## WRESTLING

All persons interested in being part of the 74-75 Hornet wrestling team are urged to attend a tryout meeting on Monday, October 7th at 7:30 p.m. in the gym. The meeting will be an organizational one and will not involve physical participation.

Material involving what will be covered and what is to be expected of team members will be given out and discussed. Equipment sizes for the ordering of work-out clothes, shoes, etc. will be taken at this time.

The first two weeks of practice will be devoted entirely to conditioning and technique. This will give newcomers and people with little or no experience a chance to better learn what they will be letting themselves into. There will be no actual wrestling as far as contact during this period.

We are definitely in need of the higher weight classes this year and hope for a good turnout of people from the 150 lb. class to heavyweight range. If you have not tried amateur wrestling give it a try. You will be surprised to find that it is the best conditioning sport that you could ever compete in.

## ΛΧΑ rush party

Lambda Chi Alpha invites you to attend a rush party on Thursday the 26th of September. Starting at seven o'clock there will be FREE beer served and female companionship for those who don't bring their own. Go south on 41 to Treasure Island and turn left on Terrill Mill road and look for the Laurel Valley Clubhouse on the left. Any questions ask a Lambda Chi!

## T K E

Southern Tech's Tau Kappa Epsilon fraternity has been named "Top Teke Chapter" for the 1973-1974 academic year.

This award was presented to only eight chapters of the 314 active TKE chapters throughout the world.

"Excellence in chapter operations is recognized by Tau Kappa Epsilon International Fraternity on a yearly basis: says Roger Henry, president of Tech's TKE chapter, "and this award is especially gratifying for us since our chapter has only been national since February 23, 1973."

Southern Tech's TKE fraternity has about 45 members and one little sister.

Mr. Robert A. Azar  
Acting Public Relations  
Director

# FOOD

Throughout the entire fiscal year 1973-74, the Tech Food Service has been forced to absorb numerous and, in some cases, staggering wholesale price increases from the vendors that we do business with. These increases are the result of either shortages in particular food areas or the result of the inflation which is running so rampantly throughout our entire economy.

Needless to say, it is virtually impossible for our Food Service to absorb such increases without sharing this burden with the consumers of our product. Consequently after much thought and consideration, we have made the decision to adjust our prices on certain Snack Bar items.

To give you a better feel for the effect that food shortages or inflation has had upon the Food Service, I would offer the following comparative price list for what we paid for raw food in September 1973 as compared to the current prices listed for July of 1974. They are as follows:

## September 1973

Milk	1.09/gal.
Frozen Coffee	44.95 cs.
Redi Tea	12.00 cs.
Coca Cola	11.00 cs.
Sugar	13.25/100#
Rice	21.00/100#
Salad Dressing	5.60/4/1 gal.
Thousand Island Dressing	13.84 4/1 gal.
French Dressing	6.96 4/1 gal.
Shortening	24.00 6/5 qts.
Jello	9.20 cs.
Pork & Beans	4.00 cs.
French Fried Potatoes	6.60/30# cs.
Frozen Pies average	1.20/cs.
Tomato Catsup	7.40 cs.
Margarine Chips	.35/#
Margarine Reddies	.34/#
Peach Halves	7.35 cs.

## July 1974

Milk	1.24/gal.
Frozen Coffee	48.82 cs.
Redi Tea	16.00 cs.
Coca Cola	17.00 cs.
Sugar	31.00/100#
Rice	41.50/100#
Salad Dressing	9.95/4/1 gal.
Thousand Island Dressing	18.00 4/1 gal.
French Dressing	11.05 4/1 gal.
Shortening	40.00 6/5 qts.
Jello	12.50 cs.
Pork & Beans	12.00 cs.
French Fried Potatoes	9.50/30# cs.

Frozen Pies average	1.50/cs.
Tomato Catsup	14.00 cs.
Margarine Chips	.55/#
Margarine Reddies	.66/#
Peach Halves	16.00 cs.

As can be seen, the increases which have been passed along to the Tech Food Service are drastic to say the least. In some cases, we are investigating alternatives to the present products that we use. If through this investigation we can identify food items which we can obtain at a lesser price, we would, of course, reexamine our own pricing structure.

