

KENNESAW JUNIOR COLLEGE

# MONTAGE

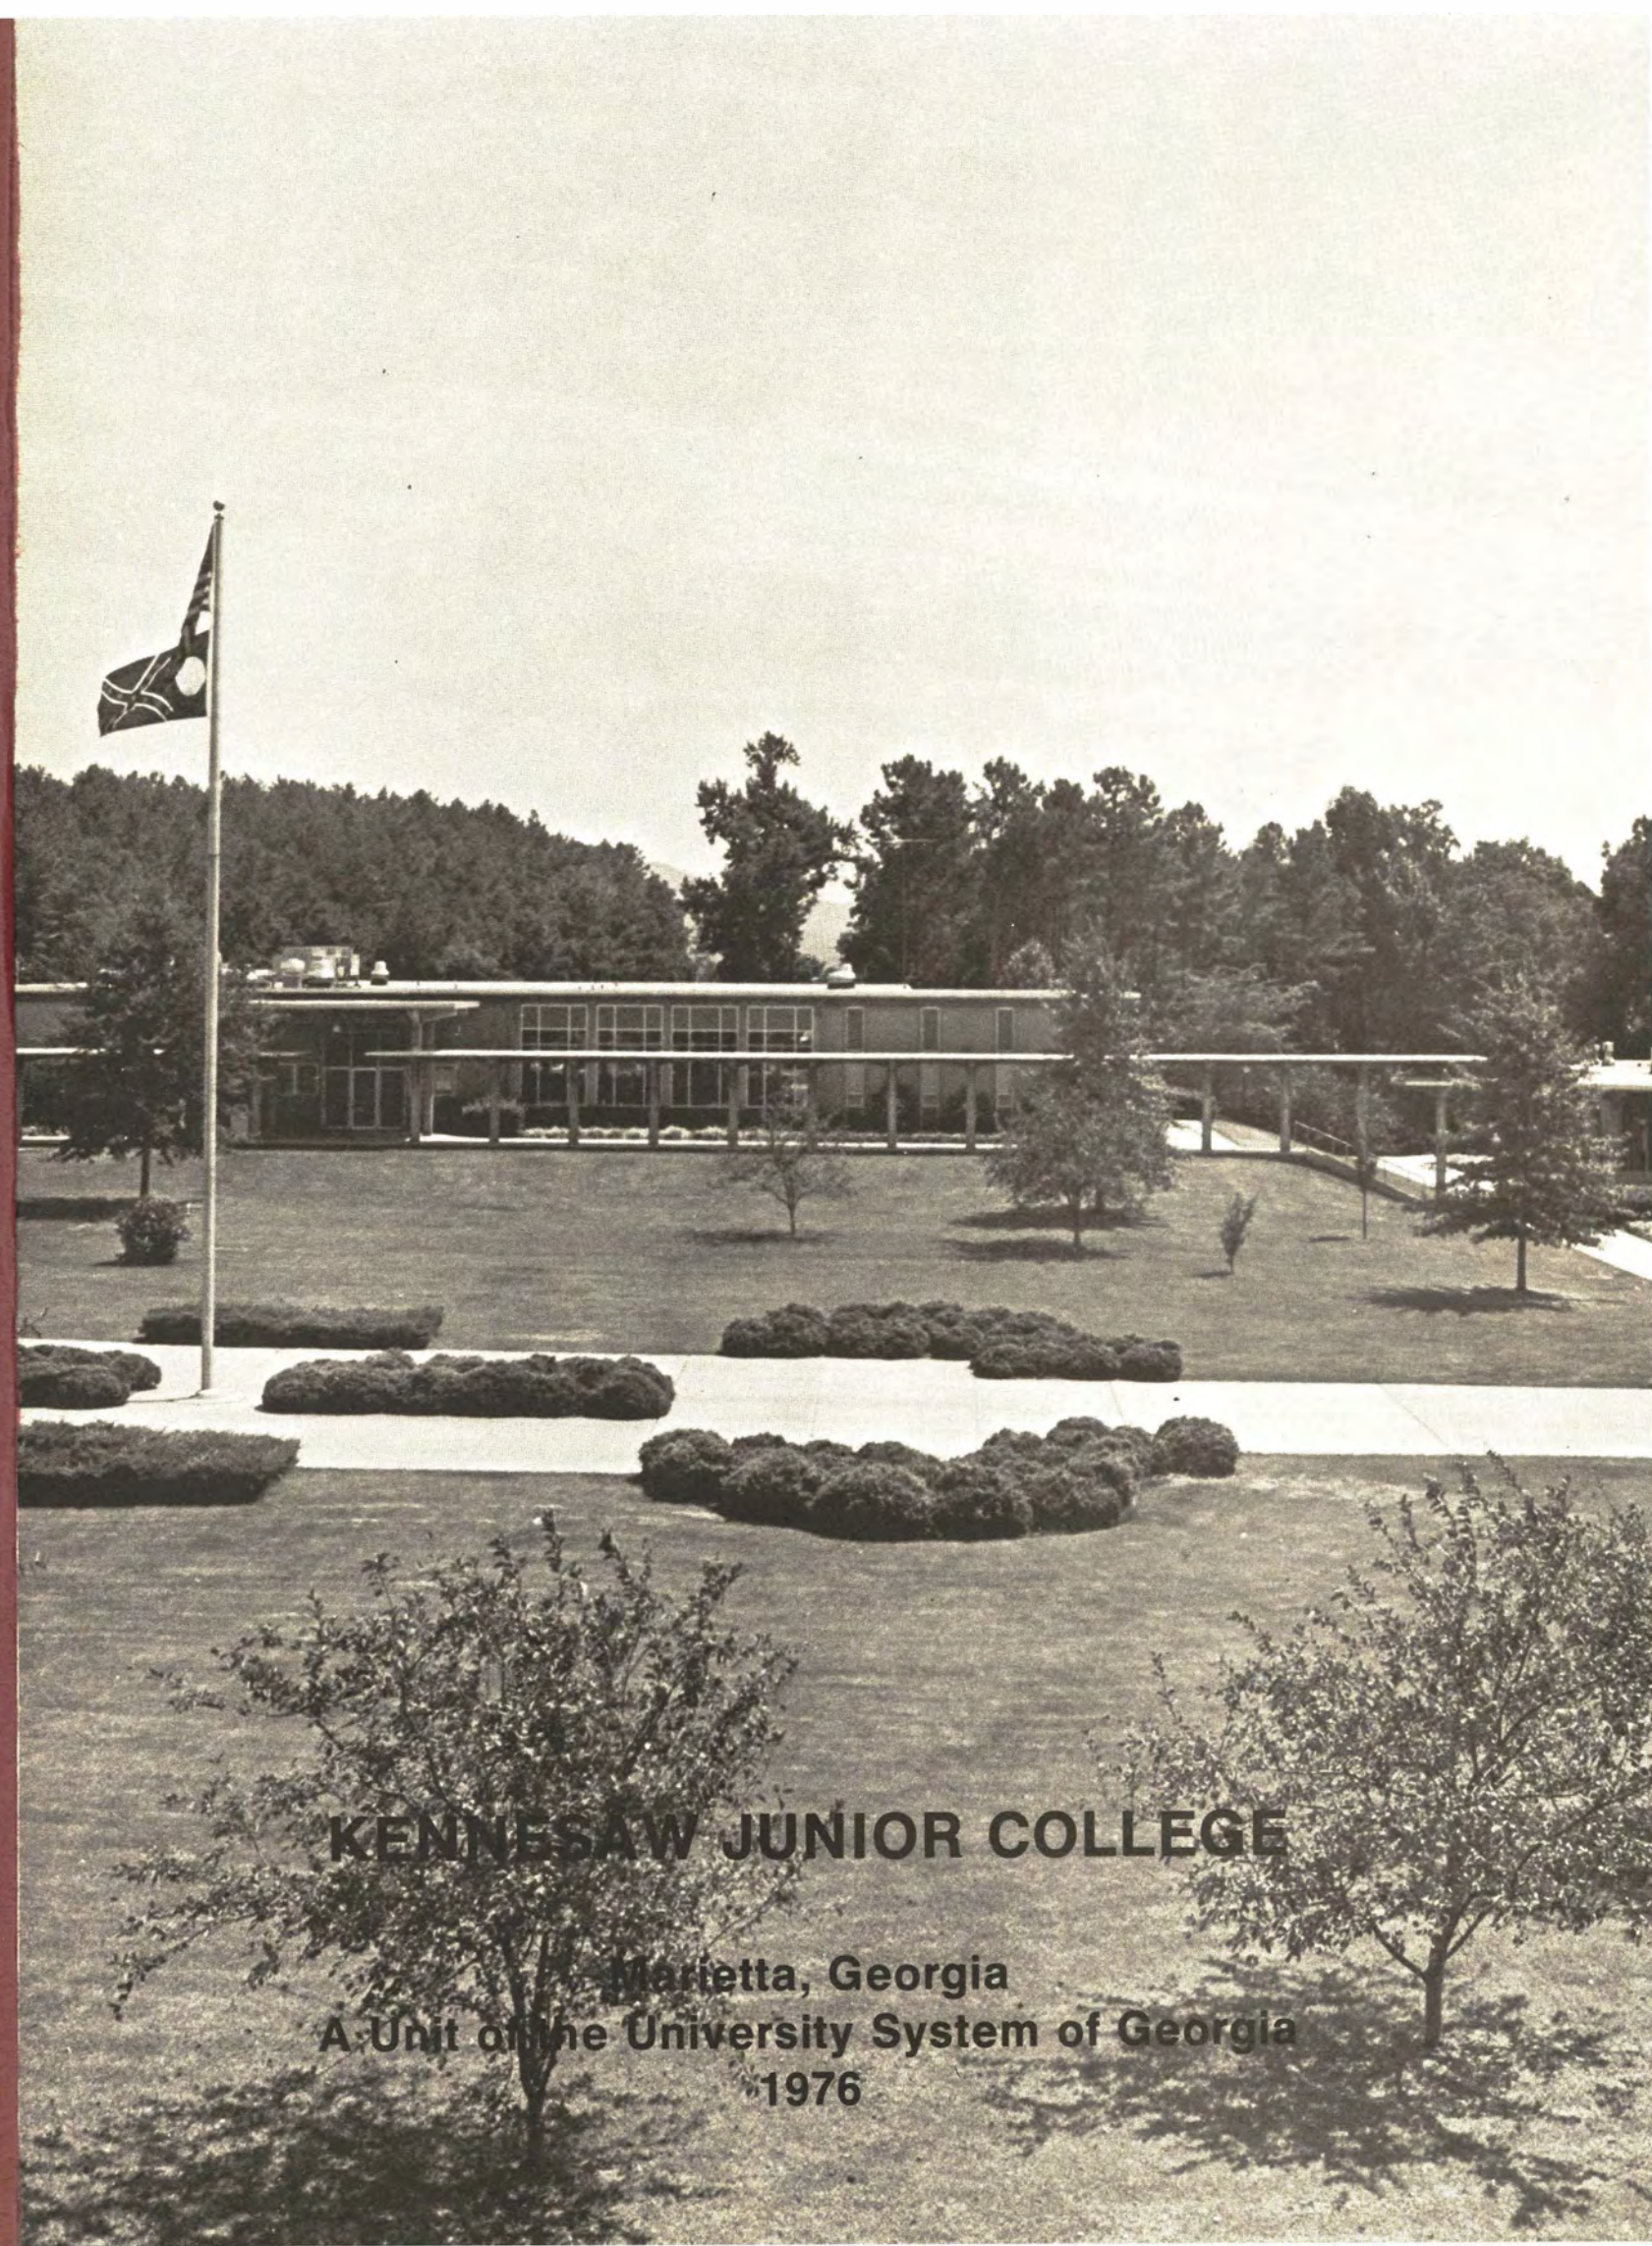

## 1976

LIBRARY  
KENNESAW JUNIOR COLLEGE

**KENNESAW JUNIOR COLLEGE**

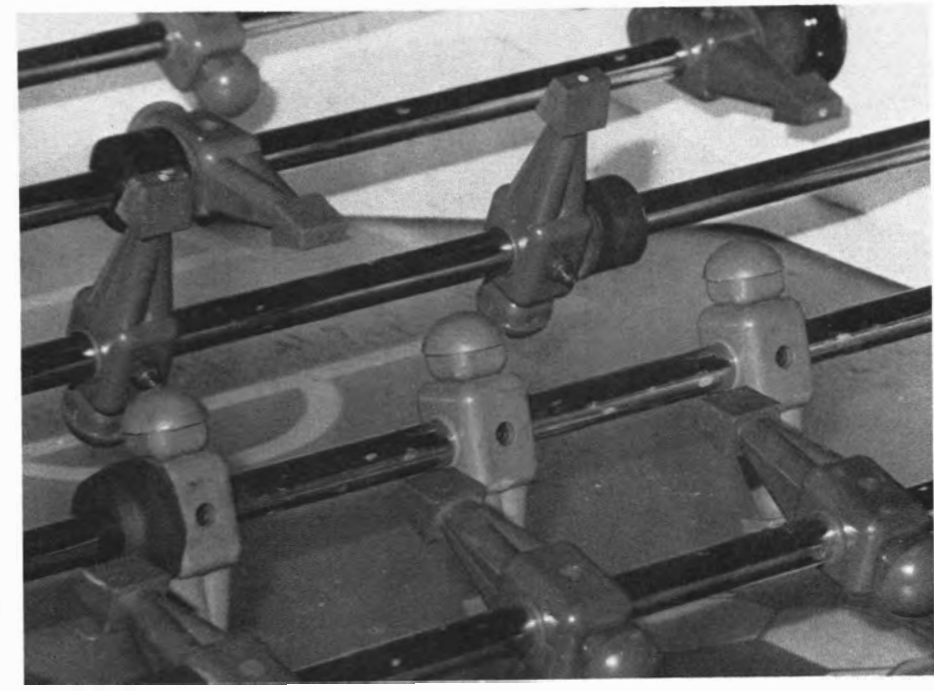

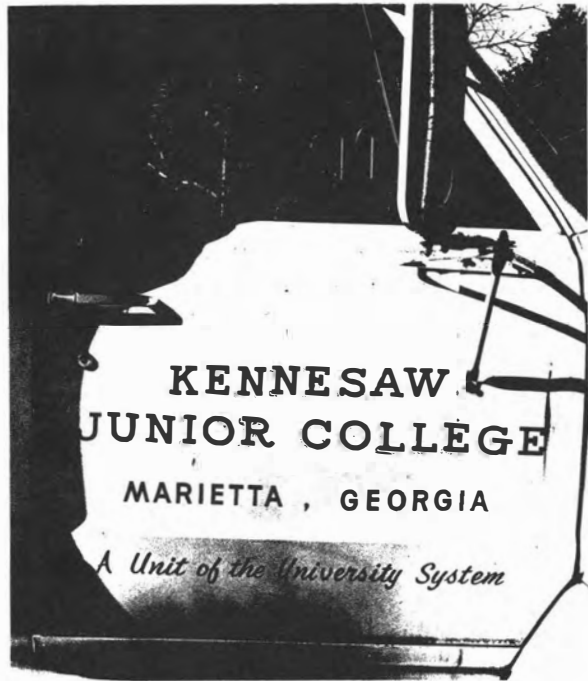

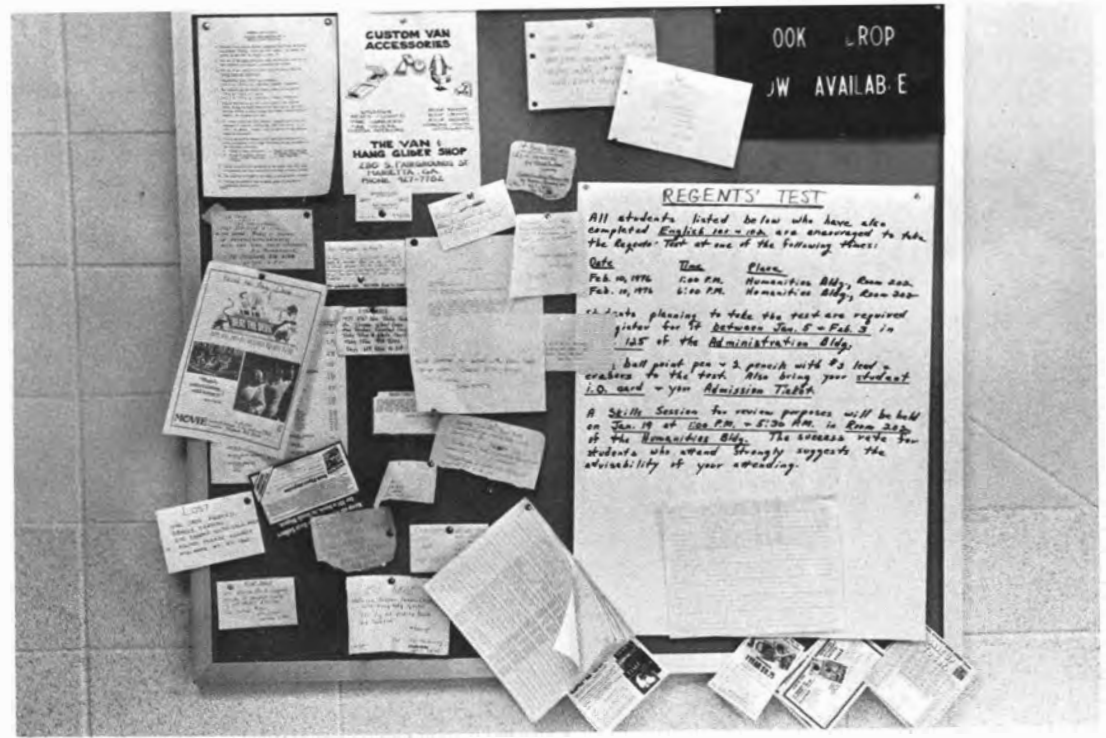

Marietta, Georgia

A Unit of the University System of Georgia

1976

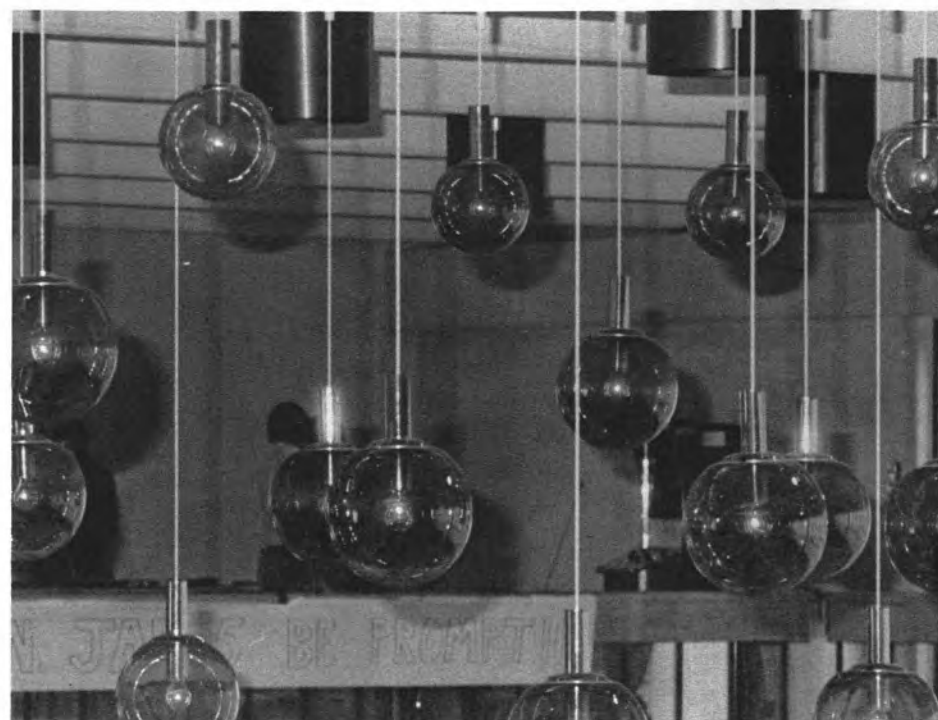

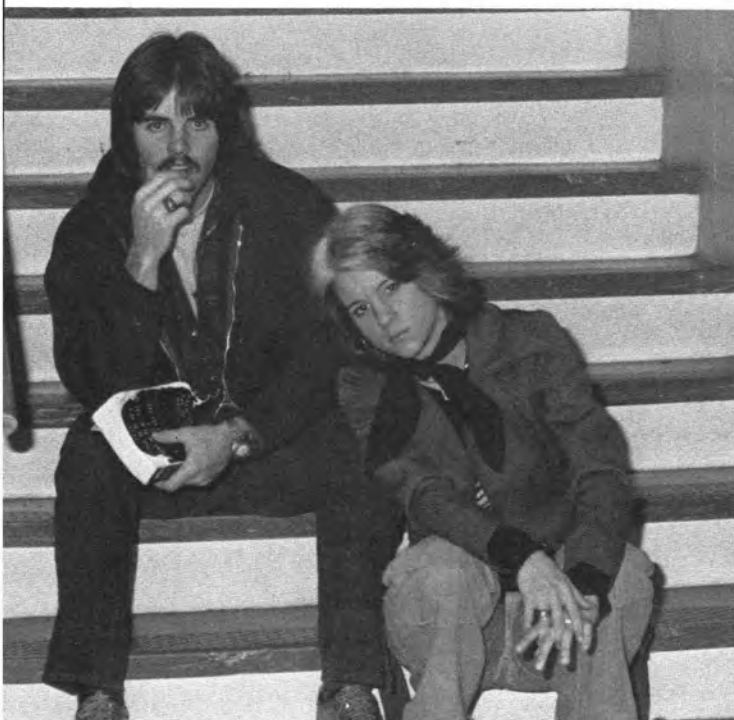

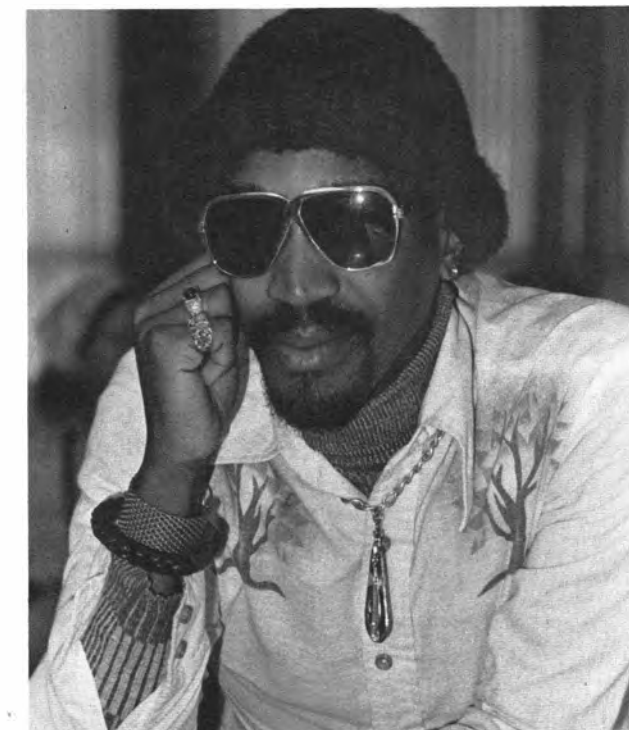

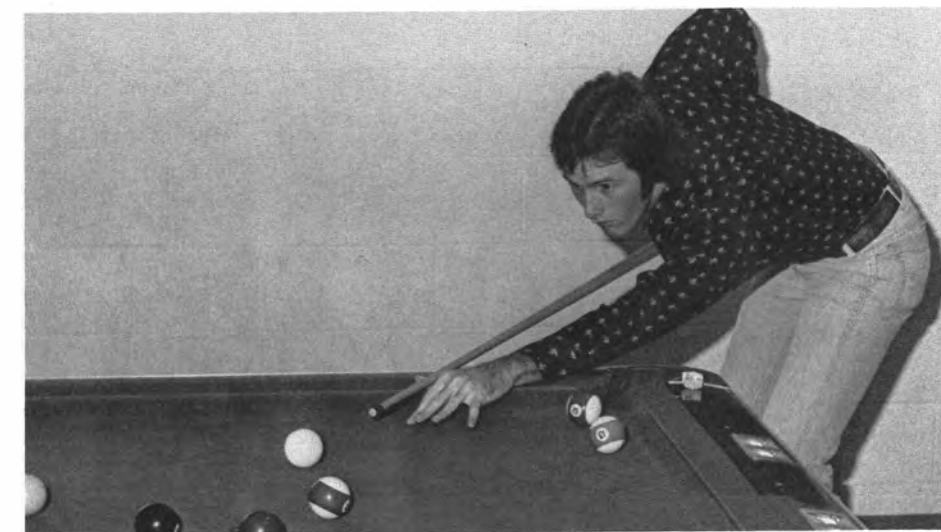

A year has begun and will end soon. Time passes quickly leaving few traces of his trek across the earth, except age. Seasons come and go. Days change from hot to cold, and wet to dry. Colors change from yellow and green to red and gold. Days change, seasons change, people change.

