A.I.I.E. CONFERENCE TO BE HELD

Southern Technical Institute in Marietta will host the 1976 Southeastern Regional Conference of Student Chapters of the American Institute of Industrial Engineers, March 19-20.

Southern Tech, the home of the first AIIE chapter at a technology campus, will also be the first engineering technology college to host a conference of this nature.

About 40 delegates from 10 AIIE chapters around the Southeast are expected to attend the two-day conference, according to professor Larry Aft of Southern Tech's Industrial Engineering Technology Department. Thus far they include students from the University of Florida, University of Miami, University of Tennessee, Florida Technological University, University of South Florida, University of Puerto Rico, Ga. Tech, Auburn, Alabama, Tennessee Technological University and Southern Tech.

According to Aft, the conference will include welcoming speeches by Dr. Walter O. Carlson, Dean and Executive Director of Southern Tech; professor Tom Carmichael, acting head of STI's Industrial Engineering Technology; and Mike Jones, president of Southern Tech chapter of AIIE.

Aft said that speakers and topics for the conference will include Mr. Glenn Mann of the Southwire Company, "Industrial Engineering at the Corporate Level"; STI English professor Robert Hays, "Effective Communication"; Ga. Tech industrial professor John A. White, "Norman Dunderhead Discovers the Real World"; Mr. Joseph Kehlbeck of General Electric, "AIIE and Productivity"; and Mr. Frank Johnson of Lockheed, "Value Analysis". There will also be a career planning development panel with Mr. Richard Jones of the Bank Building Company, STI special

studies director Jack Selter and placement director Paul Smith.

The conference will also feature a student paper competition. Alan G. Ferguson will represent STI in the contest with a paper about the scheduling of events involved in the installation of heating and air conditioning systems.

**** WSTB NEEDS YOUR FEEDBACK *******

We are trying to improve our service to the students. If you could, please fill out the short survey below and drop it in either the box outside the radio station or put this survey in p.o. box 8891. Thanks.

- I LIKE THE STATION I DISLIKE THE STATION
 - THE MUSIC IS TOO "TOP 40"
 - MORE "TOP 40" MORE PROGRESSIVE
 - MORE JAZZ START SOME CLASSICAL MUSIC
 - I WANT TO HELP THE STATION
- extra comments

****FM IS COMING! COME JOIN US! *******

Once again it is time for the SGA to prepare next years budget. Our fiscal year starts July 1 and ends June 30.

This article is an attempt to give the students some background information on the problem facing us.

The SGA proposes a budget on expected income for the next year. If more money is collected than expected, as in past years, this money goes into a holding account. In the past this money was spent on special activities that had not been anticipated. The present amount in the holding account, more commonly known as the contingency fund, is approx., \$35,000.

Last years budget was based on an expected income of \$65,535.00. This is the application of funds for our current year.

Athletics	\$29,946.14
Social & Entertainment	8,000.00
Student Government	4,700.00
Student Publications	15,430.00
Radio Station	4,591.00

The SGA has called for budget requests so it can prepare next years budget. These were the requests as received.

Student Center	60,000
Social & Entertainment	7,500
SGA	7,000
Student Publications	18,233
Radio Station	4,570

The SGA has income for next year is 35,000. As you can plainly see the budget requests as received cannot be balanced with the expected income.

It is the policy of the SGA not to use the money in the contingency fund in planning the next years budgets.

The student Council has a committee to propose a budget for next years. This committee will conduct budget hearings which will be open to members of the student body. The hearing will be held on Thursday, April 1, 1976 @ 5:05 pm in the library seminar room.

Scott Dobslaw
SGA Treasurer

PLACEMENT AND CO-OP OFFICE NEWS

March Graduates: Post graduation Forms have been sent to your post office boxes. Please read the accompanying letter, complete the form and return it to the Placement Office Room 122, Administration Building, before leaving school. These forms were sent to both 2 and 4-year graduates, day and night school, who petitioned to graduate this quarter. Please make an extra effort to return these forms--they can be marked to the attention of the "Placement Office" and left in the post office if it is not convenient for you to come by our office.

