

The STING

Southern Technical Institute
Marietta, Georgia 30060

MAY 2, 1977

IT'S RACE-TIME!

The 11th annual world famous Southern Tech Bathtub Race, the world only motorized bathtub race on land, will be held Sunday, May 8 at 3 p.m., on the STI campus.

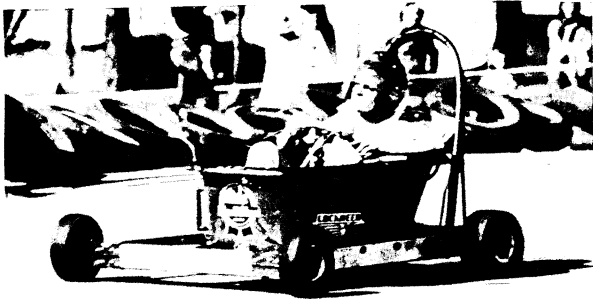

For the first time in its history, the race will be 75 laps, 82.5 miles, over the tortuous 1.1 mile asphalt track with its s-turns, hairpins and straightaways that goes around the campus.

Over 20 racing bathtubs powered by 175cc motorcycle engines are expected to race for the first place trophy.

Favored to get the checkered flag is #96, the red, white and black tub of driver Tom Preacher, winner of last spring's 60 lap race and the 40 lap winter '77 preview race held in February for only press

and sponsors. Preacher's machine is powered by a 175cc Kawasaki engine and has a chrome moly frame. A unique feature of this tub is the replaceable fuel tank which enables Preacher's tub to be refueled in seconds simply by mounting a completely new fuel tank. It also features an RCA CB radio which gives Preacher a communication line to his pit crew at all times.

Other racing tubs expected to seriously challenge Preacher for the number one spot are #11, "Fireball," driven by Tommy Thomas and #17, the red, white and blue racing machine of Mike Van Steenburg. Thomas and Van Steenburg finished 2nd and 3rd in the winter '77 preview race. Thomas' red and black tub is powered by a 175cc Yamaha engine →

and will be carrying the banner of Southern Tech's first sorority, Alpha Xi Alpha. Van Steenburg, a favorite with the crowds at Southern Tech racing, holds the track record with 68.2 seconds or an average speed of 58.6 mph on the 1.1 mile track. Van Steenburg also won first place in the '75 spring race and the '76 winter race. His racing tub is powered by a 175cc Bultaco engine.

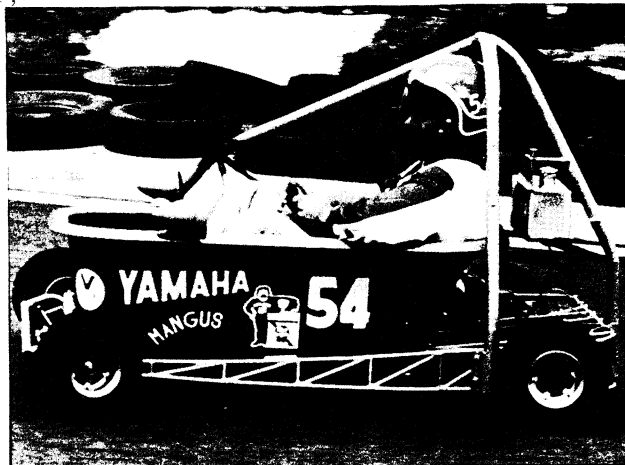

Other entries include #00, Sneaky Snake, driver Rusty Tumlin; #1, Sigma Pi, Charles Evans; #7, Carl Montgomery; #8, Zeke the Teke I, Calvin Nall; #11, Fireball, Gary and Tommy Thomas, Alpha Xi Alpha; #12, Overnight Wonder, Mike Harrison, ASME; #14, Little John, Edward Jordan and Mark Pratter, SME; #15, Ernie Golden and Mark Pressley, SME; #17, Mike Van Steenburg; #18, Zeke the Teke II, Butch Ballenger; #22, GI Bill, Joe D'Ambrosio, Veteran's Club; #23, The All-American Wally Clark; #28, Shadow II, Gene Sanders, TKE; #33, Purple Passion, Jim Bailey, Sigma Pi Alumni; #44, Vermeer Varment, Dan Smith; #45, Presto I, Don Davidson; #54, David Lynn; #55, It's What's Up Front That Counts, Jeff Beyers; #57, Lightweight, Jim Hills; #72, Triuba, Lee Cuba, SME; #76, Victorian, Mike Lowry, Lambda Chi Alpha; #96, Tom Preacher, Sigma Nu; and #960, Rock and Roll, Rodney Bridges, Sigma Nu.

Trophies are given for 1st, 2nd, and 3rd place winners, the Best Engineered Bathtub and the Best Pit Crew.

The Southern Tech campus will have all the color of Sebring or Road Atlanta on race day. The track around the campus drive will be lined with safety barriers to protect the spectators and flags and pennants familiar to all race fans. There will be refreshment stands, live music, beauty queens, sports cars, programs and local celebrities.

