May, 1971

5th Tub Race Runs Saturday

BY SAM JOHNSTON

The fifth annual spring bathtub race is scheduled for Saturday, May 22 with a field of 14 tubs participating. The race will start at 2 o'clock and will continue until called or until a tub completes the 50 lap-55 mile course around the campus. A race course map is shown above and additional detailed information is presented on page 3.

If the race is called between 30 and 50 laps, the race is ended. If it is called between 10 and 29 laps, it

will be completed the following Saturday with the tubs restarting in the positions they held when the race was called.

If the race is called before nine laps are completed, it will be finished the following Saturday with the tubs starting in the positions held at the beginning of the race.

The American Oil Company will again supply the fuel, trophies, and publicity for the race. Campus organizations will provide the support required to prepare the track and manage the race.

An additional feature to the race weekend this year is the concert by the CLASSICS FOUR at 7 p.m. and the dance with music by THE SAND from 9 to 1 a.m., both on Saturday night. Admission for Southern Tech students is free. The price for outside guests is \$4.00 per couple.

Dr. Hansen Resigns Tech

Georgia Tech President Arthur G. Hansen met with the Southern Tech student body and faculty April 29 to inform them personally of his decision to accept the presidency of Purdue University beginning July 1. When he left the gymnasium, where the meeting was held, those assembled gave him a standing ovation.

While obviously holding his emotions in check, Dr. Hansen, who became Georgia Tech's seventh president, in August, 1969, expressed his deep regret at leaving and his gratitude for the cooperation he had received while in his present post.

At a similar meeting two days earlier on the Georgia Tech campus, Dr. Hansen said, "I leave here with sadness in my heart, but damn proud I've been here!"

After the public disclosure of his decision, it was announced that Dr. James E. Boyd, vice chancellor for academic development for Georgia's University System, will serve as acting president until a new one is selected. Dr. Boyd is a former faculty member at Georgia Tech and was president of West Georgia College in Carrollton for 10 years.

In an interview following his address to the students, Dr. Hansen said there was "absolutely" no internal controversy at the school that resulted in his decision to leave. He said he was first approached by Purdue officials last fall about whether he would be interested in returning to his alma mater, where he received both his B. S. degree in electrical engineering and his M.S. in mathematics. He later

earned a Ph. D. degree in mathematics at Case Western Reserve University.

University System Chancellor George L. Simpson, Jr., said he was accepting Dr. Hansen's resignation "with reluctance and regret" on behalf of the Board of Regents.

Dr. Simpson cited Hansen for having "done an outstanding job in every respect, both as dean of engineering and as president. He has been a credit to the best traditions of Georgia Tech," Dr. Simpson continued. "He has provided leadership through which that institution has steadily improved since his assumption of the presidency."

It was during President Hansen's administration that Southern Tech was elevated to a four-year institution.

Dr. Walter O. Carlson, who was named dean of Southern Tech earlier this year, said, "It was a shock to all of us to learn that Dr. Hansen had resigned as President of Georgia Tech. He is greatly respected and admired by the academic community and the community, as well. His most noteworthy achievement was the unparalleled rapport he developed with the students."

"During his stay at Georgia Tech, Dr. Hansen was a close friend of Southern Tech. It was mainly through his efforts that we now have a four-year program, providing us with great opportunities for the future. We, at Southern Tech, will all miss Dr. Hansen's leadership and friendship. We wish him our best in his new endeavors as President of Purdue."

Chancellor Simpson said three advisory committees will be

formed — from the faculty, alumni, and student body — to find a successor to Dr. Hansen. He said L. L. Gellerstedt, Jr., has agreed to serve as chairman of the alumni committee, and that hopefully the entire membership of the committee will be completed soon.

THE WHITE HOUSE
WASHINGTON

TO THE 1971 GRADUATING CLASS
SOUTHERN TECHNICAL INSTITUTE

The continued success of the American Experiment depends primarily on the qualities of heart, mind and spirit of our young people. As college graduates you have not only the training and idealism, but the opportunity and responsibility to build through further study or through your chosen careers the kind of society which will make further generations proud to identify with your accomplishments.

I know that you will not fail to become part of a positive response to the needs of America: a response worthy of her resources and capacities; worthy of the historic courage and the wisdom and will of her people. Your studies have given you the tools to dedicate yourselves in a very special way to helping overcome some of the most difficult problems we face; and as you become further involved in these efforts, you will continue to discover more examples of the ways in which the complexities of modern life make it imperative for us to work together.

The destiny of our nation is not divided into yours and ours. We share it. There can be no generation gap in America. We must all keep an open mind and forthright spirit, balance the courage of our convictions with the courage of our uncertainties, triumph over bigotry and prejudice and recapture the unity of purpose that has always been our strength.

Your fresh ideas and candid approach can be a strong deterrent to division and a valuable asset in building the alliance of the generations we so urgently need if we are to advance the cause we share. As I congratulate you on this graduation day, I do so in full confidence that you will answer this need both in your careers and in your daily lives.

Richard Nixon

Building Named For Crawford

Southern Tech's Laboratory Building has officially been named the "G. L. Crawford Laboratory Building" by the Board of Regents.

Known affectionately to his friends as "George," Dean Crawford, who died in 1970, was a member of the faculty that helped to establish Southern Tech as a division of Georgia Tech in 1948. He was a teacher of chemistry and physics and a dean. He retired in 1969.

