**GAZETTE EDITORIAL**

**HOW SAFE IS KENNESAW?**

The recent train derailment in Rockdale county that sent 16 cars off the track and forced the two day evacuation of 250 residents should again serve as a warning to the residents of Kennesaw and to all that live even remotely close to a main-line railroad track. Gas is the reason! At least four of the sixteen cars contained dangerous chemicals, including one full of liquid chlorine and another holding 30,000 gallons of highly flammable liquid propane. Still another car leaked alcohol into a tributary of the Yellow River and the Porterdale water filtration system had to be closed. According to the inspectors who were on the scene immediately, "Nothing was wrong with the track, it was inspected just last week and we check them every two weeks for damage".

All too often we hear this news of the latest "Train-Wreck" and I suppose that we all think that it is just another matter that we have to accept in our daily routine. We submit to you that it is not normal and should be considered as such. Bear with me for a few moments and lets look at the record of "Train-Wrecks" that have occurred in our own city. March 20th, 1977

Wreck occurred at Hwy. 293 and railroad bridge just behind Kennesaw Plaza Shopping Center and less than two good sized city blocks from our elementary school.

Damage - Two cars derailed containing Styrene gas.

September 28th, 1977 - Wreck occurred at foot of A. D. Campbell Road approximately 1/2 mile

south of Due West Road. Thirty two cars were involved in this pile-up, in which a Cobb County fireman was overcome by the leaking fumes from a car loaded with thousands of gallons of Anhydrous Ammonia.

December 24th, 1977-78 - Partially empty cars "Wrecked". One car, however, was full of thousands of gallons of Sulfuric Acid and lay leaking on its side, just south of Acworth.

In this current year, two "Train-Wrecks" have occurred and one of them could have had serious consequences. The one that we speak of was in Downtown Kennesaw.

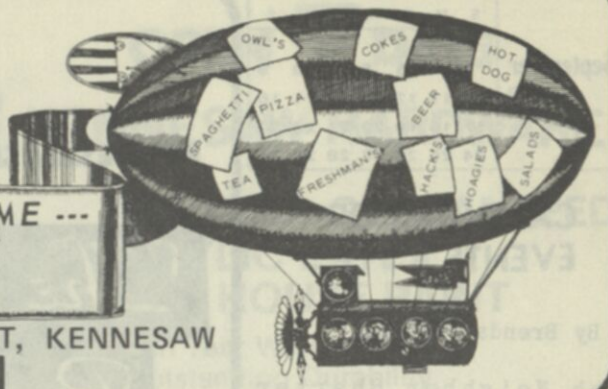

As was stated in this article at the beginning, if you live anywhere remotely close to the mainline of the L&N railroad, you should be concerned about the potential hazards that traffic down the line that has such a historical reputation. We sincerely hope that something can be done by the powers that run our community and our state and that nothing dreadful will live in our memories as that of Waverly, Tennessee, where approximately 32 innocent people died, needlessly. Lets put the railroads in proper perspective and let them know that we still revere those lazy days of Casey Jones and the bustling song about the Chattanooga Choo-Choo, but the politicians in office are aware of the danger and yet, more "Train-Wrecks" have occurred than ever before.

We certainly would not allow semi-trucks loaded with the same gasses and materials to wreck on Highway 41 three times in one year, causing the evacuation of half the city.

PEOPLE IN THE NEWS

By Brenda Burrell

BARRY SMITH just returned from a summer visit with his mother in Akron, Ohio. Good to see you back, BARRY.

BIG SHANTY BASS MASTERS traveled to Lake Hartwell on the 12th for their Aug. tournament. Most of the guys found the fishing very tough. With 18 men fishing only 29 were caught. All but three were thrown back into the lake alive. DAN ESSARY took 1st place with a 10 lb., 14oz; WYATT BARRETT 2nd place with 10 lb., 11 oz. (also a 7 lb., 12 oz); TOMMY HICKS 3rd place with 2 lb., 9 oz. & DON MARCUM 4th place with 2 lb., 6 oz.

OTTO SIMS & ELMO GARMON, with the 159th Military Intelligence Co., U. S. Army National Guard, recently returned from 2 weeks annual training at Fort Campbell, Ky. ELMO & OTTO fly OV1 Mohawks on reconnaissance missions (photo). HUGH SMITH said he felt extremely safe with men like ELMO & OTTO helping protect us, especially if ELMO took his banjo.