Co-Op Students who will be working Spring Quarter MUST sign out in the Co-op Office before leaving the campus--you can not sign yourself out by phone. Also, if this will be your first work quarter, check with the Co-op Office to be sure you have completed all required paperwork.

OFFICIAL SCHOOL CALENDAR	
March 16 - 19 (T-F)	Final Exams. End of the Quarter.
March 22 (M)	Final grades due in Registrar's Office no later than 5 p.m.
March 22 - 28 (M-S)	Spring Recess
March 29 (M)	Registration
March 30 (T)	Classes begin
March 31 (W)	Late Fees Apply
April 1 (Th)	Fees must be paid by 7:00 p.m.
April 2 (F)	Registration cancelled for non-payment of Fees
June 12 (S)	Graduation - End of the Quarter

LETTERS

Editor;

Being an active member of the SGA, and attending all SGA meetings, I have become well informed on all matters, financial or otherwise, concerning Southern Tech. Also being a student, I often hear fellow students complaining about the way the SGA is handling certain situations. More than half of the time the students complaining don't have any idea of what they are talking about. They will pick-up little bits of information here and there, not having half the story, and then start saying the SGA is crazy and doesn't know what they are doing.

I am not saying the SGA does everything right. Nor am I asking people to keep their opinions to themselves. What I am asking is if someone cares to boast their opinions, at least have the right information by attending an SGA meeting or talking with an SGA member first. SGA meetings are at 5:00 every Wednesday afternoon in the seminar room at the library. They are all open meetings.

Name Withheld.

Editor,

I think Southern Tech should offer a P.E. program. This move should increase enrollment at Southern Tech. If enrollment was increased there would be more money through the activities fees for things such as the new student center and the radio station. This would also take a strain off the student government budget, because then the athletic program would be moved to another budget under the academic budget.

This move should increase the quality and quantity of the athletics in the athletic program. Also there would be more equipment for use such as gymnastic equip, tennis courts, another field, and handball courts.

Name Withheld.

Editor,

Like other colleges why doesn't STI have a foreign student adviser? Why has the SGA never tried to solve our problems? For example, we pay more money for Insurance than Kennesaw International students.

Name Withheld.

Editor:

I would like to express myself for the first time in three years about Southern Tech.

This college has a very nice campus, good buildings, and a very well prepared staff ready to teach. The knowledge to learn at this institution is great but there is something missing in the area of education and that is "life". It is really amazing how an institution like this one is so dead on student activities.

It sure is a great school but it needs more spirit from everyone that is involved with the institution.

Sincerely,

Mario P. Monynes.

POLL RESULTS

Results of the poll taken last week indicate that 273 students would like the heading of the diploma to stay the same, 801 would like to have "Georgia institute of Technology" added to the heading of the diploma. Sixty-nine abstained from voting.

720 students feel that intercollegiate athletics benefit Southern Tech. 394 fo noy, snf 29 feel indifferent. The feeling on increasing the fees four to five dollars stands at about 50/50: 590 want the increase and 536 do not. 17 students abstained.

ELECTRICAL POWER OUTAGE

There will be a complete campus wide electrical power outage on Saturday, March 20, 1976. This outage will be from 8 a.m. to 1 p.m.

If there are any questions, please call Bob Kelly or Jack Agee at extensions 256 or 257.

Ya'll come...and bring books. The Vet's book store will be open for business again during finals week and the first week of Spring quarter.

The Veterans Administration and major veterans organizations have launched a joint effort to stamp out a hoax that has disappointed millions of veterans since it began in 1948.

HOAX EXPLAINED

VA is receiving thousands of telephone calls and letters weekly from World War II veterans who have been deceived into expecting dividends on GI insurance they allowed to lapse years ago.

