T K E

Tau Kappa Epsilon, a national fraternity at STI only since February 1973, was officially presented the award for "Top Teke Chapter" 1973-1974, at a banquet, Saturday evening, November 16, at the Ramada Inn.

Over 75 persons, active members, alumni, and their dates were on hand to see Dan Laird, national Hypophetes, present the award to TKE president Nils Wirstrom.

This was Nil's last official act as president.

Taking over the campus leadership of the TKE's are Jesse Rice, president; Jim Sussenbach, vice-president; Dennis Luense, secretary; Russell Bartlett, treasurer; Bob Kiely, pledgemaster; Jimmy Leatherwood, sergeant-at-arms and Wayne Holton, chaplain.

According to Jim Sussenbach, the TKE's are planning a car wash, Saturday, November 23, from 10 am till 4 pm, at Treasure Island on the Four Lane Highway. Price will be \$1.00.

Also, Sussenbach said the proceeds from the raffle the fraternity is now holding will be used to give a Christmas Party for orphans at the Calvary Baptist Children's Home in Smyrna. First prize is an SR-50 Calculator and a case of beer is second. Drawing will be held noon, December 6, at the rock.

VETERANS/DEPENDENTS OF VETERANS

All veterans (and dependents of veterans) who pre-registered and did not complete a veteran computer card at the Veterans Affairs station are requested to contact the Office of Veterans Affairs in order to do so.

If you cannot drop by the office, you may call 424-1022 and we'll fill out the card via phone.

The aforementioned computer card is required each quarter.

here come da judge !

The Judiciary Board will meet Wednesday, Nov. 20, at 7:00 pm in the Seminar Room. The Lambda Chi protest will be heard.

SGA

Dean Walter Carlson was a special guest at the most recent student government meeting. He answered student's questions on subjects concerning: student activity fees, the Athletic department, and intramural sports. He specifically stated he was in favor of a strong intramural program.

Night school survey will be circulating this week. All night school students should fill this survey out promptly.

Marcia Hurd has been approved as night school representative to the SGA. She can be contacted at STI Box 8535.

The IFC announced that Saturday Jan. 18, will be the date for homecoming. Tentative plans include a concert Friday night, followed by a parade on Saturday afternoon, and climaxed by the West Georgia game Saturday evening.

Students are again reminded that all SGA meetings are open-door and are held every Wednesday at 5:00 pm in the Seminar room.

Russ Bartlett

it's not

too late

It's still not too late to apply for a Georgia Incentive Scholarship. Full-time students who began their college studies after April 1, 1974 may apply for up to \$450 a year in non-repayable aid from the Georgia Higher Education Assistance Authority, a companion agency of the State Scholarship Commission.

Completed applications received by GHEAA before the end of November will be considered for fall quarter assistance; applications received after December 1 will be considered for aid beginning winter quarter or spring semester.

Designed to complement the federally funded Basic Educational Opportunity Grant program, the Georgia Incentive Scholarship program is open to Georgia residents who demonstrate need and who attend college, vocational school or

SAC

In an effort to revive the Student Regent Bill which was pigeonholed by the Senate University Committee of the Georgia State Legislature, members of the Student Advisory Council, are starting a petition drive in order to demonstrate an interest in the Bill by Students of the University System and the citizens of Georgia.

The Student Advisory Council which originally conceived the idea of a Student Regent Bill, consist of Student Leaders and Advisors from the 32 state supported colleges and Universities. The SAC is designed to act as a link between Students and Educational officials.

The Student Regent Bill is designed to place a student with full voting power on the Georgia Board of Regents. The Board of Regents which decides Institutional and Academic policies for the University System of Georgia consists of 15 officials appointed by the Governor. Should the Bill be passed, 3 students will be selected by the Student Advisory Council and in turn the Governor would appoint one student and if he is confirmed by the senate he will serve on the Board of Regents.

In late November, petitions are to be circulated to obtain support for the bill. The idea behind the petition is to demonstrate to members of the Senate University Committee, that students and citizens alike are interested in the progress of the Bill.

nursing school in the state.

Veterans who are residents of Georgia and who are attending eligible post-secondary institutions are not subject to the regulation requiring that an applicant have begun school after April 1. In other words, veterans who are sophomores, juniors and seniors. . . as well as those who are freshmen. . . may be eligible for a Georgia Incentive Scholarship.

Applications are available from the college financial aid office or from the Georgia Higher Education Assistance Authority.

PE - A MUST AT STI

I would like to get one point across to everyone this week. I do enjoy athletics and like to see them take place at Southern Tech. But I do think that this can only be done with a strong Athletic Department, one that is on its own, and not being run by people who have other things to do. They should coach full time, get paid for being a coach, and be proud of being a coach at Southern Tech. There are a lot of good athletes at Southern Tech who care about being on a winning team. They have self-pride first because they are athletes, and secondly because they are men who have something to show pride in. And thirdly because, they are proud of their school, and with a strong team they could build a good name for the school. So I don't see doing away with the Athletics but building winning teams.

The way I see to help this cause would be by starting P.E. at Southern Tech. The PE program would get money in from the state, and this could only help the intramural program. The PE teacher could run the intramural program. He would set up the rules, the games, and get things working. The money the state would give, would get us the equipment that we need for this program but what this would also do would make the gym more than a building, a place for the student to work out.

It was just the other day a group of guys came up to me to see if I knew how they could go about getting some mats down in the gym to work out on. I told them I would see what I could do for them. There are a lot of students at Southern Tech who care about exercising, and staying in good shape, but this is hard to do just in an empty building. We could make it into a gym for the students just by adding a few pieces of

equipment for them to use, things like mats, parallel bars, and other gymnastic equipment. For gymnastics are enjoyed by many people.