JOHN & JOANNE MULLANY recently returned from a week in Chicago. They enjoyed touring Chicago and Joanne enjoyed kissing MICHAEL COLE, Mod Squad star, and meeting AVERY SCHNEIDER, of Dorito fame. Happy Birthday CLYDE TANNER, JR., September 14th.

MRS. JACK VICKERY just returned home from Kennetone following surgery. Hope you're feeling better.

Welcome home "ABNER" CANTRELL from Kennestone Hospital after 7 long weeks. We've missed you.

Happy Birthday to JEANETTE BERRONG, September 6th.

DORIS HESTER, your friends at Burrelco miss you since you returned to Lockheed and nobody can sing "In the Pines" like you can.

Happy Birthday to me, September 19th.

JIM KATTNER, of Northside Truck Sales in Kennesaw says he isn't worried about ever having to wear a toupee cause it wouldn't work for him. He'd have to have a threepce.

Happy Belated Birthday to CHIP WILLIAMS, August 24th

MRS. CORA SPROLES, mother of LENA WALKER, has returned to Tulsa, Okla. after a 6 wks. visit here in Kennesaw. We've enjoyed seeing your smiling face in the Shanty House. Hurry back.

RAY & NANCY CANTRELL celebrated their 4th Wedding Anniversary in Daytona Beach, Florida in August. Their son TIMMY visited his grandparents in Athens.

RANDY HOOPER just won Wrecker Operator of the Month Award for August. Congratulations.

BUFORD & PAT SIMMONS just celebrated their 19th Wedding Anniversary on August 17th. They have a 10 year old son, MARK.

MR. & MRS. T. L. QUEEN of Acworth, Ga., are proud to announce the birth of their daughter, DAWNA SHANTA, May 31, 1978. LINDA is an employee of Nashville Sound and worked until the weekend she gave birth.

HELEN BURRELL, LOIS FERRIS, JEANETTE BERRONG & Son, DEREK, recently returned from a three day visit to Canton, N. C., just out of Asheville. JEANETTE does the type for the Kennesaw Gazette, so we are glad she didn't extend her stay.

BETTY BARNES & PAT PRESCOTT had a ball recently in Panama City but won't let me print any details. Shucks!

C. F. GAINES, Kennesaw's favorite photographer, is recovering from major surgery. Hope you're feeling better.

WAYNE ROBINSON, heard you were searching frantically for your truck keys recently, after leaving them in the ignition while shopping in Reed's Drug Store. After the culprit returned them to you (laughing heartily) did you really ram the rear of his truck with your truck? WAYNE, you better be glad you didn't get some Red Man on you.

BETTY JUNKIN has accepted a full-time position as a retail accounts representative. Special thanks to you, BETTY, for contributing your time and efforts reporting for the Gazette.

CHERYL KAYSER finally did something worthy of printing. She had a Birthday August 24th. Happy Birthday, CHERYL.

"Everything For Your Car"

JOHN LUFFMAN of Acworth says he loves the quality and size of the Gazette, that it fits nicely in his magazine rack in his bathroom and makes good reading.

Sorry, we didn't have room for all the "Hear Ye" last month, so here's the rest.

BURRELLCO EMPLOYEES and their families enjoyed a fantastic fun day, including lunch, at Six Flags, Sunday, July 16, all at Company expense. How's that for benefits?

Thanks to MR. AND MRS. GENE COCKE that live in Paducah, Kentucky for the "After Dark in Paducah" publication they sent in the mail. These fine folks were staying at Kennesaw KOA during their vacation and picked up a copy of the Kennesaw Gazette, which they said they thoroughly enjoyed. Good news goes far. Y'all come back to see us sometimes.

Happy Birthday to HUGH SMITH August 10th. Hope you have many, many more, HUGH BABY.

MR. AND MRS. JOHN A. UNDERWOOD are proud to announce the birth of twins, a boy JOSEPH ALLEN and a girl CHRISTINE ASHLEY, born May 31, 1978.

Proud grandparents are MR. and MRS. J. B. UNDERWOOD, Pine Hill Circle, Kennesaw and MR. and MRS. RICHARD PETERSON, Hampton, Minnesota.

Have any tidbits about someone you'd like to see in the paper? Call me at 427-8656 or write to Box 3005, Kennesaw, Ga.

