GOVERNOR SIGNS "GOAT DAY" PROCLAMATION

Georgia governor George Busbee has signed a proclamation designating Saturday, November 13, as "Goat Day" in the state of Georgia.

According to SGA president Scott Dobslaw, the last governor to sign a proclamation for "Goat Day" was former governor Jimmy Carter in 1973 and he became president!

"Goat Day" '76 is shaping up to be the best ever. All the organizations, Greeks and independents, have made plans for concessions with games, food and prizes which together with the planned events will insure that this year's "Goat Day" will be a spectacular day on the campus.

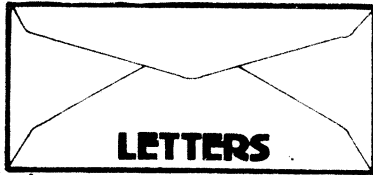

Sigma Nu will be selling doughnuts, hot chocolate and coffee. Lambda Chi Alpha will have a car, probably with names of faculty and staff on it, to be bashed. The Teke's will have an arm-wrestling contest.

The Black Student Association will be selling peanuts, popcorn, candy apples, have a frisbee throwing contest for prizes and a raffle. The Lion's Club will sell hot dogs and cokes. Perhaps the biggest attraction will be the mini-carnival sponsored by the Vets Club. It will feature a dart game, egg toss, fooze ball, slipping log contest and water balloon contest.

All this, plus the competition events for points as the reverse beauty pageant, bicycle race, egg toss, tug-o-war and best dressed goat contest will fill this "Goat Day" with more activities than ever before.

And the conclusion to the day's event, the barbecue chicken dinner with all the trimmings and a dance later that evening featuring the Montgomery Brothers Band. Tickets for the dinner and dance for only \$1.00 per person, if you purchase your ticket before "Goat Day" and \$2.00 per person on "Goat Day."

The STING would like to thank the Governor, the SGA, and the organizations, Greeks and independents, for working so hard to make "Goat Day" a success. We ask all the students, faculty and staff to support their efforts by coming to this combination country fair, fraternity party, and carnival -- "Goat Day" '76.

To the Editor:

The Dean of Students Office and Barbara Haire, the STI nurse wish to thank the Lambda Chi Alpha fraternity for their assistance on the day that the vaccine flu was given to the students, faculty and staff.

Their assistance in the TV Lounge and also the making of posters and placing them on campus, was instrumental in helping us reach as many people as we did.

Again-thanks to the Lambda Chi Alpha and their officers and members.
Dean of Students Office

To the Editor,

Why can't the Key punch Room be available to STI students twenty four hours a day?

Just recently, I've been told by STI police that the Key punch Room will be locked up during off hours because someone has been stealing the phones. What are students who work after school to do?

One salvation might be to have students sign in with the police for the room, which I wouldn't mind doing. This is something that needs to be corrected--soon! I have a program due on November 3.

FRANK'S FOOD FACTS

May I first of all extend a tardy "Welcome to Fall Quarter." This quarter has been so hectic that I haven't made time to keep all of you informed.

First of all, please remember that the cafeteria is open 6:30 - 9 a. m. for breakfast, 11 a. m. - 1:30 p. m. for lunch, and 4:30 - 6:30 p. m. for dinner (Monday thru Thursday). We close at 6 p. m. on Friday.

The Snack Bar is open Monday thru Thursday from 7:45 a. m. until 6:45 p. m. On Friday, we close at 5:45 p. m.

The cafeteria offers a meal plan to anyone on campus. This plan gives you an opportunity to enjoy three meals per day for \$3.75. At breakfast you can get fruit or juice, cereal, toast, biscuits or donuts, one egg or one waffle, bacon or sausage, grits or hash browns, and beverage. At lunch and dinner, you can get a salad, one meat, two vegetables, rolls and butter, dessert, and beverage. At both lunch and dinner, you are allowed seconds on all but the meat!

Speaking of the meal plan, you can purchase the meal plan pro-rated at \$3.75 per day at any time during a quarter. When on the meal plan, please try not to waste food. My employees and I see food thrown away every day that has not been touched. I can understand your trying something and not finishing it, but please don't waste food when you can avoid it. In the long run, it will cost you more money.

Finally, as far as the meal plan is concerned, Coach Lumsden is organizing a Food Committee through Dorm Council. I will have regular meetings with this group to discuss foodservice in general and any criticisms or suggestions can be brought to them.

Please let me emphasize that the Food Committee is not your sole avenue. Foodservice is here to serve you. If you have any criticisms or suggestion, please contact me or my assistant directly. We will be more than happy to answer your

questions.

