KENNESAW COLLEGE  
MARIETTA, GEORGIA  
A UNIT OF  
THE UNIVERSITY SYSTEM OF GEORGIA

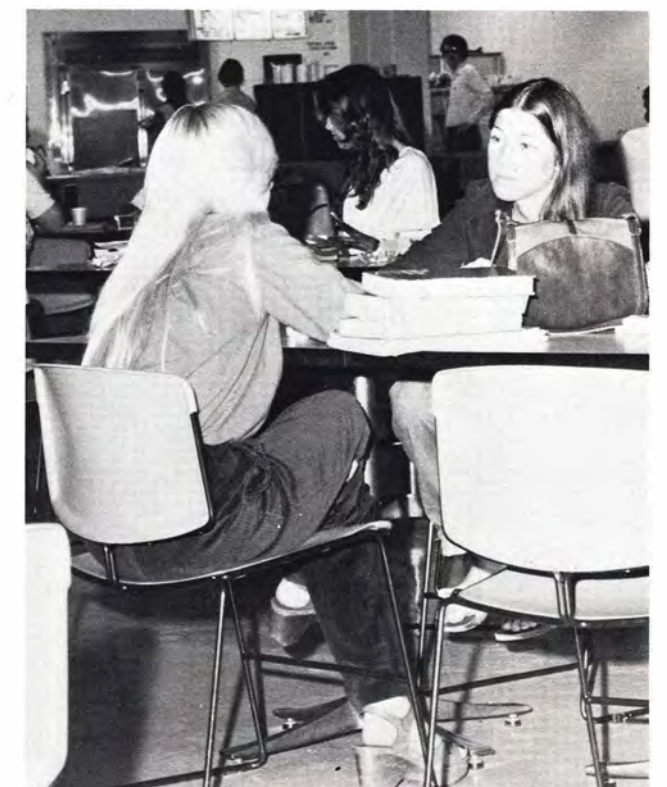

Kennesaw College. The name has a nice sound. It's been around for a few years now, but this year is the first time it is truly appropriate, because this is the first year of upper level courses. Before, the school was a jumping-off point for students trying to obtain a Bachelor's Degree. Now a student can finish his education at Kennesaw, this year's Juniors representing the first class to complete the four year program.