Dean Crawford held a B.S. degree from Georgia Tech and an M.S. from Emory.

Ignorance Is Bliss

On a recent Tuesday night person or persons unknown proved to the majority of the students on this campus that might does not make right. They proved their might by detonating a homemade bomb in the cafeteria of Dorm One causing no small amount of damage. They demonstrated, to anyone who takes the time to think, that their mental faculties are defective because it should be obvious that the food here is much better than that in the federal penitentiary, and the bombing of the school property carries a very heavy rap, 5 to 10 years I think.

I do not know who you are but I do know this: your method of protest is a mockery of the principals held valid by the vast majority of thinking, not the much touted silent majority but the vocal thinking majority and action-minded students. Violent protests are resorted to only by those who do not have a solution to the problem because, if they could solve the problem, obviously they would do something constructive, not destructive. I pity you whoever you are because it is obvious that you do not even understand the system you are trying to change. I feel even sorrier for a system that creates, by its indifference, injustice or lack of ability to change with the times, such people as you. (Bruce Brandt)

Liberal Arts Matter

During one of the meetings held by Southern Tech's Constitutional Committee, I heard the statement that if help is needed or if anything needs to be done now the liberal arts teachers are the ones to go to. Such statements are continually being heard throughout the campus, and these statements show the tremendous impact the liberal art instructors have had upon this school and its students. This is due to the dynamic energy and willingness of these teachers to help.

Also, the liberal art courses themselves have had a tremendous impact upon the students of STI. These courses have elevated Southern Tech students' education by exposing them to man's past, identifying them with their present, and making them aware of the possibilities of their future. And yet, there are students who dread these courses which will be so beneficial to them. They argue and exclaim that these courses are useless and a waste of time. They say that these courses will not help them at all. The fact is, however, good technicians, technologists, and engineers rarely stay in their particular fields, but are soon promoted into responsible management positions. This is the area in which past liberal art courses pay dividends.

Many people hate and fear changes of any form. They like to carve themselves a niche in life and simply exist, feeling secure in their hole. Maybe the students that resist liberal art courses with such fervor are confusing progress with change. No longer is this school grinding out graduates who think only in the cold, strict fashion of "pure" engineering, but instead is producing graduates with a more polished and rounded education that will be more valuable in the long run.

To summarize, Progress equals more liberal art courses. (Rudy Z. Hok)

At The Flicks

Out of Sight

"And the Blue Meanies are after our soul hero in his soul mobile."

These are the words of a blind D. J. named, obviously, Super Soul. However corny his name may sound, he is true to his name, he is a super soul. And our soul hero is named Lowalski, not very southern folks. These two strangers are the principals of the movie "Vanishing Point," and, although they never meet, their lives are hopelessly interlocked by fate. Brother K, as Super Soul calls him, is a car jockey and out only to survive in this world of speed limits and cops. His failure to conform to a rule, no matter how arbitrary, causes him to be set upon by the fuzz who will not rest until they stop him, permanently if necessary.

Yet underlying it all runs something deeper than merely trying to evade the world, for Brother K represents a rare thing in this day, a soul truly searching for freedom. He is a soul hunting for his creator, standing on the shoulders of the world looking up

to something better. At the same time, he is bound by the things of this earth that prevent him from lifting his hands to heaven and crying for help. He lives in a world past, the memory of his dead girl friend and his days as a stock car driver, and exists in an euphoria of the present, supported by speed, both kinds.

While Brother K may be the last free soul, or the last soul searching for freedom, he is also the representation of the entire hip culture of this era. He is what the kids on 10th Peachtree are trying to be, living only for himself and with himself allowing his past to be his base reference and trying to rise from that base. To my sorrow, his end is that of so many of the youth of today, totally alone and without any real love. His end is the only end for a soul without purpose, eternal death.

"It is written that the evil one gave claws to the tiger so the Lord of Heaven gave wings to the dove, thus spake the Super Guru." (Bruce Brandt).

Bruce Brandt

RAP

This is my month for editorializing, it seems, so here I go again. On Monday afternoon, I sat with an instructor on this campus and watched a man in love with his profession. As I sat there, I began to wonder at the joy instilled in this man by a subject that I had studied in high school only to get out to become an engineer. He was truly fascinated by the same history that I thought useless trivia at one point in my life. That point, when if it didn't have at least four gears, it didn't interest me.

The real point of all this is, what is the motivation for my life and yours? Is that four-speed transmission really all that important or are there more important things in life? Soon I realized and not for the first time, that each man must march to a different drum, yet all the drums are played by the same drummer. The difference between a man who is a success and one who is miserable is that the man who is successful follows the beat of his drum, yet does not decry the existence of importance of the other drums.

Now you want to know how to find the right path or rhythm to follow. All I know is that if you search long enough and hard enough it will find you. It may take all of your life to find that drum or you may still have the bloom of your youth to enjoy the life of love. There is a more important goal, even more important than finding this peace on earth: the goal of finding the drummer. He sets the pace for true happiness and he will show you which drum is yours and He will play a special rhythm for you alone.

These truths I searched for from my childhood and now they have found me. I offer these to you with the addition of this challenge, go and seek out those who are lovers and lovers of life and ask them if they have met the drummer or still only march to the sound of a distant drum. These people are not hard to find; just open your eyes and listen with your souls. May peace find you before we meet again.

