5 (M) Final grades due in the  
Registrar's Office by 12 noon

## WHITE HOUSE FELLOWSHIPS

Applications for the fourteenth nationwide competition for the 14-19 White House Fellowships awarded each year, will be available after August 1, 1977.

Established in 1964 by President Lyndon B. Johnson, this nonpartisan program is designed to give outstanding, rising young leaders one year of firsthand high-level employment in the Federal Government as well as a comprehensive educational seminar. In addition to their job assignments as special assistants to the Vice President, Cabinet Secretaries, and principal members of the White House Staff, the Fellows participate in an extensive seminar program consisting of off-the-record session with top government and private sector leaders, journalists, scholars, and foreign officials.

The program is open to U.S. citizens. Employees of the Federal government are not eligible with the exception of regular members of the armed services. There is no occupational restriction. Those who have been selected have included scholars, engineers, corporate employees, academic professors and administrators, medical doctors, architects, local public officials, lawyers, oceanographers, a policeman, and a symphony conductor.

Proven leadership, intellectual and professional ability, high motivation, and a commitment to community and nation are the broad criteria employed in the selection process.

Application materials and additional information may be obtained by sending a post card to The President's Commission on White House Fellowships, Washington, D.C. 20415 or by calling (202)653-6263.

NOTE: Requests for application must be post-marked no later than November 15, 1977.

Dear International Student:

Do you have 45 or 50 extra minutes during August to come by my office to give me some information about yourself for me to use in my doctoral dissertation? There have already been 20 students to sign. Don't get left out!

My research is about you, the international student here at Southern Tech. I want to find out about your English background. Then I will use this information to help these foreign students from, your country who come next year to Southern Tech.

Your name will NOT be used in my dissertation. Only your age, sex, and country will be recorded, along with the results of a short composition in English.

Please come by my office and let me explain further to you. There will be a sign-up sheet on my door. A whole room full of you can work at the same time, so you can come in groups.

Thank you so much. You will be helping other students who come after you — and you will be helping me.

Roberta Gates  
Associate Professor  
Dept. of English and  
Social Studies  
Office #275

## A.S.M.E.

The Atlanta Section of the American Society of Mechanical Engineers has donated \$250.00 to the Southern Tech Foundation for a scholarship. It is stipulated for "a needy and deserving student". Applications will be received by the Financial Aid Office with a deadline of October 15, 1977. The award will be made on October 26. Decision will be on the advice of MET faculty who are members of A.S.M.E.

## BIOLOGY 210

Anyone interested in taking Biology 210 Fall Quarter at 10:00 Monday through Friday contact Professor Earl Oxford. This a Math-Science elective.