STAY HEALTHY NATURALLY!

The natural condition of the body is to be healthy. If this is so, why then is poor health so common?

To understand better how chiropractic can help a body to retain good health, which is the natural state of the body, a brief explanation of how the back and nervous system work is necessary.

Think of this back-nerves as telephone system. The brain is the message center, both for sending and receiving messages eventually controlling all functions of the body. Nerves are the telephone lines from the brain, and they run downward in a "cable", which is encased in 24 moveable vertebrae forming your spine. Nerves, our telephone lines, reach out from between each pair of vertebrae, to send messages to (and receive messages from) body organs. If one or more of the vertebrae that surround the spinal cord shifts out of position, due to a fall or bump or occupational stress or other reason, it often happens that a pinching action occurs - and suddenly message (or at least the proper quantity and/or quality of messages) aren't getting through.

Once the out-of-position segment is restored to its proper position, the body is provided with the potential to regain normal health. This is the domain of the chiropractor. No other member of the healing arts is so thoroughly qualified by education and training to perform this valuable service.

For every member of the family to stay healthy naturally, be sure to get a chiropractic checkup.

YOU MAY BE  
SUFFERING NEEDLESSLY!

SCHOOL DAZE

Kids in school are exposed to many subjects and many different fields, all of which require many different skills. That's good. The trouble sometimes is when the school expects a kid to be good at all of them. And individual teachers have a way of thinking that all the students in their class ought to be good at their subject. That's ridiculous; it would even be humorous if it didn't make so many students feel so inadequate. Since nobody is good at everything, but since the adult world often expects this of kids, kids often feel they are failures. It is important to recognize that NO adult expects another adult to be good at everything. After all, that would be asking TOO much! Ask any adult.

**"Are You Ready . . .**

TO TAKE THE "SAG"  OUT OF YOUR BUSINESS?"

So many proprietors have told me they can't "afford" to advertise, that their business is so slow, they don't have the money. That's what advertising is all about. Stop and think of some of the businesses that advertise frequently. If we'd be honest, they may not have merchandise, food, etc. as good as others, but through their advertising, we're drawn to them anyway.

In our perplexing rush, rush world today, we can easily block out something we hear, unless we hear it often enough. The same goes with something we see. Have you ever been looking at one thing and thinking of something else? Unless you see it often enough, you may forget. **"OUT OF SIGHT IS OUT OF MIND."**

The KENNESAW GAZETTE is a FREE subscription to every resident and establishment in Kennesaw. IT GOES THROUGH THE POST OFFICE.

We also distribute large bundles to all Cobb County Libraries (Kennesaw, Acworth, 7 in Marietta and East Marietta, Smyrna, Powder Springs, Mableton and Austell), and hand deliver additional thousands to many businesses all over Cobb, where we know they'll be picked up. YOUR COST TO CONTACT THIS AMOUNT OF PEOPLE BY LETTER OF SOLICITATION WOULD BE OVER \$1,000.

Our rates are reasonable. If I can be of any help and you're interested in an ad, please let me know.

**"I'm Ready."**

Thank you,  
 KENNESAW GAZETTE

TREMENDOUS GROWTH OF NEW BUSINESSES

KING'S CENTER

By Brenda Burrell

I wonder if any of our Kennesaw residents know about King's Center located at Ford's Motel, intersection of Highway 293 and Cobb Parkway.

King's Center opened April 4th of this year and is an Adult Supportive Living Center.

The Center is owned and operated by Harold and Brenda King, with only one part-time employee, Herbert Bishop. They have 18 residents, male and female, ages ranging from 17 to 74 years of age.

Most residents come from Georgia Regional Hospital, Georgia Retardation Center, and various nursing homes. They help take care of their own

rooms, making beds, etc., take turns cooking and washing dishes and keeping the grounds neat. They all pitch in and really look like one big happy family.

Brenda and Harold take all their people to their doctors, have development or training programs and recreational activities.

The Kings both have adequate medical training. Brenda has had nurse's training and Harold is a Licensed Practical Nurse and administers medication and injections to those unable to help themselves.

Even with the fantastic family atmosphere and wonderful organization, the hours in a day must seem pretty long at times with Brenda having all the laundry to do and has to take 22-30 loads of clothing to a laundromat

weekly, going from daylight til after dark seven days a week.

