have struck the Marietta community as well as STI. As a member of the STI community I'm glad that we aren't the only ones plagued by this affliction. (Another point for a full time PR person.)

The circus was one of the best acts on this campus so far. I'm just sorry there were not more people here to see it.

Tim McCarthy, Editor

THE STAFF'S OF THE WHATSIZNAME AND THE LOG EXTEND OUR DEEPEST AND SINCEREST SYMPATHY TO PROFESSOR HARRIS AND HIS CHILDREN.

The following code concerning alcoholic beverages was passed Thursday the 26th of February:

II NON ACADEMIC MISCONDUCT

A. ALCOHOLIC BEVERAGES

The possession or consumption of alcoholic beverages on college property or at events sponsored or supervised by the college is prohibited.

The Student Activities Committee recommends the following revision:

II NON ACADEMIC MISCONDUCT

Non Academic misconduct includes the following specifically prohibited acts whenever, unless otherwise stated, such acts occur on Southern Tech owned or controlled property, or STI-related premises:

A. ALCOHOL

1. Conspicuous or flagrant possession of alcoholic beverages except at private events approved by the Dean of Student Affairs
2. Intoxication made manifest by boisterousness, rowdiness, obscene or indecent conduct or appearance, or vulgar, profane, lewd, or unbecoming language
3. Disorderly conduct associated with the use of alcoholic beverages
4. Consumption or possession of alcoholic beverages at all public events including all athletic events

'STI SPIES' FELIX & STELLA FLY

BY

Felix and Stella thank whoever it was that sent them all those articles about STI that were in the "Marietta Journal." This response was due to the article that Felix and Stella wrote February 4, 1974 which said:

"My Gosh!! Look at this! Another article about Kennesaw Junior College. Between that stupid computerized carpool and seminars on everything from home movies of the sites to see in Waycross to the shortage of fertilizer. It makes me wonder if the newspaper is run by the staff at KJC."

Felix and Stella would be remiss if they did not point out that out of the seventeen articles sent to them, eleven dealt with sports. These sports articles are written by the staff at the Journal, not by a person from Southern Tech. But whoever you are, you went to a lot of trouble to prove a point and we respect that. Now if you will go back to those same articles and look for KJC news releases, you will find that they, KJC, had two to every one of ours. Felix and Stella refer here only to releases from the school itself, such as two news releases about KJC's mobile van, three articles about KJC's so-called computerized car pool, an article dealing with a sewing course, a KJC article about going to a four year program, and several seminars on some other pertinent information.

Some people feel it is worthless to answer anonymous mail, but I feel you were upset at what Felix and Stella said about KJC staff running the "Marietta Journal" and you just had to answer it. But unfortunately you overlook the basic question, "Why doesn't STI have a full time PR director for the school?" If a two year school can have one, a four year school should have one. That's the only point and I still say KJC staff members run the paper because who else would waste twenty cents to send those articles when a phone is free.

Please, Anonymous, send me any information you have by signing it with the foot print of a chicken so I know it's you, yellow belly.

Felix and Stella compliment those faculty members who allowed the students in their classes to evaluate them. Not only does this reflect their own maturity and interest in improving their teaching style, but it shows a respect for the students, heretofore just ignored. When will the students get to evaluate some of the administrators?

People have been saying that Felix and Stella never have anything good to say about anything. Well, here is a list of what we like on the STI campus. We like:

1. How organized and clean Mr. Pattillo has the library.
2. The hard working attitude of all the department heads. If it wasn't for for the heads of department, STI would not be where it is today.
3. All the female faculty and staff members.
4. How squared away Mr. Summers keeps the Electrical Department.
5. The professionalism and efficiency of the Police Department on the STI campus.
6. Playing football with George, Joe, Brian, Marty, Russ, and Craig.
7. The cigars Mr. Muller and Mr. Bennett smoke -- no matter what anyone says.
8. Mr. Callaway's hard work and loyalty to the students.
9. The practical and logical way the students are taught in general.
10. Mr. Kelly's worrying, running, and working all over campus.
11. The availability of most of the faculty for helping students.
12. Mr. Hayes' concern for the students' welfare.
13. SGA's hard work.
14. All the coeds.
15. The change in attitude of Mr. Azar.
16. The way the civil professors put up with the architectural students.
17. The power clique and the power clique annex. It's more fun than work.
18. "Playboy" and "Penthouse."
19. The way Sigma Pi and TKE have been getting along.
20. The straight flag pole.
21. The beginning and end of quarters.
22. People in general.
23. A good cigar.

Now would you all like to hear all the dislikes. Let the paper know if you would.

RESULTS AND CONCLUSIONS OF THE S.G.A. SURVEY ON
SOUTHERN TECH RELATIONSHIP TO GEORGIA TECH

The response to the recent questionnaire was very good considering the past performances. Every student had a questionnaire sent to his/her campus mailbox and 38.7% of the student body registered this quarter responded.

To those who did not respond: Having an opinion and choosing are parts of life; don't let life pass you by; voice your opinion. It will not hurt and it might even feel good for a change.

To those who returned blank questionnaires: The S.G.A. hopes that this is not indicative of your minds.

To those who expressed either concern that or a desire that the curriculum of Southern Tech be changed: This action would defeat the purpose of the existence of Southern Tech.

To the gentleman who wants a B.S. degree: We suggest you transfer to Georgia Tech or Auburn.

To those who did not have enough information to make a choice: There have been several articles and letters in Whatizname on the subject throughout the quarter and Dr. Pettit, President of Georgia Tech came to campus to discuss this and other subjects. The S.G.A. left the questionnaire return box in the Post Office for over a week. That should have been enough time for you to make inquiries and discuss the subject. If it was not, there is nothing more we can do for you.

The majority of the students answering the questionnaire are for merging with Georgia Tech. 52% of the students will back the decision to merge with Georgia Tech. The strongest feelings seemed to be centered around the use of the name of Georgia Tech for employment purposes.

We strongly urge that the appropriate authorities take the following actions immediately:

1. Take the necessary steps to change the name of SOUTHERN TECHNICAL INSTITUTE to be GEORGIA INSTITUTE OF TECHNOLOGY - MARIETTA CAMPUS.
2. Take the necessary steps to make SOUTHERN TECHNICAL INSTITUTE a "School of Engineering Technology" with the head of the school reporting directly to the President of Georgia Institute of Technology. This school should be independent of the "School of Engineering."

Further steps toward merger should be weighed carefully. Some of the steps discussed previously are: Raising the entrance requirements of Southern Tech to be equal to those of Georgia Tech; Merging of the two Alumni Associations; and using the services of the Georgia Tech Athletic Director for both campuses.

We believe that though merging is the desired end that in no way should the purpose for which Southern Technical Institute was established be changed.

TOTALS

	Number	Percentage
In favor of not changing	38	6%
In favor of separating completely from GA.TECH	170	27%
In favor of merging further with GA. TECH	328	52%
In favor of only changing the name	14	2%
In favor of separating or merging quickly	70	11%
Others returned	16	2%

Total enrollment - 1644 $636/1644 = 38.7\%$