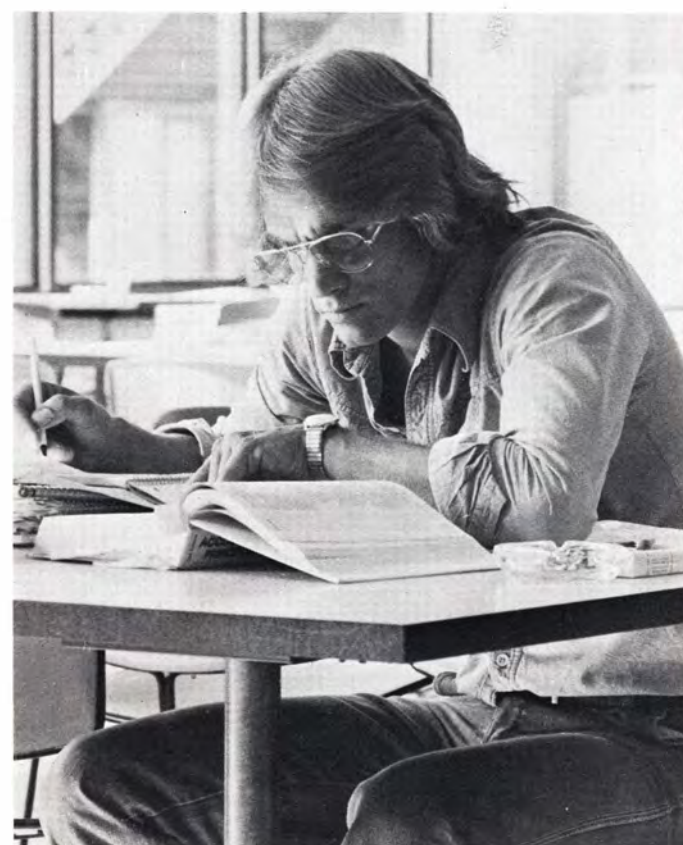

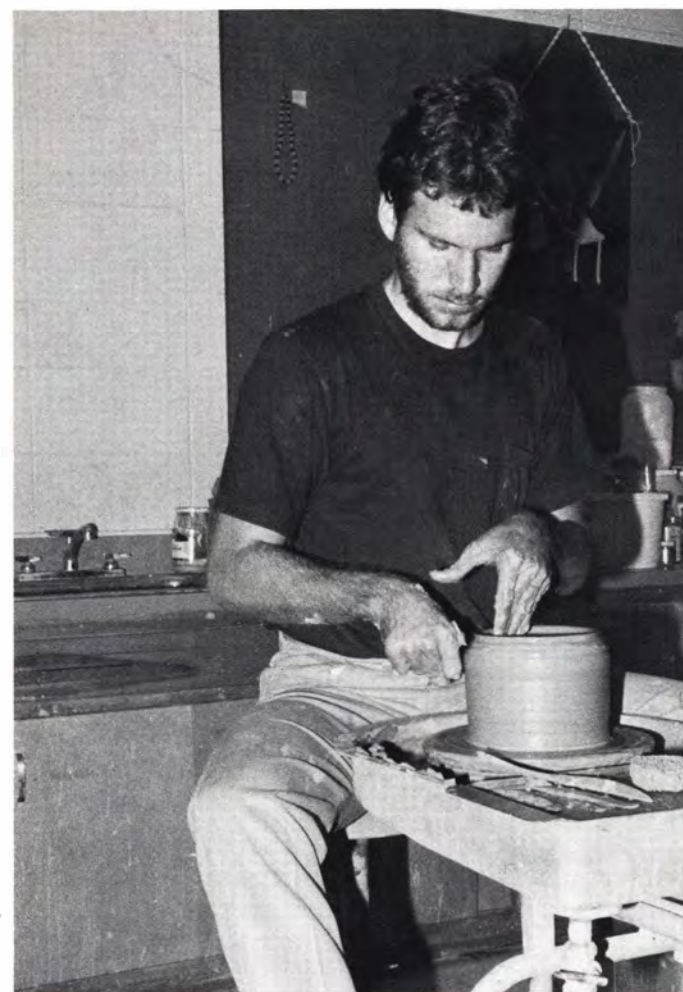

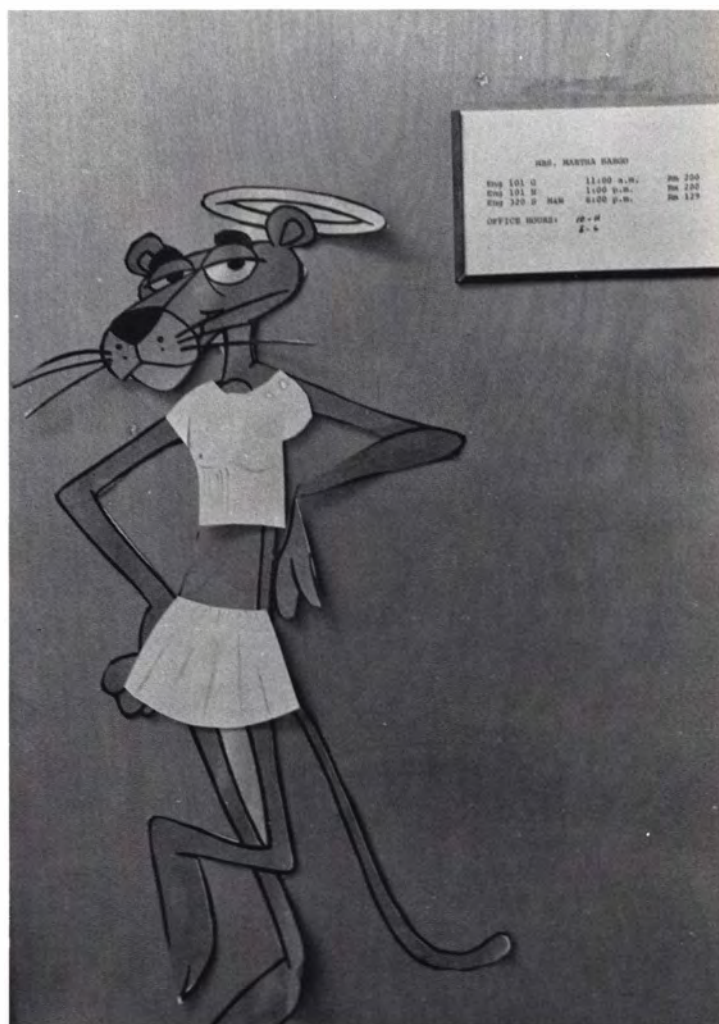

Many will go directly into the business world, where they will put into practice what they have been taught. Others will go to graduate and professional schools, where their abilities will be measured against students from other colleges.