If anyone would like to visit King's Center

between 10 A.M. and 3 P.M. you're more than welcome. If anyone out there has chores for some of their residents to earn extra money - or - want to volunteer any of your own time to help at the King Center, it would be greatly appreciated.

We in Kennesaw are proud to have such wonderful caring people in our community. Call 422-7858.

**BEAVER CREEK**

Show Director, Lee Garner, a Marietta artist and antique dealer, announces the 5th annual Beaver Creek Arts, Crafts, & Nature's Treasures Show set for Friday, Saturday, & Sunday, Sept. 29-30 & October 1, 1978., located on Vincent Mountain, 6 miles west of Yorkville near Rockmart, Ga., where beavers once built their lakes and ponds. From Hwy. 101 between Dallas & Rockmart, take Browning Rd. to Charles Perry's "Havnogotta Ranch" & Beaver Creek.

One hundred and sixty artists and craftsmen from Georgia and surrounding states will display their work in the three-day event. A wide variety of artistic media will be represented, including all types of painting, graphics, photography, pottery, wood carving and sculpting, hand-crafted furniture, leather work, scrimshaw, stained glass, weaving, china and soft sculpture dolls, jewelry, hand-painted china, ceramics, and various types of needlework. Nature's treasures include shells, rocks, plants and dried arrangements.

Food will be available at various refreshment spots.

The Canton Cloggers and Diana's School of Music & Dance and a motorcade of cars from the Cartersville Antique Auto Club will be featured.

Admission is \$2.00 for adults. (Children under 12 free). Beaver Creek officials offer special rates on bus loads, churches, golden age and other groups. For further information contact Lee Garner, Show Director, Box 251, Kennesaw, Ga. 30144.

WHAT DO YOU LIKE ABOUT  
 KENNESAW?

Small town atmosphere with  
 friendly people.  
 Dr. Chris Hobson

The progressive movements  
 of the town in the past 10  
 years.  
 Jerry Buckner

It gives me everything I  
 need.  
 Don "Red" Filby

Peace and quiet.  
 Jim Allen

Nice little town where  
 people are concerned for  
 others.  
 Pat Hester

Even as small as it is,  
 you're never bored. The  
 way the streets are layed  
 out here, you never know  
 if you're coming or going.  
 Ed Anderson

Museum - new street  
 lights.  
 Peter Popham

Residents are friendly and  
 receptive to new people.  
 Also like the continued  
 growth of the area.  
 Linda Green

The girls.  
 Mark Williams

I like the small community  
 with friendly people and  
 historical background.  
 Jimmie Sue Finger

I like the "one big  
 family" environment.  
 Dave Collier.

5195 N. MAIN ST. - ACWORTH

by Fireman Richard McLean

Most people probably think of a fire department in terms of shiny red fire trucks, spotted Dalmation dogs, or firemen sliding down brass poles. That may have been true in days gone by, but today's firehouses and the fire-fighters who work there are a lot different from the image we may have learned in grammar school.

That's certainly true of Fire Station No. 8 in Kennesaw. Station 8 became one of nineteen fire stations in the Cobb County Fire Department when the separate fire districts merged into one county-wide system in 1972. Like the rest of the stations, we use three shifts to keep the station manned 24 hours a day.. Each man has accumulated many hours of training and years of experience to perform his specific job in handling an emergency.

Of course, our one-story firehouse has no need for a brass pole, and we don't have a spotted dog. We don't even have a red fire engine. As you've probably noticed, Engine 8 is painted white for better visibility at night. Even the nature of firefighting itself has changed over the years, and today's firemen are called on to handle a variety of situations.

In the Kennesaw area, we face a multitude of potential emergencies. Within the past year, Station 8 has responded to several train derailments involving hazardous chemicals; vehicle accidents; aircraft problems; bomb threats; medical emergencies, and

an assortment of investigations in addition to our normal fire alarms. Incidentally, Station 8 is the only station in the county to have a dry chemical truck in addition to our pumper. The ball-shaped apparatus mounted in the bed of the red pickup is specifically designed for large flammable liquid fires such as we might encounter in an airplane crash.

This article is the first in what we hope will be a regular feature about Station 8 and the activities of your Cobb County Fire Department, and I hope you'll write me if you have any questions or comments.