The hoax has been recurring irregularly since 1948, and with each wave of letters it stimulates, VA explains to each applicant that dividends are payable only on policies that are kept in force. But the hoax is fueled anew every few years by the mysterious distribution of official-looking application forms complete with an address where dividends are said to be available for the asking. The bogus application alleges that dividends are payable even though premiums haven't been paid since 1945.

VA theorizes that the rumor may have its roots in a special dividend paid in 1950 and 1951. All payments on that program were ended in 1970 by a congressional act stipulating "No claim by an insured for payment in case of a special declared prior to Jan. 1, 1952, shall be processed by the VA, unless such claim was recorded within six years after such dividend was declared."

U.S. DOLLAR SENTENCED TO DEATH

Los Angeles: Incredible as it may seem, a California Chiropractor who has waged a six year fight for the preservation of the U.S. Dollar, was found guilty of obeying the law. Ah. . . that is, Constitutional Law which, like the Doctor, is at odds with Internal Revenue Service edict.

The chiropractor, Dr. Marcel Methot a mild-mannered man of 41, has been quoting in court the U.S. Constitution, Article I section 10, which quite clearly states "No state shall make any thing but gold and silver coin a tender in payment of debts." This means that fiat or "funny money" (printing press money) is unconstitutional according to the letter of the law. And since the U.S. Government has surrendered its constitutionally limited authority to a privately owned money monarchy--using the misleading name of "The Federal Reserve System-- it has in actuality violated the rights of the citizen under the constitution. Additionally, the legality of the dollar is very definitely defined as having "371.25 grains of pure silver, or 412.5 grains of standard silver (U.S. Coinage Act 1792, Revision 1834--Chapter 16 sec. 20).

What has happened in the case of Dr. Methot versus the U.S. Government, or vice versa since the government has now taken action against the doctor for his Constitutional stand? Simply, the IRS, which serves as a "Collection Agency" for the Fed's money monarchy; and the Federal Judiciary (which has primarily been appointed by those in influence), are scrambling "to cover up" what could become a more explosive issue than the atomic bomb.

That explosive issue is simply this: "Will the courts declare the 'funny money' unconstitutional?" First, unbeknownst to most of our citizenry, the Federal Reserve is neither federal nor a reserve.

SAFEGUARD INSURANCE AGENCY

WE WISH TO EXPRESS OUR APPRECIATION TO THE MANY STUDENTS OF SOUTHERN TECHNICAL INSTITUTE WHO HAVE PURCHASED OUR STUDENT NO-FAULT INSURANCE ON THEIR CARS. WE WELCOME ALL STUDENTS TO COME BY OUR OFFICE AT 1200 ROSWELL ROAD, MARIETTA AND SECURE COVERAGE.

YOURS TRULY,
JOHN P. IRVIN
SAFEGUARD INSURANCE AGENCY
1200 ROSWELL ROAD
MARIETTA, GEORGIA

Men are invited to audition for the Agnes Scott College Blackfriars production of Tennessee Williams' play, "The Milktrain Doesn't Stop Here Anymore." Auditions will be held March 30 at 7:30 pm and March 31 at 6:00 pm, in the Winter Theatre of the Dana Fine Arts building. For more information, call the theatre dept. at 373-2571, ext. 257.

Scripts will be placed on reserve in the Agnes Scott Library for any men who wish to read the script before attending auditions. The play is a study of the intertwining themes of death, human compassion, American imperialism and the artist's role in American society. The play includes two major roles for men and several supporting roles.

Rehearsals will be held four to five nights a week from 7:30 to 10:30 pm, beginning April 1. Performances will be May 7, 8, 13 and 14.

DOLLAR SENTENCED

(con't. from p. 5)

Second, since its inception in 1913, it has never had an independent audit. Third, why was a select group of multimillionaires given the right to print our currency and sell it back to us at face value, plus interest, for the life of the bill?