Carlson Speaks

In a short period of time the Student Constitution Committee, along with the able assistance of Professor Hinton, has prepared a proposed Constitution for the Southern Tech Student Government. They are to be complimented for the fine job they have done. The proposed constitution has been reviewed by myself and several other members of the administration and we find that it embodies the important functions of a viable student government. The development of Southern Tech as an outstanding technological institution for both two and four-year degree programs depends not only on a dedicated faculty, administration and staff, but most important on the student body. I feel that a strong, dedicated and conscientious Student Government can contribute much to student life and the growth of Southern Tech. I am looking forward to working with the student body towards these goals.

STI Loses Friend

When President Arthur G. Hansen leaves Georgia Tech July 1 to become president of Purdue University, Southern Tech will lose another good friend. During his twenty months as President, Dr. Hansen has accomplished many things for Southern Tech. The most important of these accomplishments was securing approval from the Board of Regents for the four-year program. He understood the philosophy and the problems of an ECPD-accredited technical institute, and he presented the proposal for the four-year program so effectively that the Regents approved it without delay.

We regret very much losing Dr. Hansen, and we shall miss his guiding hand. We can understand, however, his decision to accept the challenge of the new job, and we wish him every success as President of a great university. It is therefore in the light of our loss and Purdue's gain that we say "ride on" to Dr. Hansen and eagerly await a new president who will pick up the challenge left to him and score as well for Southern Tech as Dr. Hansen did. (Larry Little)

Gerald C. Purcell

Need a drop slip or having a problem in scheduling and you find the registrar office closed? Well, Prof. Herbert Eller is the gentleman to see. Prof. Eller, who is on campus from 1 to 7 p.m. and even later is one of the most helpful persons on campus to the night student. He is the Coordinator, Evening Division.

In addition to his evening lectures, he is involved in everything from making sure a drop slip is filled out correctly to handling an emergency. In an interview with Prof. Eller, he commented that a growing Evening Division enrollment should lead to more services for night school students.

Other topics discussed include the following:

Consultation. Day school students have relatively unlimited access to all academic and administrative offices. Day students may seek timely council and advice on academic, administrative and extracurricular activities. They have ample opportunity to consult the registrar's office as well as their department head concerning transfer credits.

For Evening School Students, the services mentioned above are generally a hit or miss proposition. The administrative offices are closed at 5 p.m. Very few department heads schedule and announce formally, any specific time for consultation with night student.

Even in cases where department heads have announced that they would be available for specific hours during the evening for consultation, the students have found it wise to call ahead to make sure a course advisor was actually available at the announced time. Many complaints have been received concerning the lack of up-to-date information about academic credits.

Library. The evening schedule for the Library is 8 to 10 p.m. Monday through Thursday, 8 to 7:30 p.m. Friday, and 2 to 6 p.m. on Sunday. The library is closed on Saturday. The hours which the library remains open during the evening apparently are quite adequate since few complaints are heard concerning the library hours.

Bookstore. The bookstore opens only two evenings during the first week of each quarter.

Snack bar. There is no place on campus for night school students to obtain a hot snack. However, the vending machines in the snack bar area are accessible. day school student and night Emergency Telephone Calls. Day school student receives in a school students may be easily particular course.

located in case of an emergency between 8:30 to 5:00 p.m. There is no telephone line permanently assigned to the Evening Division. Consequently, no telephone number has been announced as the emergency telephone number other than 422-1800 which rings in the campus security office. There is seldom anyone available to answer the telephone in the security office.

Teaching. With few exceptions, the day school classes are taught by full-time instructors who have put a great deal of effort into preparing the courses, make full use of existing physical facilities (laboratory equipment where applicable), and have access to departmental libraries, and various teaching aids.

During the evening, a large number of part-time teachers are used. Quite often, the night school student has an instructor who is teaching for the first time. In many other cases the night school instructor is teaching that particular course for the first time. There is no formal orientation program for the "new" part-time evening school instructor. Hence, he often tends to organize his courses independently of what is considered to be the accepted way by the full-time day school professor primarily responsible for developing the course.

The part-time evening school instructor often is not given any instruction regarding the use of visual aids nor encouraged to take advantage of available visual aids.

Some instructors have developed visual aids privately, and at their own expense, and would not readily share them with other instructors. Hence, the use of visual aids is essentially limited to the occasional use of a 16 mm movie and projector.

The part-time evening instructor usually takes what is available and does not know far enough in advance as to what he will teach to be motivated to do a great deal of preparation.

The part-time teacher is generally on his own. Not every part-time teacher has office space made available to him. Some do not have a departmental mail box provided. In many cases there is no verbal or written communication between a department head and the part-time instructor for a complete academic term. Consequently, there is often a wide variation in the quality of education that a

day school student and night school student receives in a particular course.

STI Constitution Proposed

Editorial

Recognition and congratulations are in order to those students and faculty members that, in the short period of one month, accomplished the preparation of a Constitution for the student body of Southern Tech. This constitution, a copy of which is printed elsewhere in this paper, will organize the students into a functional and progressive body rather than a mass of uninformed individuals.

Special recognition is made to that group called "interested students" who made this whole reorganization possible and without whom we would have never come this far.

In a letter to each member of the elected committee, Dean Carlson said, "I would like to congratulate you for being elected to the Constitution Committee. You have now been selected to represent the entire student body as one member of a vital committee which will be shaping the student government of Southern Tech."