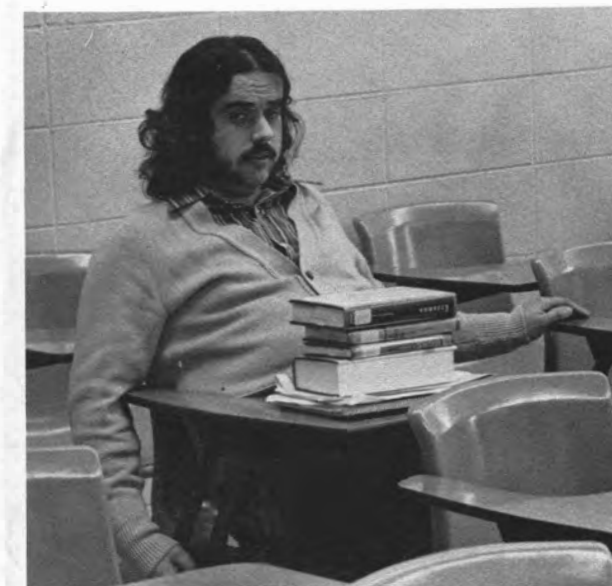

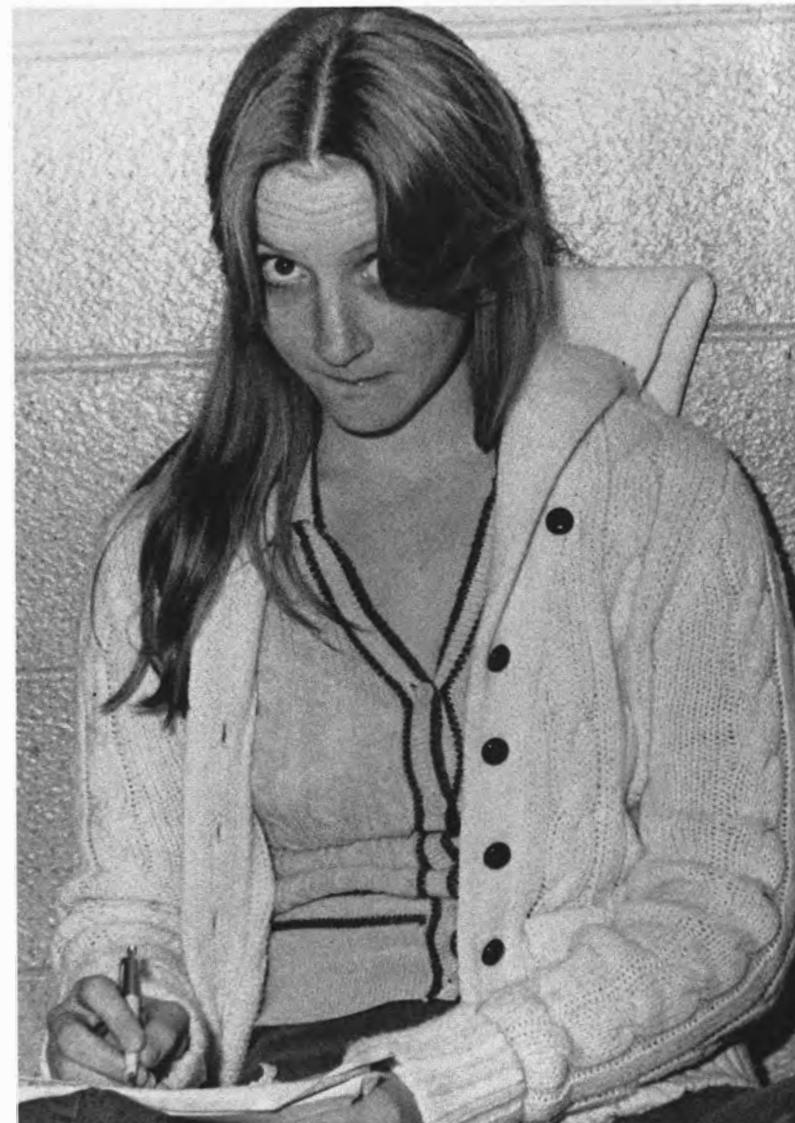

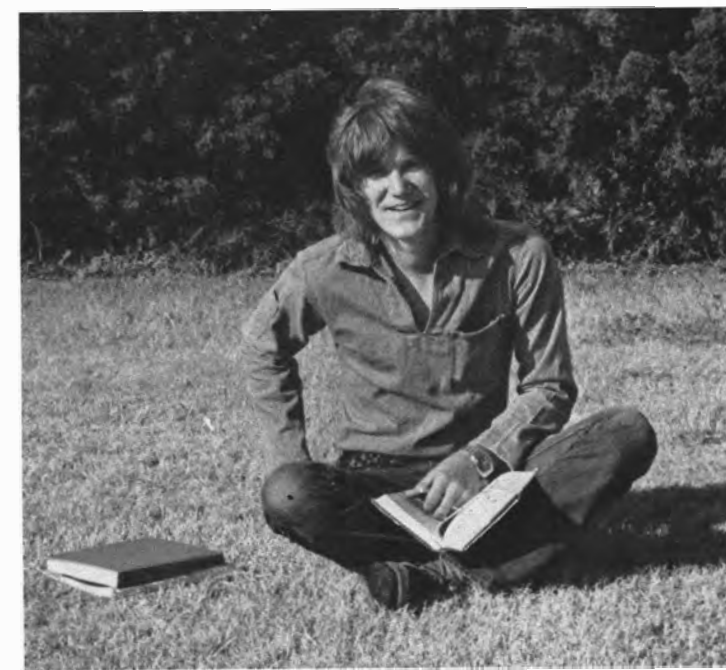

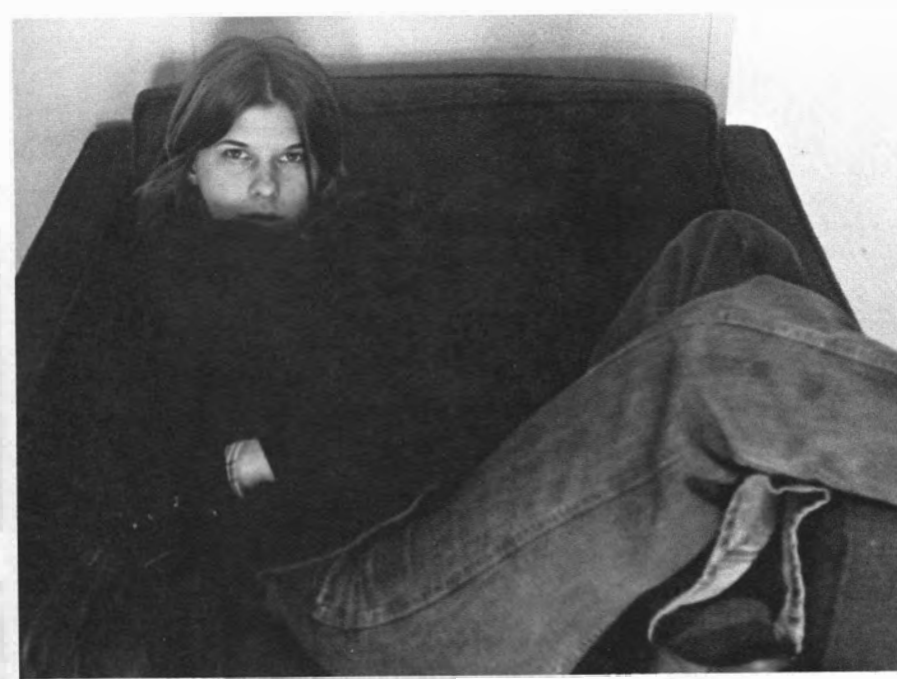

People change and grow. People flourish and flower. Continual growth, stopping to rest for just a moment. A spring-like growth maturing into a steadiness like that of summertime. A steady growth . . . a cycle.

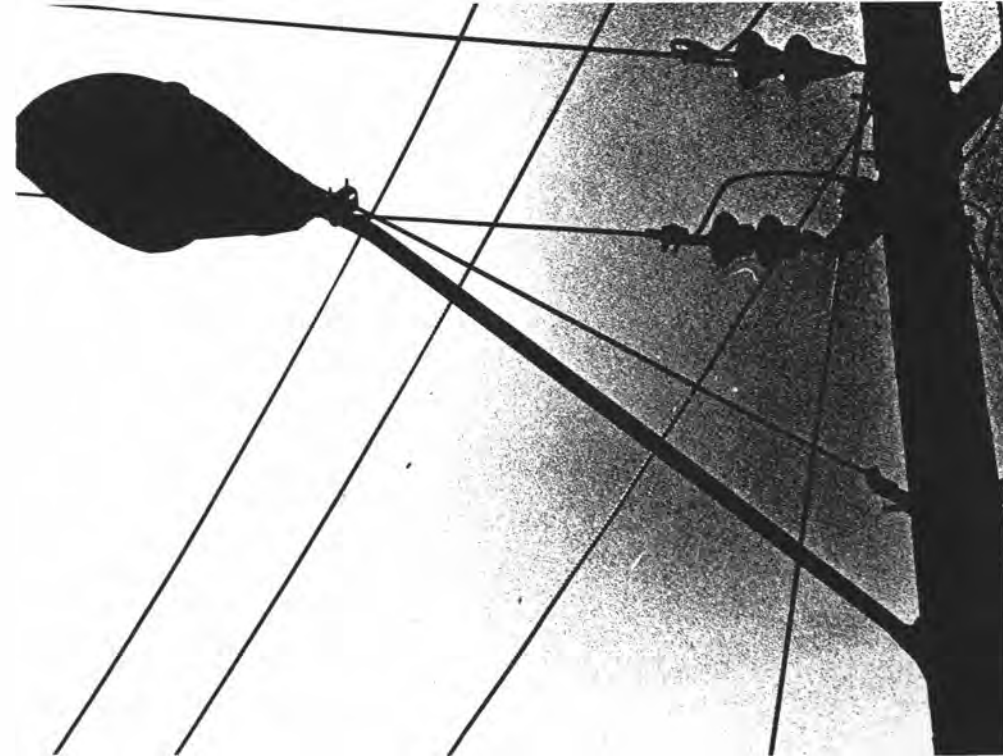

A cycle . . . of thoughts, minds, and personalities meeting each other and coming away with something new. Touching and being touched. Minds meeting in a whirlwind of ideas, like multi-colored leaves blowing around and around. Being touched . . .