Either way, the Kennesaw graduate will have an edge, because the school has, and maintains, a reputation for turning out some of the best educated people in the State.

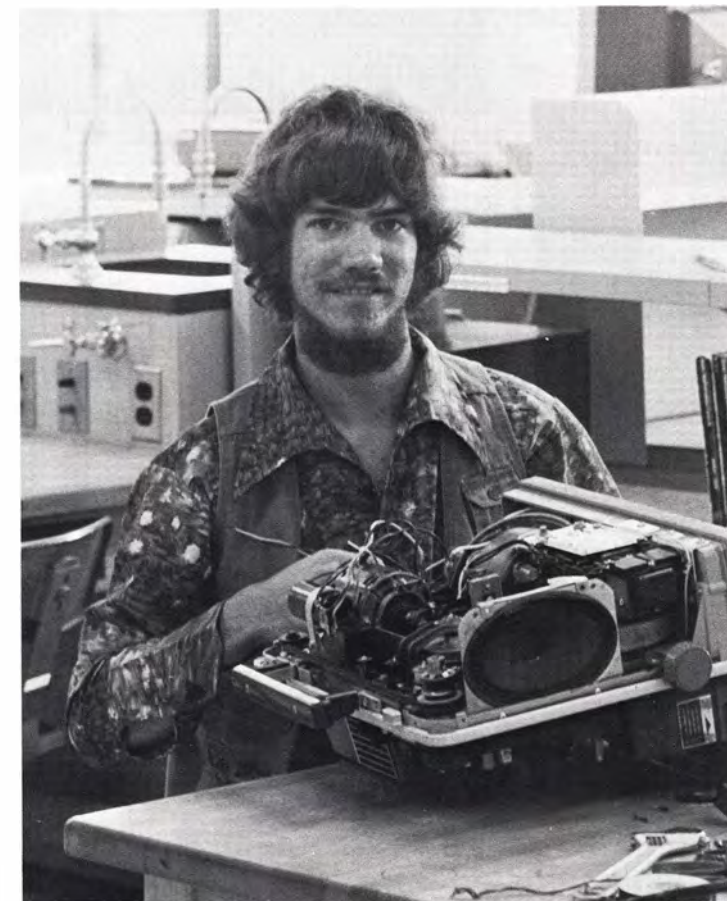

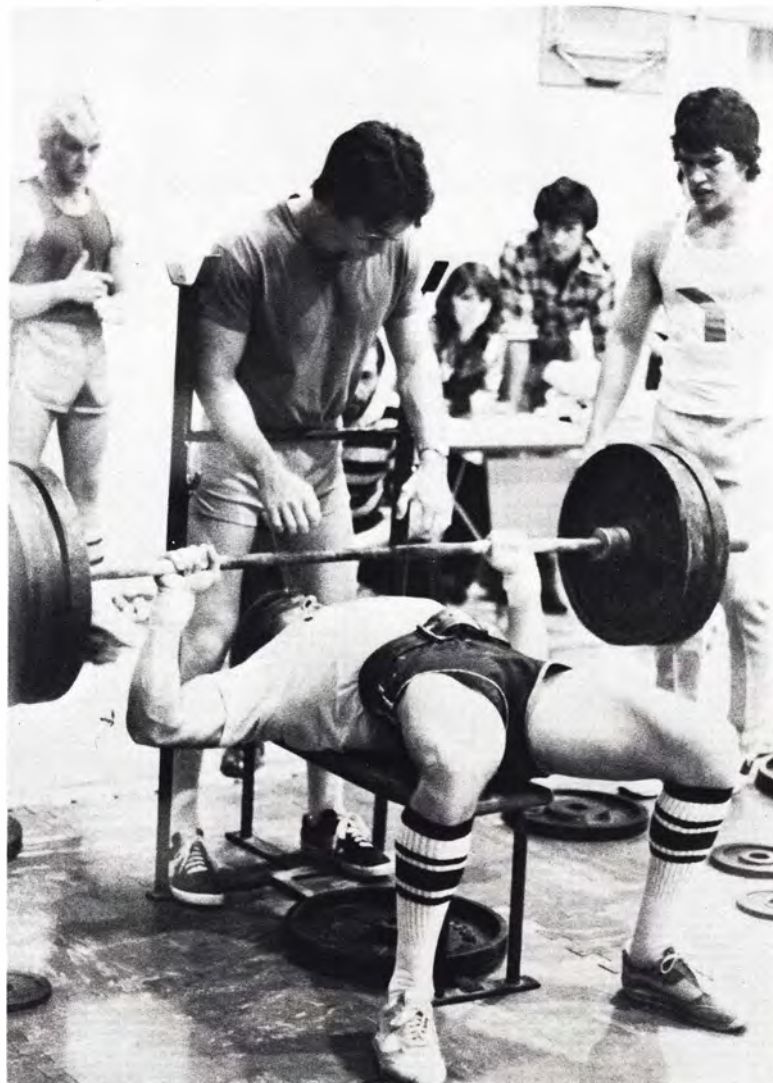

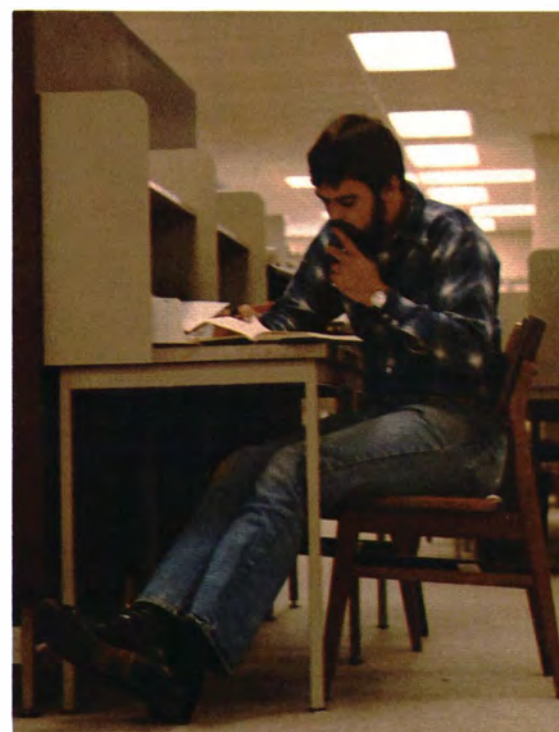

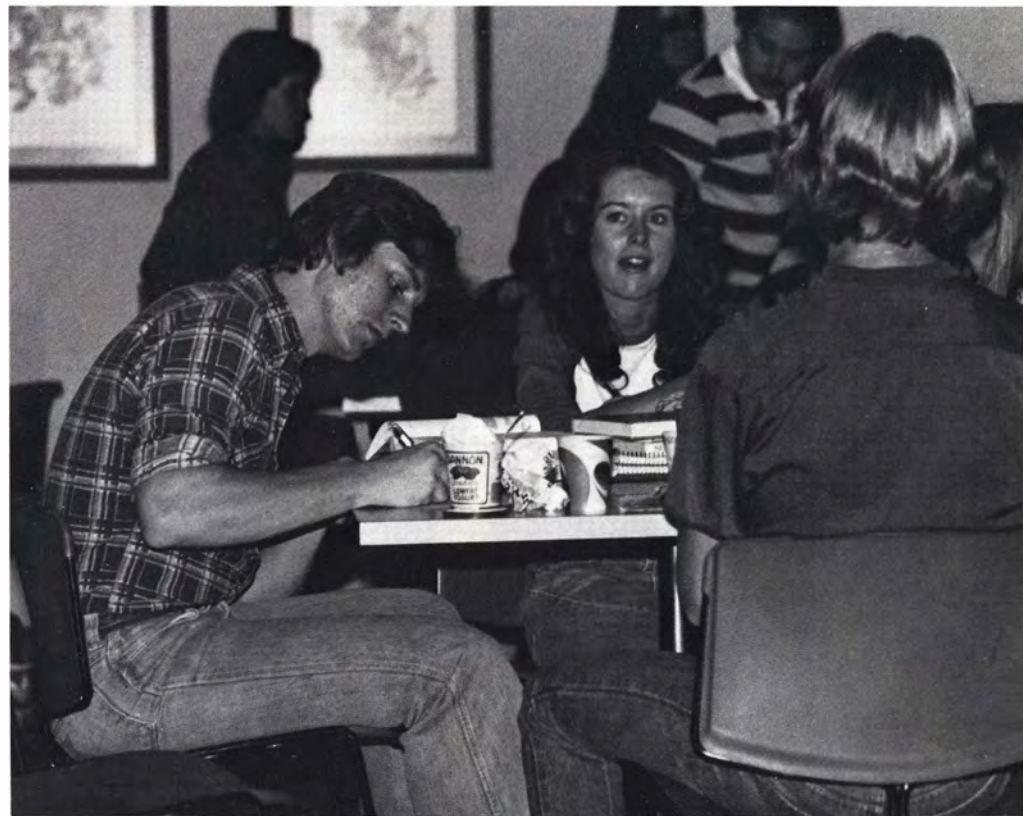

There are definite reasons why this is so. Kennesaw has some of the best Administrators a student could hope for. They are thoroughly professional, yet personable and sensitive to individual needs. Then there is an overwhelmingly competent faculty, whose interest in student achievement and comprehension supplies the motivational spark that generates excellence. And the students themselves come equipped with a desire to learn. There are easier schools in the area, so those who choose Kennesaw do so with the idea of getting the best education possible.

The factors all amount to the same thing: people who care. They are the key to Kennesaw College's success, and the guarantee of its future.

The purpose of the Leadership Conference is to identify student leaders and to motivate them in assuming future leadership roles while using proven techniques.

About thirty faculty and students attended the SGA's annual leadership conference held from October 20-22 at Rock Eagle 4-H camp in South Georgia.