"This will be a responsible undertaking on the part of each separate member of the convention and will sometimes seem as though it is developing into many thankless hours. You have been selected, however, because it is felt that you will follow through with the task you have set out to accomplish.

"Again, my congratulations. I look forward to working with you group assisting in any way that I can."

A special thanks is due to senior Samuel M. Johnston who obtained a copy of the Georgia Tech Constitution which served as the basis of the one proposed for Southern Tech.

Special recognition is also made to Mrs. Ann Couch of the English and History department for her typing of the manuscript, and to Prof. W. B. Hinton, who acted as faculty advisor, and Prof. Nick Wynne. The unwavering support of these individuals, not only in their services and suggestions, but in their moral support, were instrumental as guiding lights through the many nights of discouragement and disagreement the committee had.

Last, but definitely not least, is recognition made of Committee Chairman Ken Lattimer who accepted the responsibility of organizing the committee with an aggressiveness unequaled in the annals of Southern Tech in quite some time. Ken's determination to serve you, the students, is well exemplified in the Constitution that appears elsewhere in today's paper. To Ken, we the members of the Constitution Committee say, "It was indeed a pleasure to work with you and only hope our work will be reflected in efforts of our fellow students."

To us, the students, all we can say is that the way for a better school has been established, the light is green, the potential is here. All that is now needed to make Southern Tech truly our alma mater is to enlist in the service of our school." (Larry Little)

Committee Completes Draft; Student Vote Set For May 26

This section of the May, 1970 TECHNICIAN is devoted to the proposed Constitution for the Student Body of Southern Technical Institute.

The document is the product of a Constitution Committee named at a special election held on the campus April 15. The committee included Rudy Hok, Larry Little, Bill Anthony, Bill Ritter, Ken Lattimer, Larry Q. Stone, Alan Coates, and Tom Dixon. J. S. Rushing and Tony Taylor represented the night school.

At its organizational meeting a

week later, Senior Ken Lattimer was named chairman and Bill Anthony served as vice chairman. The group immediately went to work on the proposed Constitution, using the Georgia Tech Student Body Constitution as a model. A series of hearings, involving interested parties, was held in an effort to fit the new Constitution to meet the unique needs of the Southern Tech Student Body. Advice of the Student Council at Kennesaw Junior College was also sought.

The final document was presented to Dean Walter O.

Carlson, Dean Hoyt McClure, and Dean of Students Lewis Van Gorder. After their comments and suggestions were incorporated, the Constitution was approved by the Committee and is hereby submitted to the student body for its considerations.

A special election is scheduled for Wednesday, May 26. If approved, the Constitution will go into effect immediately, and the first Student Council elections will be held before the end of the quarter at which time those elected will assume their duties.

The STI Student Government's Constitution

PREAMBLE

We, the students of Southern Technical Institute in order to develop a firm spirit of responsible citizenship, encourage meaningful participation in student affairs, promote a better understanding between the faculty and student body, represent the interests of the students and execute the student will in accordance with the privileges granted the student government by the faculty and administration, do hereby establish this Constitution for the Student Government of Southern Technical Institute.

ARTICLE III ORGANIZATION

Paragraph A. This government consists of three branches: the legislative, the executive, and the judicial. The legislative branch of this government is the Student Council. The Supreme judicial body of this government is the Judiciary Cabinet. The chief executive officer of this government is the Student Body President.

this Constitution and the legal framework of Southern Technical Institute.

Section 2. MEMBERSHIP

Paragraph A. The Student Council is composed of representatives apportioned into various academic departments and classes, and elected by the constituency of each apportioned area.

Section 3. APPOINTMENT

Paragraph A. Not more than six (6) representatives elected in the Spring quarter from the academic departments of the Institute. Each degree-granting department will elect at least one representative. Representatives from these academic departments shall be classified as either Juniors or Seniors by the following Fall Quarter.

ARTICLE IV THE COUNCIL

Section 1. PURPOSE

Paragraph A. The Student Council constitutes the legislative body of this government and has complete legislative authority within the limits established in

Clause B. Eight (8) representatives will be elected from the various classes of the Institute. The representatives

ARTICLE I NAME

ARTICLE II MEMBERSHIP

Paragraph A. The name of this government is "The Student Government of Southern Technical Institute."

Paragraph A. All students of Southern Technical Institute are citizens of this government and are subject to this Constitution.

Clause D. The Student Council reviews the Constitutions of all campus organizations, councils, governing boards, and commissions each year, and will bring any discrepancies between Constitutions and activities before the Council. A charter may be revoked by a two-thirds (2/3) vote of the Student Council whenever an organization becomes inactive, violates provisions of its charter, fails to execute the functions for which the organization was formed, or conducts its activities in a manner so as to bring discredit to the school or student body. No charter will be revoked before the organization concerned has had an opportunity to present its case to the Student Council, or has failed to appear before the Council within two weeks after notification.

will be published no later than one week after the election.

Paragraph E. Any enrolled student or Co-op on work quarter during the Spring Quarter of the election year is eligible to vote for the offices of Student Body President and Student Body Vice-President.

Paragraph F. Any student who meets the following qualifications may run for the office of Student Body President or Vice-President:

Clause A. Be an enrolled student who has attended four (4) quarters as a full-time Southern Tech student within the past two years and is at least a second quarter sophomore.

