1964

Annual of
Southern Technical Institute
Marietta, Georgia

William D. Koempel, *Editor*

John L. Jenkins, II, *Business Manager*

Foreword

A yearbook is a record of people, places, and activities. It should reflect the spirit of the class and the campus—a long line on registration day, a hot classroom in September, a difficult exam, an enjoyable social event, a cup of coffee between classes, the excitement of a ball game . . .

As you turn the pages of the 1964 TECHNICIAN'S LOG, may you recall the enjoyable memories and the spirit of SOUTHERN TECH.

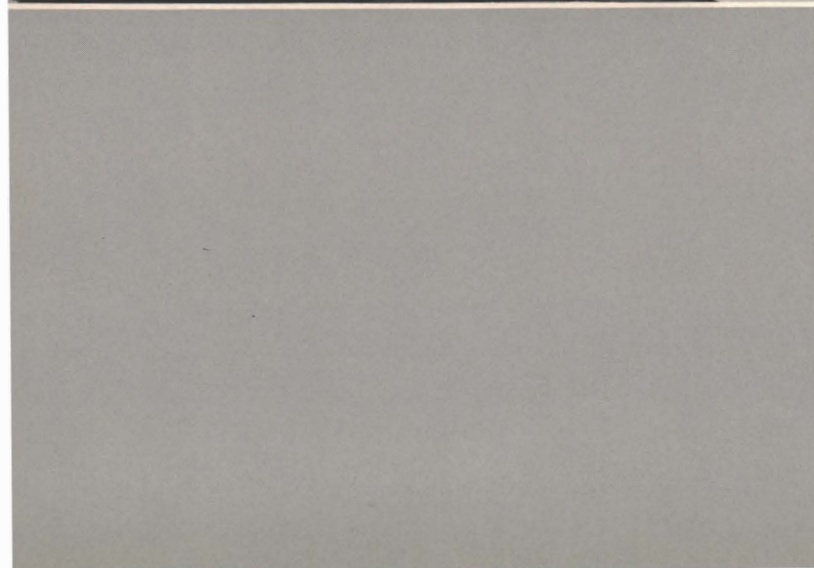

DEDICATION

With recollections of his interest in teaching and in people, the staff of the 1964 TECHNICIAN'S LOG dedicates this annual to

ALBERT L. STEINKAMP

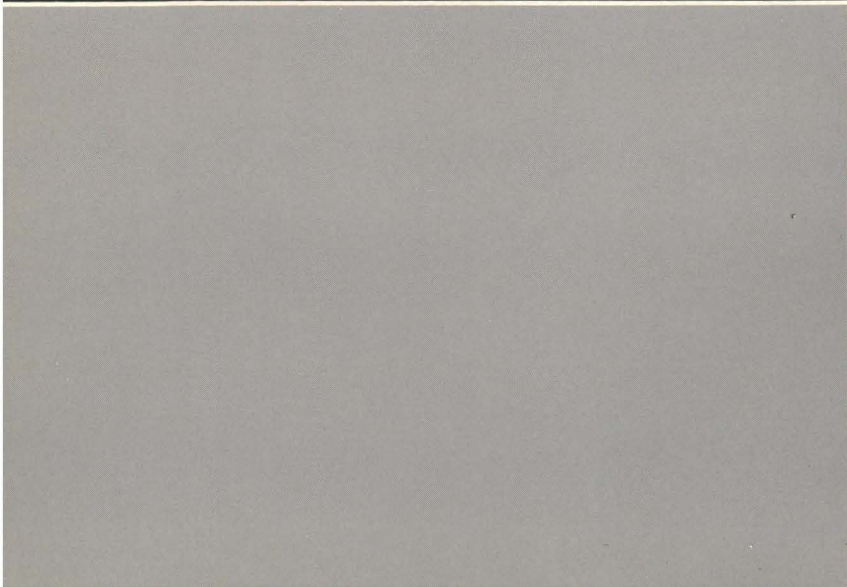

for his interest in his students, for his quick and droll humor, for his work with school organizations, and for his own personality.

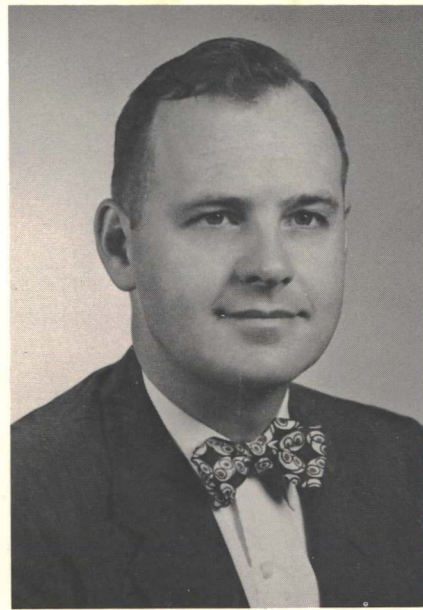

HOYT L. McCLURE
*Director of
Southern Technical Institute*

Mr. McClure became Director of Southern Tech in 1959. He supervised the moving of the school to the new campus at Marietta and has directed the policies resulting in increased enrollments and added facilities.

EXTENSION DIVISION

Southern Technical Institute is a part of the Georgia Institute of Technology. It is one branch of the Extension Division, which also includes Evening School and Adult Education. The Administrative Staff of Georgia Tech is therefore the upper echelon of administration for Southern Tech.

