10 MINUTES OF YOUR TIME COULD SAVE A FRIEND'S LIFE.

In the time it takes to drive your friend home, you could save his life.

If your friend's been drinking too much, he shouldn't be driving.

The automobile crash is the number one cause of death of people your age. And the ironic thing is that the drunk drivers responsible

for killing young people are most often other young people.

Take ten minutes. Or twenty. Or an hour. Drive your friend home. That's all. If you can't do that, call a cab. Or let him sleep on your couch.

We're not asking you to be a doctor or a cop. Just a friend.