Student Body President, then the Student Body Vice-President shall assume the said office.

Paragraph J. Should a vacancy occur in the office of Student Body Vice-President, the vacancy shall be filled by a member receiving a majority vote of the Student Council.

Paragraph K. Should neither the Student Body President nor Student Body Vice-President be able to serve, then the Student Council, by three-fourths (3/4) of its voting membership, shall elect the Student Body President and Vice-President.

Section 3. DUTIES OF THE STUDENT BODY VICE-PRESIDENT

Clause B. Be in academic good standing as defined by the Registrar's Office of the Southern Technical Institute.

Clause C. Said officers must be undergraduate students during their term of office.

Paragraph G. The term of office for the Student Body President and the Student Body Vice-President is one year beginning the last Tuesday before finals of Winter Quarter. Participation in the election does not exclude any co-op student who may be on work quarter during the Winter.

Paragraph H. The Student Body President and the Student Body Vice-President must be enrolled during all quarters of their terms.

Paragraph C. The President of the Student Body and the Vice-President of the Student Body are elected by a majority of the votes cast during the election. Should none of the candidates receive a majority of the votes cast for an office, then a run-off will be held between the two candidates with the highest number of votes. The run-off is held during the following week, if necessary.

Paragraph D. No votes are tabulated until after the balloting is completed. All election results

Paragraph I. Should a vacancy occur in the office of

and governing boards, councils as directed by the Student Council.

this constitution and its By-Laws and all other actions of the Student Council as they pertain to these documents.

Section 2. MEMBERSHIP

Paragraph A. The Judiciary Cabinet is composed of ten justices and one chairman elected by the Student Council not later than the second meeting after the installation of the new council.

Paragraph B. The members of the Judiciary Cabinet are subject to removal as specified in the By-Laws. If a member is removed, or otherwise unable to perform his duties satisfactorily, he will be replaced by a new member, elected from the Student Council not more than two weeks after the vacancy occurs.

Section 4.

DUTIES OF THE STUDENT BODY VICE-PRESIDENT

Paragraph A. The Student Body Vice-President will:

Clause A. Act in full capacity of the Student Body President in case the Student Body President cannot serve.

Clause B. Serve as chairman of the Student Council.

Clause C. Perform other tasks as determined by the Student Council or the Student Body President.

ARTICLE VI JUDICIAL

Section 1. ORGANIZATION

Paragraph A. The Judiciary Cabinet is duly constituted as the Supreme Judicial body of Southern Technical Institute and has the responsibility to review all violations of the Student Rules and Regulations of Southern Technical Institute with the exception of academic rules. The Judiciary Cabinet also has the power to review and interpret

Paragraph C. All hearings will be open to the Southern Tech community only, provided that there is no objection by the accused or by the Chairman of the Judiciary Cabinet.

are apportioned in the following manner: Two (2) Freshmen, two (2) Sophomores, two (2) Juniors, two (2) Seniors. The Senior, Junior, and Sophomore class representatives are elected in the Spring Quarter and they shall be classified in the class which they are to represent by the following Fall Quarter. The Freshman class representatives are elected in the Fall Quarter and will be of that class.

Clause C. Two (2) Co-op students, one from each section (Fall Quarter, Winter Quarter) will be elected from the section they represent and will be elected by the Co-op students that quarter which they represent. Co-op campaigning will be held during the first week, the election will be held during the second week, installation will be held during the next meeting of the Student Council.

Clause D. Five (5) representatives elected at large from the Student Body by the Student Body during the Spring quarter.

Clause E. Two (2) representatives will be elected from the Night School by the Night School during the Spring quarter.

Section 4. ELECTIONS

Paragraph A. The elections will be run by an Election Board.

Paragraph B. Representatives to the Student Council are elected by their constituents and apportioned by academic major and class membership. A candidate for Representative must comply with the regulations for elections established by the Election Board and the By-laws of this Constitution. The election of representatives shall be completed two weeks before finals during Spring quarter with the term of office beginning the last Tuesday before finals of Spring quarter. The term of office is one full year, until a representative is replaced.

The representative serves Fall, Winter and Spring Quarters and may serve Summer Quarter if enrolled. A representative normally remains qualified to serve as long as the status regarding academic major or academic standing does not change. If a representative does not remain qualified to serve, he shall resign the office. If a representative resigns, or is removed from the Student Council, the candidate for the office who receives the next highest number of votes in the preceding election and was not elected shall assume the office. If no candidate is able to assume the office, or if an office is not filled by regular election, the Student Body President may appoint a representative from the appropriate constituency to fill the office, with the advice and the consent of the Student Council.

Section 5. CLASS OFFICERS

Paragraph A. The candidate for a Representative from each class receiving the highest number of votes is designated as the President of the class. The first runner up will be Vice President for the class.

Section 6. POWERS

Paragraph A. Duties of the Student Council:

Clause A. The Student Council represents the entire student body in all matters affecting student interest, exercises general supervision over all student activities, and charters all student organizations.

Clause B. The Student Council is responsible for calling and conducting meetings and referendums of the student body [on all matters requiring a definite expression of student interest.]