Edwin D. Harrison
*President of
Georgia Institute of Technology*

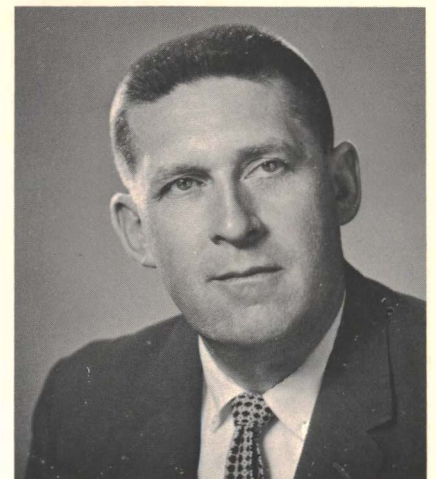

Lawrence V. Johnson
*Director of
Engineering Extension Division
Georgia Institute of Technology*

Mrs. Jane Whitner
Administrative Secretary

Robert S. Herndon
Evening School Director

Lewis Van Gorder
Registrar

L. Y. Bryant
Registrar

William J. Glenn
Interviewer-Counsellor

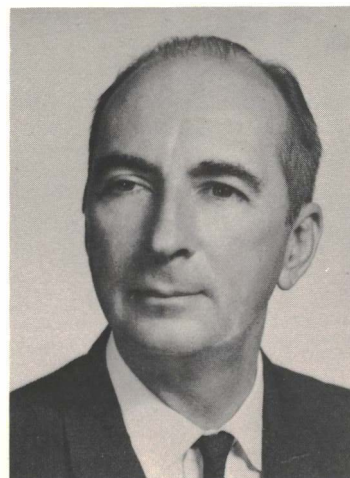

ADMINISTRATION

Applications, curriculum changes, interviews, counseling, personal problems, academic problems, schedules, absences — these are some of the duties of Administration.

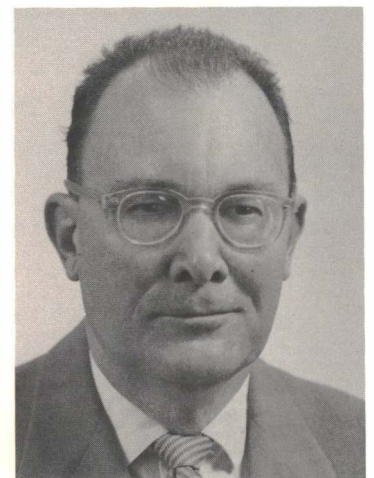

DEANS

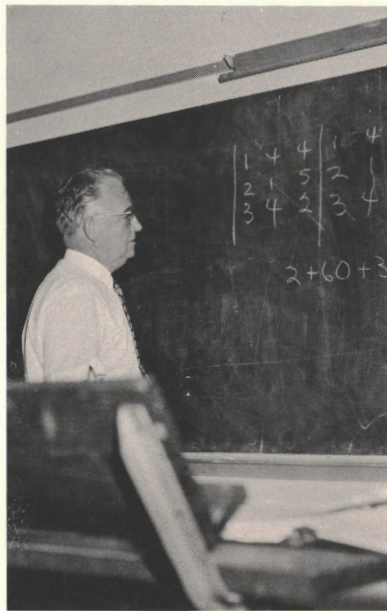

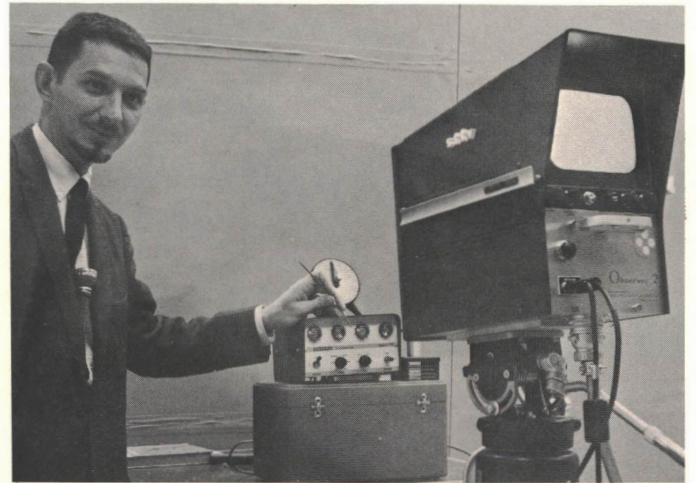

Cyrus V. Maddox
Dean of Students

George L. Carroll
Dean of Basic Studies

George L. Crawford
Dean of Technical Division

FACULTY

R. W. Hays, *Department Head*

English

Spelling, grammar, a theme, a speech, a letter, a report—The English Department helps develop self expression and communication ability for engineering technicians.

Marion E. Blair

George L. Carroll

J. B. Sojourner

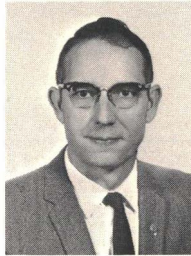

T. R. McClure

Marjorie Z. Sharp

Mechanical

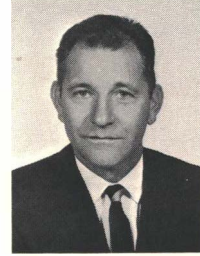

Tools and their uses, materials and their properties, modern methods of production—The Mechanical Department prepares students to be mechanical engineering technicians.