At 2:50 p.m. raceday, a sports car will lead the racing bathtubs in a parade lap around the track. Then, at 3 p.m., in LeMans fashion, a gun will be fired, the helmeted drivers will run across the track, jump in their racing machines, buckle their safety belts and start the spring '77 edition of one of the most exciting unique racing events in the world.

Bathtub racing started on the Southern Tech campus about 11 years ago when fraternities, using bathtubs mounted on wheels as a means of storing and transporting beer, spontaneously began a race on the campus. Other clubs and organizations picked up the idea. The original tubs were pieced-together with little more than ropes to guide them and powered by the energy of unfortunate pledges. Soon motors were added and the race has evolved into a major racing attraction that draws national attention. Admission is free and the general public is invited to attend.

DANA SPEAKS

Hello, again!
Well, the annual spring Bathtub Race is coming to Southern Tech this Sunday, May 8.

There is a tremendous air of excitement and intrigue all around campus. Both individuals and organizations are hard at work putting in many hours of thought and planning for the race.

I would like to take this time to thank Mr. Robert Azar-advisor to the BRA (Bathtub Racing Association), and Court Dowis-president of the BRA, for their extremely great efforts in making the 11th Annual Bathtub Race a reality.

Everyone come out to the Race and root your favorite bathtub to victory!

See you there.

THE DO IT YOURSELF EDITORIAL

(You, me, they) know that it is about time the (SGA, Goatshed, Students, Congress) put an end to this (mugging, partying, stealing of licence plates). Ever since (Goat day, Mothers day, Adam and Eve) the (turkeys, monkeys, space kadets) had (ruined, run away from, stopped) the situation. It has gotten (worse, better, so-so, impossible). Imagine your (mother, dog, car, pet rock) telling you the same (bull, lies, story, cow?). Would you believe it? (I, you, them, green daffodills) couldn't believe what the (dumb, stupid, zippy, fantastic) (SGA, Goatshed, Students, Congress) told you. So why believe it! There needs to be a change made and made (now, sooner or later, Tuesday).

(Stand up, sit down, run around in circles) for your rights! The sooner this is done the (happier, faster, sadder) the (SGA, Goatshed, your mother or pet rock) will be.

(Signed, Autographed, Chicken Scratched)
(Quasimoto, Zorro, Ike and Tina Turner)

THE STIng

EDITOR: DANA LANGE
ASST. EDITOR: JOE TAYLOR
AD MANAGER: ANNE ROE
SPECIAL CONTRIBUTORS: Robin Ormsby,
Wayne Armistead

If you would like to submit an article please let us know ahead of time what you will be writing on. That way we can have time to work it into the next issue. All letters and articles must be signed and left in the STIng box (in the Student Center) by Wednesday to appear in next weeks issue.

THANKS

MAIL

Dear Name Withheld,

You are wrong! I do not make \$600, I make \$800 per year as Student Body President. The Vice-President, Secretary, and Treasurer make \$400 each, per year. Futhermore, the Editor of the STing makes \$600 per year, the Asst. Editor makes \$420 per year and the Editor of the LOG makes \$300 per year. (By the way Ga. State's Student Body President makes \$2,760 per year.)

Lack of funds is nothing new. Each time we make up the budget there are more requests than actual money available and budgets are cut.

These people, as well as numerous volunteers, put in long hard hours working for the students. If you figure on an hourly basis these "paid" people probaly make as much as 2 or 3¢ per hour! This doesn't count the numerous times they have dipped into their own pockets. Such as driving their own cars.

I do feel honored to be representing the students, however, my salary, as well as others, is actually a token of the over all budget of appox. \$87,000. The "pay" helps pay some bills and offset part of the potential loss from an hourly paid job. I personally would have to see the day when only "rich" students could be in the elite group to represent and work for fellow students.

Scott Dobslaw

Dear Editor,

I would like to comment on the letter signed "Name Withheld." The person who wrote this letter has obviously never been to any SGA meetings. He also does not have his facts right concerning the salary of the officer.

The president receives \$800 annually, the vice-president receives \$400 annually, and the secretary and treasurer each receive \$400 annually. This is a total of \$2000. The president and vice-president work approximately 60 hours a week each fro the SGA. This is not an exaggerated amount.

If the person who wrote this letter would attend meetings and stop by the president's or vice-president's office, it would be clear to him why they are paid.

When a person gives his opinion for the public to read, he should first know what he is talking about and not be afraid to sign his name!

Sincerely,
Dennis Clay
EET Representative

Dear Editor:

I would like to extend my appreciation to you and your staff for doing an excellent job with THE STing! I have been attending Southern Tech for one year and during this time THE STing has certainly kept me up to date on the events, notices, and acticities that change constantly on this campus.

I would like to thank you and your staff for doing such a wonderful job.

