Dear Mr. Sturgis,

I was extremely proud to read my local paper this morning. Kennesaw is a school we can all be proud of. I have heard of the 2nd. Annual (?) Spring Festival. At a time when so many campuses are becoming battle grounds for a confused generation, Kennesaw is an oasis of healthy education and recreation.

It is not without the combined efforts, and determination of student, faculty, and administration

That such a company as Kenesaw
can succeed. For this, you are all to
be congratulated.

I sincerely hope that J. C.
can maintain its fine example
of peace. I thank you for my
association with you all.

Respectfully,
Lawrence J. Fay
