THE STING

CO-EDITORS: Dana Lange and Joe Taylor

THE STING'S DEADLINE HAS BEEN CHANGED TO WEDNESDAYS AT 12 NOON. The change begins this week starting on Wednesday, September 28.

All letters and articles submitted to the STING must be signed. They must have both signature and box number or department.

The STING needs you! Please leave your name and box number in the STING box.

This editorial is to ask some questions of the STING readers with the hopes that a believable answer will be found.

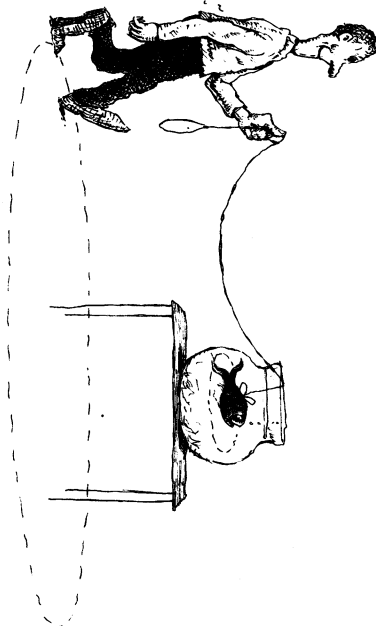

- 1) Why wasn't the \$56,000 in state funds used and thus returned to the State of Georgia treasury at the end of 1976-77 fiscal year? It is to my understanding that \$40,000 of this was left over from the maintenance department.
- 2) Why, even with a full house, the dormitories cannot pay for themselves? What can be done to correct this situation?
- 3) Just recently the Co-op office received a \$50,000 grant. How will this money be used?
- 4) Rumor has it that Cobb county is going to repave Campus Drive and the parking lot. What truths can be found here?
- 5) What is to become of the 60 acres of land adjoining Southern Tech property? Is it true that we will lost it if we don't use it?

I would like to express my appreciation to Janet Tarwater for her help with this issue of the STING. Janet, you're a big help.

A big thanks to Tom Samford, Butch Ballenger and Wayne Armstead for making fall orientation a big hit. Special thanks to Dave Duty for being a nice guy. (Which he is!) For all those nameless people who make orientation and registration run smoothly. Thanks.

BRA FIRES UP

MAIL

Dear Editor,

Never in the history of Southern Tech has the presence of acute apathy been more apparent than on Tuesday, September 20, when the Student Center and the campus radio station sponsored a "Disco"-free of charge in the ballroom of the Student Center.

The students of Southern Tech, bar none, are the most inappreciative group of people on any campus today. They take advantage of anything that takes no effort, but shirk the events that can and do bring recognition to the campus, themselves included.

Students are always griping about the student activity fees they pay. If they would involve themselves in campus organizations such as the radio station, the Log, the STing, BSU and BSA, they could well appreciate the whereabouts of "their" money.

The Bathtub Racing Association (BRA) shifts into first gear Tuesday, at 12 noon, when it will hold its first meeting of this school year in room 119 of the Student Center.

BRA's activities did not end with the highly successful bathtub race of last May when over 10,000 spectators gathered on the campus to view the world's only motorized bathtub race on land and Southern Tech's biggest event.

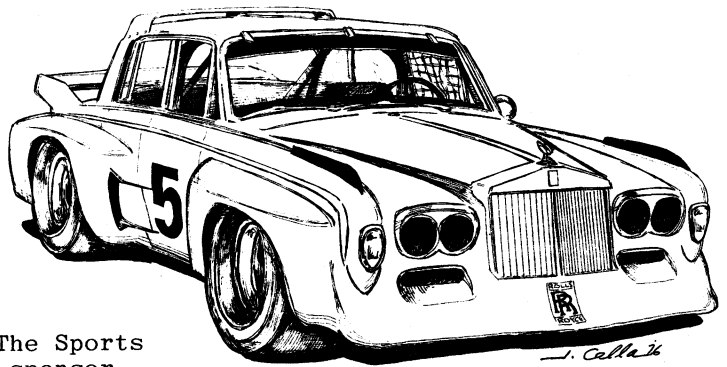

BRA took the racing bathtubs on the road for public appearances. In July, Jim Hills, winner of last spring's race in #57, "Lightweight," drove the parade lap at Road Atlanta, and then again on Labor Day, Hills, Ed Jordan-driver of #14, Little John," and Jeff Beyers in #55 drove in the parade lap at Road Atlanta in the Camel GT.

BRA did public service work also this summer when Rodney Bridges, driving #960, "Rock & Roll," appeared in the July 4 parade of the Virginia-Highland Civic Association in Atlanta and Jeff Beyers in #55 drove in the July 4 Chamblee-Dunwoody Independence Day Parade. Hill's bathtub was also on display for one week in July during Stay and See Georgia Week at Lenox Square.

BRA is dedicated to the promotion of Southern Tech through the unique racing of bathtubs, and all students who want to join this group of racing enthusiasts are invited to attend Tuesday's meeting.

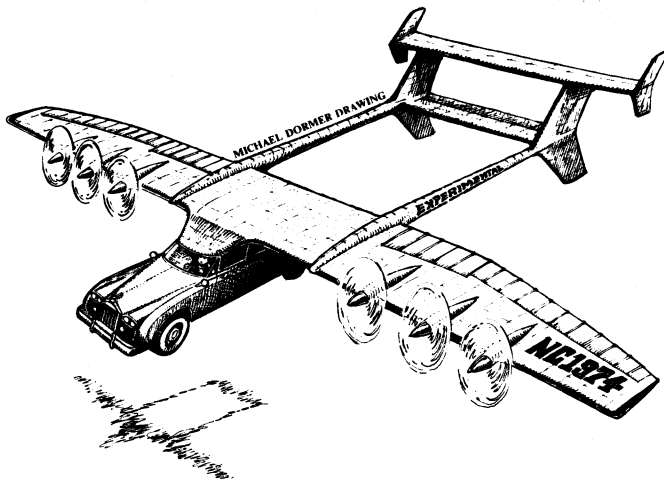

You will feel and see all the fun and excitement of big league racing as Road Atlanta, Sebring or LeMans.

