DEADLINE FOR THE CONTEST
JANUARY 11, 1978

ANY SOUTHERN TECH STUDENT CAN ENTER THE CONTEST!!!

D.A.N.A. SPEAKS

I was outraged to learn of the recent resignations of two STI staff members this past week.

Associate Executive Director Hoyt L. McClure will be leaving his position to "pursue" a teaching position in the IET department. Associate Registrar Mark Spencer will be leaving for a job closer related to his degree.

Now, I realize it is a free country and these people are entitled to do whatever they want with their lives, but these resignations seemed to take place like so many others I have watched over the past several years.

There seems to be a definite pattern. It begins with rumors flying all around campus for days. Then when it seems as though nothing is going to happen--- Behold! ...an official memo appears briefly stating why and when the person will be leaving. I would like to add that I have never seen one of these memos addressed to the students. They are addressed only to faculty and/or staff. The STing learns of the memos (usually) through concerned members of the staff...which means the students are the last to know.

What arouses my suspicion to these resignations is the bitterness the staff and faculty members have when they are leaving. There always seems to be one underlying reason that was the deciding factor in submitting their resignation, but when interviewed they were not willing to express this.

I would like to conclude with a reminder that this is an editorial and is strictly my own opinion based on facts that are known to me, and are accurate in content to the best of my knowledge.

Please let me know what you think! What are your opinions in this matter? Please drop them in The STing box by the television upstairs in the Student Center.

Hoping to hear from you soon.

-Dana Lange

GRAFITTI!! WHERE ARE YOU??

Due to the fact that Joe Taylor's brain died this week there will be no grafitti in this issue. Keep the faith though, Taylor fans...his body is alive and walking around. We expect a reincarnation of that gray matter between his ears by next time though.

Come on, Joe...we're pulling for you!

"And then they offered me an honorary engineering degree just to go away."

THE STING'S DEADLINE IS WEDNESDAYS AT
12 NOON. There are NO EXCEPTIONS.

All letters and articles submitted to the STing must be signed. They must have both signature and box number or department. Please leave them in the STing box in the Student Center.

The STing needs you! Please leave your name and box number in the STing box.

MAIL

Dear Editor,

In response to George Kennedy II's letter in which Dr. Kennedy attacks the usage of the term "little sisters," I feel he is grossly unjust. Dr. Kennedy has clearly singled out one fraternity and yet attempts to buffer this accusation by using the blanket term "Greeks." His sarcastic suggestion of "traditional superiority" is really unwarranted. Come now, Dr. Kennedy, do you really feel we should say "Five ladies have been given bids to become big women?"

Don't get me wrong, Dr. Kennedy, I'll be the first to admit women are due equal rights. But why start trouble over such a small matter, and why should you start the trouble when the subject doesn't concern you at all? I haven't noticed the women complaining; they're probably more concerned with equality in future job status, pay scales, fringe benefits, etc.

Dr. Kennedy, I suggest that you and any of your "buffoon buddies" take your "causes" and \$10 words back to the liberal arts schools where such B.S. originates.

Ed Casey

Dear Editor,

To George Kennedy II--

As a brother in one of the national fraternities on campus, I don't feel that you should comment on a situation that you know nothing about.

Little sisters are respected and loved members of our organizations that anyone of the brothers would do anything for. In no way, do we treat them as being lower than ourselves and they are always treated as equals.

I feel that any girl that is a little sister for one of the fraternities would feel this way.

SOUTHERN TECH RESIGNS: THIS WEEK'S RESIGNATIONS

DEAN MCCLURE RESIGNS

On Friday, October 28, Dr. Walter O. Carlson announced Dean Hoyt McClure's resignation as Associate Executive Director of Southern Tech.

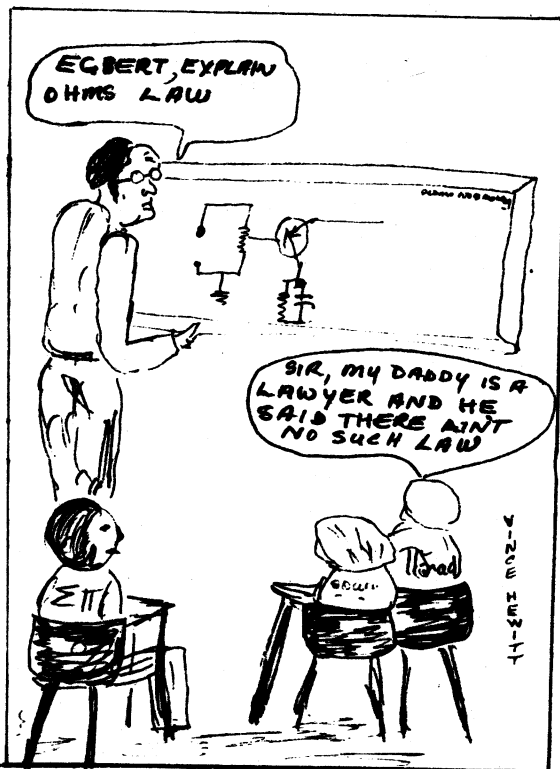

McClure will phase out his administrative duties over this academic year and will return to teaching as a tenured professor in the IET department.