Thank you,
Franklin Simon

FACTS ON THE FIRE TECHNOLOGY DEGREE

Contrary to some beliefs, the Fire Science Technology Department here at Southern Tech does not teach an extensive program of fire suppression technique. Rather, a 2-year associate degree is offered, which could more aptly be entitled, Fire Protection Engineering Technology.

The curriculum consists of extensive studies of physics, chemistry and other applied sciences, as well as highly technical areas of fire protection. Fire protection courses deal with items such as Hazardous Materials, Building Construction, Hydraulics, Fixed Extinguishing Systems, as well as Personnel Management and Administration.

A graduate is not only prepared for advancement in the fire service, but more importantly the graduate can secure employment in many other areas of the fire service, Insurance detection and suppression systems, legislative enforcement as well as engineering.

At present fire technology courses are also being taught at Floyd Junior College, outside Rome. The future expansion of the joint degree program is totally dependent upon the availability of qualified students and faculty members.

As the potential danger of fire rises with advanced technology, so the Fire Technology Department marches on.

IT'S SHOWTIME! A PLATOON OF MARINES ARE PRACTICING FOR THEIR UP COMING VERSION OF "HELLO DOLLY"! BREAK A LEG BOYS!!

STOP THE PRESSES!

Supporters of a student government presidential candidate at Arizona State U. succeeded in delaying a recent State Press press run by more than an hour. The group objected to the publication of an article about their candidate they claimed was libelous. They entered the State Press's off-campus publishing plant and told pressmen they wanted to check out the entirety. The manager of the printing plant said the stoppage cost the Press about \$300 and that students would no longer be allowed into the plant if they didn't have press credentials. "This action of the students smacks of sophomoric, juvenile attempts at tricky politics. I hope they will learn it is not profitable to try to intimidate the press," Peplow said.

Carlson.....

()

by Barbara Ransom

Like most college administrators, Dean Carlson's biggest problem is financial. Springtime means "fix-it" lists and building repairs along with new faculty pay raises and higher than expected Student Center bills.

Another problem concerns a number of vacancies in the Administrative Body with certain crucial departments having acting heads. As Executive Director/Dean, Dr. Carlson is responsible for the total operation of the campus and depends on his administrative staff and academic department heads to provide effective support. When questioned on his goals towards solving these and other problems, he replied, "I would like to see the Southern Tech Foundation blossom into an organization which can provide supplements for faculty salaries and support valuable non-tate funded activities like leadership workshops and faculty leaves of absences for extended study. Something they could do for the students might involve expanding our recreational facilities."

Dr. Carlson stated that a primary objective must be to inform potential employers of engineering technologists about Southern Tech's degree programs. It would further assist our job searching seniors. Reaching out to inform potential students about our educational opportunities would definitely benefit school and faculty. Constant revision of curriculum as industry's needs change will insure STI maintaining its national leadership and recognition in engineering technology education, said Dr. Carlson.

YOUR RESUME

Prepare it yourself with expert, professional guidance.

Let us show you how to present yourself at your very best and save a bundle.

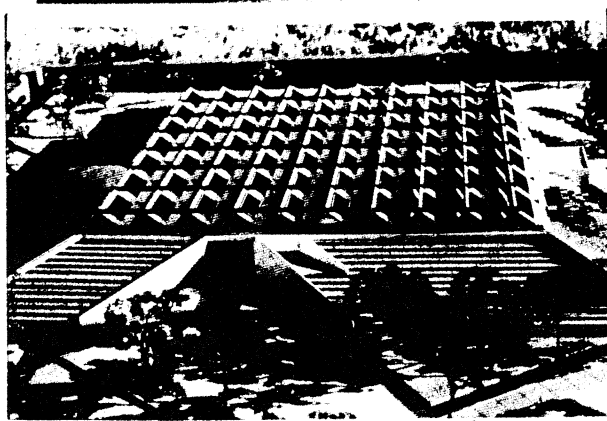

A longtime advertising Creative Director has teamed with a former Associated Press Editor and prepared a clear, concise set of directive "do's and don't's" to put on the one sheet of paper that is most important to your career and future income. Only \$12. Mark Ten, P.O. Box 4782, Atlanta, Georgia 30302.

ACADEMY SECOND SPACE CONTINUES NEW PLAY!

The academy Second Space will be the setting for another eight week season on invitational plays. First in the series is DIARY OF A MADMAN by Gogol, Playing May 6, 7, and 8th and May 13, 14, and 15, Friday, Saturday, and Sunday evenings at 9:00 PM.

Other plays to be premiered during this eight week series are OLD SOLDIERS written by Chicago playwright, Martin Jones; OLIO! presented by the Proposition Theatre, Atlanta's new resident black ensemble company; and WALL, written by Atlanta playwright, Ezra Wittner. These plays will run May 20 through June 26.

The plays will be presented in the Academy Second Space, located off the lower parking lot directly behind the Academy's main building. All tickets are \$2.00. Reservations can be made by calling the Academy Theatre box office at 261-8550.

"SHENANDOAH DEVELOPMENT"

Solar POWER

Richard Taylor, AIA, of Taylor and Collum-Architects will address the May 3 meeting of the AIA Student Chapter in the Student Center, room 120 at noon.