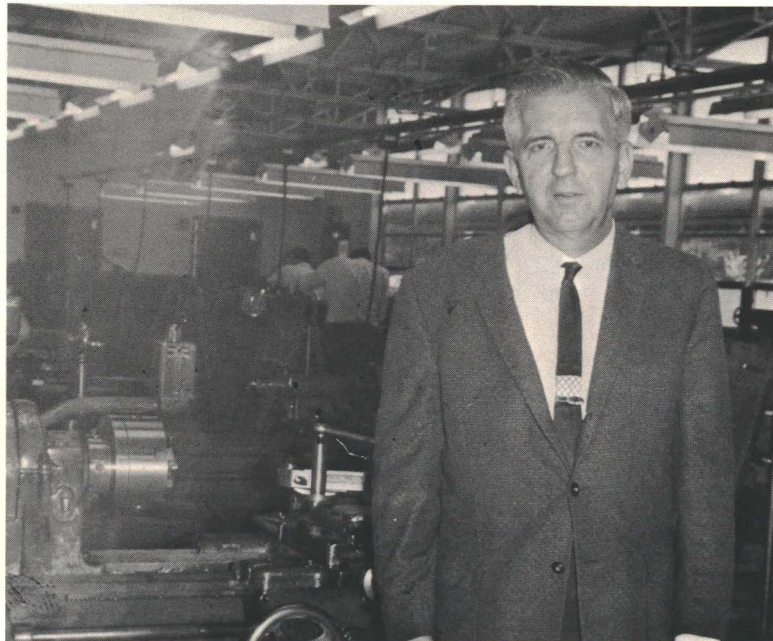

Lawrence G. Cuba

C. R. Freeman

Melvin Sorrells

Clarence A. Arnston, *Department Head*

Mathematics

Angles, areas, volumes, equations, x 's and y 's, percentages, distances, velocities, differentiation, summation—The Mathematics Department helps students develop skills needed by engineering technicians to construct design, modify, repair—and make parts fit and work.

