

THE TECHNICIAN'S LOG '67

Roger L. Hicks, *Editor-in-Chief*

DEDICATION

Southern Tech is a school on the move. For the past several years we have averaged more than one major construction project per year. With the recent opening of our new gymnasium the popularity of sports on our campus has greatly increased. With great appreciation and admiration we of the TECHNICIAN'S LOG staff dedicate this our 1967 edition to

Harry S. Lockhart

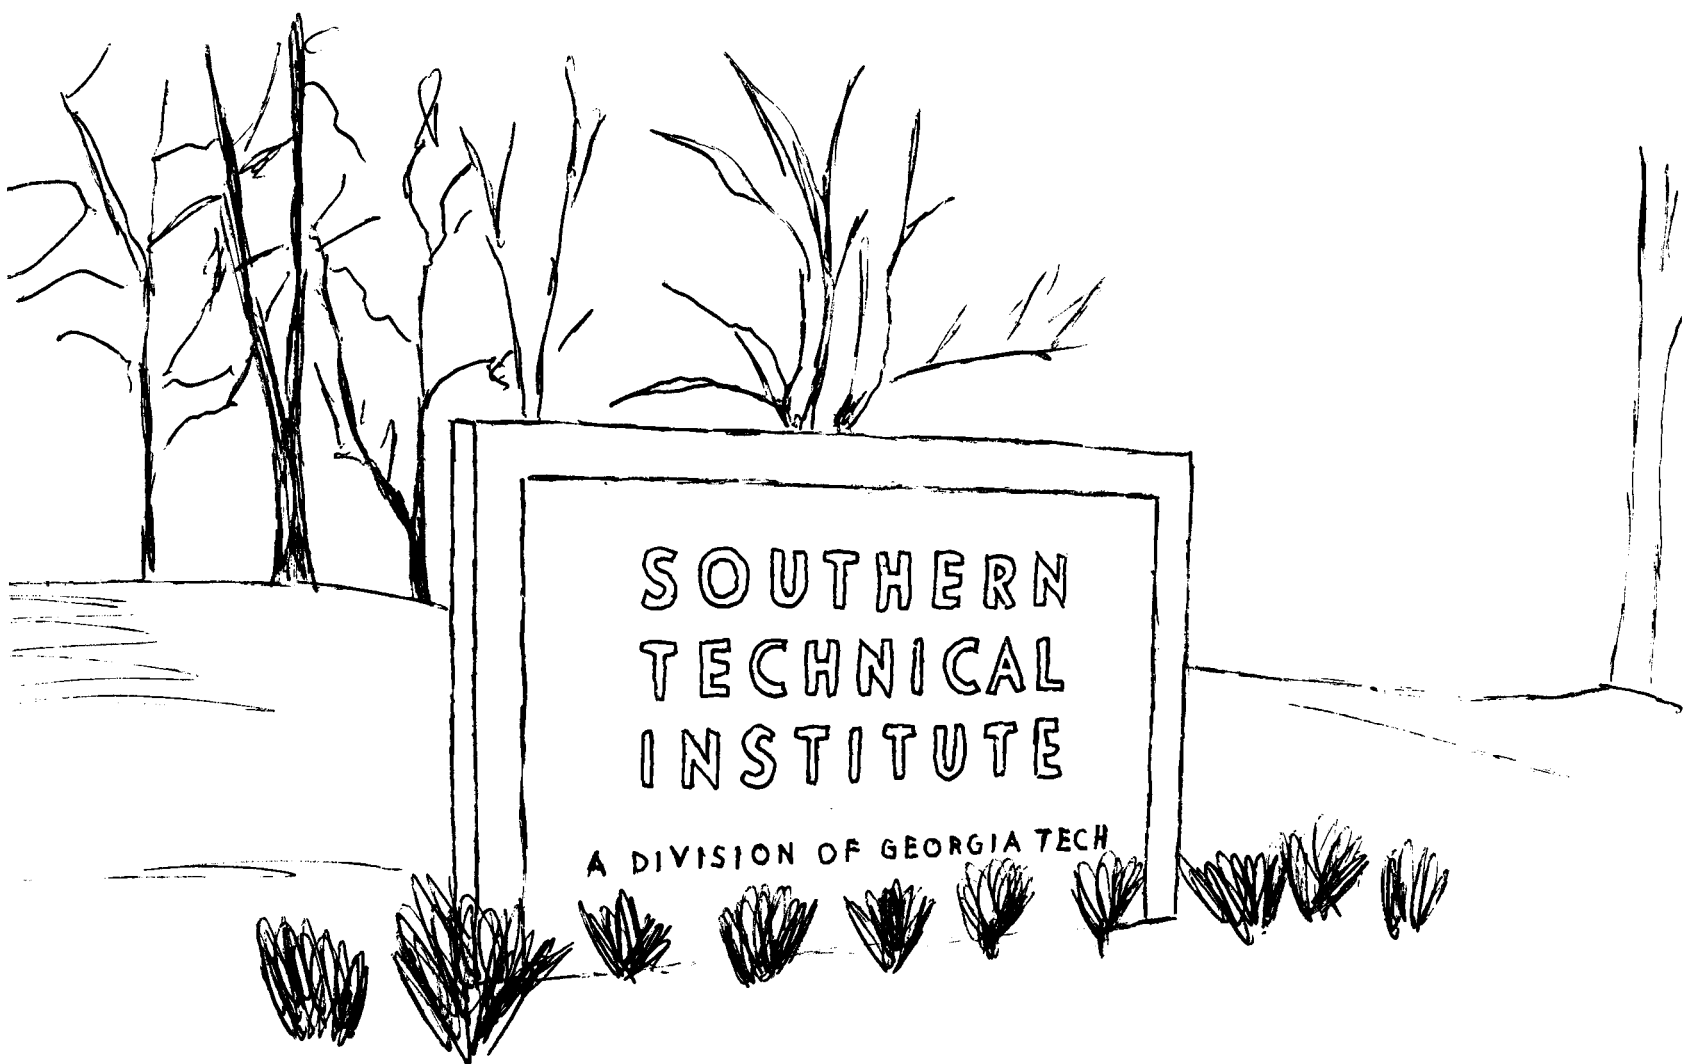