Mr. Taylor will discuss the solar heated and cooled community center his firm designed for the Shenandoah development. This building is the largest of its kind in the world and features an ice skating rink, exhibition hall, meeting rooms, and offices. This community center was the main attraction when Shenandoah hosted the recent Solar Fair.

Solar power is the energy source of the future, so-- this will be one meeting you don't want to miss. Everyone is invited.

Shakti Shoes
The Inside Story

THE GOLDEN TEMPLE
 1782 CHESHIRE BRIDGE RD.
 ATLANTA, GA.
 875-0769

Good for the sole.

A lightweight cork footbed bonded to an outersole of flexible, durable crepe. That's the secret of the comfort of Shakti Shoes. The footbed gently supports your heel and arch and allows your toes to grip with each step. And the crepe outer-sole cushions you from the hard, unyielding surfaces you walk on. Now that you know the inside story, test walk a pair of Shakti Shoes. Your feet will thank you.

MORE ON SOLAR POWER.....

About 8 years ago, the concept of a satellite solar-power station was introduced. According to Dr. Peter E. Glaser, in a February issue of Physics Today, detailed studies regarding the feasibility and design of such a program are now in progress. The general concept works as follows:

1. Solar energy is converted to electricity on the satellite.
2. This electricity is used to generate microwaves, to beam the energy back to the earth.
3. At the surface of the earth, the microwave energy is re-converted back into electricity.

Dr. Glaser points out a number of advantages of such a system. Some of these are nearly continuous energy and light construction. In addition, the proposed satellites would remain stationary with respect to points on the earth's surface. Hence, they could be placed above places using large amounts of energy.

**SPECIAL SHOW FOR
"BE KIND TO ANIMALS WEEK"**

"The Animals Are Crying," an excellent 30 minute film on pet overpopulation, will be aired on Tuesday, May 3 at 7 p.m. on WGTV-Channel 8. The film has been provided by the Athens-Clarke County Humane Society and the Atlanta Humane Society as part of the 63rd Annual Be Kind to Animals Week. This nationwide observance extends from May 1 - 7 this year.

The film tells about the great American love Americans have for dogs and cats and the tragedy that occurs because their lives are cheap and plentiful. The narrative zeroes in on the daily operation

of an animal shelter where a long line of people wait to turn in their dogs and cats - purebred, and mixed, young and old. The reasons for surrender of the pets are fascinating, and sad, too. Few had foreseen the time, moeny and effort needed to care for an animal.

Human societies nationwide recommend "The Animals Are Crying" as the best presentation ever made of the pet population problem. It provides a clear insight into why millions of healthy dogs and cats are destroyed in our animal shelters each year.

YOUR HOROSCOPE

TAURUS:
YOUR LOVED ONE WILL RUN OFF AND BECOME A CAN-CAN DANCER AT A MORTICIANS CONVENTION.

GEMINI:
WATCH FOR SMOKE ON THE HORIZON. THE STATE P-TROL HAS YOU NUMBER!!

CANCER:
YOUR MAIDEN AUNT WILL VISIT YOU. SHE WILL REVEAL HER SECRET MARRIAGE WITH FIDEL CASTRO TO YOU.

LEO:
YOU WILL THINK THAT PEOPLE ARE LAUGHING BEHIND YOUR BACK. IT'S NOT THEIR FAULT, THEY CAN'T TELL WHICH SIDE IS WHICH.

VIRGO:
YOUR RUBBER DUCKY WILL DISAPPEAR. DO THOSE KIDNAPPERS REALLY THINK THAT YOU'LL PAY \$100,000? WHO KNOWS?

LIBRA:
REMEMBER YOUR DATING TROUBLES? WELL A CONVERTABLE SOFA IN YOUR CAR COULD BE THE SMALL HINT SHE NEEDS.

SCORPIO:
YOU WILL REVERT BACK TO CHILDHOOD. WHAT WILL YOUR FRIENDS THINK ABOUT YOUR TONKA TOYS, PLAYDOE, AND TREE HOUSE?

SAGITTARIUS:
FOR MORE INFORMATION CALL 411.

CAPRICORN:
PEOPLE WILL BE SEEING MORE OF YOU. CAREFUL NOW, THE POLICE MIGHT SEE YOU TOO!!

AQUARIUS:
LIFE IS A GAS! (YUK-YUK, YOU FIGURE THE REST.)

PISCES:
YOU ARE A REAL SCORCHER. BAKED BEANS AREN'T THE ONLY THING ON THE MENU.

ARIES:
YOU WILL HAVE A HEAVY DATE THIS WEEKEND. BUY A PICK UP TRUCK!

Ever notice
how it's easier
to ace
the courses
you like?

It finally comes down to commitment.

When you don't like a course, it's hard to excel. The class gets tedious. The texts get boring. The lectures get dreadful. Your work suffers. And so do your grades.