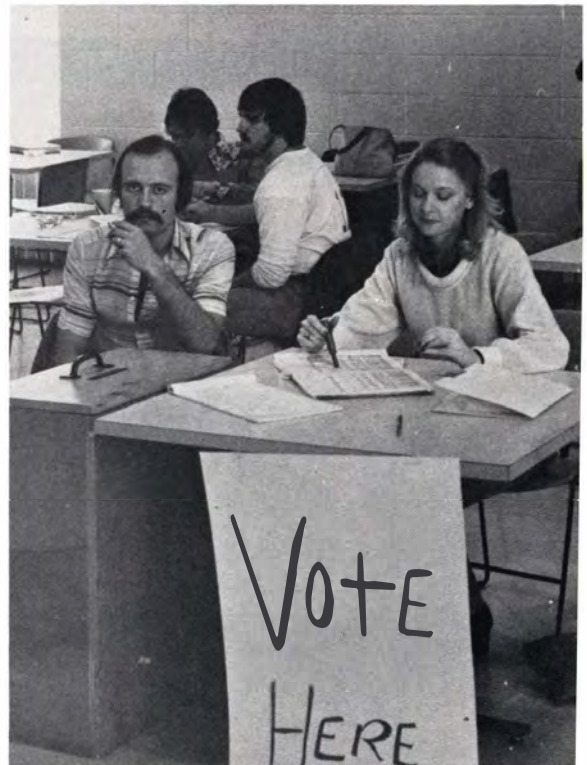

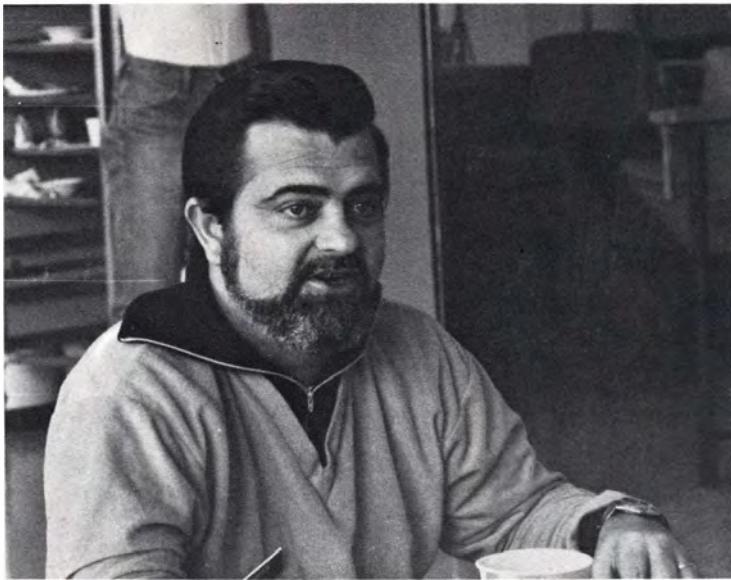

The Kennesaw College S.G.A. is an organization composed of student representatives from the student body at large, with the expressed purpose of promoting understanding and involvement among all members of the college community. A chief concern of the SGA is to encourage participation in student affairs and in the community as well. Foremost, it is the responsibility of the SGA to represent and to legislate according to the best interests of the students while working within existing faculty statutes. The award-winning SENTINEL is the campus newspaper prepared for the students by the students.

This monthly publication is filled with news, editorials, features, reviews, creative poetry, photography, and cartoons all prepared by student contributors.

Our goals could not have been reached without the help of many contributors and supporters. The SENTINEL staff would like to thank Dr. Elliott Hill, the SENTINEL advisor; Frank Wilson, Student Activities Coordinator; Jim Carter, former S.G.A. President; President Horace Sturgis and all the administration for their aid and support. Most of all, the SENTINEL staff would like to thank all the students of Kennesaw, for without them there would be no SENTINEL.

More specifically, the Union strives to sponsor programs which "contribute to the educational, cultural, social, and recreational development of the students, faculty, alumni, and the service community." In addition, the Union Board acts in an advisory capacity regarding the day-to-day operations of the James V. Carmichael Student Center.

Through the combined efforts of the members and chairpersons of its various standing committees, the Union sponsors throughout the year a well-rounded program including popular and classical music concerts, coffeehouses, movies, guest lecturers covering a variety of topics, cultural workshops, film festivals, dance companies, KC Day, and table game competition.

The Union Board of 1978-79 is composed of the following students and faculty: Sam Gamble, Debbie Wolfe, Jesse Johnson, Janet Lambert, Belinda Wells, Debbie Marsh, Linda Bradfield, Richard Brunson, Anne Blackwell, Lori Haldeman, Chuck Ragsdale, Jim McGahee, Rusty Moore, Dara Hopper, Laurie McCollum, Olleen Williams, Richard Rodman, Frank Wilson, and Robert Eisenhardt.

THE STAFF THANKS EVERYONE WHO HELPED ON THE PHOTOS, ESPECIALLY P.B.

While we are all individuals, we are also part of a greater whole — the spirit of Kennesaw College.

For the rest of our lives we will be measured by our accomplishments, and they are the product of what we have learned.