Clause C. The Student Council allocates student activity fees among various recipient organizations of the student body and activities of the student government, and recommends to the Dean of Southern Technical Institute any changes in the amount of student activity fee. (As per the statutes, the committee (Student Activities) shall advise with the Student Council in recommending any change in the Student Activity Fee. An allocation of the Student Activity Fee for any particular activity may be created, changed or abolished by recommendation of TWO THIRDS (2/3) vote of the Student Council and by approval of the Committee on Student Activities and shall become effective upon the approval and subsequent action of the Dean of Southern Technical Institute.)

Clause D. All appointments by the Student Body President to administrative positions, institute committees, Student Government committees, and other offices and appointments, must be approved by the Student Council before they become effective.

Clause E. The Student Council determines non-academic rules and regulations necessary and proper for the general well-being of the student body not already covered by the statutes.

Clause F. The Student Council establishes governing boards and councils for the student body to determine policy, rules, regulations, and makes decisions on matters which fall within the jurisdiction of Student Government.

Clause G. The Student Council will establish student judiciary bodies, in addition to the Judiciary Cabinet, as the need arises.

Clause H. The Student Council determines the apportionment of its representation and establishes qualifications of candidates for office with regard to academic major and class membership consistent with this Constitution.

Section 7. LIMITATION OF POWER

Paragraph A. Limitations of Student Council power:

Clause A. The Student Council will not establish any law, regulation, rule, or resolution that is in conflict with this Constitution or the Statutes of this institution.

Clause B. The Student Council will not close its meetings to members of the student body.

keeping a record of all funds and expenditures, and submits to the Student Council periodic written reports of the financial affairs of the Student Government. The treasurer will also perform any other duties assigned by the Student Council.

quarter.

Clause G. All meetings of the Student Council are open to all members of the student body, and members of the student body may participate in discussion when recognized by the chairman of the meeting.

Clause H. ROBERT'S RULES OF ORDERS will govern the procedure of all meetings of the Student Council when not in conflict with the provisions of this Constitution and such by-laws as may be established by the Student Council.

Clause I. During the Summer quarter, a quorum consists of two-thirds (2/3) of the representatives enrolled as full-time students. Unless a quorum of the entire Council is enrolled, the Summer Council may only carry on routine business. No new legislation may be introduced. Emergency legislation may be voted on by mail under the usual procedures.

Clause J. The Student Council will publish its proceedings and will record actions on bills as "Minutes of the Student Council" no less than seven (7) days following following meetings.

Clause K. The Student Council will determine and publish additional operating procedures when necessary.

Clause L. The Dean of Southern Technical Institute has final veto power over all bills of legislation passed by the Student Council. Such a veto, in writing, will become effective if it is received by the Student Council within a month of the passage of the bill.

Clause M. The Dean of Southern Technical Institute will be provided with a copy of "Minutes of the Student Council" within three (3) days following the meeting of the Council.

Section 10. CHARTERING OF ORGANIZATIONS

Paragraph A. Chartering of all organizations:

Clause A. All student organizations must be chartered by the Student Council.

Clause B. Before being fully chartered all student organizations must be recommended to the Dean of Students by the Student Council and must be approved by the Dean of Students.

Clause C. No student organization will be chartered whose Constitution or By-Laws conflict with the Constitution or By-Laws of the Student Government, or the statutes and rules of Southern Technical Institute. All subsequent revisions of the Constitutions of the student organizations must be approved by the Student Council and the Dean of Students.

thirds (2/3) of the voting membership of the Council and no official business can be transacted without a quorum.

Clause A. The Chairman of the Student Council presides over all meetings of the Student Council. In the absence of the chairman, the Student Council designates a temporary chairman. The chairman of the Student Council performs duties assigned by the Student Council. The chairman may vote in the Student Council only to break a tie vote.

Clause C. At the end of the Student Council meeting the Student Body President may veto any bill passed by the Student Council at that meeting.

Clause B. Any rising Sophomore, Junior, or Senior member of the Student Body may be a candidate for secretary. The secretary records, preserves and keeps available to members of the student body all minutes, by-laws, charters, bills, resolutions, rolls of attendance and other records of the Student Council. The secretary is responsible for any other special duties assigned by the Student Council.

Clause E. A particular bill may be vetoed only once by the Student Body President.

Clause F. The Student Council will meet at an established place and time not less than once each two weeks during the academic

Paragraph D. No persons other than members of the Judiciary Cabinet may be present during the deliberation of the Cabinet on any case.

Paragraph D. The accused may present his own case and speak in his own defense. He may be questioned only by members of the Judiciary Cabinet and may not be forced to answer any questions.

Paragraph F. The accused may present witnesses and advisors on his behalf who are also subject to questioning by the Cabinet.

Paragraph G. Anyone required to appear before the cabinet must be notified in writing of the specific charges placed against him at least forty-eight hours prior to the hearing.

Paragraph H. The accused is guaranteed the right to face his accuser.

Paragraph I. All hearings conducted by the Cabinet, with the exception of hearings involving traffic violation, will be recorded and the records placed in a confidential file. The deliberation will not be recorded.

Paragraph J. The Judiciary Cabinet will elect a secretary from its membership who will take minutes of all meetings, and perform any other duties assigned by the Cabinet.

Paragraph K. The Judiciary Cabinet will meet regularly at least every two weeks. The Chairman may call extra meetings of the Cabinet as needed. At any time, a majority vote by the Cabinet may call off a regularly scheduled meeting, provided a quorum is present upon voting.