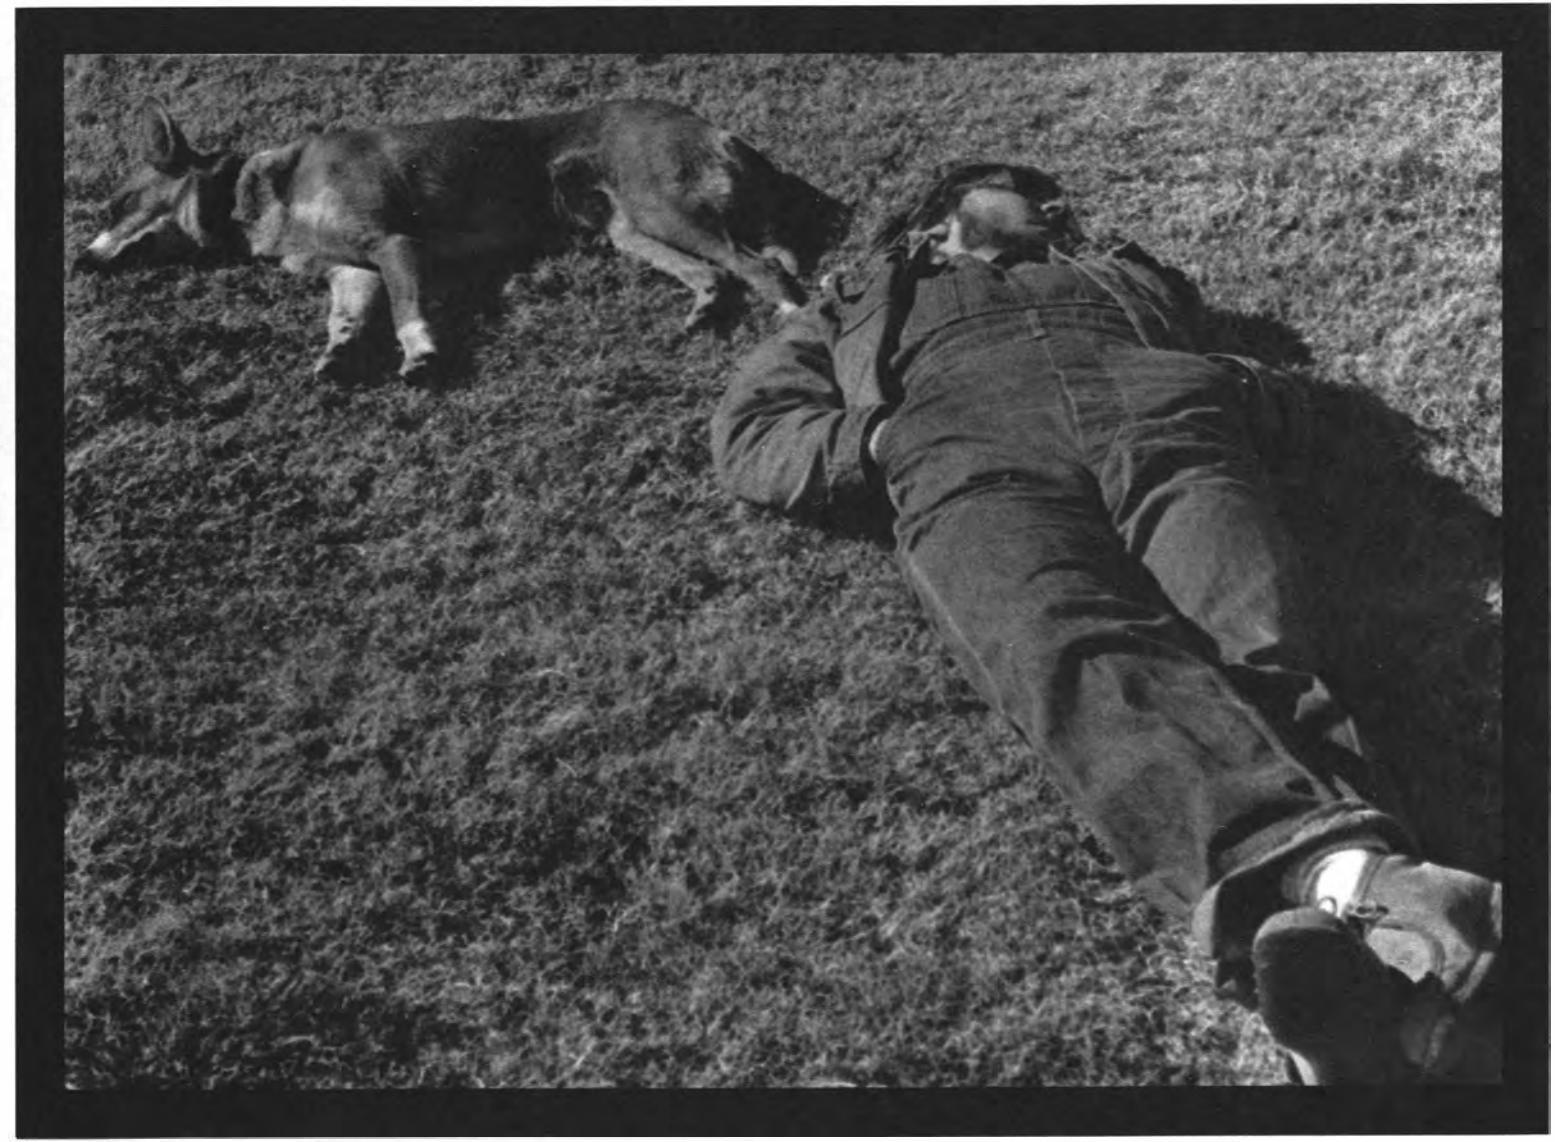

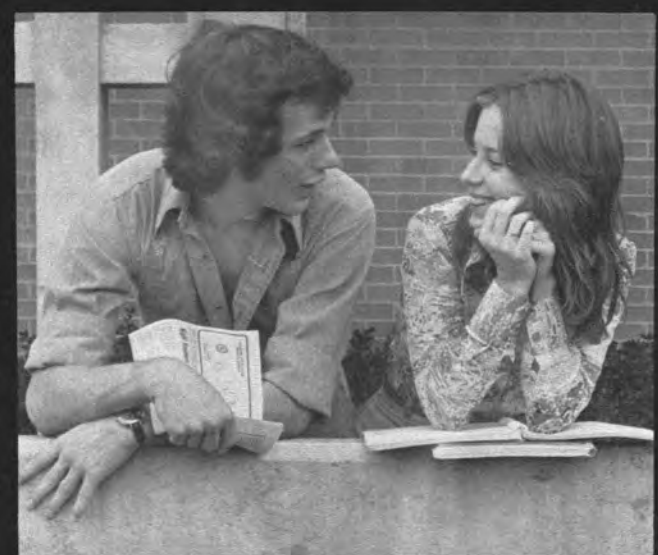

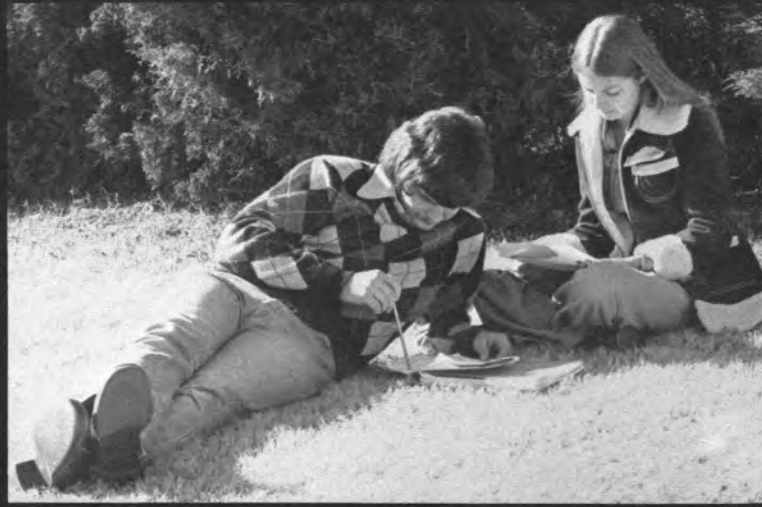

Being touched . . . a way to learn.  
Studying, laughing, listening, and talking.  
Looking forward, looking back, or  
looking around. Days change, seasons  
change, people change.

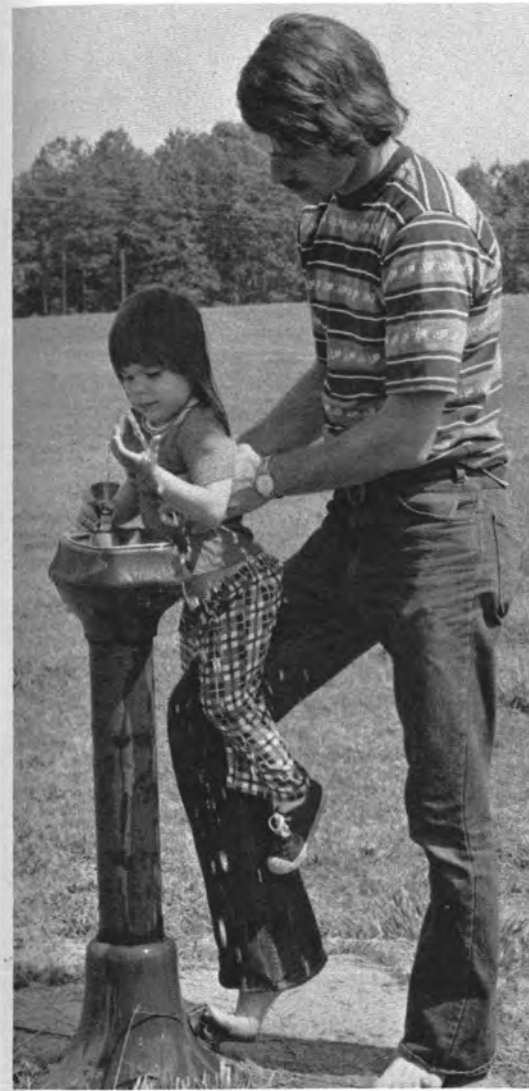

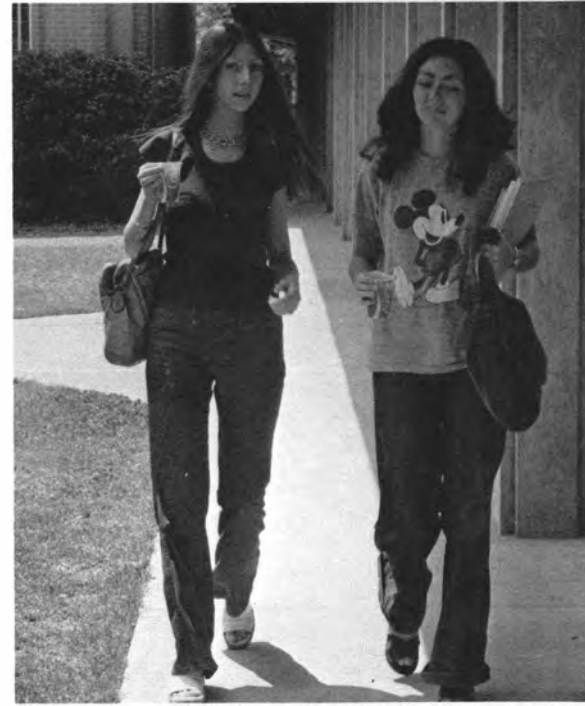

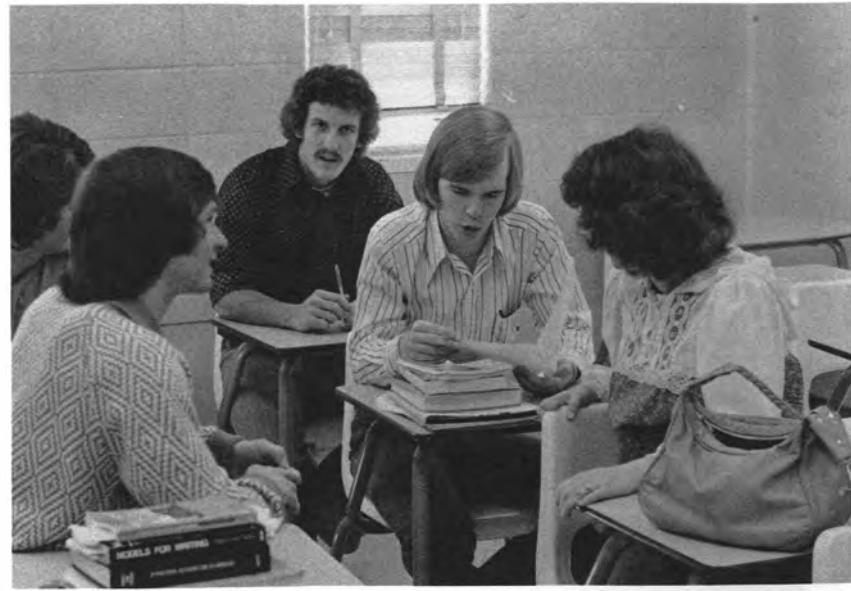

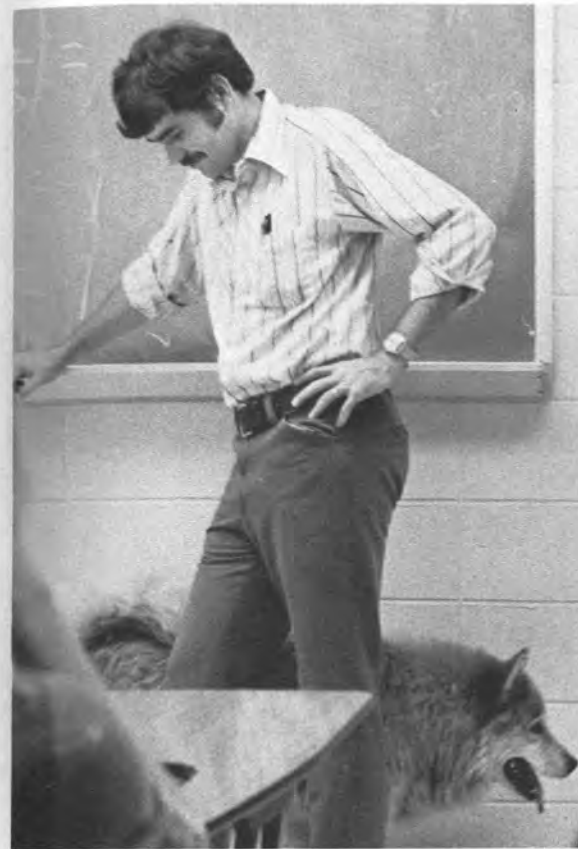

SUMMER  
1975

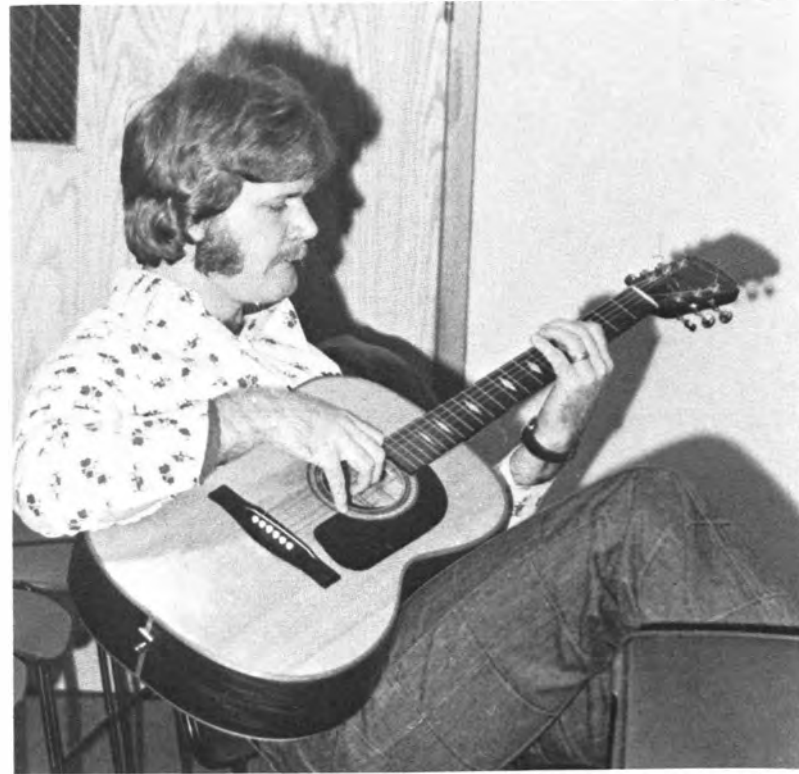

. . . Summer  
. . . It's too hot for school  
. . . I can't sit still  
I want to play and be free