Effective Monday, September 16, 1974, the following prices will be in effect in the Student Center Snack Bar, Bradley Snack Bar, and the STI Snack Bar:

	<u>price from</u>
Carbonated beverages(9 oz.)	.15 to .20
Carbonated beverages(16 Oz.)	.25 to .30
Coffee(8 oz. cup)	.10 to .15
Hot Tea(8 oz. cup)	.10 to .15
Iced Tea(9 oz.)	.10 to .15
Iced Tea(16 oz.)	.25 to .30
Milk(1/2 pt.)	.15 to .20
Milk(1 pt.)	.30 to .35
Milk(9 oz.)	.20 to .25
Milk(16 oz.)	.30 to .35
Milk Shake(16 oz.)	.35 to .45
Hash Brown Potatoes(3 oz.)	.20 to .25

By sharing this information with you, it is my hope that you can have a better understanding of why it is necessary for us to pass along these price adjustments. I realize that many of the students feel that prices are already too high in the Snack Bar areas. I believe it is important, however, to understand that we are not simply raising our prices but rather sharing with our consumers the market increases which we have experienced. As previously mentioned, we will continue to investigate alternative products in an effort to either reduce or maintain our current pricing level as well as to implement good management techniques in striving to keep costs at a minimum. Your understanding and support of this matter would be greatly appreciated. Hopefully, we will see a day when we will be capable of rolling our prices back. If I may provide any additional information to you, please do not hesitate to contact me.

## PLACEMENT OFFICE NEWS

PLACEMENT ORIENTATION MEETING for all graduates who plan to interview Fall Quarter will be held THURSDAY, SEPTEMBER 26, in room 214, 12:00 until 1:00 P. M. PLEASE BE PROMPT! Mr. Smith, Placement Director, will have information for you about interviewing procedures, resumes, etc.

Interviews for Fall Quarter begin on OCTOBER 9 and you should begin signing up early. . . some of the job folders are already posted. Most out-of-town companies will not come to the campus for interviews unless there are at least 4 or 5 graduates signed up.

CO-OP STUDENTS who worked Summer Quarter must sign in at the Co-op Office by Friday, September 27, or you will be dropped from the program, and will not be reinstated.

ATTENTION GRADUATES: All company brochures and other literature are now located in the Library, due to limited space in the Placement Office. If there is only one copy of a brochure available, please do not remove it from the Library; extra copies may be taken as long as they last. We shall appreciate your cooperation!

---

## VETERANS WELCOME:

Southern Tech has established a separate Veteran's Affairs Office and Staff to meet your specific needs. The new Coordinator of Veteran's Affairs is Ray Carver, who is replacing Ms. Glover, Southern Tech's former Coordinator of Veteran's Affairs and present Financial Aid Officer. The Office of Veterans Affairs is also staffed with a new part time Secretary, Ms. Dot Cochran. In addition, we have a Vet-Rep (from the Veteran's Administration), Ben Meggitt, working with us to solve as many veteran-related problems as possible here on the Southern Tech campus.

The Office of Veteran's Affairs was reorganized with Veterans Cost-of Instruction Program (VCIP) funds in order to furnish Southern Tech's Veterans with their own full-time advocate(s), and to provide for more comprehensive student services to STI's Veteran population. These services will include: GI Bill certification, tutorial services for Vets, student status changes as they apply to the Vets educational benefits, to name a few.

The Office will also be involved in Recruiting and Outreach in order to attract the discharged serviceman/woman to Southern Tech. After recruitment, the job will not be finished, for we are mandated to serve the Veteran's needs while he/she is a student at Southern Tech. Therefore, this office plans to offer special services to Veterans, and act as a Veterans information, Counseling and referral center.

The Office is in Room 115 of the Administration Building, and there will be someone available from 8:00-4:30-Monday through Friday, except Thursday when we will be open from 8:00-5:30. If you are unable to get in during the established time, other arrangements will be made, simply call Ray Carver at 424-1022.