Paragraph L. In cases involving traffic violations, all decisions of the Judiciary Cabinet will be final; however, this decision may be appealed to the Dean of Students. In disciplinary cases, all decisions and actions of the Judiciary Cabinet will be forwarded to the Dean of Students for his review and implementation.

Paragraph M. The accused will be notified in person of the decision and actions of the Judiciary Cabinet immediately following deliberation of his

Paragraph B. Records of the proceedings of each of these lower courts will be kept in confidential files and are open to (only) members of the Judiciary Cabinet

ARTICLE VII IMPEACHMENT

Section 1. CHARGES

Paragraph A. Charges shall be brought for action of misconduct or breaches of the rules of conduct governing behavior.

Government of Southern Technical Institute may be proposed by any member of the Student Council and become effective upon receiving two thirds (2/3) majority vote, or greater, as may be specified in a particular By-Law, of the actual membership of the Council on the second reading which will be at least one week after its proposal.

ARTICLE IX RATIFICATIONS AMENDMENTS REFERENDUMS

Section 1. RATIFICATIONS

Paragraph A. This Constitution becomes effective immediately upon being approved by the Constitution Convention, Administration of Southern Technical Institute, and by two-thirds (2/3) of the votes cast in a special election.

Section 2. AMENDMENTS

Paragraph A. Amendments to this Constitution may be proposed at a regular meeting of the Student Council by two-thirds (2/3) of the members present, or by a petition of ten percent (10 percent) of the Student Body directed to the President of the Student Body. Amendments become part of this Constitution on ratification by two thirds (2/3) of the votes cast in a special election, which the President of the Student Body shall call, provided the proposed amendments have been published at least one week prior to the vote

by the Student Body and further provided that the amendments be approved by the Student Council.

REFERENDUMS

Paragraph A. A referendum on any question may be called by a petition signed by at least ten percent (10 percent) of the student body, or by a majority vote of the Student Council. A referendum vote by the student body must be carried by a majority of the students voting.

Paragraph D. save all ballots, tally sheets, and teller's reports for one month.

Section 4. JOINT COMMITTEES

There will be an ADVISORY COMMITTEE comprised of the Dean of Southern Technical Institute, the Dean of Students, the President of the Student Body, and the Secretary of the Student Council who will record the minutes of the meetings.

The A dvisory committee shall:

Paragraph A. coordinate all interrelated administration, Faculty and Student Body needs and activities.

Paragraph B. be the actual point of contact for communication between the Student Body and the Administration.

Paragraph C. Publish a Student Handbook and rewrite at least every three years.

Section 5.

14 Tubs Plan to Start

Following is a listing of all the tubs entered in this year's bathtub race.

Tub No. 0. Independent. Wt.: 500 lbs. Eng.: Yamaha 125 cc Driver; Larry Dawning, Pittsburgh, N.C. Pit Crew: Randy Woodham, Sanford, N.C.; Mrs. Larry Dawning, Pittsburgh, N.C.; Charles Clark, Pittsburgh, N.C. Colors: Apricot & Black.

The engine for this tub has been especially built for the bathtub race and has an estimated top speed of 115 mph!

Tub No. 1. Sigma Delta Phi. Wt.: 550 lbs. Eng.: Bridge Stone 175 cc. Sponsored by: Coats & Clark of Acworth Ga. and Jaydees Motorcycle Sales of Marietta Ga. Advisor: Mr. Jess Ellington. Driver: Richard Burns, Jesup, Ga. Pit Crew: Tom Leo, Stoney Point, New York; Stanley Brewer, Long Creek, S.C.; Wally Lowe, Boston, Ga.; Timmy Crawford, Jesup, Ga. Colors: Blue & Gold.

This tub is equipped with an Opel rear end with a live axle and part of an Opel rebuilt front end. It is new this quarter.

Tub No. 2. Sigma Delta Phi. Wt.: 550 lbs. Eng.: Bridge Stone 175cc. Sponsored by: Barrow Mfg. Co. of Winder, Ga. and Jaydees Motorcycle Sales of Marietta, Ga. Advisor: Mr. Jess Ellington. Driver: Larry Conner, Villa Rica, Ga. Pit Crew Chief: Don Heppe, Ringtown, Penn. Pit Crew: David Fulcher, Winston-Salem, N.C.; Dean Wood, McIntyre, Ga.; Roy Duvall, Ellijay, Ga. Colors: Blue & Gold.

This tub is equipped with side vents to help cool the engine.

Tub No. 3. Alpha Beta Sigma. Wt.: 500 lbs. Eng.: Honda 175cc. Sponsored by: Kelly Chrysler Plymouth, Inc. Advisor: Buddy Baker. Driver: Mike Bagley, Fitzgerald, Ga. Pit Crew: David White, Nicholls, Ga.; Marvin Powell, Augusta, Ga.; Gary Wood, Buchman, Ga.; George Zeagler, Fort Matte, S.C. Colors: Purple & Gold.

This tub has been nick-named "The Purple Dragon" due to its long pointed nose. It is equipped with an electric starter.

Hand Signals

Before entering the pits, the driver must signal by raising his arm over his head.

An overtaken driver must point to the side on which the overtaking driver must pass.

The driver of a stalled tub must raise both his arms to indicate that he will not move until the course is clear.

If a tub stalls after leaving the starting grid, its driver must raise both his arms and remain in his tub until the remaining starters have passed him. (The driver and helper must then push the tub into the pit area to restart it and upon starting the tub, he may begin the race.)