Dr. Carlson extended his thanks to McClure for his many years of administrative service to Southern Tech and wishes him well as he returns to the classroom.

ASSOC. REGISTRAR SPENCER RESIGNS

On Tuesday, November 1, Mr. Mark Spencer resigned as Associate Registrar effective December 31, 1977.

Mr. Spencer has secured other employment in a field more closely related to his degree major.

HOW STI WILL USE \$50,000 CO-OP GRANT

Don Perry

Southern Tech has received a \$50,000 Federal Grant for use in the Co-op program. The Grant will be used to supplement normal Southern Tech support of the Co-op program. The money will be used as close as possible to increase student and faculty participation in the co-op program.

Faculty members will attend seminars that will develop guidelines for increasing the number of co-op employers. They will also attend national and regional cooperative educational conferences and meetings. This exchange of information is expected to provide better co-op services for everyone. Students will make more field trips to determine job potential. Consultants will be brought to Southern Tech to conduct seminars for students and faculty. Money for a secretarial position and supplies will also come from the grant.

The push is on for increased involvement in the co-op program. See Ms. Doyle in the Co-op Office for additional information about your qualifications.

STI JOINS THE ASSOCIATION OF COLLEGE UNIONS

Southern Tech has become a member of one of the oldest inter-collegiate associations.

The Association of College Unions-International founded in 1914, provides opportunities for college unions and centers to join in studying and improving their organizations, services, programs, facilities and personnel and to assist in the development of new college unions.

Southern Tech joins over 900 other member colleges and universities throughout the world and will be represented by David Duty, Director of the Student Center.

SPORTS

Say it again?

Karen Fichtner

Picture this: You've graduated (finally!) from Southern Tech and proudly received your Bachelor's Degree. Now you're job-hunting. You are waiting outside the office of the Personnel Director of the XYZ Company. He calls you in, and his first question is "Where did you graduate from?" "Southern Technical Institute," you say. "Southern Who?," he replies.

Let's face it. As much as we love Southern Tech, our school is not exactly a household word, nationwide. So, what can we all do to make ourselves more popular (and be received with open arms by Personnel Directors?)

A man who holds a possible solution is George Perides. Yes, I mean, George Perides, the coach. Your next question is "How can a coach help me get a job after I graduate?" George is a very hard working man, trying with all his might to make the sports scene at Southern a going concern. But, he's a David, facing up to the Goliath of the student body apathy. He PLEADS for your help and support for our teams. We have been a laughing stock in the past, and George is determined to change that. If our teams start winning, STI's name will become more and more well-known. The more well-known we are, the more popular we become with prospective employers after we graduate.

Coach Perides holds in his hands the seeds for notoriety for our school-but he asks our help and support for our teams. (Nobody supported the Falcons last year but, after a few wins this year, all of a sudden everybody is Falcon-crazy!) Everybody loves a winner!

Here's what Coach Perides is doing.... He has re-evaluated our sports program, and decided to concentrate his energies on a few sports (at first), and make them winning teams. So, the only Southern Tech teams right now are the Basketball and the Baseball teams.

George must operate both these teams on a budget of approximately \$26,500 per quarter. He's moved us from the South Atlantic Conference where we were hopelessly "out-moneyed" (one of the schools in that conference has a basketball budget alone of \$50,000.) We are now enrolled in the Georgia Inter-Collegiate Athletic Conference. The other schools in this conference are on about the same level as we are, and all are located relatively close (holding down our travel costs.)

All that's left to do is a lot of hard work, and practice by our teams, and a lot of faith in them from us. George thinks we can do it--so do I! Like he says: "It's hard to build a program, especially when it's been down; you're starting from scratch. In one year, we've gone from being down--underground, even-- to a competitive team. We're "on-the-fence" pleading for the support from the faculty, staff, and students to push us over onto the winning side."

DATE TICKETS FOR THE GA-GA TECH GAME

Students who have purchased All Sports ID Cards from Georgia Tech in September, and wish to attend the Georgia-Georgia Tech game with a date can purchase date tickets at Georgia Tech on Monday, November 7 through Wednesday, November 9 from 9 a.m. to 3 p.m. Date tickets are \$2.