Harry V. Smith, *Acting Department Head*

C. V. Maddox

R. N. Edwards

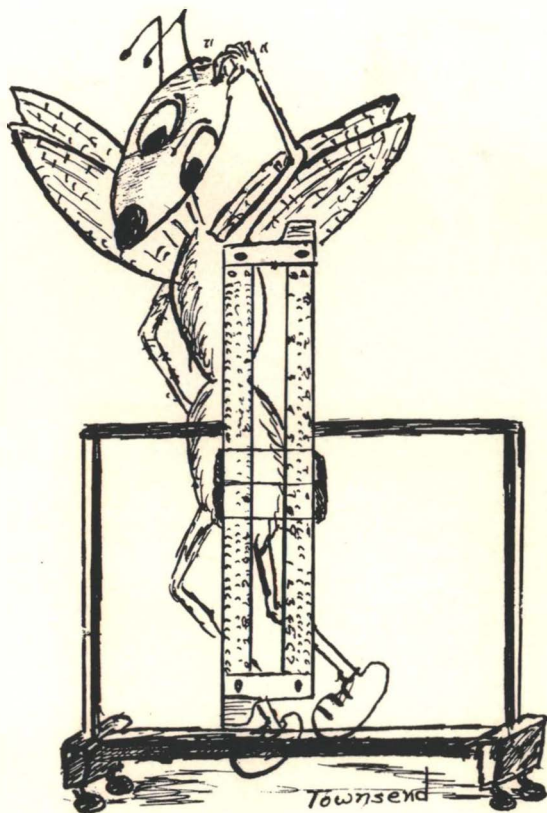

Jack W. Newton

R. G. Denning

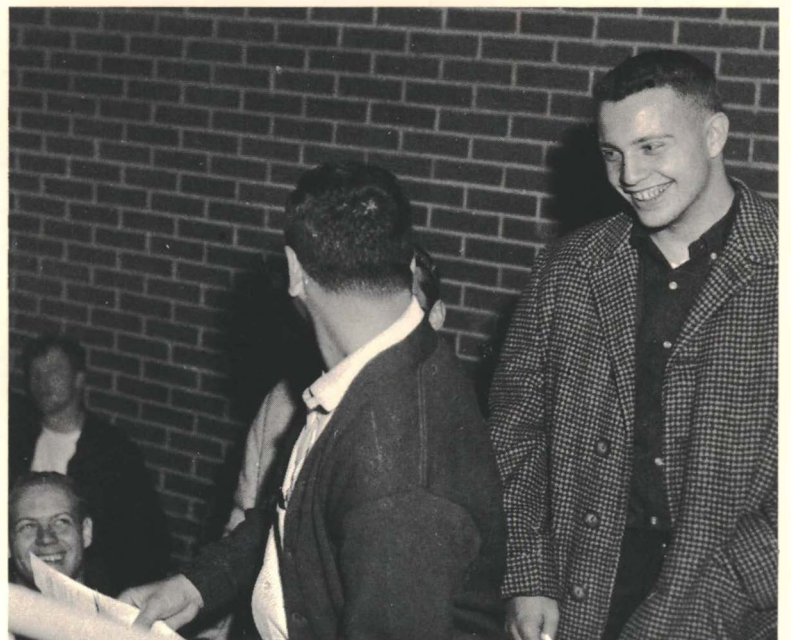

Wesley C. Royer

Edgar W. Shows

J. H. Workman

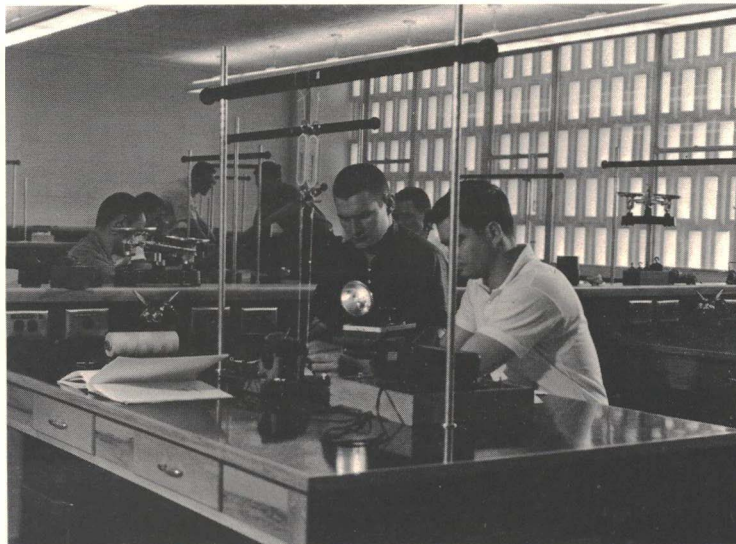

Chemistry and Physics

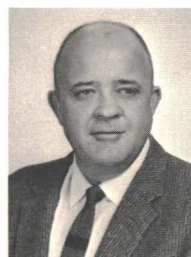

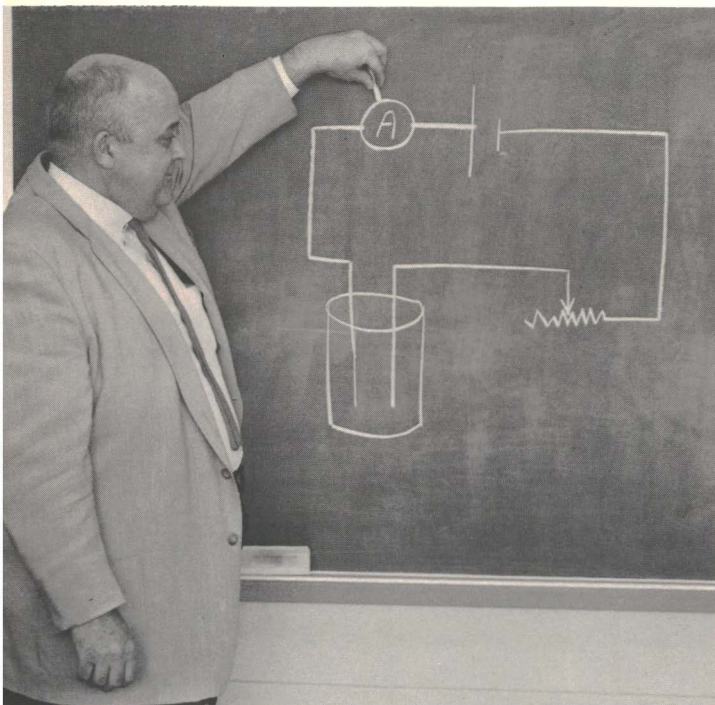

Electrons, protons, atoms, molecules, compounds, electricity, magnetism, mechanics, heat, light, sound—These subjects provide a general science background upon which students can build to become engineering technicians.

Jesse J. Defore
Department Head

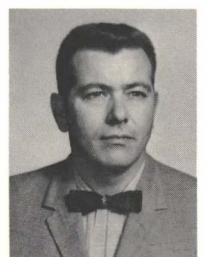

G. L. Crawford

William Hurst

Clark M. Lambert

R. P. Youngblood

C. M. Mobley, Jr.

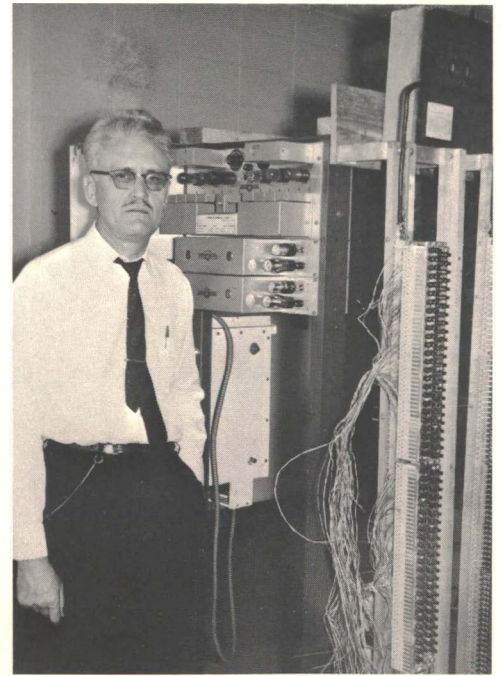

Ernest R. Stone

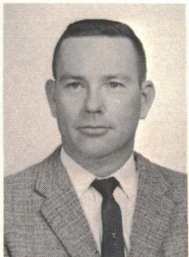

R. H. H. Green

Electrical

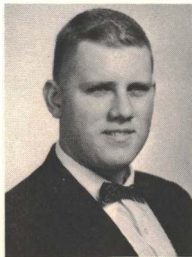

Electrical power, electronics, or telephony—All ET students study mathematics, physics, English, and electrical circuits. The Electrical Department trains students to become engineering technicians.