I've been a firefighter with Cobb County since January of 1975, and I've worked with the B-shift crew of Station 8 nearly four years. I'm very proud of our station and the men who work there. They're all dedicated, professional firefighters who have a real interest in the Kennesaw community. In future articles, I hope to tell you a little more about them, our station, equipment, alarms, and what we're doing to make Kennesaw a safer community for all of us.

THE ROSE

A splendid rose stood all alone  
Surrounded by a wall of stone  
Around the wall were roses, too,  
Still neither knew the other grew  
So often we, like flowers, dwell  
Too deep within our human shell  
And pass through life -  
"not understood" -  
Nor making all the friends we should

Sgt. Nolan Sturdivant

YOUR POLICE DEPARTMENT

Hello again folks,

It is my pleasure to introduce an officer to you as we continue our introductions of the members of your Police. He is Sgt. Nolan Lee Sturdivant, a member of the department since 1971. Officer Sturdivant is our Morning Watch Commander and his responsibilities are many and varied, but to condense his job description would be to say that he is responsible for the midnite to 8:00 a.m. police watch, in its entirety. Officer Sturdivant is next in our command to Officer Carter, and is trained to make the necessary decisions for the department while the other shifts are enjoying their families after they worked their respective shifts. Officer Sturdivant is well prepared in the latest police methods and training. He has over 244 hrs. in classroom training at the Police Academy. He has completed the required mental and physical training courses required by the department and expedites his responsibilities with true professionalism.

Officer Sturdivant is in charge of our intoximeter program that is certified by the Georgia Police Academy. He is married and has four lovely daughters and a son. He is a professional in every

sense of the word and a credit to our police department.

I have another announcement to make and that is that we now have a Police Department Chaplain on our staff, Mr. Rick Williams. He will volunteer his services and knowledge in administering religious ideals to our officers and to anyone who needs to discuss a problem they may be having. Rick is a very sincere man of the Word and is presently serving a newly established Episcopal Mission located on Wooten Lake Road.

I'm sorry to announce that one of our officers has retired from the force to actively pursue a business career. Frank Stone was an extremely good police officer in good standing at the department, and we wish him the very best of luck.

We have managed to recruit Mayor, McDonald to our softball team. After many months of hard bargaining with the Mayor, he has agreed to join our team and serve as custodian of equipment (Batboy). His new jersey reads the number 1/4 and the words "Batboy". He has a tremendous team spirit and hopefully we will finish the season undefeated with his help.

I have enjoyed talking with you again through my articles in the Gazette and I look forward to meeting each of you as situations permit. We at the department are proud to be able to serve and your suggestions are welcome.

Thank you,

Chief Howard  
Kennesaw Police Department

MAYORS MONTHLY REPORT

We at the Gazette asked our Mayor, the Honorable Clyde McDonald, to write a monthly column for the paper, relating the highlights of the city's business and ideas that you, our readers, should know about our fine city. He was most happy to file this first report with the Gazette, hoping that you will further understand how your city government works for you. This report will appear monthly and should be quite informative.

Honorable Clyde McDonald,  
Mayor

I appreciate the opportunity to share my viewpoints with the readers of the Kennesaw Gazette. It is hoped that these articles will spur discussion, controversy, and even disagreement among its readers. The worst thing would be if they were read and forgotten.

Your Kennesaw city officials are not politicians. Being elected does not make us suddenly more wise or more diplomatic. We are average residents who offered themselves for office and were chosen to be servants of the people. It is my very sincere belief that I am your servant, however, this does not mean that we will always go without some disagreement.

OPEN DAILY 9-6

It always takes major issues or concerns to get the people to attend our city council meetings at City Hall. The recent concern over the location of the Halfway House was interesting in that I received many calls and letters from citizens who live outside the Kennesaw city limits, asking that I and other members of your city government help them with their particular viewpoint. I wonder if these same people have thought about becoming full-fledged members of our historic city through annexation. Did they turn to us because they had no really effective form of representation available to them outside the city? While none of us are happy about our taxes, we in Kennesaw need to ask ourselves, "Is the after tax cost of living in the city worth the extra cost?" I believe it is; however, my goal is to reduce property taxes to the point where they are not a factor in your decision to be annexed into our fair city.