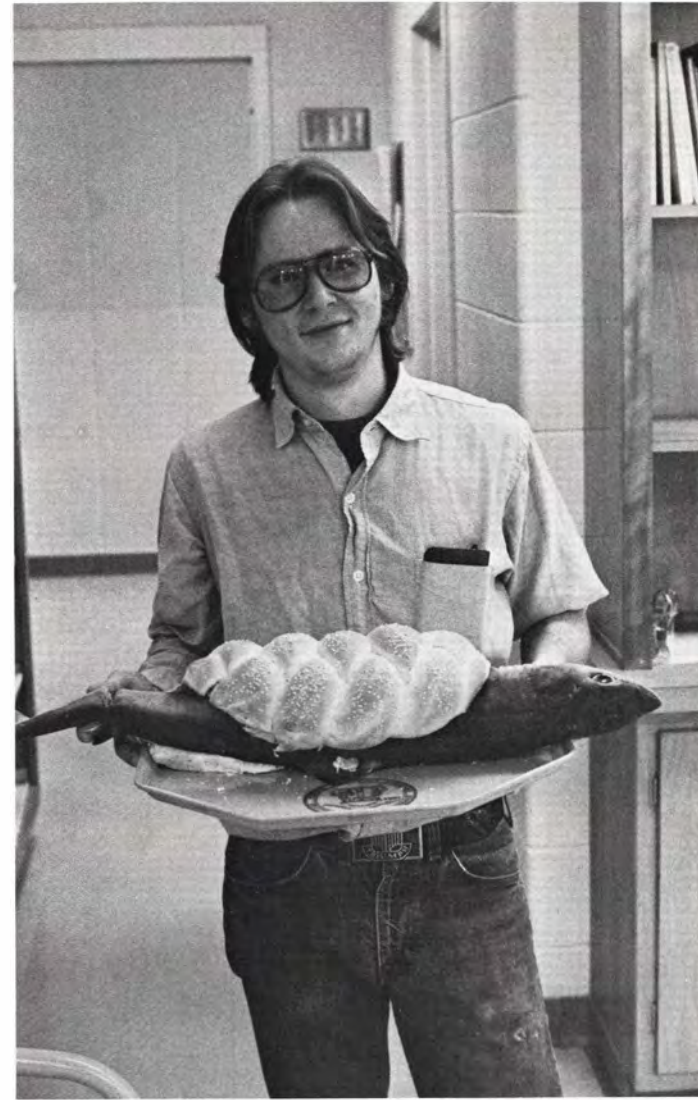

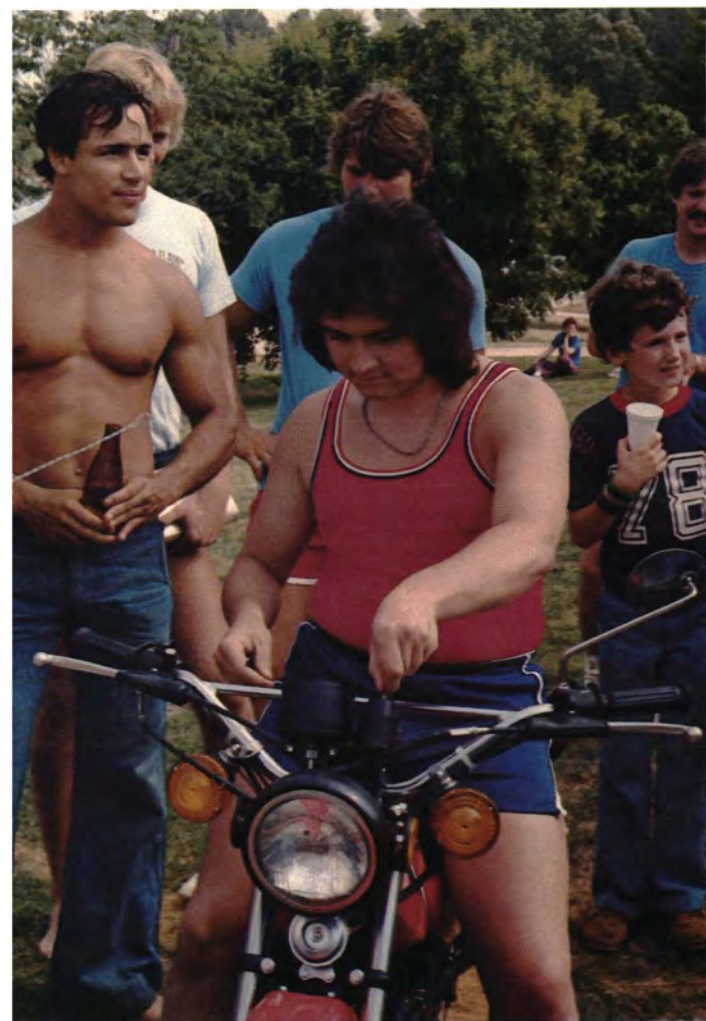

This issue of the Montage is as accurate a reflection of the past year at Kennesaw College as has been possible to obtain. An immense amount of time, effort, and care has gone into its assembly, with a special emphasis on putting all facets of campus life into the proper perspective.

The Montage staff sincerely hopes that it will become a chronicle of fond memories and treasured friends to be enjoyed for a lifetime, not just a reference work for faces.