Compare that with the courses you really believe in. You care more. You try more. And without even noticing, you just naturally do better.

It's true in school. It's true outside of school.

For example, we believe there's just one way to brew Busch beer. The natural way. With natural ingredients. Natural carbonation. Natural ageing.

We believe that's the best way to brew a beer.

And when you believe in what you're doing, you just naturally do it better.

Taste a Busch and we think you'll agree.

BUSCH

When you believe in what you're doing,
you just naturally do it better.

Greek

ALPHA PHI ALPHA - STI'S NEW FRATERNITY

The brothers of Alpha Phi Alpha fraternity would like to officially announce their new fraternity on the STI campus.

Alpha Phi Alpha is the first all black fraternity at Southern Tech. We were established April 2, 1977. As of now, we have seven members. They are:

President - Robert Meek
 Vice-President - Vernon Ford
 Secretary - Nelson Sheats
 Treasurer - Wallace Limpscomb
 Asst. Treasurer- Delacey Jordan
 Parliamentarian - Micheal Hill
 Member at Large - William Saddler

SIGMA NU

The brothers held a raffle drawing for a gift certificate at the "Rock" on Thursday, April 28. The winners were: first place-Cathy Cole, and second place-John Woodruff. Congratulations!

The brothers also wish to announce the new officers for the coming year. They are:

Commander - Dana Whitlow
 Lt. Commander - Bob Spence
 Secretary - Mike Butler
 Treasurer - Alton Spurlock

Anyone interested in Sigma Nu or has any questions, contact any Sigma Nu brother.

SIGMA PI

The brothers of Sigma Pi are into a quarter full of activities.

We are off to a good start in softball and volleyball.

Sigma Pi wishes to remind everyone about the Annual Red Cross Blood Drive coming up on Wednesday, May 11 in the Student Center Ballroom. We challenge all other fraternities and organization to give blood for this worthy cause. Give the Gift of Life.

We would like to invite everyone to attend our meetings on Thursdays at noon in room 119 of the Student Center. Come by and see what the Greek system is all about.

Lookout Southern Tech! Because this week the Greeks are going to shine on Greek Week '77.

TKE

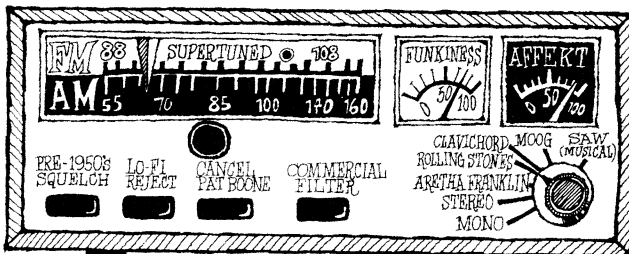

Congratulations to our new associate members - Jacky Stephens, James Wascher, and Steve Baughman.

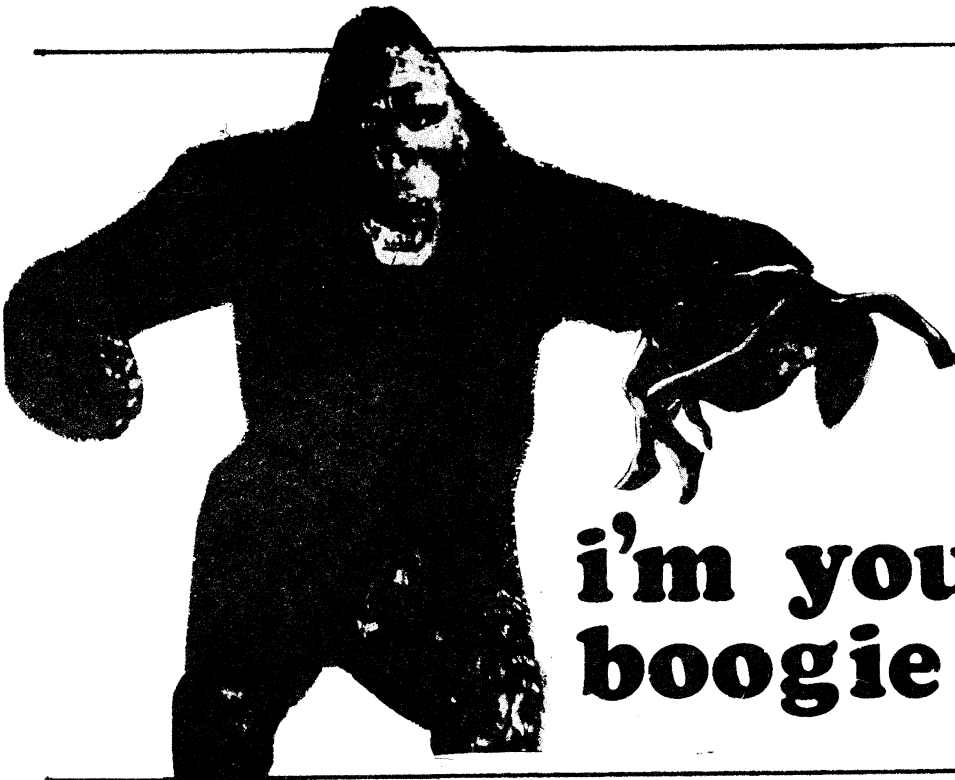

TKE is making final preparations for the 11th Annual Bathtub race. We have three tubs running - #8, #18 and #28. We are going for first place after finishing second in last year's race. Come join the fun on May 7th and 8th. Help cheer us on to victory.

