Dear Editor:

Why don't our Four Year Diploma's read Bachelor of Science Mechanical Engineering Technology? Aren't we an accredited four-year college instead of a four-year technical school?

Joe Lallande

Dear Joe,

The substitute editors for this issue contacted Prof. Al Hunkin who informed us that certain administrative personal are in the process of making it possible to put "Bachelor of Science" on Southern Tech diplomas. Contact us again Fall Quarter and maybe we'll have something more definite for you.