So I think it is about time the school gets things together, and gets the students something they care to have. For without the students, there would be no school and if the students are not happy, just how long will they stay students here?

I have been at Southern Tech a long time and I have seen many students care to get something for the other student, but did not try because they thought that they could not get anything done, so they just sat back. Well, I was one of these people, but I've just had it.

The Students should let people know what they think. It would help the school. So if you are afraid to speak out, but feel you have an idea that would help the students, I would be glad to get this information across for you. Just let me know. For as your Mayor, I am here to help my people, and you the students are my people, so let's get things going as a student body, let's become a team!

GOOD-BYE

Well, with the rain last week, the end of intramural football has been put off. But if the rain holds off, I think it should all come to an end this week.

Even though we have had a few problems this season, I am happy with the outcome of the season. I hope everyone who took part in intramural football enjoyed themselves, and everyone that came down to look at the games also enjoyed some good games.

And to everyone who helped Ref, I thank you a lot for I know that we all took a lot. I would like to thank everyone for hanging in with me for I know, it was not the best it could be, and I am not happy with the whole job I did, but I do think that a lot of you will have to agree that it was a lot better than last year. With a little work next year I am sure things will be run better. With a little money, I know the program could be a lot better than it is at this time. I would like to thank Jerre Kirk for his help in refing and Pan Kent for her help with the carrying out of equipment.

LETTERS

After living here at Southern Tech for one month it has come to my attention that a large portion of the student body has no regard for the campus' appearance.

The students and teachers at this school is what makes the school go noticed or unnoticed. The majority of the people have no regard for the cleanliness of the campus. Many times I have seen trash thrown down with a trash can a few feet away. None of the developed part of the campus can be walked on without seeing paper cups, beer cans, paper or cigarette butts. To a visitor this must make some impression on the type of people at this school. The visitor looks at it from the point of view that no one must care how the place looks.

Everyone must join together to clean up STI. Don't worry about your neighbor. "You" do your part and don't litter and on occasion stop and pick up a cup. Involvement is the only way for things to get done. Then when everyone gets the message Southern Tech will be clean for everyone to enjoy its natural beauty.

Tim Thornton

As a six year commercial broadcast veteran and a Southern Tech student, I am deeply concerned over the future of STI's carrier Current Radio Station, WSTB. In its present state of existence, WSTB contradicts the entire premise of campus radio. Because of it's closed circuit (Campus only) mode of transmission, it cannot be heard by Southern Tech's most important supporters--the local community. Also lack of interest from the Goatshed has driven away some very good management potential from the station. Consequently, STI students interested in radio are denied the proper training that could be available to them--free--from experienced broadcasters.

I suggest that if properly licensed, financed, and supported by the campus administration, WSTB would serve as an excellent front of Public Relations for Southern Tech as well as offer free on the job training for students planning a career in electronic journalism.

Dennis Allen Stage

Why does the Souther Tech police department need an International truck/station wagon, a pickup truck, a full size station wagon, two bicycles, and numerous student policemen to patrol the parking lot and one mile of paved road? Can the students afford all this? Before anyone allows his prejudice to answer either of those questions, I would like to see a financial report on the Police Department stating where the money came from, where it went, and, most importantly,--why.

Inquisitive

I am writting to you from the first thrown down stairs in the library. I have been sitting here for a while contemplating wheather or not to sandpaper my rear end or to wipe with my handkerchief. The toilet paper on this campus has gotten harder to live with than the Dean's problem you mentioned in an earlier publication of yours.

If you would find out why we are required to assault our anal openings in such a fashion and if there is a good reason behind it I would much appreciate it.

Thank You.

Soar As_

PS You might suggest Delsy as an alternative. (Not necessarily in pastell colors.) By the way, I blotted with my hanky!

Professor Harris of the math department challenges the faculty to a blood drive! Professor Harris says that on a percentage basis his classes will give more blood than any other. This is in an effort to help with the blood drive on November 20th in the TV room of dorm one. The TV room will be open from 10:00 am to 3:00 pm.

NOMINATION APPLICATION

Student of the Quarter

Name of Student: _____

Check one: Freshman ____ Sophomore ____ Junior ____ Senior ____

S.T.I. Major: _____

Sports, Clubs and/or Fraternity active in:

Other campus activities:

What has this student done for Southern Tech, its faculty, students, public relations, etc?

On what reasons do you base your nomination?

Your name: _____

Box #: _____

IT'S UP TO YOU!

Nominations for "Student of the Quarter" are due in Wednesday, November 27. Nominations should be based on what the student has done for Southern Tech, not just on the students popularity or grade average.

It's hard for us to know everyone enough to pick a deserving student. So, "It's Up To You" to let us know.

Applications may be picked up or left in the S.G.A. office in the library.

Awards Committee '74-'75

GOOD-BYE (con't from pg. 3)

Without these two people helping, there are some nights I know, I just would not have been able to do it all. What ever teams make it into the play-off games, Good Luck, and thank you for giving me the opportunity to help. It was fun being your commissioner while it lasted, but this is the end of it now. My job is done.

George Cirelli

SHORT TERM LOAN NEEDED???

Students desiring a short-term loan for payment of fees and tuition winter quarter MUST submit an application for funds no later than DECEMBER 2, 1974.

Please be aware that the only exceptions to the above time limit are cases of extreme emergency.

Students receiving scholarships, grants and loan checks should pick-up checks no later than 12 pm January 2, 1975 for winter quarter fees.
