This position is now filled by a temporary person and a Screening Committee is being formed to screen potential applicants and make recommendations to Dr. Carlson. There will be faculty, staff, and 5 students on this committee and any student interested should notify the SGA Office. Please leave your name, box number and phone number at the SGA Office or the Campus Post Office in care of the SGA.

FRESHMEN WILL PAY \$200

That's right Freshmen, if you stay at Southern Tech for four years - you will pay approximately \$200 in Student Activity Fees. The total Activities Fee this year will be close to \$90,000. You can have a say in how this money is spent. If you have 49 hours or less of college credit and are willing to work at spending this money wisely and fairly, fill out a petition for Freshmen Representative. The petitions are available on the SGA Secretary's door, to your left in the Library. Slide the petition under the door before October 18, and begin your campaign. No posters will be allowed until October 20. The election will be October 27 and 28 in front of the Snack Bar. It's your money! GET INVOLVED.

DID YOU KNOW ?

The Registrar's Office reports the following Fall Quarter enrollment statistics:

<u>Category</u>	<u>Fall '76</u>	<u>Fall '75</u>
Total	1993	2078
Females	99	71
Veterans	368	410
Blacks	110	94

Departmental

EET	600
AET	364
CET	356
IET	286
MET	273
TET	51
FST	39
AMET	29

First quarter Freshmen are slightly larger in number than foreign students who show no increase. Sam Baker, Registrar Director, attributes the decrease in total enrollment to the transferring of approximately 100 Fire Science Technology students to Dekalb College. He explained that because of this loss the figures do not show an increase. However, total enrollment is up.

Feeling sick! Nurse O'hare will be glad to administer such medicine as she has available or will call the doctor, if necessary. The Clinic is located in the basement of Norton Dormitory near the Police Department. Hours are from 8:30 a. m. to 1:30 p. m. daily. Don't wander around feeling ill--go to the clinic.

POLICE DEPARTMENT NEWS

OPERATION IDENTIFICATION

Those men in blue don't just write tickets, they want to help you. The STI Police are interested in helping you protect your valuables with Operation Identification. This is a system used successfully in Marietta and involves engraving articles with your student ID numbers. For further information, contact the STI Police Department in the basement of Norton Dormitory. Don't get ripped off!

LOST AND FOUND

If your calculator, watch, or senior ring is lost check with the STI Police Department. They have a large collection of articles found around campus including books, jackets, umbrellas etc. Proof of ownership is hard without a sales receipt, so get your valuables engraved before it is too late.

Editor,

As fate would have it, this quarter again brings another night class with it. And to my surmise, I discovered that the goats, after all these years, have found a reason to appoint an Evening Coordinator for night school students. I sense this has sprung from the re-distribution of powers and strengthening of operations here at Southern Tech which originated from the dictum of Dr. Petit as of last January.

As I was sitting in class last week, I felt something at my shoulder and my attention was quietly and abruptly lost as I received a yellow-8½ by 11 sheet with "Nightly News" written across the top. What's this, I marveled, an antidote for the Executioner's of STI revealing themselves on an innocent-yellow news sheet? No, another Weekly Reader from, yours truly, Lewis G. VanGorder.

Reading this week's copy, I recalled last weeks' and could find, at the most, a column of current news. Now I ask myself, what good is this apparently wasted energy? Are we now having two official papers on campus? Wasn't this very same thing, alias the Weekly Bulletin, phased out and incorporated into the STING?

Maybe you can't teach an old dog new tricks but at least this consumptive energy of our Evening Coordinator can be directed into finding out what our needs are rather than "informing" us.

STI BAND

The STI Band will have its first practice session on October 20 at 7:30 p. m. in the Gym lobby.

WSTB

WSTB currently needs people who are available Sunday afternoon and evenings to carry a one hour air shift. We're trying to broadcast different programs at this time, so if you're interested come by the radio station, Building 3, room 354 and talk to Randy Tyndall or Bill Meecham. We'll even train you!

WRESTLING

Wrestling practice for 1976-1977 season has started. The team is in need of backup in all weight classes. Weight classes are as follows: 118lb., 126 lb., 134 lb., 142 lb., 150 lb., 158 lb., 177 lb., 190 lb., and unlimited.

Depth is especially needed in 118 lb., 126 lb., 134 lb., 177 lb., and 190 lb. weight classes.

Experienced as well as inexperienced are urged to come out. Some of our better wrestlers have come from the inexperienced ranks, primarily due to not having picked up bad high school habits.

Practice is held in the gym Monday through Friday from 4:15 p. m. until 6:00 p. m. Schedules may be rearranged according to class conflicts.

Southern Tech's opening meet will be November 19 against Clemson at the Cobb County Civic Center.

Climax Blues Band
"Gold Plated" - Sire(SASD 7523)

Here comes another good album from the Climax Blues Band. This album represents a slight change from the usual blues-rock they produce. This time, they have slowed down their tempo, but the Climax Blues Band still has that nice blues-rock mixed with jazz sound. For those who do not know who they are or what they sound like, the Climax Blues Band has a tight rhythmic sound with vocals that are different. They frequently use a combination of high and bass voices together for a nice, jazz-rock sound. The group consists of Peter Haycock-the man with the gold-plated guitar, Colin Cooper, Richard Jones, Derek Holt, and John Cuffley. Some recommended cuts are: "Together and Free," "Chasing Change," "Rollin' Home," and "Extra." A nice album truly worth your time is the new Climax Blues Band. See you next week.