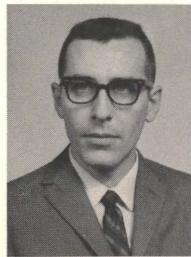

James P. Goodwin, Jr.
Acting Department Head

Robert C. Carter

Virgil D. Baker

Walter E. Burton

John L. Keown

John C. Meintzer

W. O. Spaeth

David E. Summers

Dick B. Weir

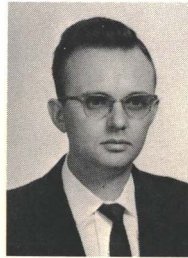

J. E. Williams, Jr.

Drawing

A T-square, a drawing board, a compass, dividers, lines and shadows, errors, erasures —The Drawing Department develops the ability for engineering technicians to transfer ideas to paper and to make plans a reality.

Edward J. Muller
Department Head

John L. Boshier

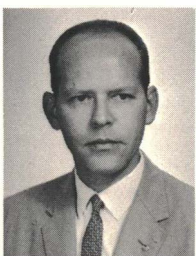

Parker S. Day

Chester R. Orvold
Department Head

Building Construction

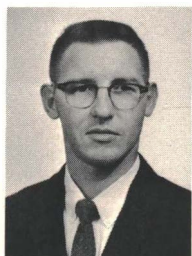

Drawing, design, building materials, construction methods, supervision—The Building Construction Department trains students to be building construction technicians.

Wilton W. Vaughn

John E. Dunn

W. S. Newman

Industrial

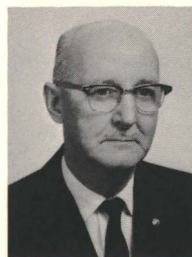

Industrial or Management option—courses include principles of scientific management, production methods, systems, procedures, and human relations—The Industrial Department trains the future industrial engineering technicians.

George M. Lawson
Department Head

T. W. Anderson

A. L. Steinkamp

James L. Keen

Herbert Eller

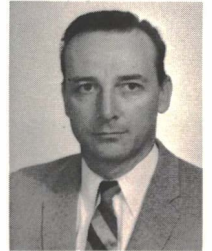

Larry Parlett

John I. Alford
Department Head

Textile

Basic sciences, communications, design, textile fibers, processes, production—The Textile Department trains textile engineering technicians.

Robert B. Watkins

Charles T. Holladay
Department Head

Civil

Surveying, construction, water, sewerage—The Civil Department trains students to become civil engineering technicians.

Robert L. Myatt

Edgar T. Fowler

W. M. Gordon

Rolf W. Roley

Hans A. Troemel

Gas Fuel

Basic mathematics, physics, communications, transmission and utilization of natural and liquified petroleum gases—Southern Tech is the only school in the United States where a student can learn to become a gas engineering technician.

Weldon L. Thomas
Department Head

Leonard H. Taylor
Department Head

Air Conditioning

Heating, cooling, humidity control, refrigeration, physics, mathematics, communications, human relations—Students in the Air Conditioning Department study to become air conditioning engineering technicians.

T. M. Sullivan

Athletics

Intramural sports for fun, intercollegiate sports, basketball, baseball, track, tennis, golf—Southern Tech produces technicians who are also championship athletes.