Shocking? I'll say, when you consider the fact that we pay somewhere around \$43,000 a minute on the national debt to those multi-national banksters --- and now, collectively, owe them 597 thousand MILLION dollars. Just the interest alone is the third largest expenditure in the National budget.

The judiciary is apparently in a quandry as to just what to do about it, for if they decide in favor of Methot and the Constitution it will invalidate the fiat phoney money system and force a return to a sound money policy. This would 1) eliminate inflation; 2) put an end to the "Profit and Plunder" policy promoted by Keynesian economists, and 3) stop the big money moguls from controlling our currency.

"The People's Case," as one journalist has described Methot's stand, will decide the life or death of the dollar. The first thing that Methot did to "open up the issue" was to file suit against the government for a redress of grievances, in accordance with our First Amendment rights. This was unconstitutionally "denied" by presiding Judge Irving Hill, in what amounted to a summary judgement.

When "The dollar doctor", as he is often alluded to, filed his 1970, income tax form he listed only the "lawful (silver) money" earned, and challenged the IRS to bring him to court. Naturally, they did, in hopes that with a "little help" from the judiciary they could "Silence the Situation."

Obviously with the opinion that "The people's case" would get a fair hearing under a "qualified judge" rather than a jury unfamiliar with constitutional law, Dr. Methot waived the normal procedure of a trial by jury. His opinion soon changed as Federal District Judge Harry Pregerson summarily ignored the three days of detailed documentation substantiating the Constitutional issues, and ruled in favor of the IRS edict.

In essence, this means the Constitution, "according to Judge Pregerson,"

Contact: Doug Laird, SGA. President or Jack Selter, Director of Counseling.

DOLLAR SENTENCED

is subservient and secondary to the IRS Commissioner's rulings; or, in laymen's language, the "Dollar is dead!"

Attorney Larry Campbell, representing the government, prosecuted the doctor for daring to have "the audacity" to challenge the myriad of IRS "irregulations" stating that the doctor had "bad faith and purpose." Testifying in behalf of Dr. Methot was the nationally prominent Tax Attorney Jerome Daly--who added his expertise on Constitutional Law, verifying the doctor's position. Though aghast at the Pregerson decision, Daly said, "If the people were to win, Arthur Burns (head of the privately owned Federal Reserve), would have to abdicate his throne."

After hearing the decision, the doctor's wife, Theresa, stood "stunned with disbelief" and passed out cold on the courtroom floor, while his daughter, who had witnessed her father's fight for the preservation of the Constitution broke out in uncontrollable tears. One observer, a student of American jurisprudence who had witnessed the trial, obviously angered, stated, "Not since the emergence of the SS in Nazi Germany, and the KGB in the Soviet Union, has any government agency in the world so denied human justice and had the full support of its judicial system." The

man refused to give his name for fear of IRS repercussions.

Is it hypocrisy? Are they above the law? Or, is the Law ONLY for them? They claim that due to the diminishing dollar, which has resulted from their rulings for "Printing Press Money," their salaries, which in 1969 were fixed at \$40,000, are now worth only \$27,510; and, that they can no longer guarantee the quality of justice while the dollar continues to die.

Which gives rise to "the answer" to their own predicament. We are ALL in the same sinking ship, and they alone can save it. In short, they want for themselves what they refuse to offer others... and that's JUSTICE.

If Judge Pregerson's decision "holds" and is not reversed in an appellate court it will not be Dr. Marcel Methot, but rather the U.S. Dollar that is sentenced into oblivion. If the government's case is allowed to stand, the amount of currency in circulation would be limited only to the supply of paper available to the Federal Reserve system ... or, in short, the number of trees in the National Forest.

It seems somehow quite fitting that "the people's case" for the defense of the dollar be presented on this 200th anniversary of the Tax Rebellion which gave birth to the United States of America.

ZHATS DOCTOR METHOT -- DEFENDER OF DER DOLLAR!
