

LACKAWANNA  
CHURCH

LACKAWANNA,  
NEW YORK

Emile M. Ulrich  
*Architect*

PLATE XXIX

THE GEORGIA MARBLE COMPANY  
*Service Department*  
TATE, GA.

THE Lackawanna Church shown here is somewhat unusual in that the exterior is *all* marble, even to the small domes and finials. The execution of this contract involved preparatory work in our Draughting Department, of an unusual nature in that the work required intricate stone cutting and setting plans. White Georgia Crystalline Marble, Bush Hammered Finish, was used throughout.

*This detail should be studied in connection with its companion detail sheet No. XXX.*