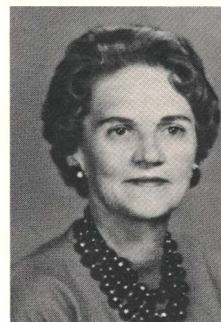

Harry S. Lockhart, *Athletic Coach*

Administration Staff

Mrs. J. S. Mavity
Administrative Assistant

Mrs. A. Simmons
Acting Placement Director

Mrs. Vernia Fuglaar
Financial Secretary

Mrs. Julia Parker
Librarian

Mrs. Margie Boyette
Senior Clerk

Mrs. Adele Cash
Secretary

Miss Amanda Dobbs
Secretary

Mrs. Emogene Elliot
Clerk

Mrs. Sara Howard
Secretary

Mrs. Betty Jo Johnson
Clerk-Typist

Mrs. E. Kirkman
Clerk-Typist

Mrs. Annette Mansell
Senior Clerk

Mrs. M. Newbury
Switchboard Operator

Mrs. Barbara Tilley
Secretary

Mrs. Sylvia Trotter
Secretary

Services

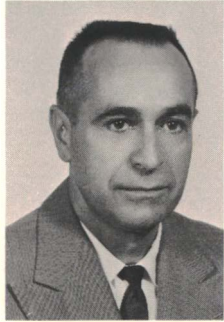

William F. Collins
Post Office

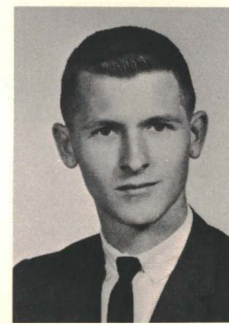

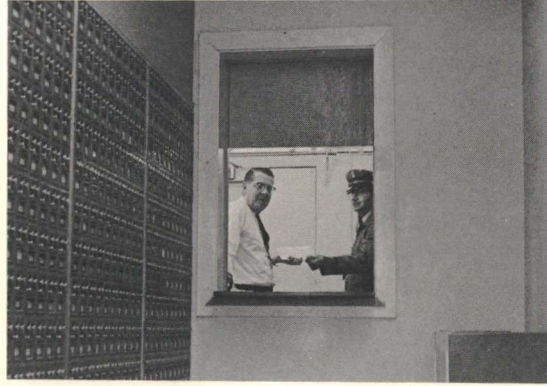

W. E. Norton
Dormitories

John C. Peteet
Physical Plant

Samuel Stevanov
Manager, Bookstore

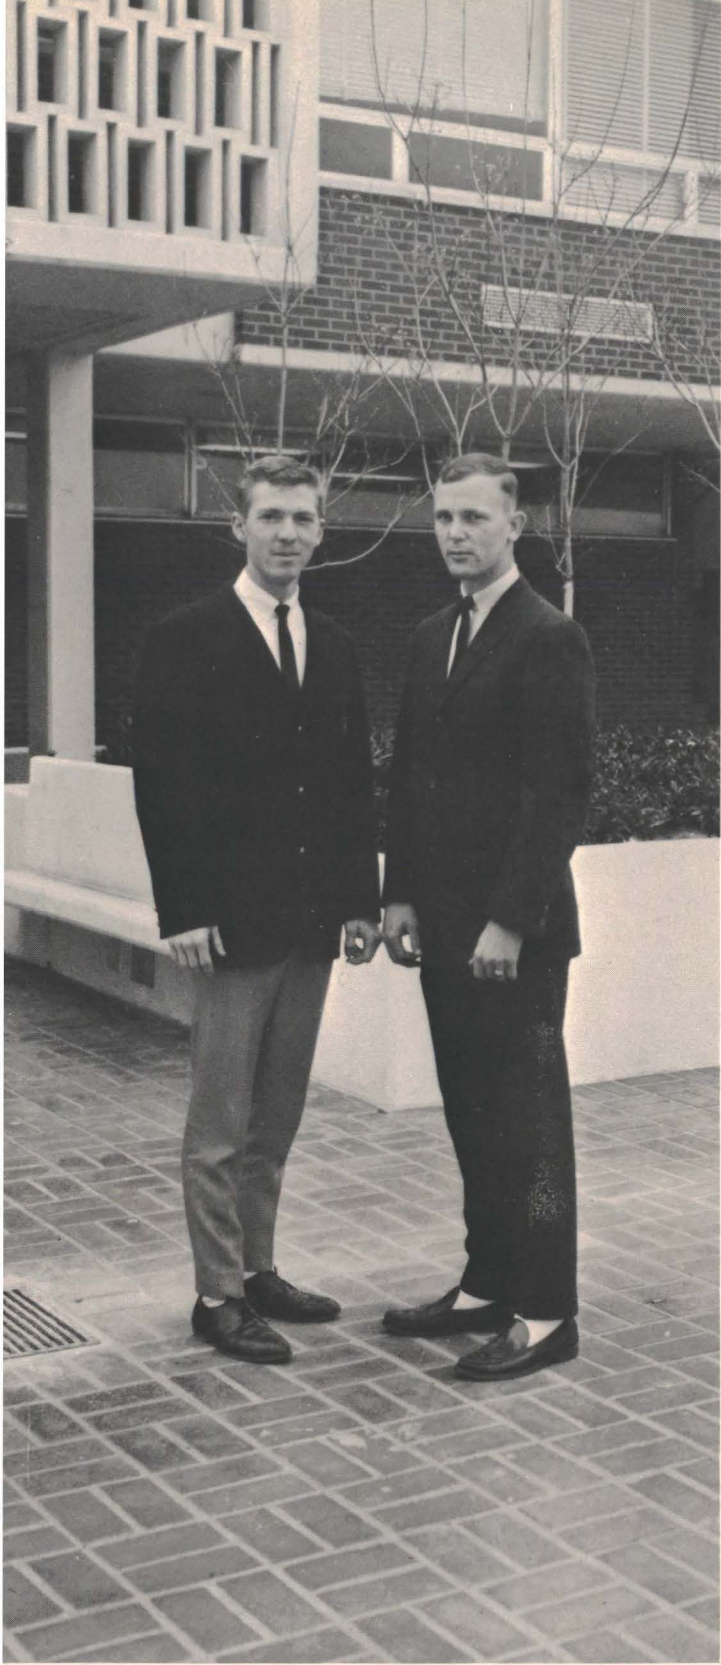

James T. Lloyd

During the 1963-1964 school year Epsilon Pi Chi contributed greatly to its members and to Southern Tech. The desirability of more student participation at home basketball games led to the contribution of the "Epsilon Pi Chi Bell" and an all-out effort on the part of all members to ring in a victory each week.

For the Miss Southern Tech contest at the Valentine Dance, Miss Ginger Ray was selected to represent the fraternity as Miss Epsilon Pi Chi for 1964. Miss Ray won the 1964 Miss Southern Tech crown.

In May Southern Tech needs called again, and again the fraternity answered. The need was for a state flag. On May 7 a committee of officers presented the flag to Director Hoyt L. McClure.

The Booster Club was organized in 1963. Its purposes are (1) to foster and promote scholastic achievement at Southern Tech by aiding deserving students and (2) to promote, encourage, and develop sports, sportsmanship, and school spirit at Southern Tech. It is not a school organization, but it has student and faculty members. It is made up of people (in the community and in industry) who are interested in Southern Tech.