RALLY

The Atlanta Region of The Sports Car Club of America will sponsor a Rally on Sunday, October 2, 1977. The Rally, entitled the "Prune Juice Rally...A Regularity Run," will begin at Route 19 and Holcomb Bridge Road in Roswell (Richway Parking Lot) at 12:00. Registration is from 10:00 to 11:30 a.m. Beginners are welcome. Entry fees are \$4.00 per car for SCAA members, \$6.00 for non-members. For more information call 971-7299 or 636-2547.

A Rally is a competitive event run on public roads at legal speeds. It is designed to test a driver's ability in averaging a certain speed and the passenger's ability to follow written instructions. The only equipment needed is a clipboard and pencil. Novices are welcome.

The Society of Women Engineers welcomes everyone back to school.

Our schedule of meetings for this quarter is:

September 27

October 11

October 25

November 8

November 22

They will be held at 12 noon in Conference room B of the Student Center. Everyone is welcome to attend.

IMPORTANT REMINDERS

The clinic is located in Dorm I and the nurse, Barbara Haire, will be on duty from 8:30 a.m. to 2:30 p.m. Students must see her before going to a doctor.

Applications for the Messer Health Insurance plan may be obtained from the Nurse, or from the office of the Dean of Students. These offices also can supply you with Claim forms. We recommend this insurance to all students who have no other health insurance. It is a very nominal fee for an extended coverage.

ALPHA XI ALPHA

Alpha Xi Alpha welcomes you to STI! We've been very busy planning rush and hope that there are a lot of interested females. All girls are invited to our next meeting on Thursday, September 29 at 12:00 in Conference Room A in the Student Center. We want to meet you! Look for the blue jerseys if you have any questions. See you then!

SIGMA PI

This fall quarter marks the 20th year that a club or fraternity which eventually became Sigma Pi has been on the Southern Tech campus. This time spans the old Naval Air Station years and then the move to Marietta.

The brothers of Sigma Pi wish to thank our Alumni and fellow brothers for their persistence and dedication. We are looking forward to our next 20 years!

Fun and frolics! The annual pizza carry is a special occasion to recruits. Make sure it doesn't get cold!

Prove It.

Instrumentalists, vocalists, big bands, small groups or solo . . . if you think you've got some musical talent, you've got one shot to PROVE IT.

Citizens Jewelry Company and WSB present The Creative Music Festival. A one shot chance to win up to \$700 with your musical ability. Performances will be done live in the studio tent at the Citizens Jewelry Cumberland Store.

Each musical effort will be recorded using the Teac 3340S Simul-Sinc 4-channel recorder . . . then mixed down into a stereo 2-channel format. (Similar to techniques used in an actual recording studio.) **All musical entries will be judged solely on this one tape.**

- Prizes:**
- 1st \$700.00 and a Professional Recording Session with The Lowery Group.
 - 2nd \$200.00
 - 3rd \$100.00

So bring your guitar, your voice, your kazoo or just watch . . . **BUT BE THERE WHEN CITIZENS JEWELRY AND WSB PRESENT THE CREATIVE MUSIC FESTIVAL.** . . . 'cause if you think you're good, you've got one shot to prove it.

BSU

JESUS IS ALIVE and active in the lives of many Christians in the Baptist Student Union at Southern Tech. We welcome all new and past members to join us for a time of fellowship on Tuesdays at 12 noon in the Student Center ballroom.

Many activities are planned for this quarter. Fall Convention, one of the highlights of the quarter, is held annually at Rock Eagle with hundreds of students from almost every school in the state. It will be held October 21-23 and will cost \$15-\$20. Stop by the BSU office in the Student Center for details.

One of the greatest opportunities available to the students of Southern Tech this quarter is the showing of an outstanding documentary, "How Should We Then Live?" by Dr. Frances Shaeffer. It will be shown in a 10 part series every Wednesday night at 8 p.m. in the Student Center ballroom. The documentary deals with the rise and decline of western thought and culture. It suggests alternatives for today's society. Each film will be followed by a half hour discussion. Students, as well as faculty and staff, are encouraged to see this documentary.

There will be a SME meeting on Thursday, September 29. We will meet in room 626 at 12 noon. Everyone is welcome. Come and join the activities.

the End of Time" and "Little One."

One of the things we do in this column is push radio. In particular, we push Southern Tech radio which some folks refer to as WSTB. This column is written by various WSTB staff members. The points we'd like to make right now are 1) to invite everybody over to see our newly renovated studios over on the first floor of the Lab building and 2) to invite you to our first staff meeting of the quarter. The date and time will be announced in the next couple of days in notices around campus and on the air.

RPM is a weekly column in the STInG featuring a review of a new or recently released album and other bits of trivia related to music and broadcasting.

This week, we listened to the new LP from Chicago, Chicago XI. It should become their next in a long series of gold (over a million sold) records. This album represents their most lushly orchestrated work yet. Throughout the album, the funky, often riveting jazz arrangements maintain a thumping pitch, enhanced by strong horn action. Complex rhythms and melodies with tight brass and string arrangements combine to produce a sound typical of Chicago's last ten albums. Most of the songs on this LP are uptempo featuring the same powerful vocal effort characteristic of their past music. Among the best tracks are "Take Me Back to Chicago," "Till