Kennesaw is much more than a group of subdivisions located in Cobb County. It has charm and a history that must be preserved for future generations. The recent formation of the Kennesaw Historical Society is gratifying to me and my family. If you feel that you would like to help us in the preservation of our past by joining with us in this society, or would like to discuss annexation or any other issue, please call me or any of your city councilmen. Thanks for your attention, and I look forward to my next months article in the Kennesaw Gazette.

By Brenda Burrell

**Girdle:** A device to keep an unfortunate situation from spreading.

**Democracy:** A government of the people, by the people, and for the people that finds it hard to get along with the people.

One woman to another as they leave supermarket: "I've always wanted to spend money lavishly, but I certainly never thought it would be on sugar, milk, bread, and mayonnaise".

**Employer to departing executive:** "In a way though, I'll be sorry to lose you. You've been like a son to me: insolent, surly, unappreciative."

**Scientist discussing an eclipse,** "An eclipse of the sun is like a see-through blouse. You know it's there, you know it's interesting, but you're not supposed to stare at it."

I trust the above will turn up the corners of your mouth.

the fact that Rep. McDonald is capable of giving factual and intelligent answers to questions both probing and hostile proves that he is a most excellent representative for Georgia's 7th District.

Drawing by Rodney Grant of Kennesaw Point

quality of the paper you are using. The typesetting is also very pleasing and easy to read.

When I find a paper of this quality it tells me that you are concerned with more than just selling ads - you care about the impression you are creating, and more importantly care about the community you are serving. I realize that costs are higher when you use quality materials, but I believe you will find the payoff is rewarding. People will not throw away your paper, I am sure, without devouring it completely first.

I have also been impressed with the items of interest you are printing. In general, it is just a delightful publication. Even though I am not of your community, I do want to receive this paper each month.

Sincerely,  
Hilda Strayhorn

Sincerely,  
A Reader

Dear Reader,  
I wondered why you didn't sign your letter, but after searching carefully I noticed you had underlined your name in the contents.  
Now, aren't you clever?

Brenda  
We sold the car we advertised in the classified section on the first phone call, as soon as the Gazette hit the mail boxes.

Thanks,  
Mrs. John Mullaney

I really enjoyed the Political format of your August issue. I worked the ballots in the Gazette and saved a lot of time at the polls.

C. J. Tucker  
How delighted I was to receive a copy of your publication!

The first thing that caught my eye was the

### Letters To The Editor!

To the Editors of the Gazette:

We wanted to write a letter to tell you how much we enjoy reading your newspaper. The personal interest and the true dedication of your paper to the community of Kennesaw and its inhabitants is a tribute to my idea of what journalism should be. It is a pleasure to read about the positive things instead of the typical crime and corruption which seems to occupy much of other people's time and energy. It is truly an instrument of friendship and fellowship of which our town can be proud. May it grow to be another part of Kennesaw's heritage.

Tommy & Judy Williams

Letter to Editor:

I got great response on my ad in the August issue, and am going into the business full time, as of September 1st.

Thank you, Gazette.

Boyd M. Hagaman  
Upholstery

To the Editor:

This letter is in response to the anonymous letter about the Seventh District Congressional Candidates' Forum. The author of the letter does a great disservice to the Air Force Sergeants' Association by insinuating the questions asked were pre-selected to make Cong. Larry McDonald look good. The A.F.S.A. was truly concerned with airing the issues of the campaign and

The humorous part of the unsigned letter charging pre-planned questions is that WSB-Channel 2 provided both the hostess, Jocelyn Dorsey, and the people who called on those with questions. As we all know the Atlanta media has never before been accused of supporting or even using fair play in dealing with Cong. McDonald.

What the previous letter represented was another play in the cry-baby campaign to try and discredit Larry McDonald by telling all manner of falsehoods.

That the letter making public charges against the program was unsigned is enough to make any of the authors charges suspect. The peole who started this country on its road to greatness were proud to use their names - no one signed "anonymous" to the Declaration of Independence.

Kathleen B. Rutledge

Dear Brenda,

In regards to your article in the Kennesaw Gazette on wanting to stop smoking, I feel that if you really love smoking as much as you seem to, you should not feel guilty about offending yourself, and others who have some intelligence who do not smoke. After all, why should you care how offensive and dangerous it is to others? I mean really, these are the same people who put their chewing gum wrappers in the ashtrays across the world, so why shouldn't they be assaulted with toxic gasses?

I do whole-heartedly agree that you should organize