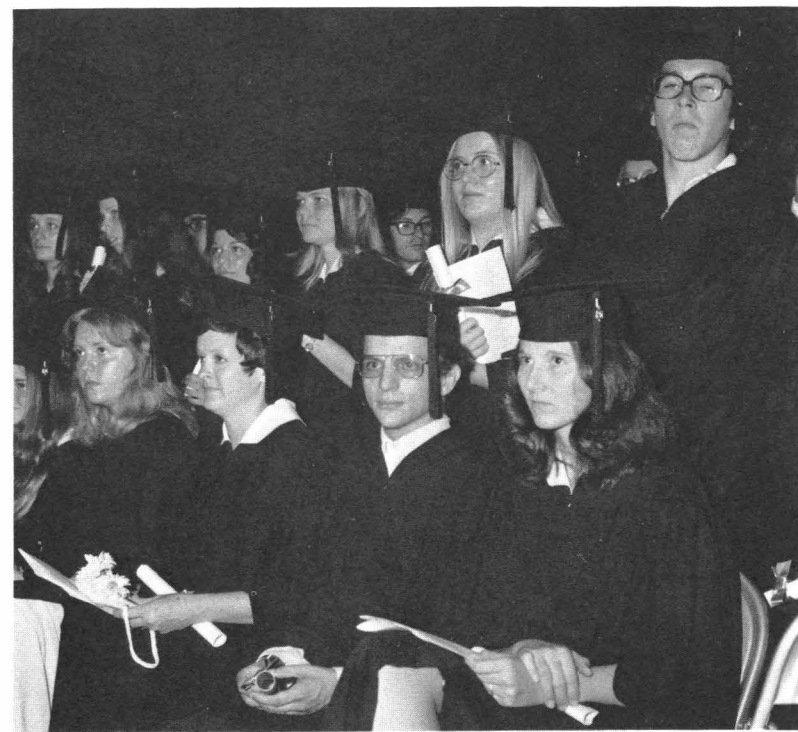

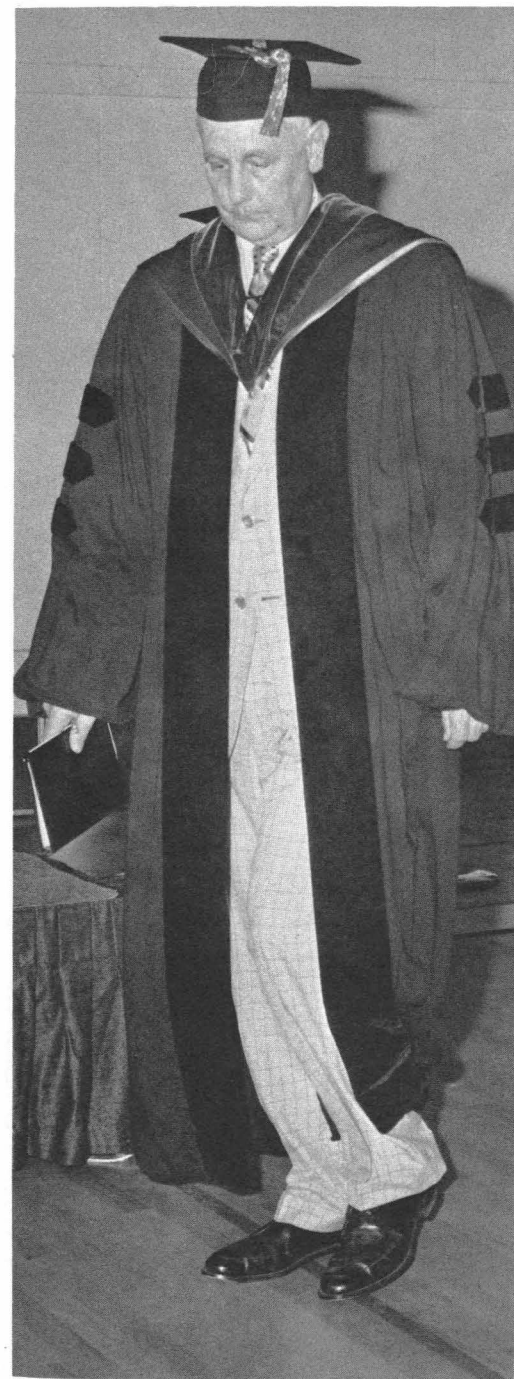

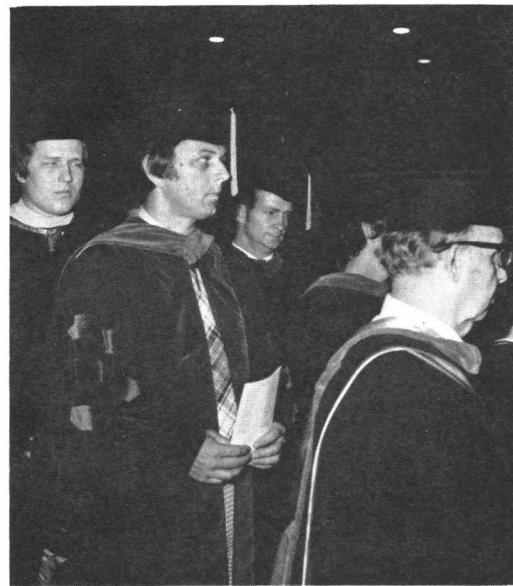

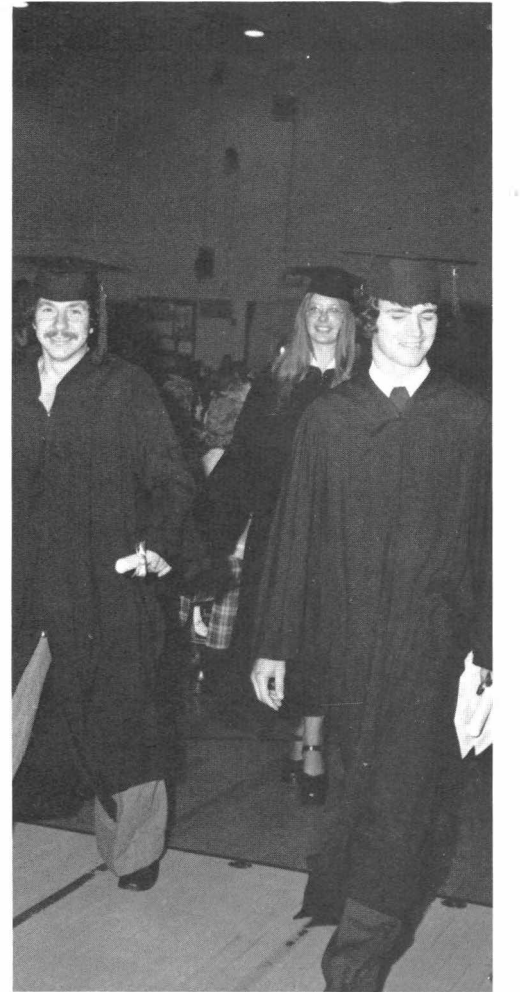

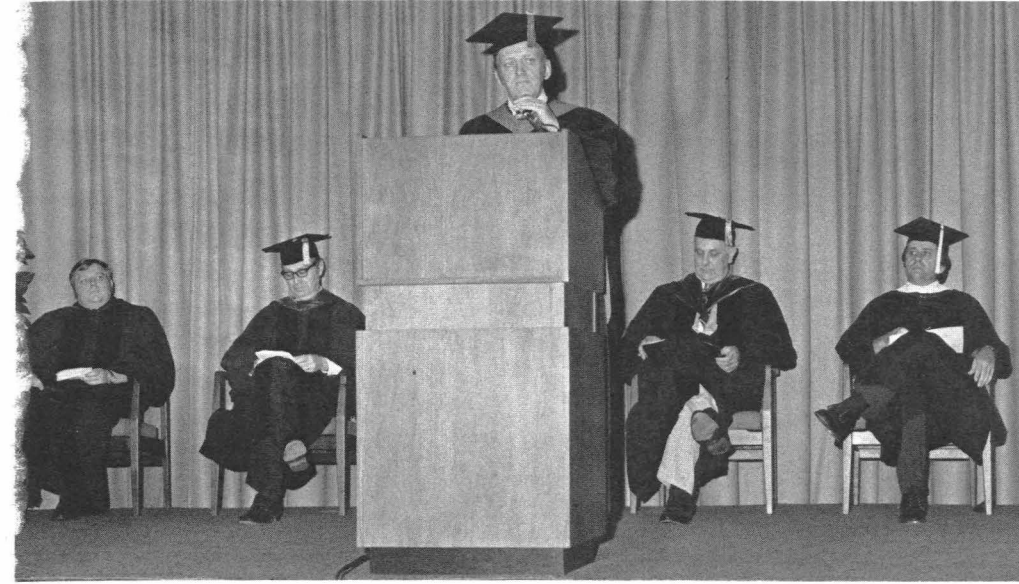

KJC Day, swimming,  
playing tennis and handball,  
playing with cars and motorcycles,  
playing . . . and working to "make the grade."

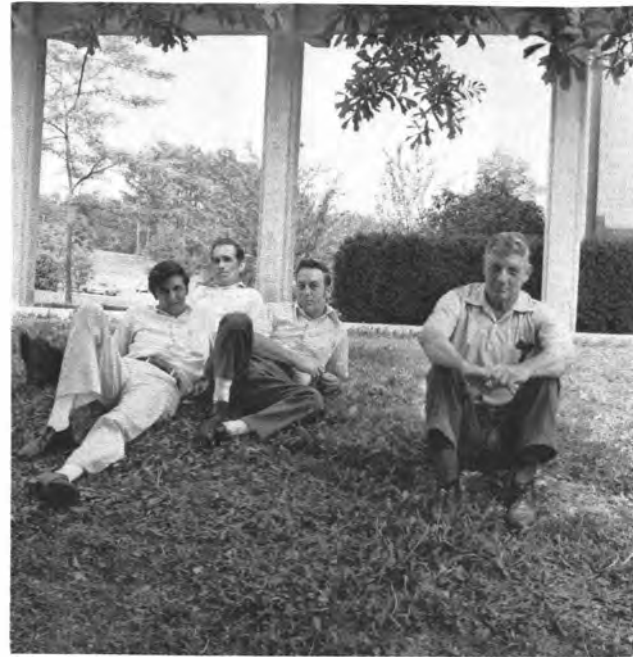

# GRADUATION — 1975

Graduation, June 5, 1975.  
 Dr. Vernon Crawford,  
 Vice-President for Academic  
 Affairs, Georgia Tech.  
 Rev. Lewis Tonsmeire, Rector,  
 Church of the Ascension,  
 Cartersville, Georgia  
 Dr. Eugene R. Huck, Academic  
 Dean  
 Dr. Horace Sturgis, President  
 Asst. Professor David Jones

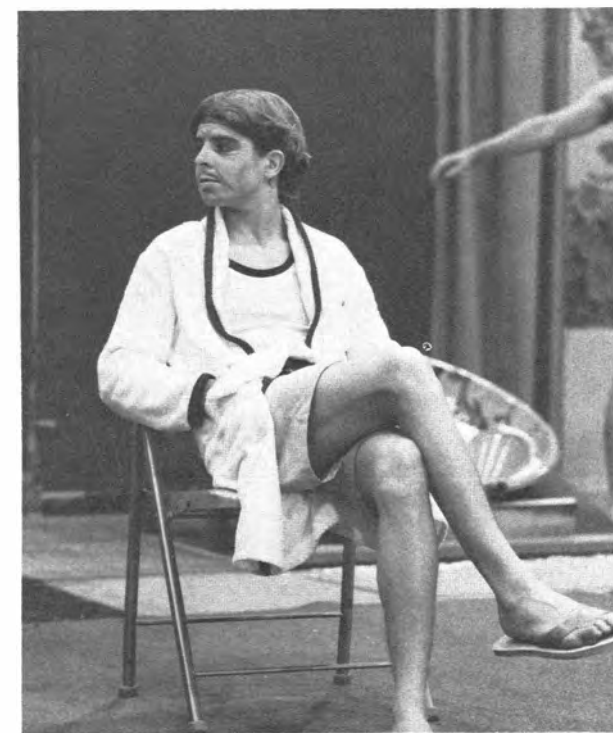

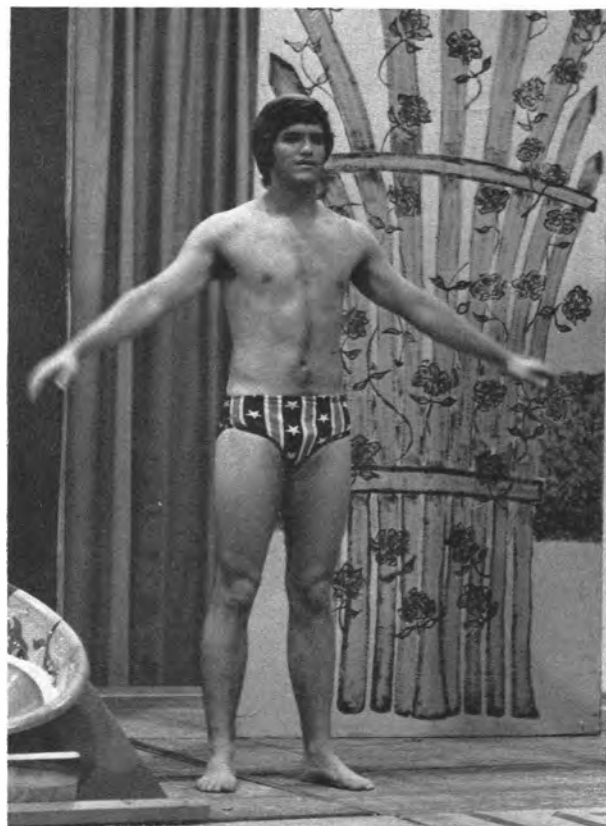

# KJC Day

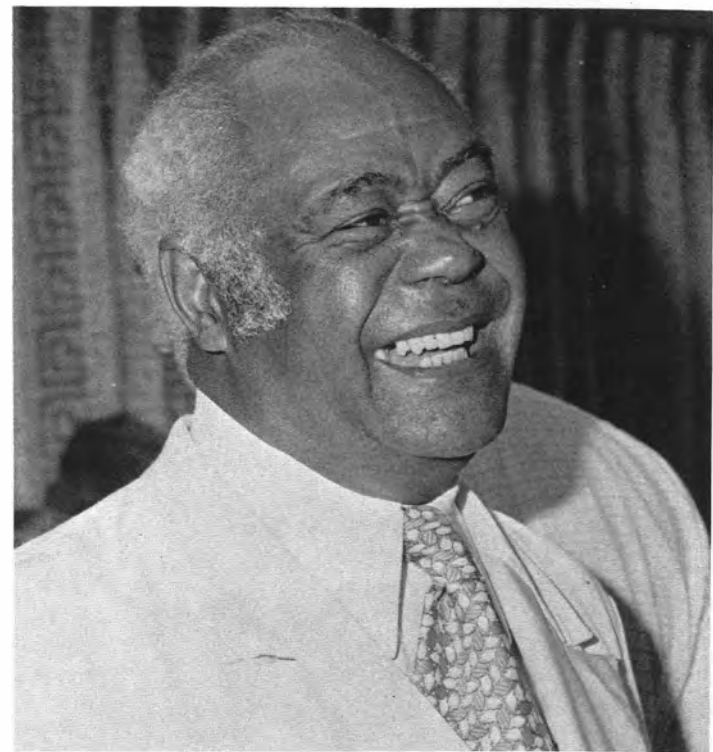

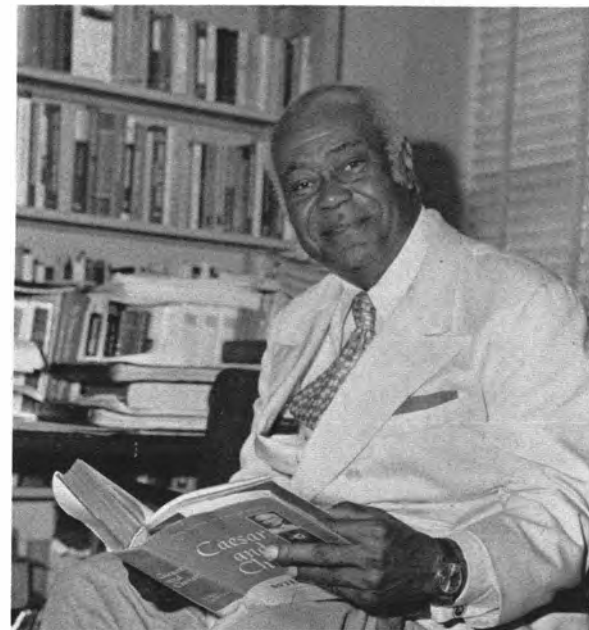

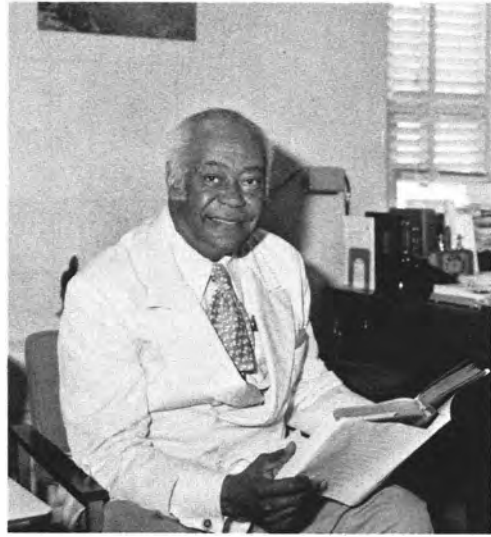

A day of cancelled classes, free food, band music and fun. Sitting in the sun or the shade . . . throwing frisbees or footballs . . . talking . . . running . . . sitting quietly . . . getting to know each other better . . . eating . . . laughing . . . KJC Day, freedom for all and all for freedom.

FALL  
1975

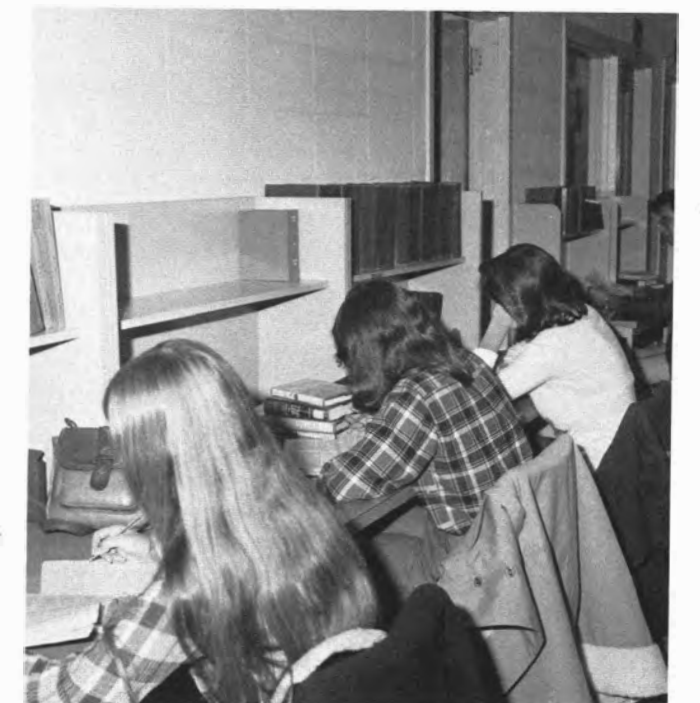

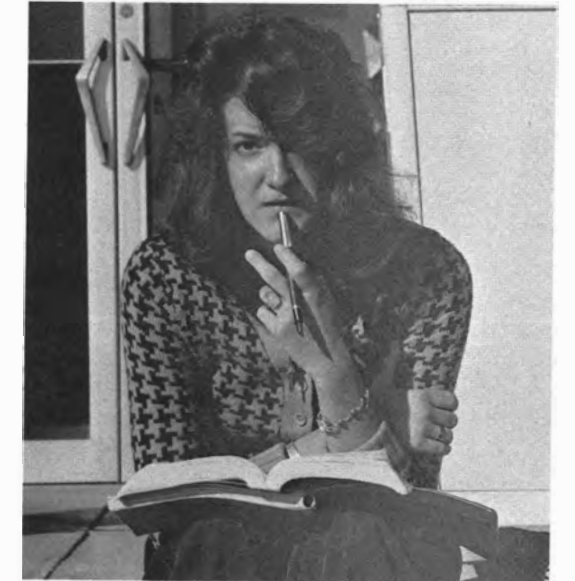

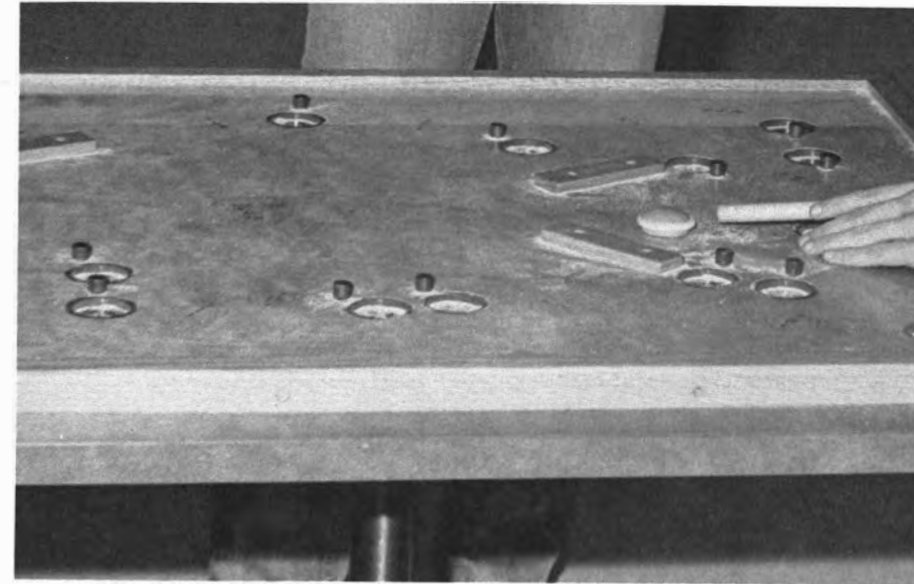

. . . Fall  
 . . . Fans of color wave in the air  
 . . . Gold, Red, Brown, Orange, Green  
 . . . What a glorious way to go.