Circle K Club

Service is the motto of the Circle K club, and service is a result. Circle K provided campus guides whenever necessary throughout the year. For the students the club published for the second consecutive year a student directory giving names, addresses, and telephone numbers of students at Southern Tech.

Ordeals of Initiations

Candid Shots

. . . You are in the wrong line

. . . I don't have it either

. . . refreshments?

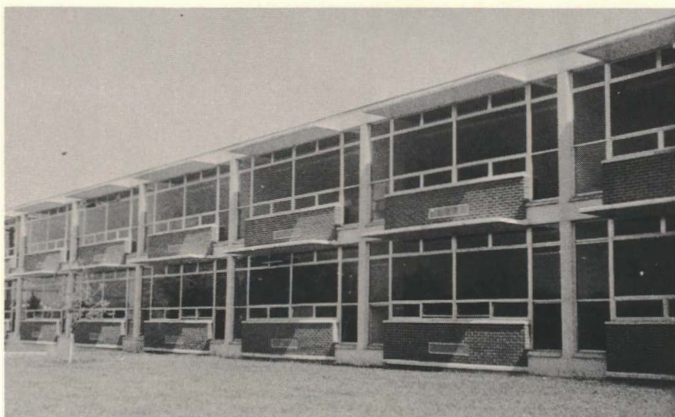

Sure, it's hot!

. . . except paying bills

. . . but you must register *first!*

Where is Math III?

. . . studied all night!

. . . wish I had something to do

. . . study tomorrow

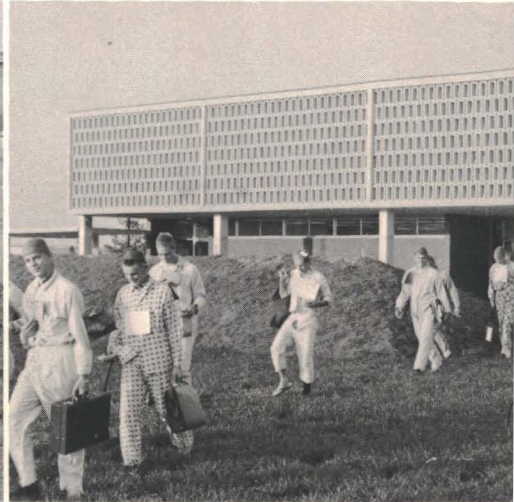

. . . but I overslept!

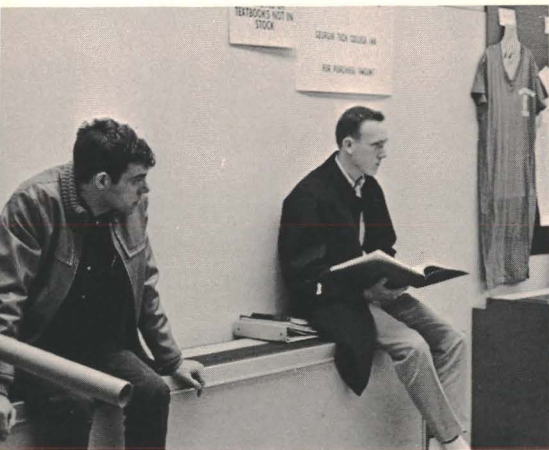

. . . park? . . . Are you kiddin'?

. . . Who was it?

?? . . . night school?

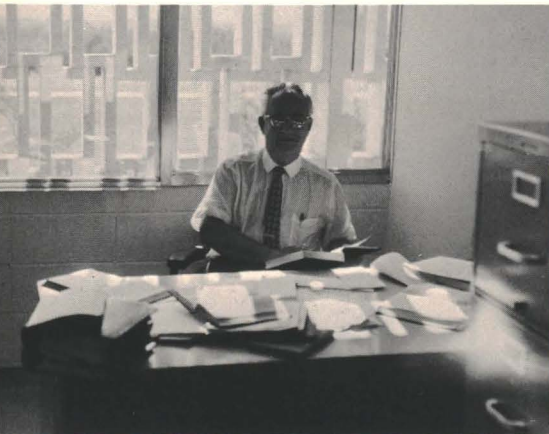

. . . bell ring?

. . . answer to the last one?

Now where is my pencil?

. . . not graded yet

I didn't find *your* paper!

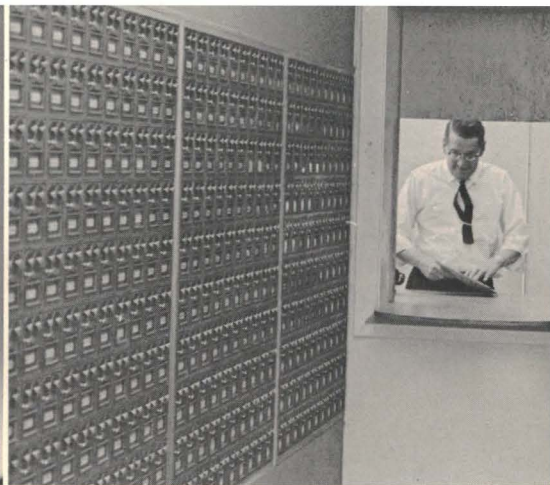

. . . and he just *looked* at it!

Lend me your eraser.

But, Ginger, I *lost* my glasses!

It needs extra postage!

. . . square?

. . . in the box

. . . lunch ready?

. . . last class today

. . . a ringer

. . . across the street!