Tub No. 7. Independent. Wt.: 500 lbs. Eng.: Yamaha 180 cc. Advisor: Mr. Sorrells. Driver: Charles Worrell, Marietta, Ga. Co-Driver: Joe Harwell, Winder, Ga. Pit Crew Chief: Ronald Abner, Franklin, Ga. Pit Crew: Tommy Atwood, Atlanta, Ga.; Larry Scruggs, Valdosta, Ga.; Rick Culver, Atlanta, Ga. Colors: Red & Black.

This tub was the first tub to use an automotive rear end in its design.

Tub No. 11. Epsilon Pi Chi. Wt.: 450 lbs. Eng.: Two McCulloch 91 cc. chain saw. Advisor: Col. Rouge, Driver John Maturo, Hamden, Conn. Co-Driver: Harris Johnson, Atlanta, Ga. Pit Crew Chief: Ken Grusam, Smyrna, Ga. Pit Crew: Mike Whitlock, Villa Rica, Ga.; Jimmy Evans, Dumbin, Ga. Colors: Black & Gold.

Tub No. 4. IEEE. Wt.: 1100 lbs. Eng.: 1½ bhp electrical. Sponsors: A to Z Tool Rental of Marietta, Ga.; Bomber Batteries; and General Electric. Advisor: Mr. Carter. Driver: Bill Blount, Sarasota, Fla. Co-Driver and Pit Crew Chief: Bill Handee, Waycross, Ga. Pit Crew: John Hayes; Rex Thompson; Brian Hudson, Sinica, S.C. Colors: Green & Yellow.

This tub is "total electric" and has been equipped with a four wheel independent suspension.

Tub No. 5. Independent. Wt.: 300 lbs. Eng.: Yamaha 150 cc. Driver: Richard Mills, Austell, Ga. Co-Driver: Jimmy Camp, Douglasville, Ga. Pit Crew: Nicky Maddox, Mableton, Ga.; Mike Gough, Austell, Ga. Colors: Red & White, & Blue.

This tub has won two 3rd places, and took the checkered flag the race a year ago. Photo on page 4.

Tub No. 8. Delta Tau Phi. Wt.: 450 lbs. Eng.: Honda 175cc. Sponsored by: Southwire Corp. Advisor: Doug Black. Co-drivers: Robert Liber, Forest Park, Ga., and John Strickland, Concord, Ga. Pit Crew: James Lockhart, Tennille, Ga.; Michael Mask, Fayetteville, Ga.; Richard McCree, Orlando, Fla. Colors: Green & Yellow.

HOW SWEET IT IS...Bob Liber, who drove last year's winning tub sponsored by Delta Tau Phi, reaps some of the side benefits accorded a winner -- an affectionate look from Miss Melody Lee Knighton who reigns as MISS STI. (Photo By Bill Anthony)

Circle-K Returns To Campus

Southern Tech's annual retirement banquet, which will be held May 24 at the Air Force Officer's Club at Dobbins Air

Force Base, will honor three retiring faculty members. They are Professors T. W. Anderson, W. C. Royer, and D. B. Weir.

Hinton Commended
Prof. W. B. Hinton was awarded a commendation for his help in writing the proposed constitution at the "Rock" meeting on Thursday, May 13. Mr. Hinton was the advisor to the Constitutional Convention Committee and was instrumental in arriving at the fine Constitution that has been proposed. Mr. Hinton is also an assistant professor in the English Dept. as well as the Faculty Advisor to the TECHNICIAN.

Also scheduled to be honored are Dean H. L. McClure and Professors R. C. Carter, R. W. Hays, M. E. Blair, and J. P. Goodwin, Jr., who will receive 20-year service pins. Coach H. S. Lockhart and Postmaster W. F. Collins will receive 15-year pins, and Professors J. L. Bosher, P. S. Day, and W. S. Newman, III, and Counselor W. J. Glenn will receive 10-year pins.

Hornets Win B'ball Season

With only one game remaining with Georgia Southwestern, a winning baseball season was assured for Southern Tech by Thursday, May 13, when this issue of the technician went to press.

Tom Scheffler, with only one at-bat, posted a perfect 1.000 average and David Boozer, with two at-bats, scored .500.

Following is the team's record:

STI	Opponent	Record
3	Gardner-Webb	11
7	Gardner-Webb	17
3	Armstrong Stage	4
4	Armstrong State	6
1	Oglethorpe (forfit)	0
10	Washtenaw (Mich.)	5
9	Washtenaw (Mich.)	2
7	Gardner-Webb	6
4	Marion (Ind.)	0
9	Marion (Ind.)	8
10	Ga. Southwestern	9
11	St. Clair (Mich.)	12
1	St. Clair (Mich.)	7
2	St. Clair (Mich.)	4

Faculty To Honor Three Retirees

Two Southern Tech students, Larry Conner and Larry L. Stone, attended the Circle-K state convention held in Macon during April. Mr. Conner said the convention was concerned with individual clubs' organizational problems and the election of officers for the coming year.

The convention also considered problems concerned with drug abuse, the communication gap, and recruiting of new members.

Circle K, which has been inactive on the Southern Tech campus in recent years, has been reactivated with some 16 active members. The organization meets at 5 p.m. each Monday afternoon in the Seminar Room of the Library. Any student in good standing is eligible to become a member.