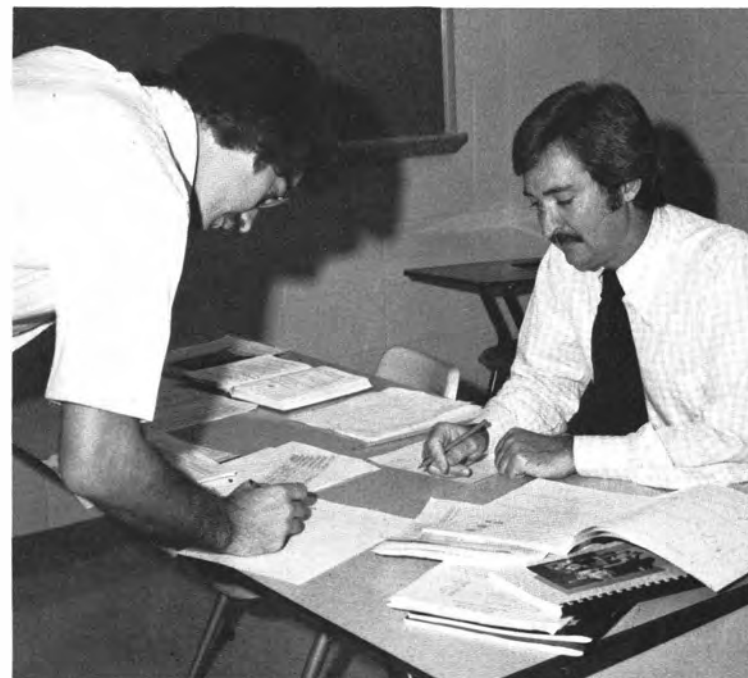

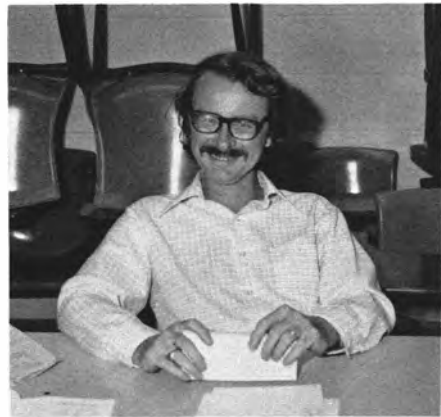

Dedication, registration, movies, football,  
and classes.  
Going here and there . . .  
Going in circles . . .  
Going crazy . . .  
What a glorious way to go!

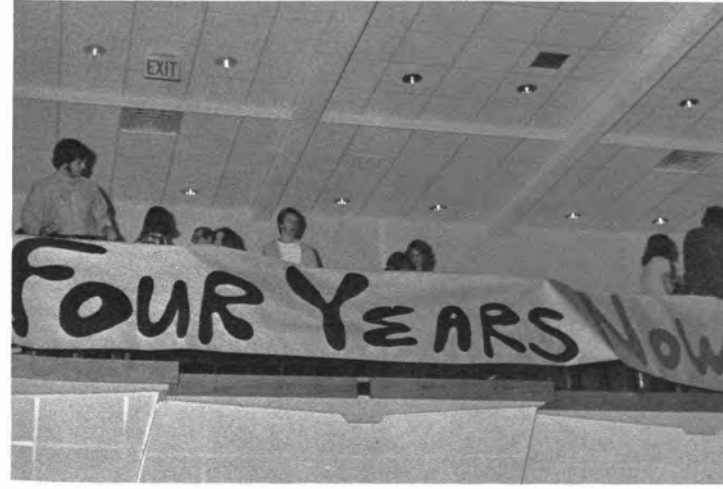

# Registration

Night Students, Day Students, Faculty Members, all fear the ordeal of registration. Picking up cards, giving them back, juggling classes and schedules, waiting in line to find out a class is closed, suddenly we find ourselves re-evaluating our motives in entering "Big Shanty U." for another quarter. Is knowledge really this important? Do I actually need to further my education? Then, pushing onward, getting the right cards, and paying the fees; Yes, I don't know why, but Yes, I must go on.

*Dedication . . .*

The James V. Carmichael Student Center was dedicated in ceremonies at Kennesaw Junior College on October 2, 1975. Attending the ceremonies were Governor George Busbee and Mrs. James V. Carmichael, among other dignitaries.

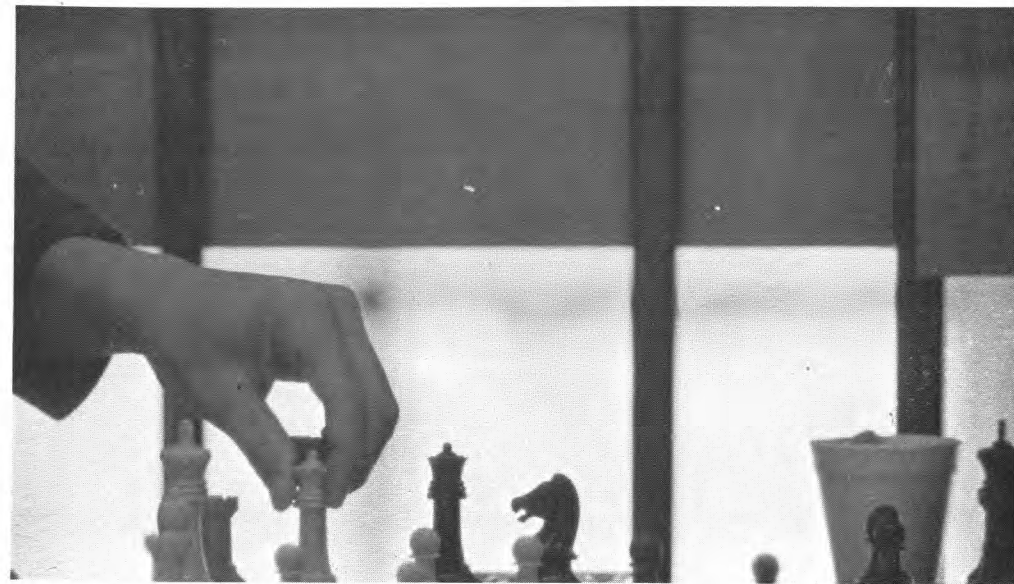

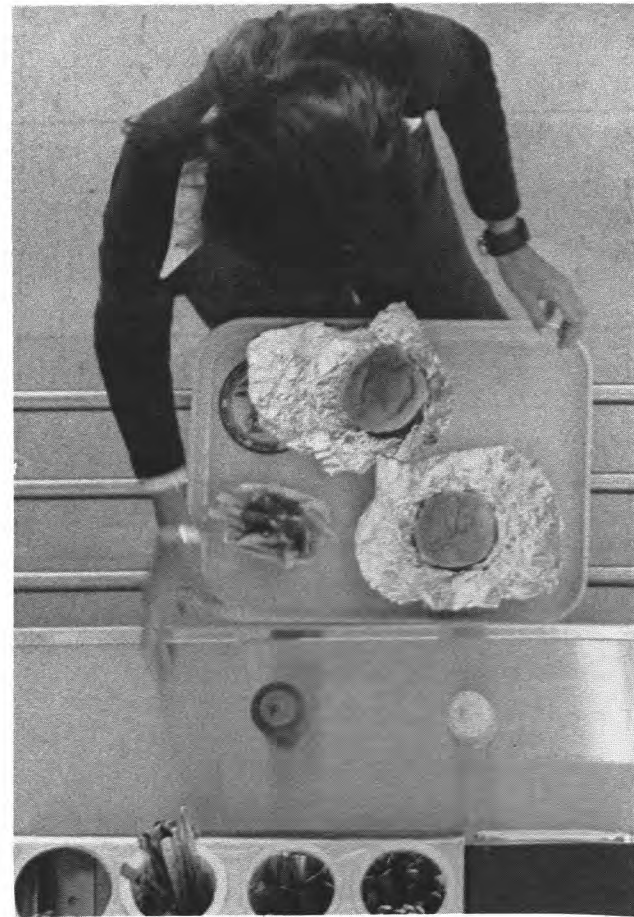

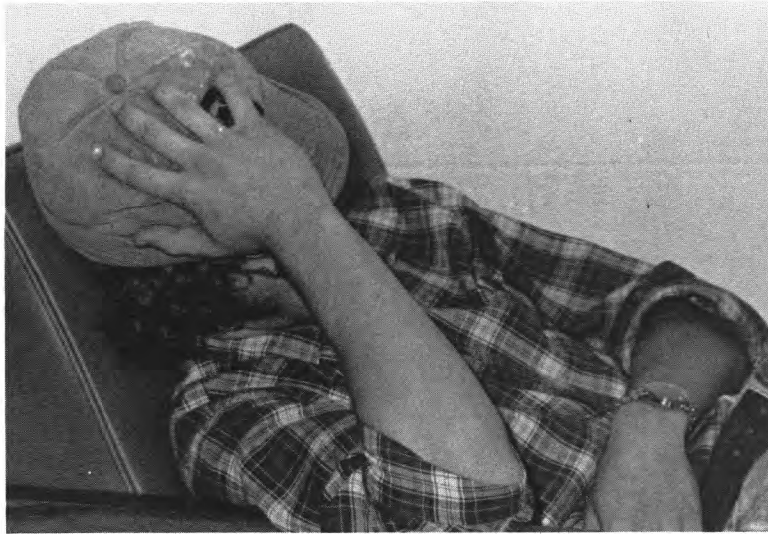

The new student center is named for the late James V. Carmichael, a native of Cobb County who served on the Board of Regents of the University System of Georgia.

James V. Carmichael was instrumental in gaining approval for the construction of the new student center at Kennesaw. The decision was made in 1971 which launched the planning and development of the J.V.C. building.