We would also like to congratulate Pat Montgomery on her award for being our Outstanding Little Sister. and to Walt Murray on his wedding this past weekend. We wish him the best of luck.

The brothers immensely enjoyed Springfest at Georgia Tech this past weekend.

We welcome everyone to come visit us at our house, or in room 358, Thursdays at 12 noon.

i'm you're
boogie man

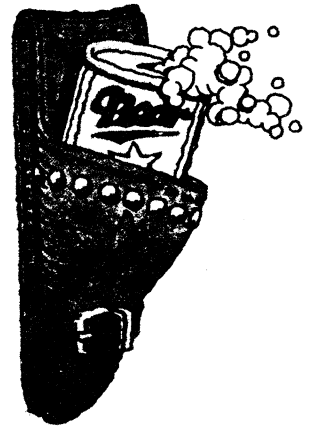

GREEK WEEK

--ALL GREEKS ARE WELCOME TO ATTEND--

GREEK WEEK SCHEDULE:

- MONDAY: IN THE EVENING AT THE STUDENT CENTER

DETECTIVE
SWAN SONG SS8417

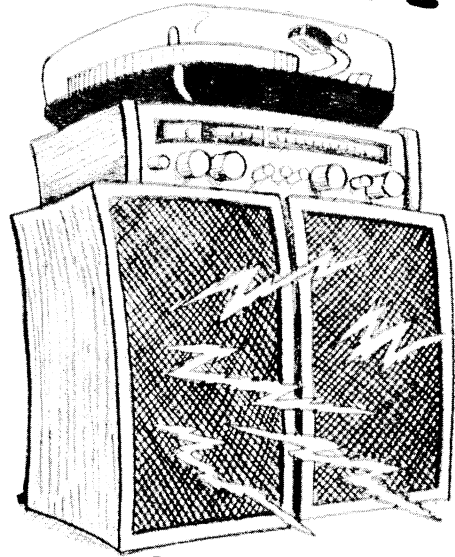

RPM By J.D.

**DISCO
PARTY!**

Detective is a group of veterans of various levels of rock stardom.

Detective plays rock with a polished, but not thunderous quality. Vocalist Michael Des Barres shines with excessive post-glitter versatility on his first big shot. The four instrumentalists are capable musicians who can more than provide the necessary back-up. In fact, the keyboardist, Tony Kaye, originally played for YES back when they first started. This group has the potential to go places.

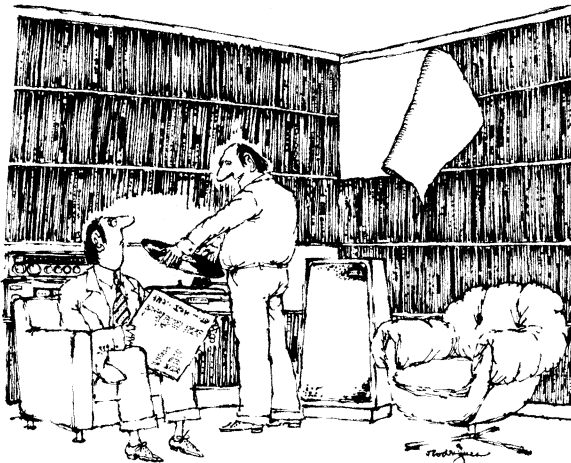

Some of the better cuts are: "Long Time Goae," "Around and Around," "Gypsy Belle," "Just Hang On," and "Just Wanna Rock and Roll."

ballroom

THE BSA IS SPONSORING A PRE-BATHTUB RACE DISCO, FRIDAY, MAY 6, 1977, FROM 10:00 PM UNTIL 1:00 AM, IN THE STUDENT CENTERS BALLROOM.

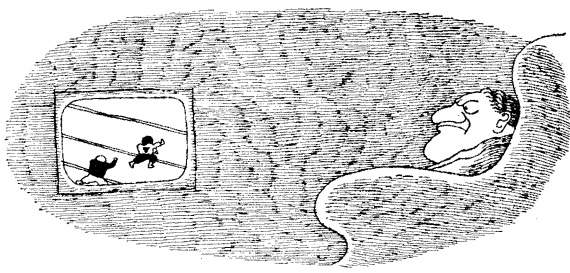

ADMISSION: 50¢
EVERY IS WELCOME TO COME AND
HAVE A GREAT TIME!!!!