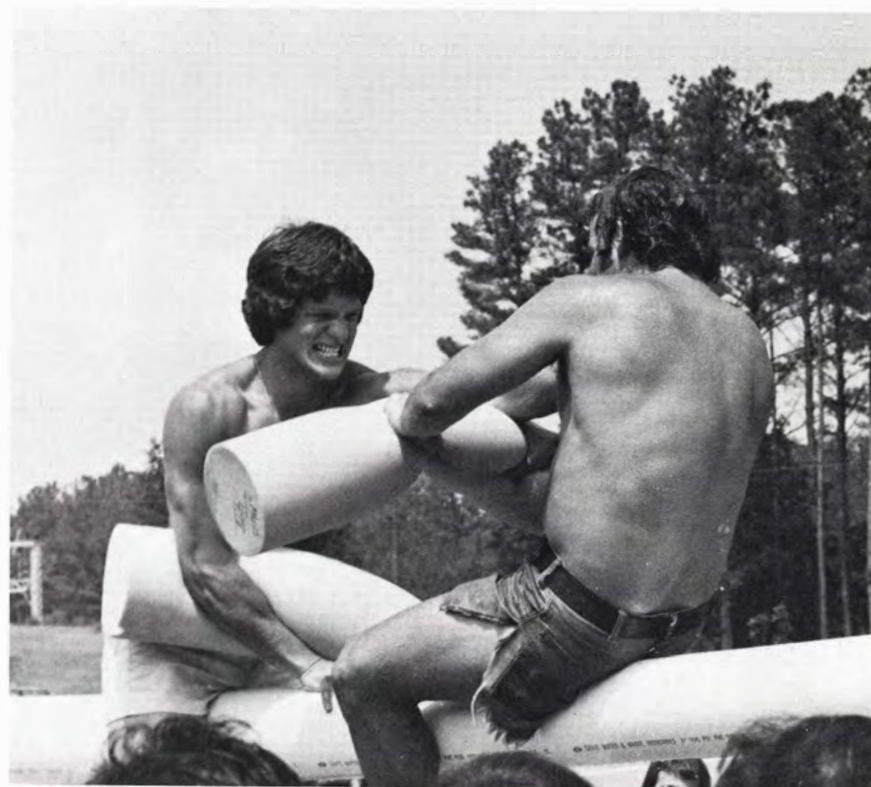

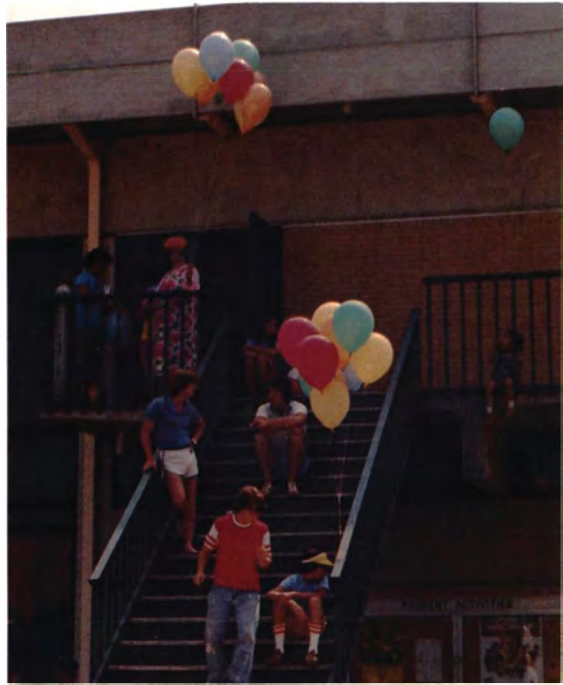

## K C DAY

Many descriptive phrases come to mind when one recalls the events of Kennesaw College Day. But none of these phrases serve to describe adequately the controlled lunacy that prevailed. The memory is also much more vivid than any photograph could ever be. As Mel Brooks once said, "You had to be there . . ."

## PINNING OF THE NURSES

Two years of blood, sweat, toil, and tears are what the Nursing Staff requires in order to turn naive, idealistic students into competent professional nurses.

These newly-pinned nurses represent an elite group, having successfully completed one of Kennesaw's most demanding courses.

# Honors Day

Honors Day is exactly that: a day to honor those students who have demonstrated superior achievement in academics during the year. These are the students whose careers will help establish Kennesaw's reputation as one of the best colleges in the state.

## GRADUATION

Graduation comes, appropriately, in the Spring. It is the time to emerge from the insulating world of education into the glare of reality. A diploma is, for many students, the first tangible proof that years of work can indeed pay off, that goals are worth striving for.

Congratulations, Graduates! You have paid your dues.