*... and  
Recreation.*

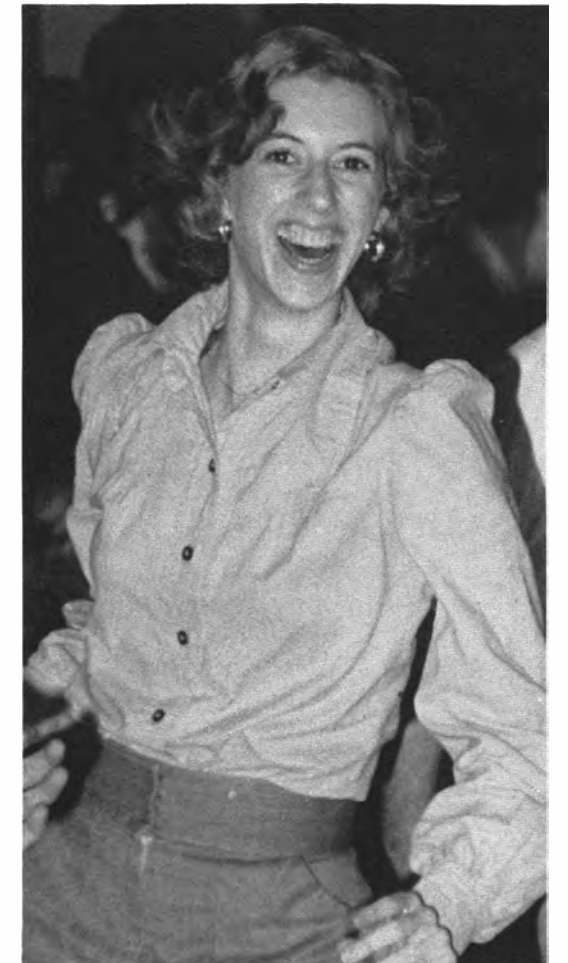

**Dance,**

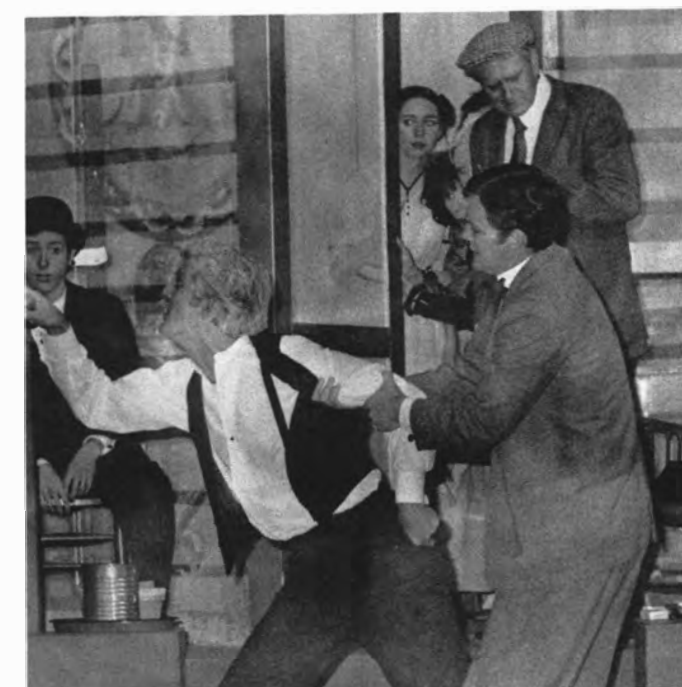

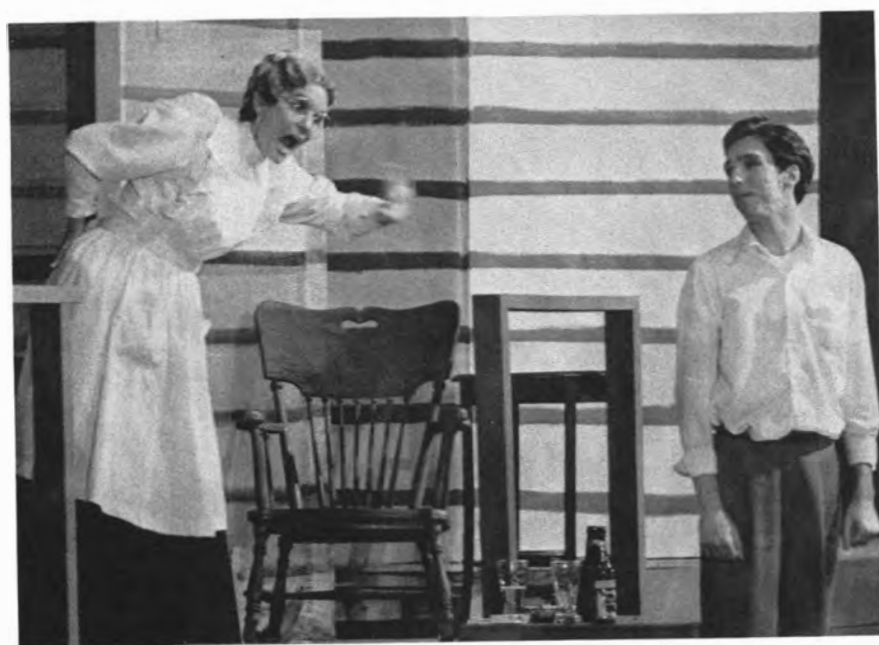

**Laugh,**

**Listen**

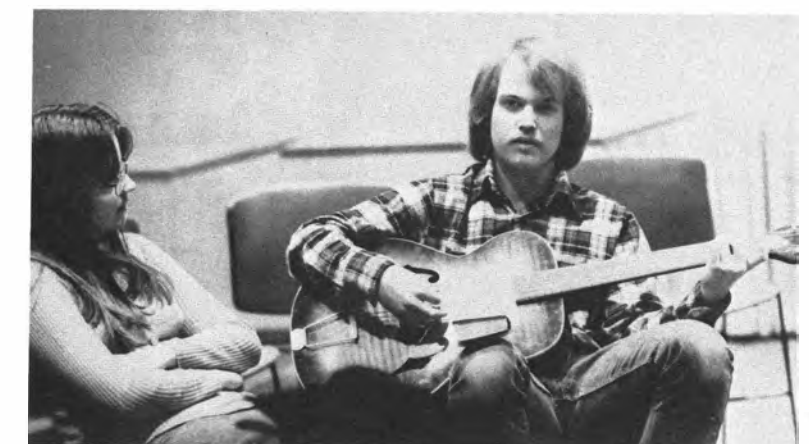

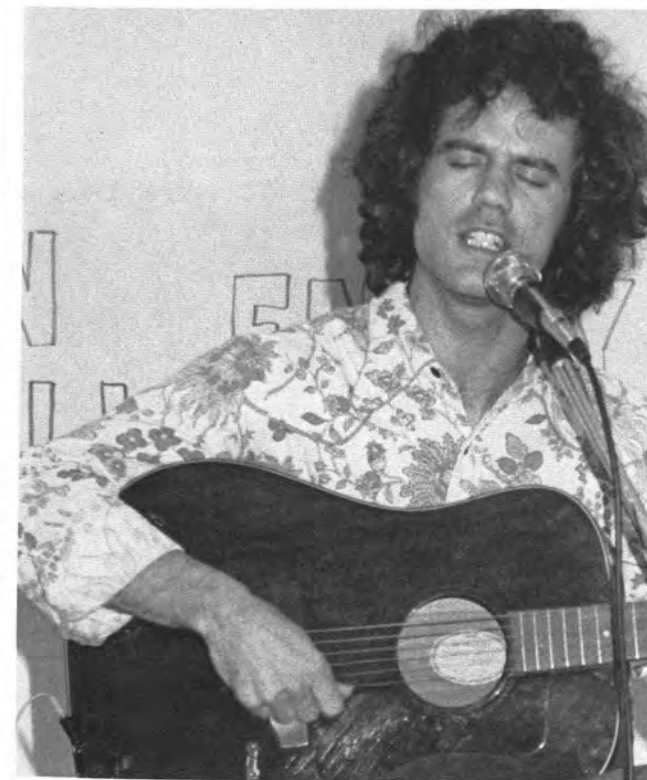

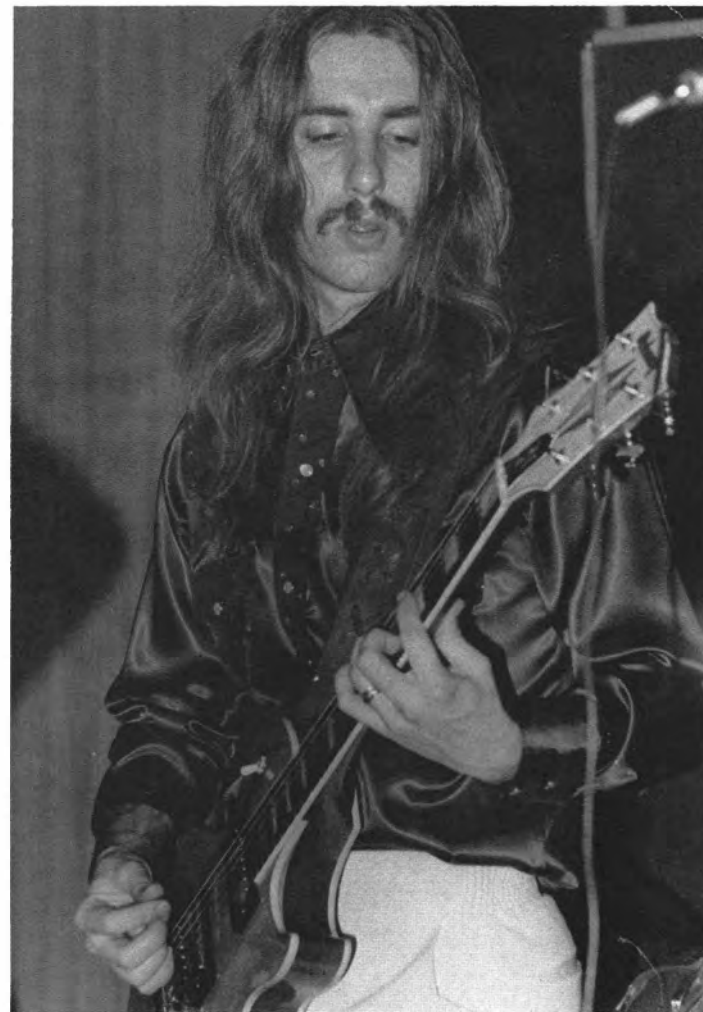

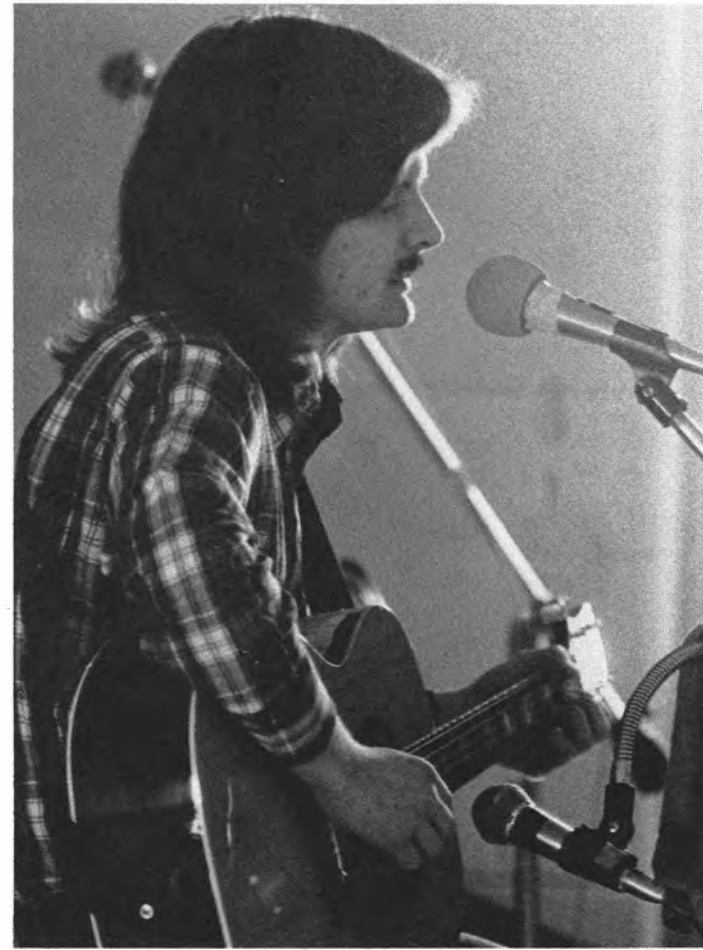

## CAST OF CHARACTERS

BEN GANT ..... TODD COTTON  
 MRS. MARIE "FATTY" PERTRUTH INGLIS

 among others.  
 Comments —  
 Fantastic!  
 Interesting!  
 Enjoyable!  
 among others.

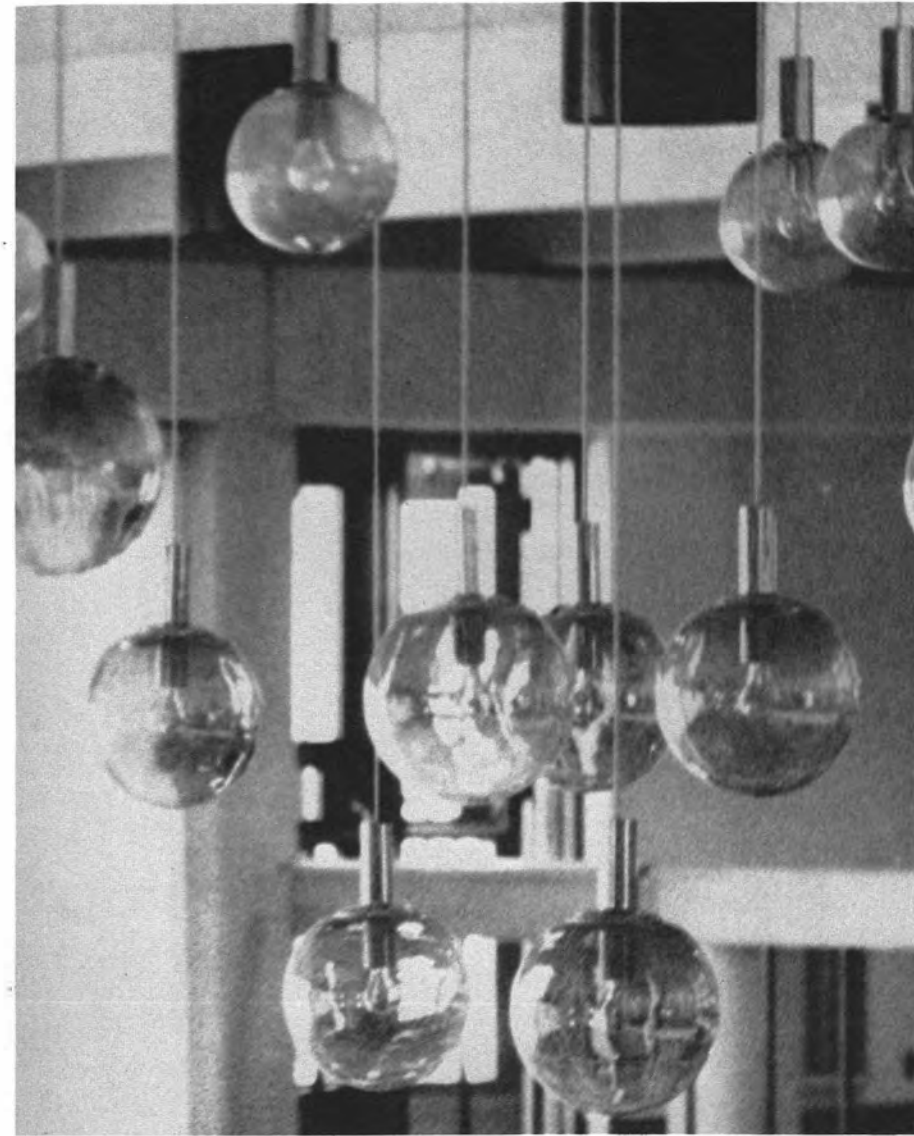

# Kennesaw Owls? Intramural Football

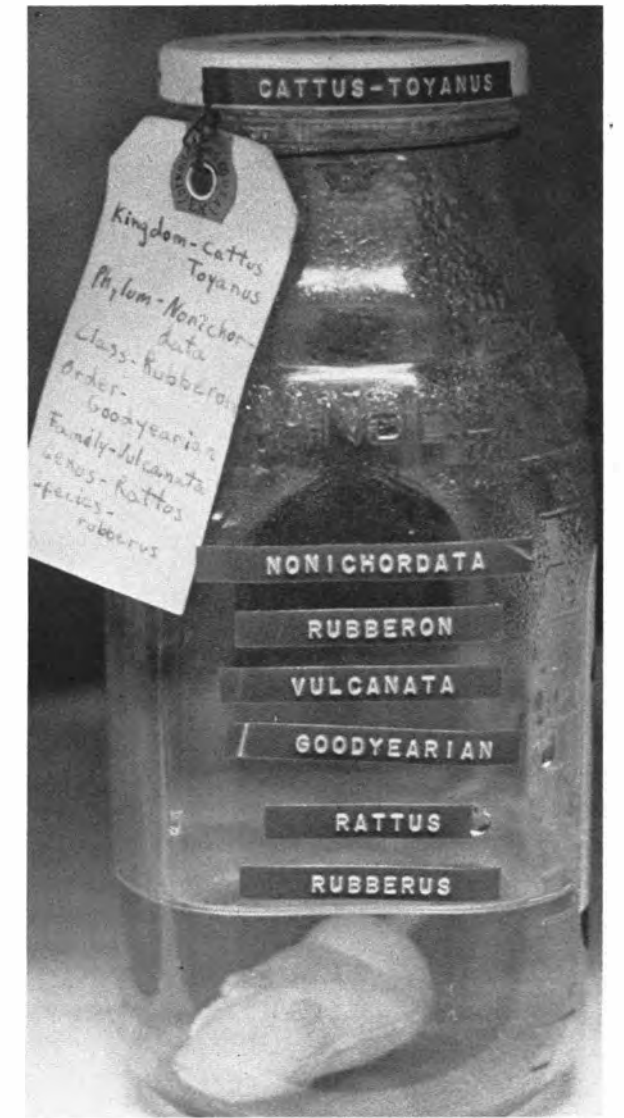

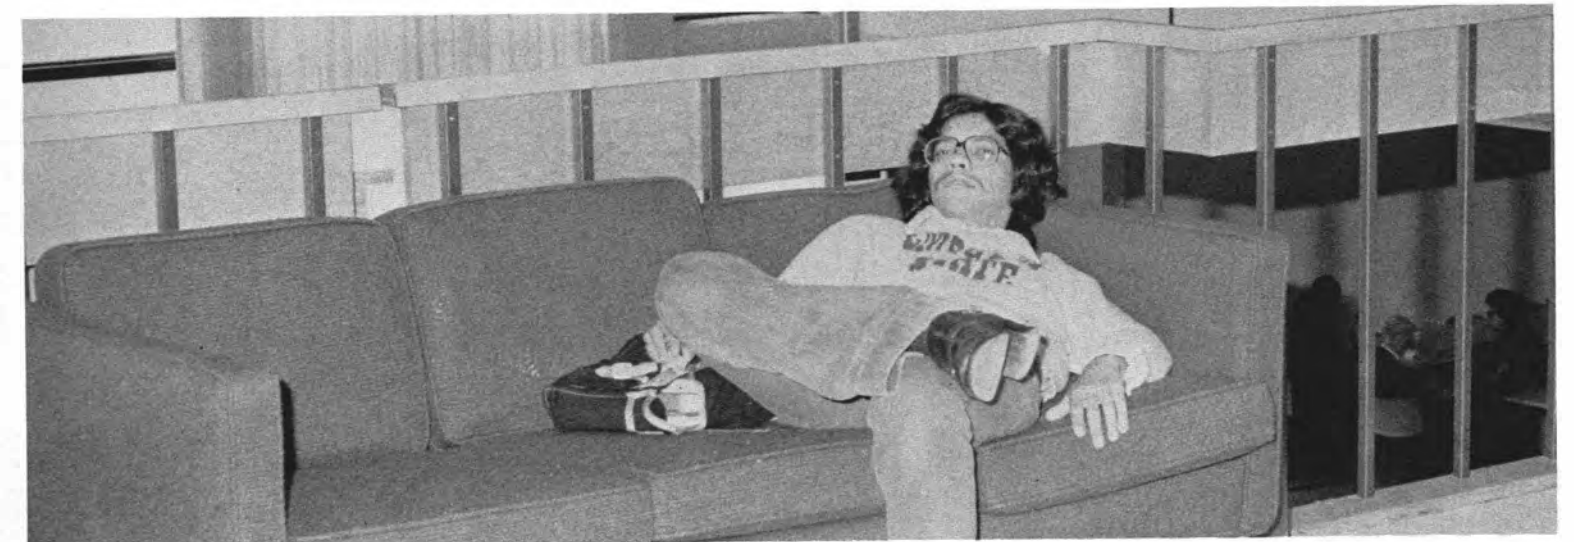

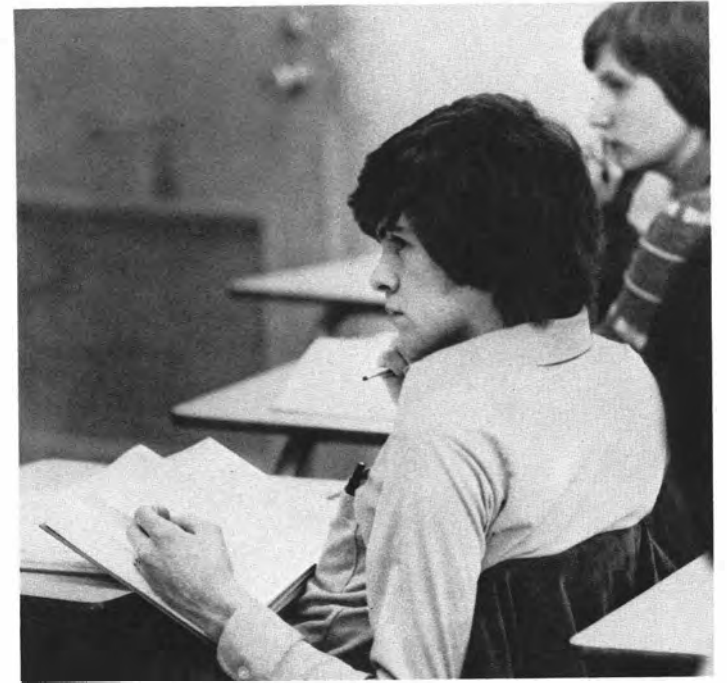

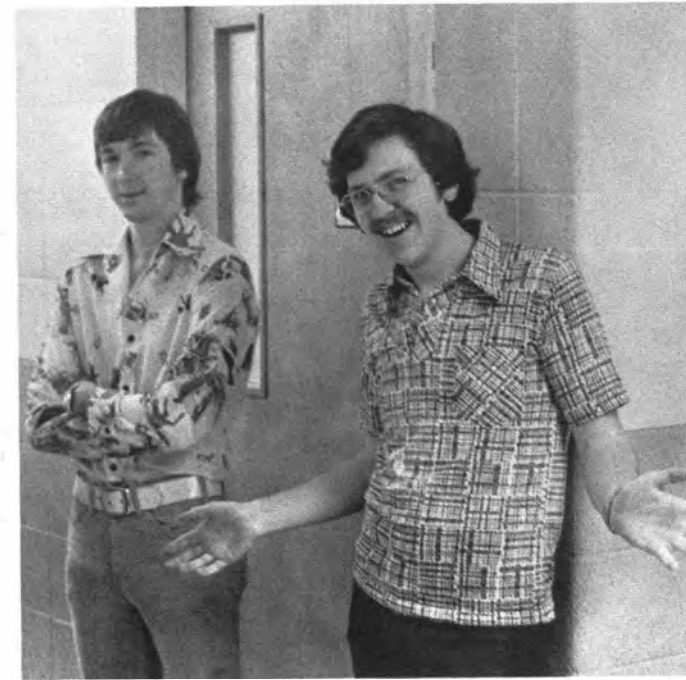

Leadership  
Conference?