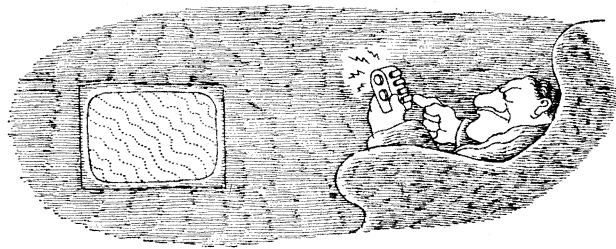

GI BILL TO CHANGE

A change in GI Bill payment procedures, effective June 1, will bring checks at the end of the month.

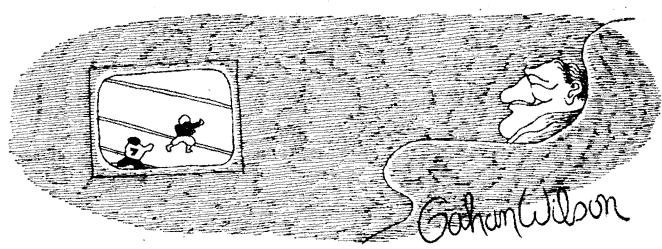

Fees for the summer quarter will be due no later than June 24 and the regular monthly checks for June will not be issued until July 1. Benny Fauscett, Veterans Affairs Coordinator suggests that anyone who may be burdened to come by the Veterans Affairs Office and complete an application for a Georgia Tech Short-Term Loan. This will have to be done before June 1 to insure approval before summer registration.

"Well, folks, it looks as if Ole Mich is really getting trounced by those Reds..."

"Click."

"Well, folks, it looks as if those Reds are really getting trounced by Ole Mich."

Graham Wilson

CLUBS - ORGANIZATIONS - FRATERNITIES - SORORITIES - CLASS GRQUPS - ETC.

The Marietta Police Department's Crime Prevention Unit has public speakers who are available to give programs for you. The programs and films range from theft and burglary prevention to personal and property safety. In all, we have about 26 programs and films. When you are making up your next program calendar, be sure to think about having a crime prevention program. For more information, call Corporal Fuder @ 428-3301 Ext. 208.

\$1000.00 REWARD

For information leading to the arrest and conviction of the person or persons responsible for the fire in the Southern Tech Student Center on April 8, 1977.

The amount of the reward will be determined by the amount of funds actually realized from previously pledged funds from the Southern Tech Students, Faculty, and Staff. If you do have any info contact the Southern Tech Police Department on campus. 424-7348

MISSISSIPPI DECRIMINALIZES MARIJUANA

Mississippi has become the first state in the South to decriminalize minor marijuana offenses. Governor Cliff Finch signed a comprehensive new drug bill on April 15, 1977, which includes provisions eliminating arrest and jail for first time possession of up to one ounce of marijuana. Under the new law, violators will be given a traffic ticket-like citation adn will face a \$100-250 civil fine.

SGA ELECTIONS ANNOUNCED

Scott Dobslaw

The election of new SGA members is coming soon!

One of students' favorite pastimes is bitching about anything and every---thing. However, if you are one of those rare students who would like to do something about the various problems on this campus and not just bitch, I suggest to become active in the Student Government Association. The following positions are open:

Student Body President

Student Body Vice-President

1 Rep from each degree granting department

2 Reps from the Sophomore, Junior, and Senior classes

5 Reps-at-Large

2 Reps for parttime students (12 hours or less)

1 Co-op reps enrolled spring and fall quarters

Petitions may be secured from the SGA office (on the Secretary's door) in the Student Center. Petitions must be in the SGA offices by Thursday May 12, 5 p.m.

Visible campaigning (poster, handout, etc.) cannot start until Sunday, May 15 and the polls will be open on May 24 and 25.

There are certain qualifications to seek some offices. This information will be published in the next article in the STing, or you may stop by the SGA offices in the Student Center.

AIIE TO HOLD NEW CONFERENCE

Professor Bannerman, head of the IET Department, will hold a news conference at the next AIIE meeting.

Get all your questions answered. Find out all about the new advisement procedure. Find out about the changes in the curriculum.

The day is Tuesday, May 10 at 12 noon in the Student Center Ballroom.

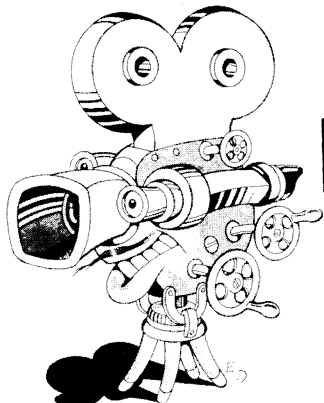

TAU ALPHA PI

The next meeting of Tau Alpha Pi is scheduled for Thursday, May 5 at 12 noon in room 277.

COMMITTEE MEETINGS CHANGED

The Standing Committee Meeting scheduled for Thursday, May 12 has been rescheduled for Tuesday, May 10 at 2:15 p.m. in the Conference Room of the Administration Building.

The Curriculum Committee Meeting arranged for Tuesday, May 10 has been rescheduled for Friday, May 13 at 2:15 p.m. in the Conference Room of the Administration Building.