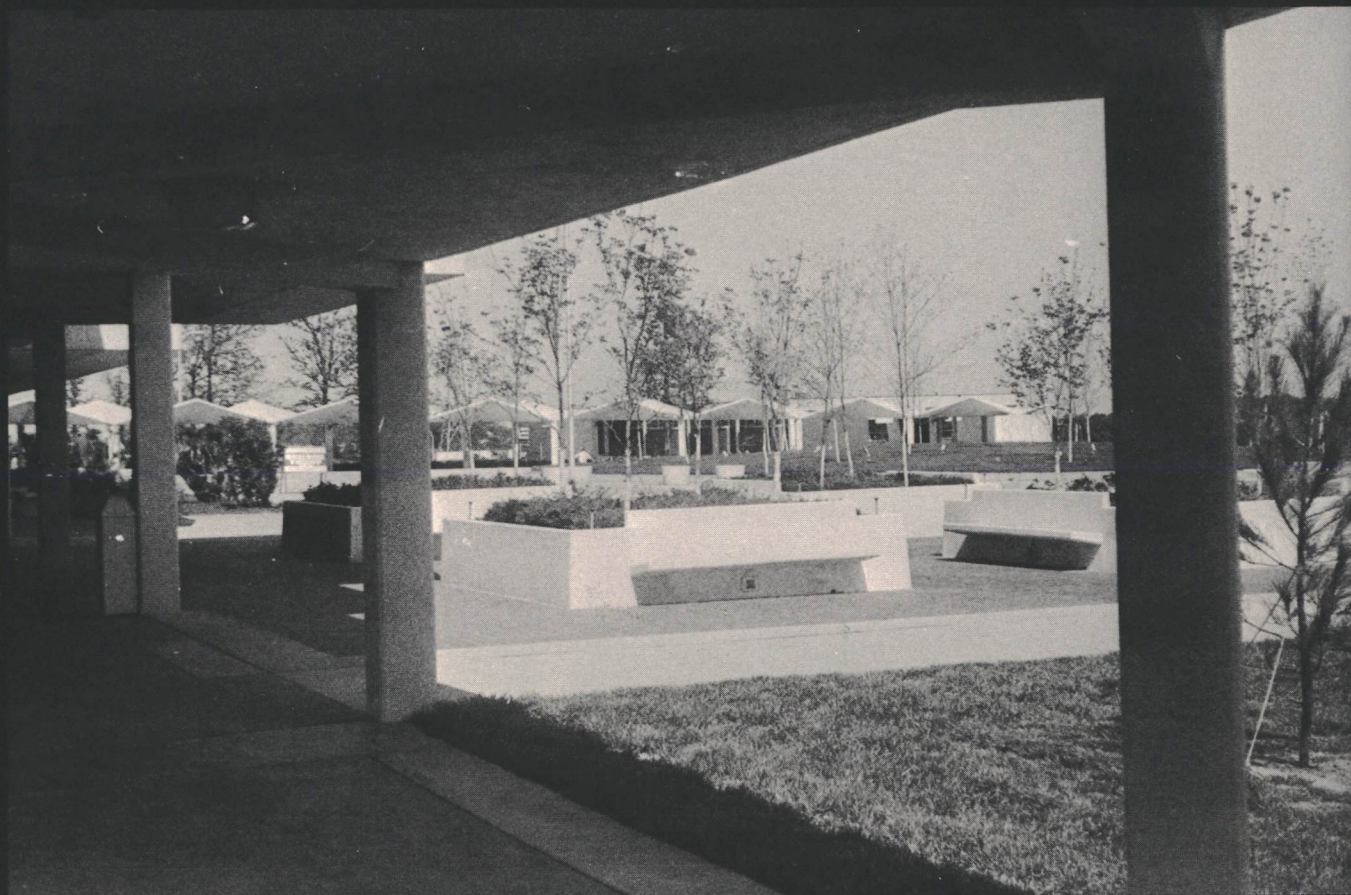

. . . what homework?

. . . who's winning?

. . . dance?

In Memoriam

John S. Black

TRY THE "ALL AMERICAN"

100% Pure Beef Hamburger
Crisp Golden French Fries
Old-Fashioned Shake.

McDonald's Hamburgers and Fries are always piping hot and tasty . . . the Shakes are always thick and creamy . . . the service is instant and friendly. Mom likes McDonald's, too . . . says she can feed us for less there than she can at home. She likes the speedy service . . . no car hops . . . no tipping . . . plenty of parking space . . . but most of all no dishes to wash and no fussing in the kitchen. Dining at McDonald's is one of the good things of life—the *tastiest food in town at prices that please!*

TO WORK FOR
CONE...

**YOU'VE
GOT TO BE
SHARP!**

A company is only as good as the people who work for it. Cone Mills through its people has achieved an enviable position as a major producer of high quality textiles. To maintain this position Cone needs sharp young people with initiative and intelligence. Cone offers opportunities in four areas . . . production, administration, sales and research. Interested in joining this progressive organization? Write Industrial Relations Department, Cone Mills Corporation, Greensboro, N. C.

WHOLESALE ELECTRONIC SUPPLIES

INE PRINTING SINCE 1887—

That's the story of Foote & Davies. Today we have one of the most modern and best equipped plants in the country. And fine Yearbooks have always been an important part of our business. Our craftsmen believe in quality and strive to produce the "best in the Industry." Our excellent printing doesn't just happen—it's a combination of production research, craftsmanship, and painstaking supervision.