## Awakening

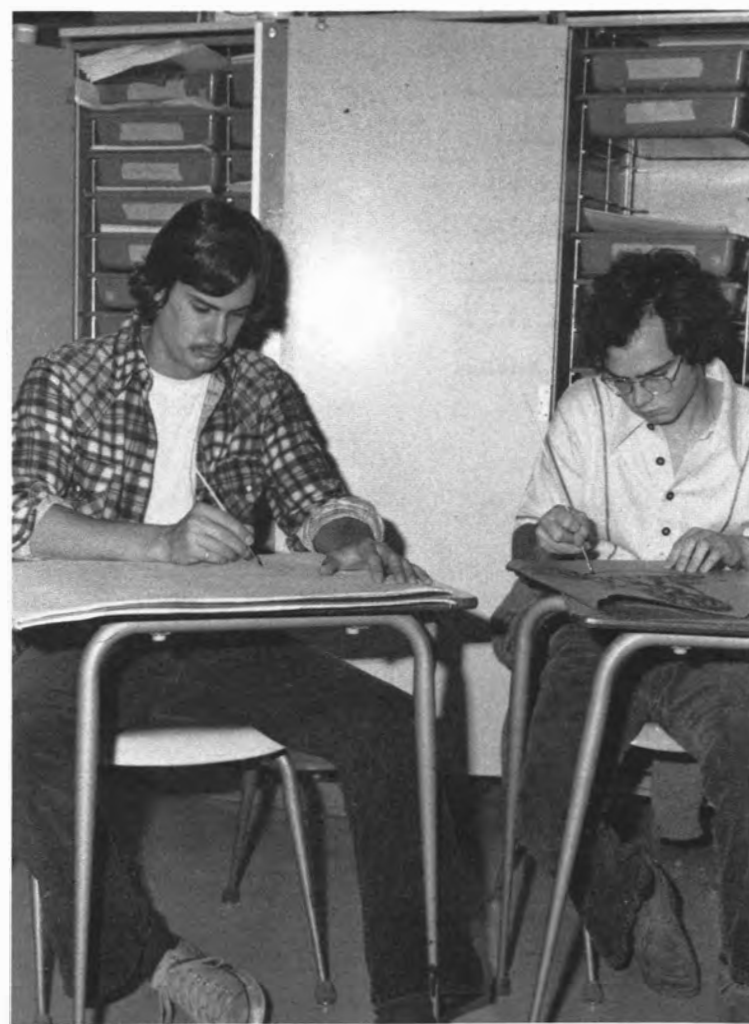

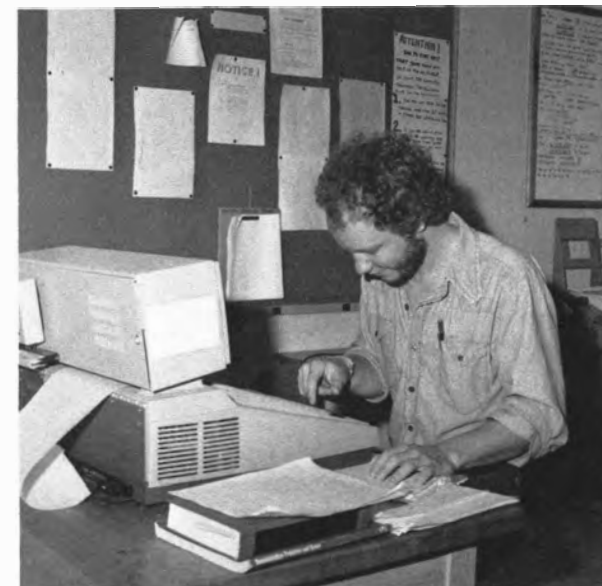

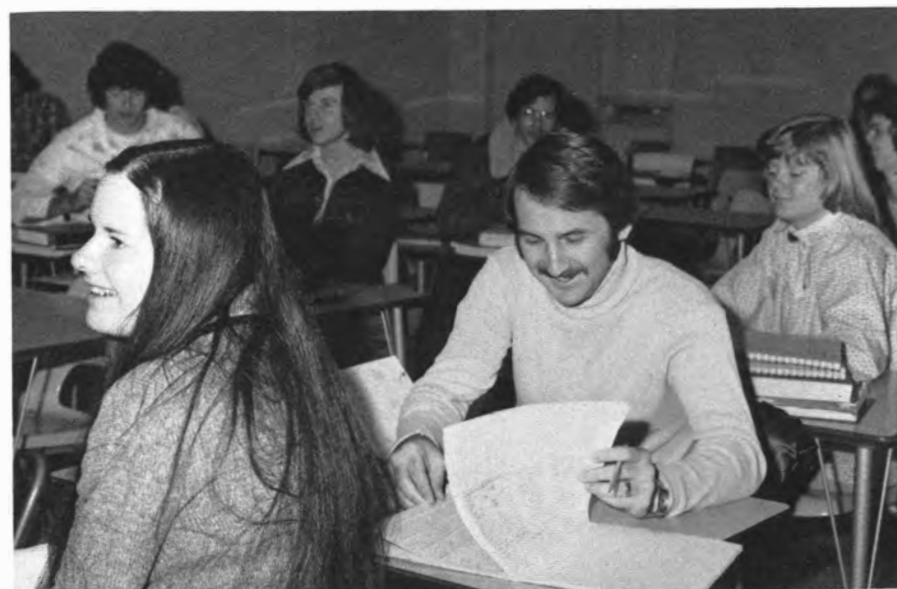

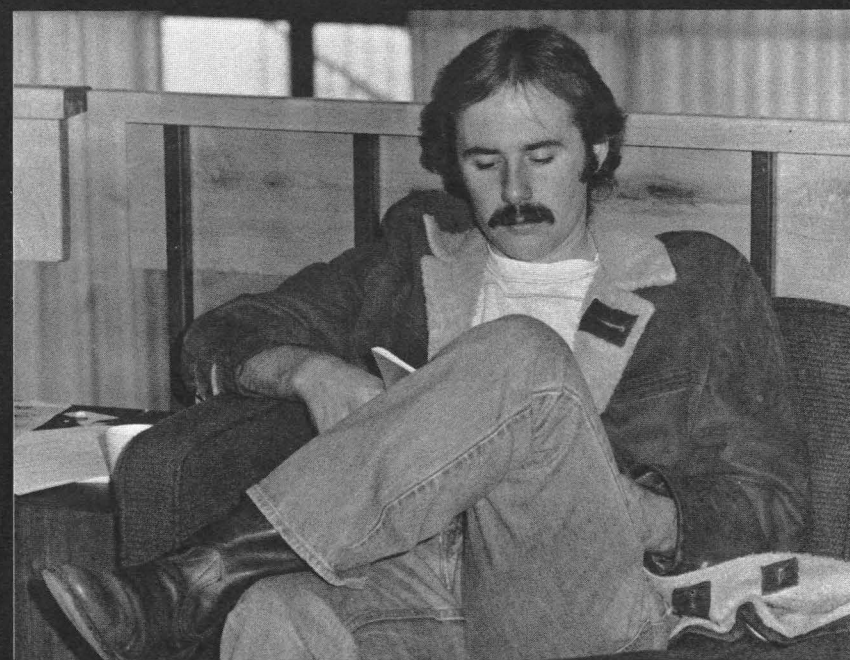

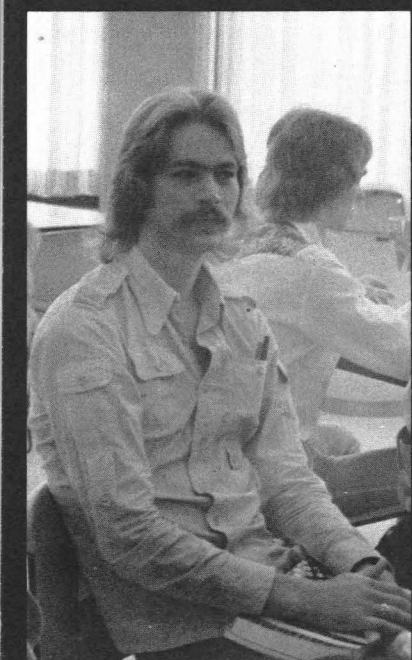

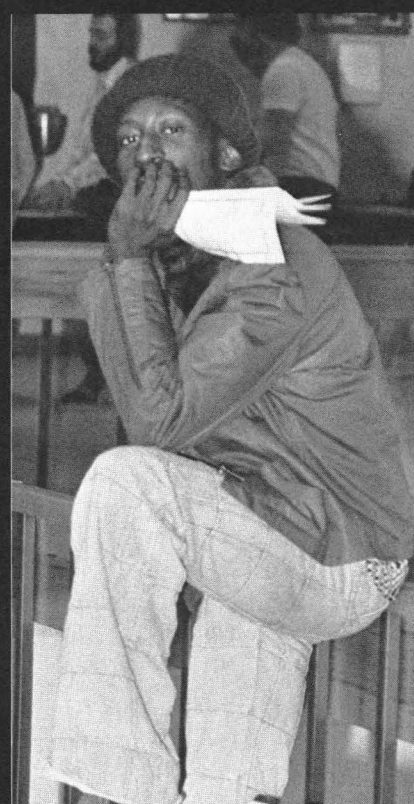

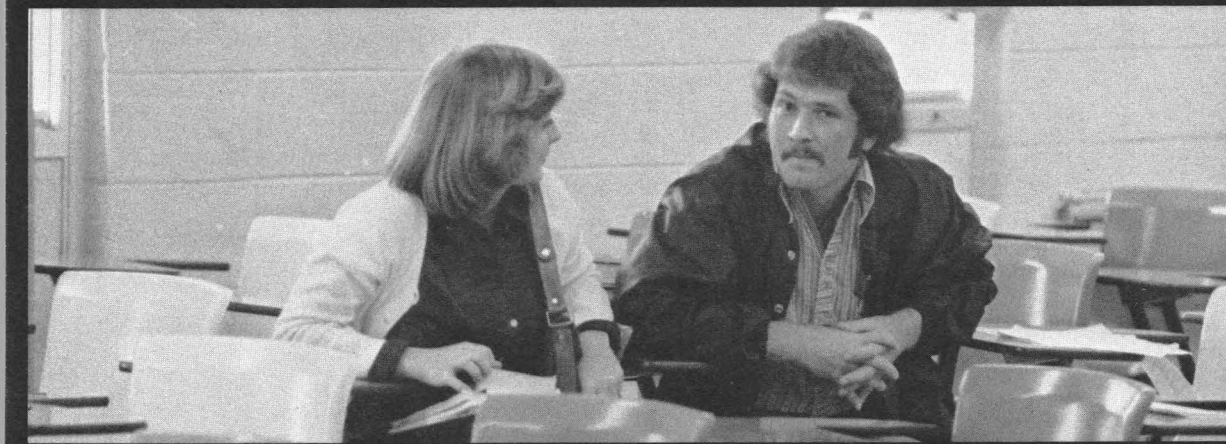

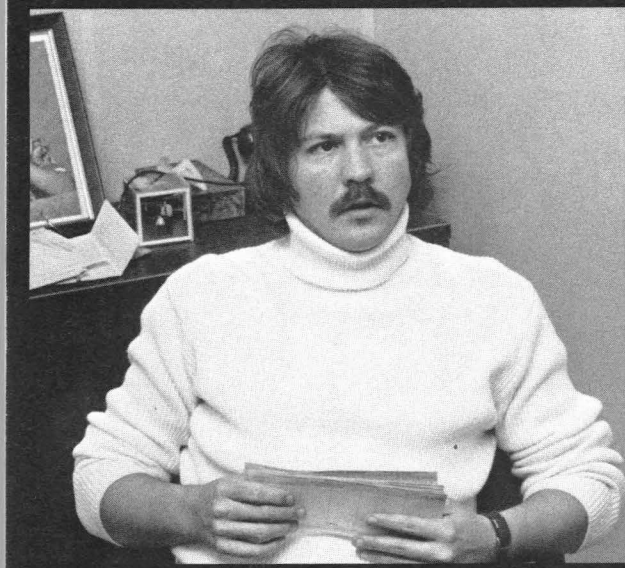

Study, read, compute, experiment . . . these are intrinsic to KJC. For why do we go to school, but to learn?

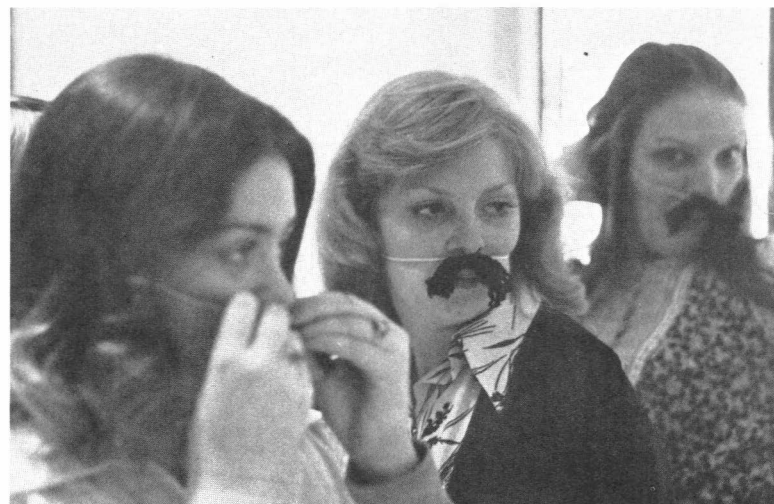

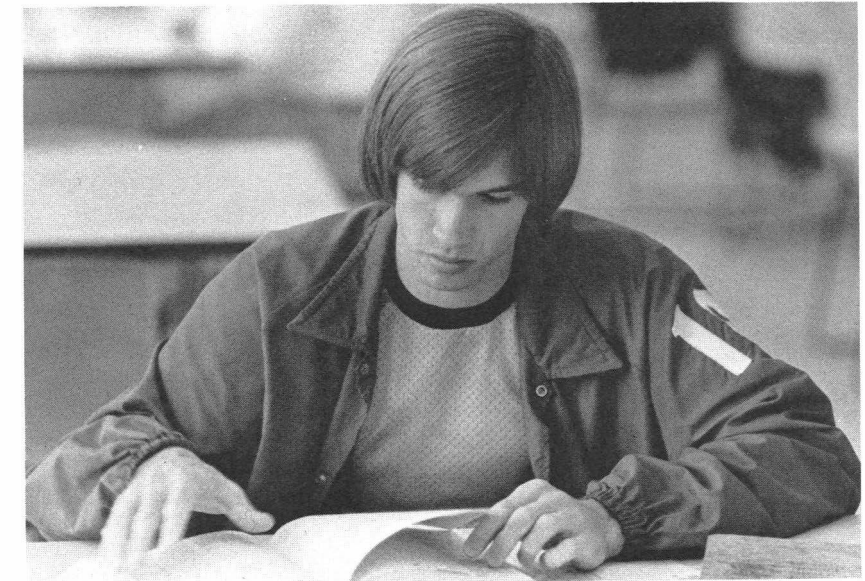

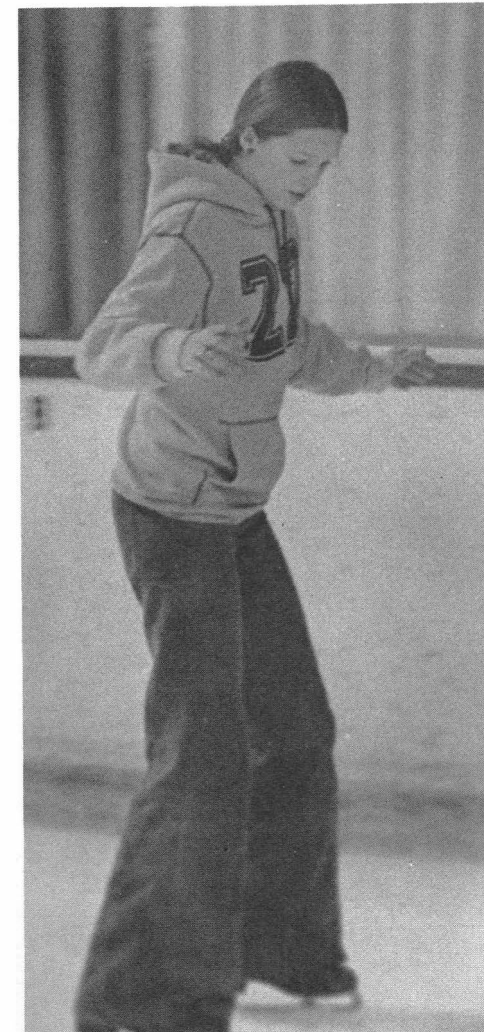

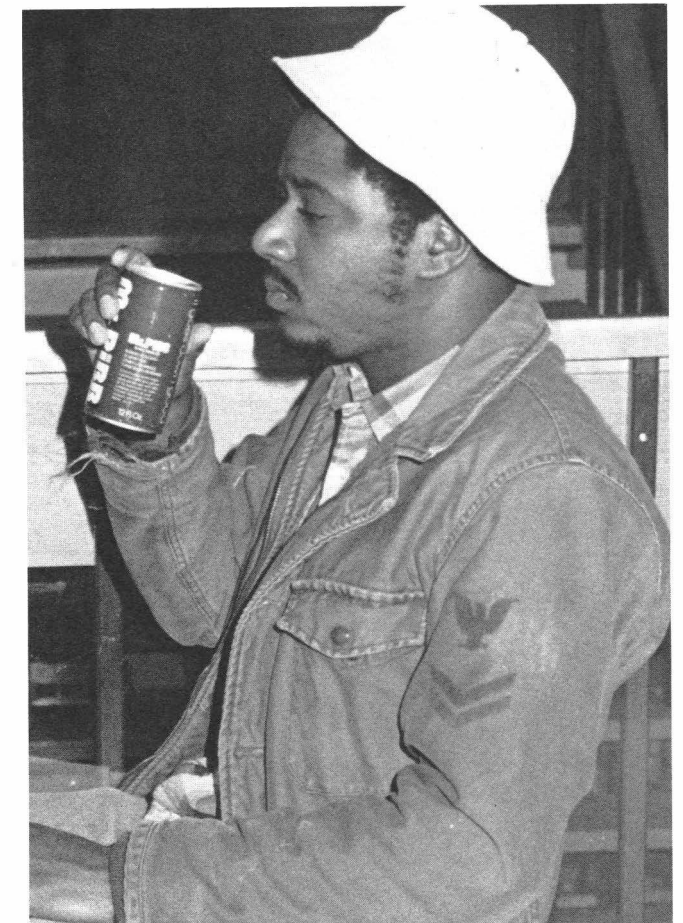

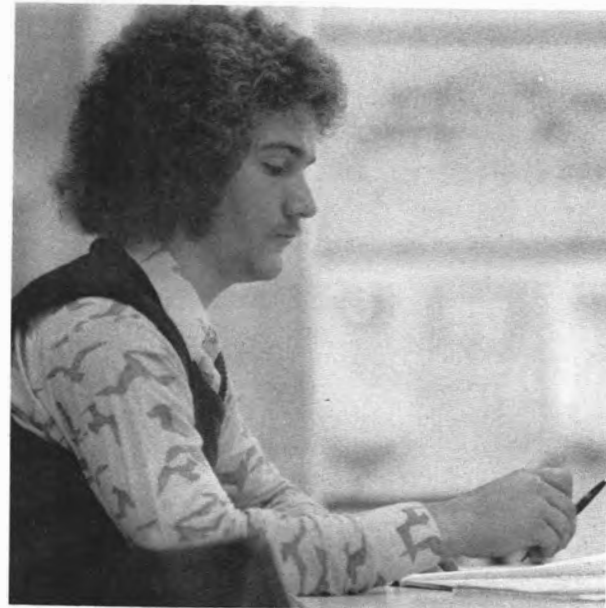

WINTER  
1976

Winter  
... Snow? No, rain.  
In the mornings, the air  
is so crisp, you can almost  
... hear the clouds crack.