THE STUDENT CENTER

PRESENTS "JOE"

&

TUESDAY, MAY 10th: 1 to 4pm
THURSDAY, MAY 12th: 9 to 12am

the Marx Brothers

DISCOUNT TICKETS

Discount tickets for Eastern Federal Theaters are on sale now for only \$1.50. Pick up yours at the Student Center Information desk.

PHT DEGREE OFFERED

Any graduating senior wanting a PHT (Putting Hubby Through) Degree for his wife should contact Mrs. Meadows in the Library. There is no charge for this certificate.

We don't yet have a corresponding certificate for husbands who have put their wives through, but we are working on it, and Mrs. Meadows is open to suggestions.

OFFICIAL SCHOOL CALENDAR

- May 3(T) General Faculty Meeting, noon, Library Seminar Room.
- 6(F) Last day to file Graduation Petitions with the Registrar's Office for Summer Quarter 1977.
- 25(W) Advanced Registration for Evening School Students-Summer Quarter 1977.
- 26(Th) Advanced Registration for Day School Students for Summer Quarter 1977.
- 30(M) Last day for applications from new and transfer students entering Summer Quarter 1977.

IMPORTANT IMPORTANT IMPORTANT

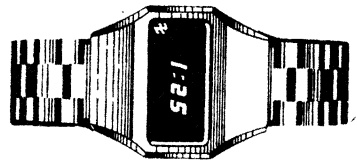

Students beware the Student Center is not being used much on the weekend and these hours will have to be cut back unless we get more participation. Any suggestions you might have will be appreciated.

HOW TO OPEN A STUDENT CENTER DOOR!

- 1st: Walk up to door by way of sidewalk.
- 2nd: Look for door.
- 3rd: Place hand on handle.
- 4th: Look for button and push.
- 5th: Now while holding handle & pushing button...pull the door open.
- 6th: Now walk in!

FINANCIAL AID DEADLINE

Anyone wishing to apply for financial aid for the summer quarter 1977 or for the school year 1977-78 must submit their application by June 1.

PLACEMENT AND CO-OP NEWSPLACEMENT

Campus interviews scheduled for the week of May 2:

Monday, May 2 - Georgia DOT-CET(S&C)

Monday, May 2 - Lithonia Lighting Co.-EET, MET

Wednesday, May 4 - Bibb Co., TET, MET

Thursday, May 5 - Factory Mutual Engr.-(June grads only)BEET, BIET, BMET

Thursday, May 5 - Oxford Industries-IET, AMET

In order to sign up for an interview, you must be REGISTERED with the Placement Office-go to room 122, complete a registration card and leave a copy of your resume.

Information about preparing a resume can be obtained in the Placement Office.

Bachelot candidates for graduation can leave a resume with Mrs. Howard in room 122 to be sent to the Georgia Tech Placement Center. These resumes are on display for companies visiting the Tech Placement Office.

CO-OP

Students interested in beginning a Co-op program should come by room 122 and REGISTER. To qualify, GPA must be at least 2.0; higher requirement for some jobs.

IMMEDIATE OPENINGS

Cutting and thinning trees - Ellabell, Ga, 23 miles from Savannah. See Rod Lee in room 133.

Grounds work at apt. complex off Delk Road - 8 hours day, can start part-time now.

MISC.

The North Georgia Chapter of American Institute of Architects will place resumes in their files for Architectural graduates. Send resume to: NORTH GEORGIA CHAPTER American Institute of Architects 2525 Peachtree Center Building 230 Peachtree St. Atlanta, Ga. 30303

CLASSIFIED

ATTENTION ALL COMPUTER USERS

In order to minimize the computer costs, all users are asked to do the following:

- 1) Check your file catalogue.
- 2) Purge all unnecessary files.
- 3) Store on tape all rarely used files.

Beginning this quarter and toward the end of each quarter, all files under projects STELE, STMTH, and STIET will be purged at the time that passwords are deleted. If you need to save any file, please make prior arrangements with Kathleen Hall. All files created under winter quarter passwords will be purged by May 1 unless Ms. Hall is otherwise notified.

Ms. Hall wishes to thank everyone for their cooperation.

LOST: Southern Tech class ring, yellow-gold with topaz stone, initials on the inside. If found, please return to Ellen Calloway, Box 8825.

FOR SALE: Kawasaki 500, 1975 with approx. 44,000 miles, custom exhaust, well maintained. Helmet included \$800. For information and inspection, contact Owen Brinson - 432-0833 after 6 p.m.

KUNDALINI YOGA: The science of awareness. Learn to relax, improve your mental concentration through exercises, breathing, and meditation. A powerful technique to overcome today's disease of depression. CONTINUING CLASSES ON DONATION BASIS. CALL: 261-2105.

If you've got more month left than money, we'll do it all for you.

If the last week of the month feels a lot longer than the first week, come by McDonald's®. For very little money you can get a lot of good food.