Lawrence L. Parlett

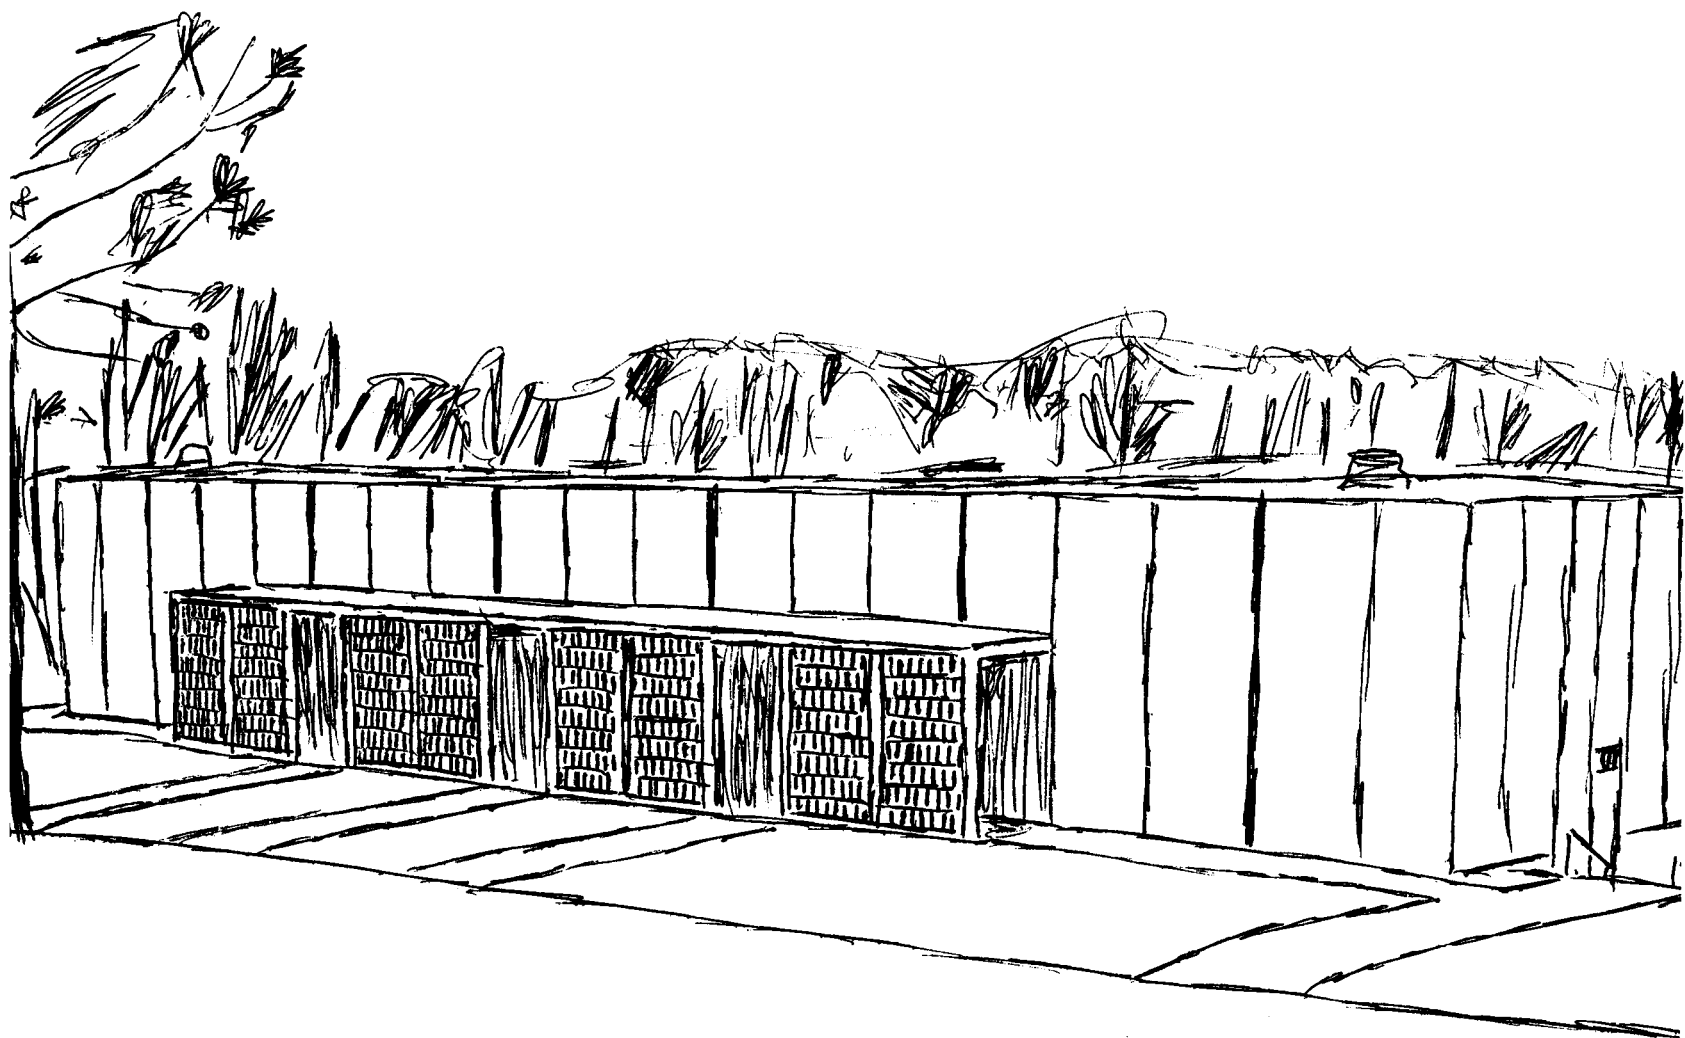

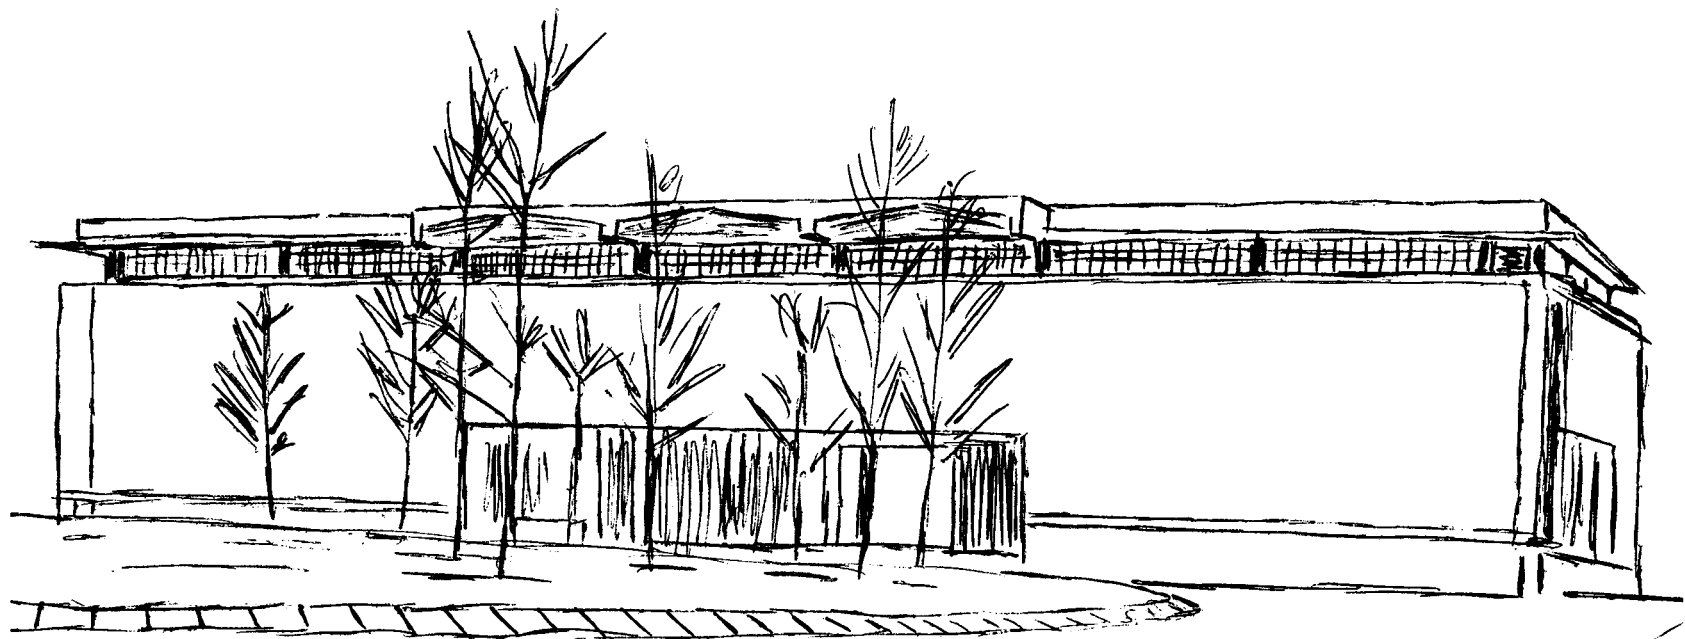

George M. Lawson

for what they have contributed to our athletic program. Their tireless and dedicated work has been far above and beyond the call of duty.

FOREWORD

This is our school and this is its log. It tells pictorially the story of how a great administration, faculty, and student body work together. Their deeds and the deeds of our graduates make ours the great institution that it is.