And this brings me to my last point. Last week, an anonymous letter appeared in the STING regarding foodservice. I do not usually address myself to anonymouscriticism, especially because my door is always open. But there has been some discussion this week about that so-called factual letter and I would like to try to dispel some of the rumors.

First of all, the cafeteria did receive a 32 on October 1, 1976. The reasons we did are extremely complex and subjective. I must not allow myself to deal with these reasons in print. Come see me and I will be glad to give you my opinions and will be glad to evaluate the inspection report point by point. But back to the letter in question. (Please refer to it if you have it.)

- 1.) The spoiled food referred to was in cans in an inoperative area (slop room). It was discarded before the inspector left the premises.
 - 2.) Food Inspectors do not shut down an establishment - any establishment - on the basis of one report. Therefore, the cafeteria in no way "would and should have been shut down."
 - 3.) The reason for a new inspection three days later ("For some reason and by some means unknown") is basic policy for the health department. They must return to reinspect. Further more, I called Mr. Morris personally and asked if there were any recommendations he could make to correct our conditions. His answer was that he would be there the next day for an inspection.
 - 4.) The 93 we subsequently received was justified. We corrected nearly all the areas that had been voted earlier.
 - 5.) I do not hold the Snack Bar under threat of closing. If anyone does, it is the campus and its participation in the sales there. Furthermore, the Snack Bar, instead of "making money," is indeed making less than in the past. I have the records. Come review them.
-

- 6.) There have been only two workers in the Snack Bar since Spring Quarter 1975!
- 7.) Donuts are not an all day snack item. They tend to go stale. I plan to run out of donuts by noon. If we run out earlier, I feel that that is justified.
- 8.) We have had some equipment problems in the Snack Bar. But to say that "machines and equipment keep breaking down without any real attempt to (SIC) repairs" is, at best, a lie! Mr. Jack Agee and his crew have done an admirable job of keeping things going. We have had problems ordering parts, which may have caused delays, but repair requests have not, in any way, been ignored.

The "facts presented" are not all true. If you have any further questions or comments, please contact me directly. I only wish that the person who wrote last week's letter had had the decency to do that in the first place.

Come see us! Don't forget, we have a chicken barbecue coming up on Goat Day, and a Holiday Dinner between Thanksgiving and Christmas.

Did you miss us?

BIBLE STUDY TO BE HELD

Anyone wanting to learn God's word is invited to a Bible study on Wednesday, November 10 at 9 p. m. in Dorm II--room 318.

Everyone is invited to come.

BLACK STUDENT ASSOCIATION

Have you forgotten? The Thanksgiving basket is empty. The trauma of Fords' and Carters' campaign is over but the campaign of the Black Student Association has just begun.

Let us share our Thanksgiving this year with others. We ask all organizations to join in this campaign against hunger.

A basket for all donations is located in the lobby of the Administration Building. (Collection for food ends on November 22.)

Thank you.

GREEK LIFELAMBDA CHI ALPHA

The brothers of Lambda Chi Alpha would like to invite all interested person to our meetings each Thursday at 12 noon in room 562 of the Civil Building.

The Lambda Chi football team will try to boost their 3-2-1 record on Monday, November 8 against the NADS. Then, on Wednesday, November 10 -- the football team will take on a very tough Backstabbers team. Come on down and see some very good football.

SIGMA NU

Sigma Nu had a very successful Halloween party last week. There was somewhere between 60 to 70 people dressed in costumes. The best dressed couple was Dave McCullin and his date as an old man and woman. Best dressed individual was Mike Hughes.

Sigma Nu has the rock for Goat Day! The rock will be painted black, gold and white - the colors of Sigma Nu. Come by and party with us sometime at the rock.

SIGMA PI

We had a great Halloween. The costumes seem to get better every year and this year was no exception. Thanks to Pabst for the two kegs!

Next on the agenda is Goat Day. We know that will be a lot of fun.

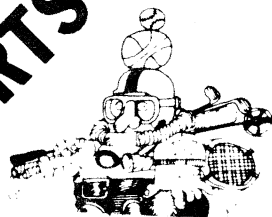

The Blood Drive is coming up again this November 17. The bloodmobile will be down at Dorm I-TV room from 10 a. m. until 3:30 p. m.

Also supermarket sweep tickets are on sale now. Ask a brother how you can get a chance in a Food Giant for sixty seconds and all the merchandise you can get. Last year's winner took home \$352 worth. The drawing will be November 18 at the rock and the sweep will be the following Tuesday, November 23 at the Food Giant in New London Square.

As you can see, Sigma Pi is very active. If you would like an

opportunity to learn more about us and possibly become part of all this, come by our meetings at 12 noon on Thursdays in room 601.