The tickets will be on sale at the West End Ticket Booth at Grant Field. No lost or stolen tickets will be replaced.

If you have any questions, please call 894-5441.

Greek

IFC

There will be a meeting of the Intrafraternity Council at 12 noon on Tuesday, November 8 upstairs in the Student Center at the spiral staircase.

LAMBDA CHI ALPHA

The brothers of Lambda Chi would like to remind you of the Marine's "Toys For Tots" barrels stationed in the Student Center and Administration Building. Even if you have broken toys to give, please drop them in the barrel. We will be helping out the Marines in repairing all toys. Get that closet cleaned out.

We were out last weekend collecting can goods for Cobb County Emergency Aid Annual Food Drive. We hit the East Marietta area. Our goal this year is to triple the food reserves for Thanksgiving and Christmas. We will also take old clothes. All items go for needy families in the Cobb county area. If you would like us to pick up those cans or old clothes, just call 952-5913 and leave a message.

The Lambda Chi intramural football team will take on the Muskrats, Thursday afternoon and will meet TKE the following Monday, November 14. Both games start at 5:15 p.m. The Greek Conference results are still up in the air, but Coach Jim Fangman is confident of victory. Come on out and give your support to intramurals.

Don't forget to come out next Wednesday and give a pint of blood to the Red Cross. Let's help Sigma Pi get the best donation record ever.

If you are interested in finding honest friendship, we invite you to come to our Thursday meeting in room 119 of the Student Center.

SIGMA PI'S SPONSOR BLOOD DRIVE

Sigma Pi will sponsor a Blood Drive on Wednesday, November 9 from 10 a.m. to 3:30 p.m. in Dorm I. The public is invited to join with STI students in helping the Red Cross.

SIGMA NU

The brothers of Sigma Nu had a great Halloween party at the Sedgefield Apartments. Costume contest winners were Edwin Sawyer-best individual costume, and Mike Butler and Jeff Taylor as the best costumed pair. Thanks to all of those who participated in this contest.

We have already had three successful doughnut sales and we are now sponsoring a paper drive. Please contact a brother for further information on this paper drive. Your support is greatly appreciated.

There was a change made in the Novice Officers. The secretary-treasurer position was split between two people. Greg Walker is the secretary and Vince Davis is the treasurer. Congratulations to both these men. Thanks to David McCollum and Joe Gaskin who are doing a great job in Novice education this quarter. Keep up the good work!

TKE

TKE had one of our best Halloween parties ever this past Saturday night. It was held at our house and 60 to 70 people had a fantastic time. The best dressed couple was Ronald Cheek and Michelle Dumas. Many other games and contests were held.

The TKE football team had a successful week in intramurals. We had victories over the Unknowns and Sigma Nu, but lost a tough game to the BSA.

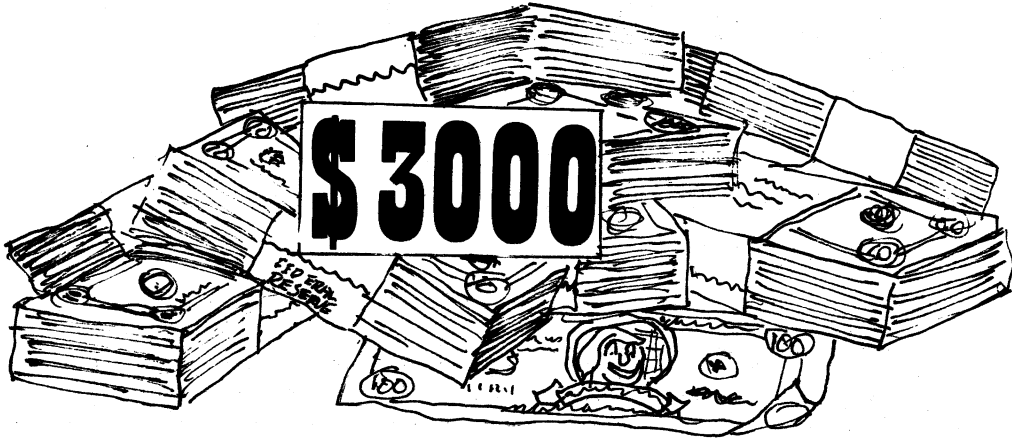

This coming Saturday is Charity weekend and all the brothers and associate members will be busy holding a road block at Roswell Street and Fairground. We will also be painting the Happiness Hills School for retarded children.

TKE encourages everyone to come out and support Sigma Pi's Blood Drive this week.

To the person or persons responsible for the little gift left on our front porch--it's nice to know you're thinking of us.

Anyone interested in finding out more about TKE is urged to drop by our meetings on Thursdays at 12 noon in room 358.