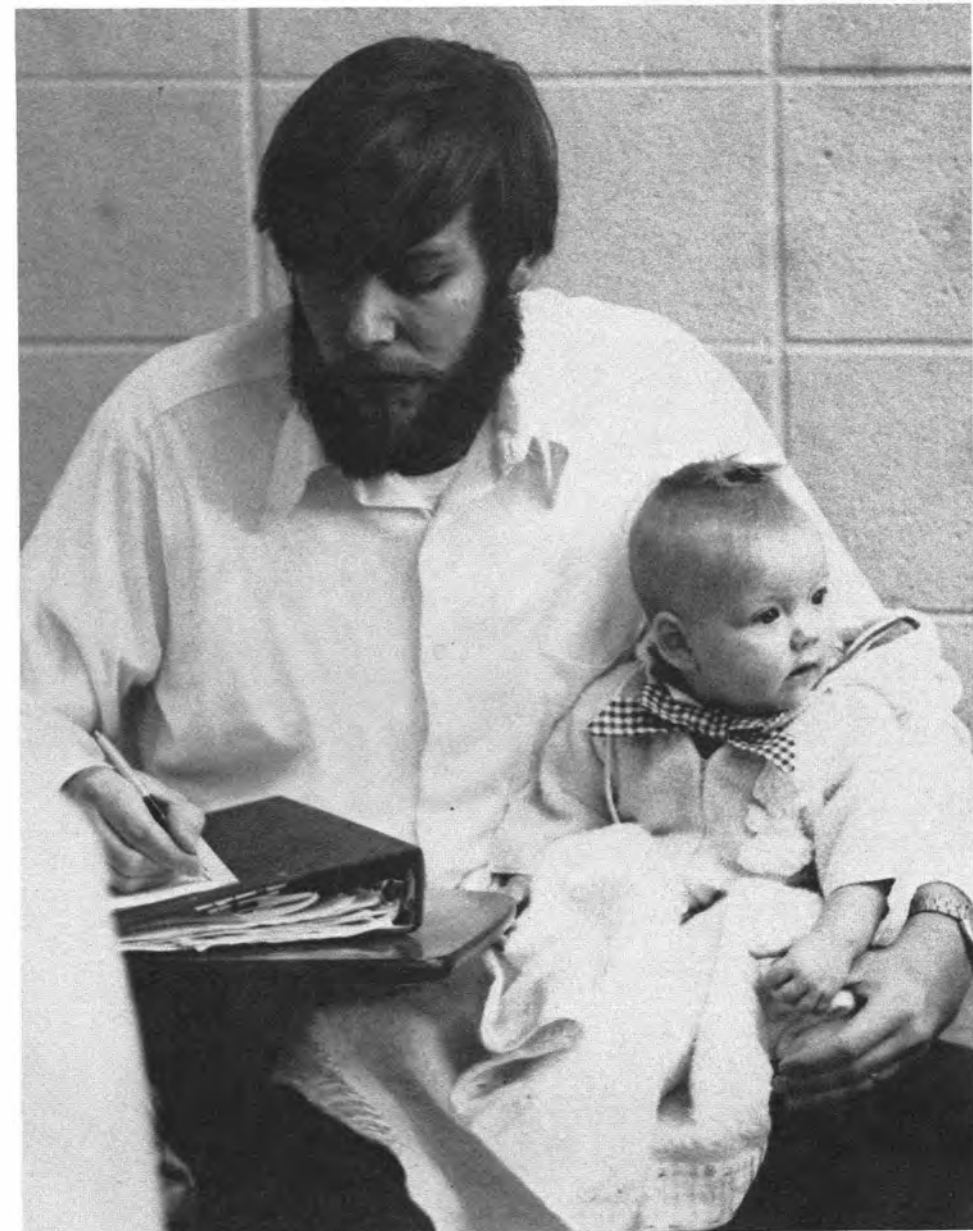

Christmas, Black Awareness Week, Basketball, Speakers . . . and tests.  
Teachers start cracking the whip . . .  
Students start cracking up . . .  
And the clouds crack and the ice melts . . .

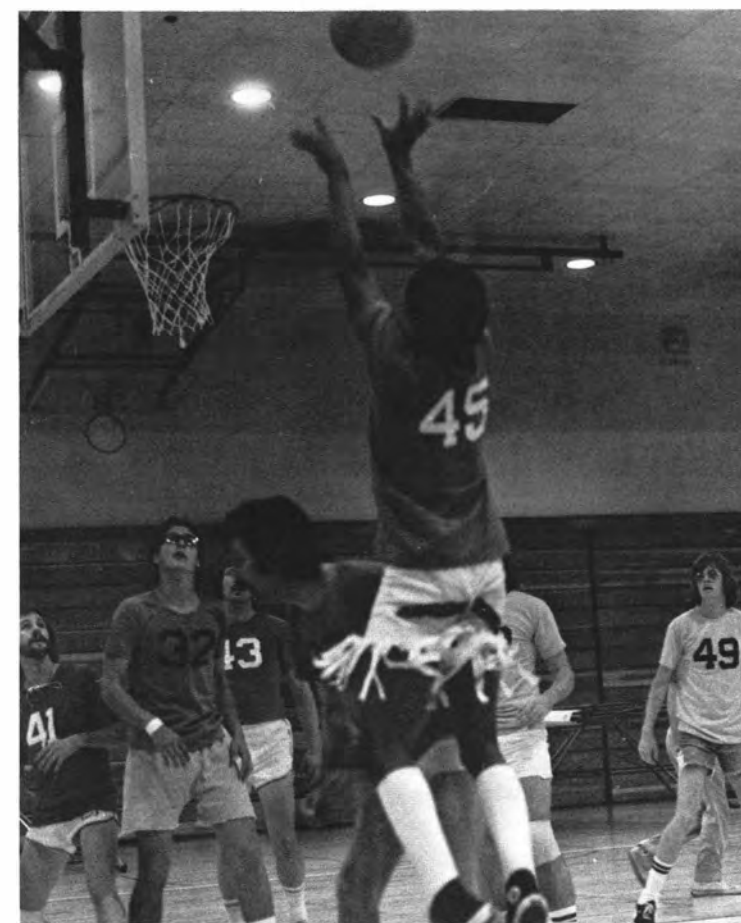

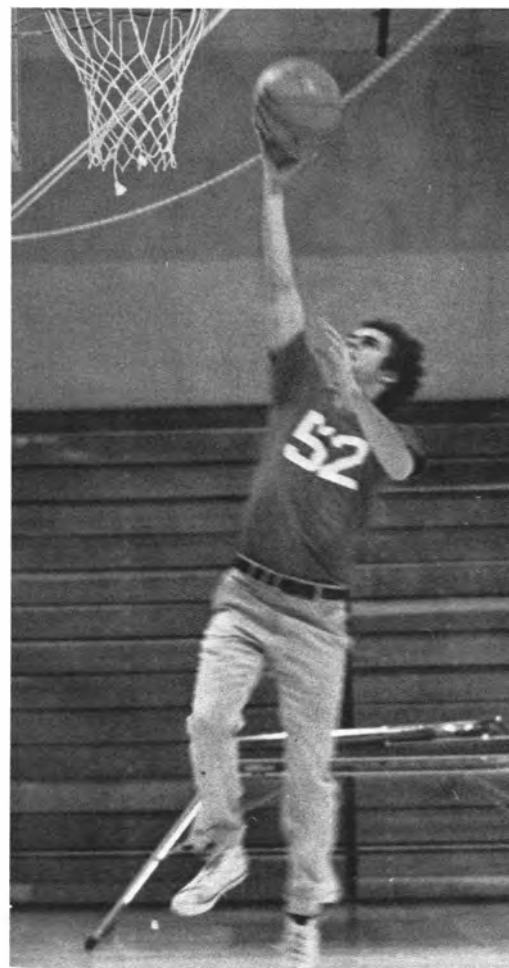

College Kids?

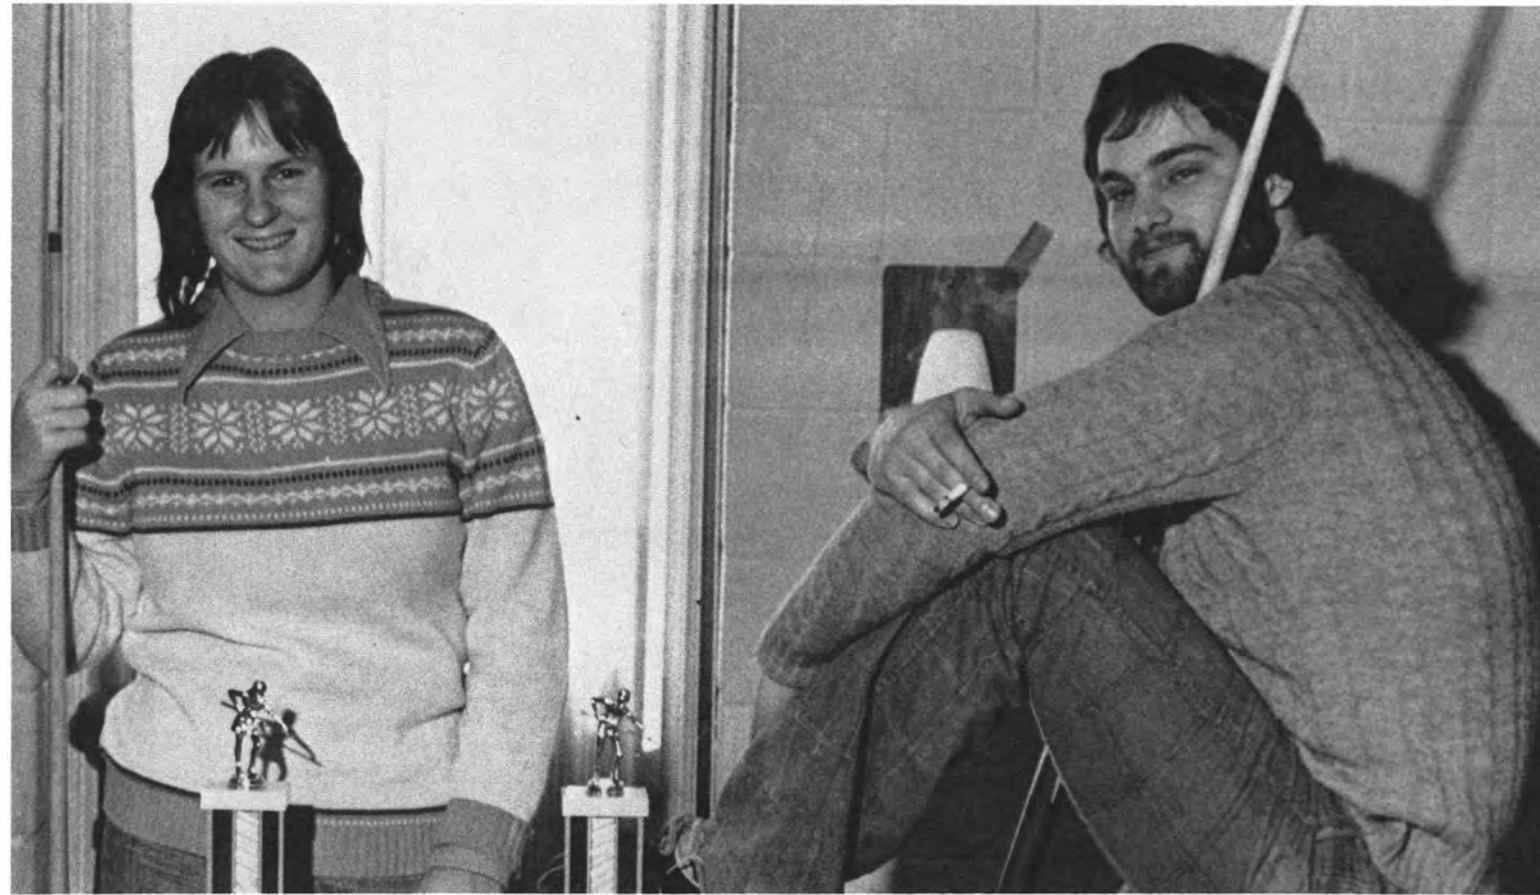

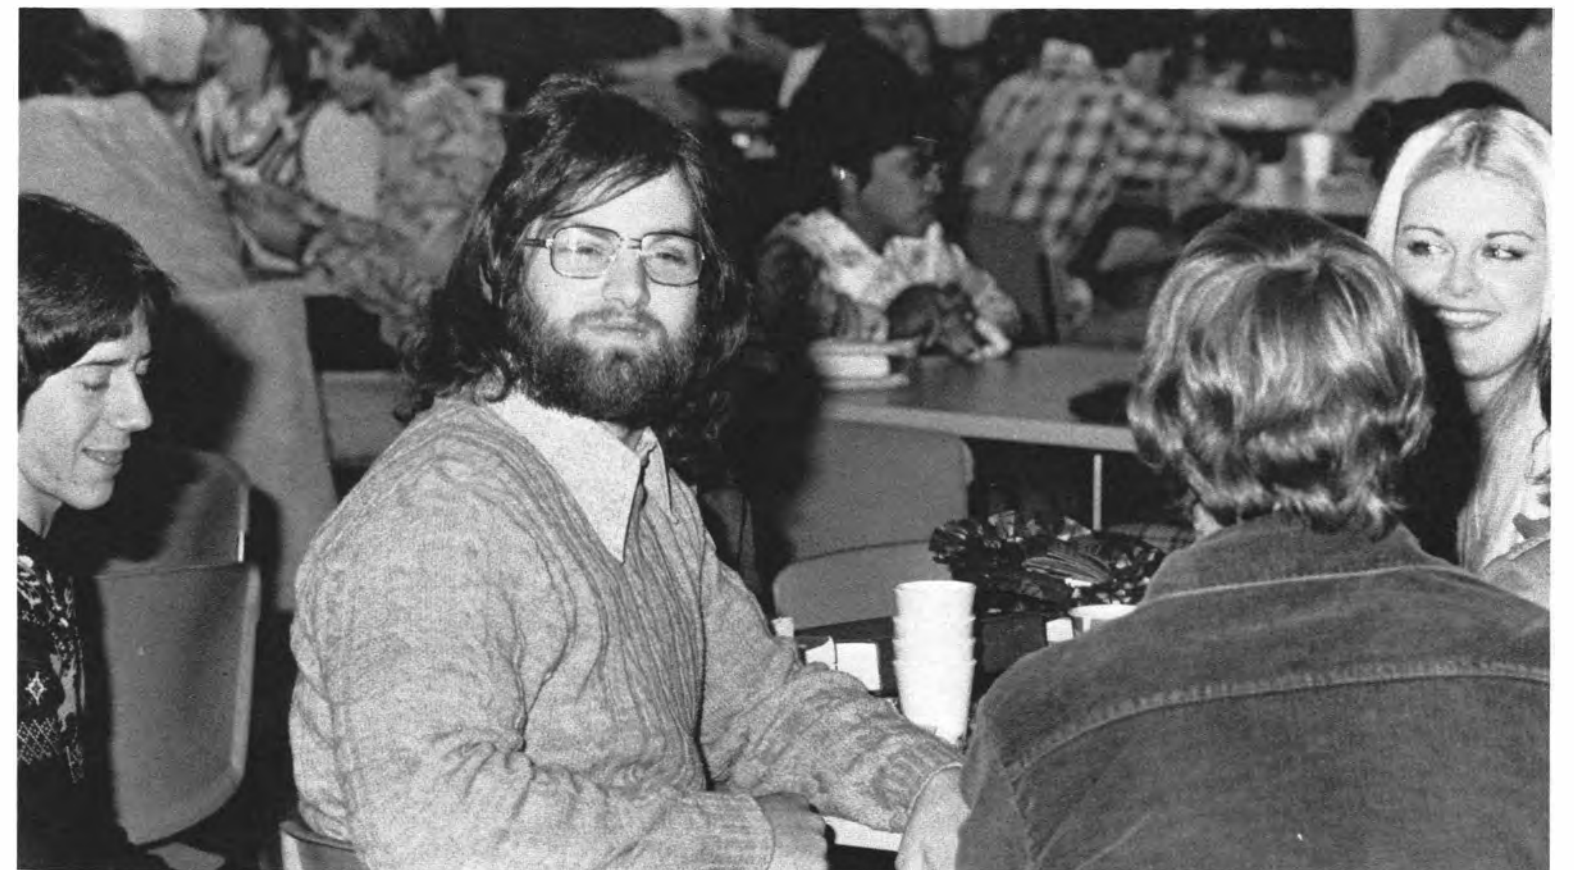

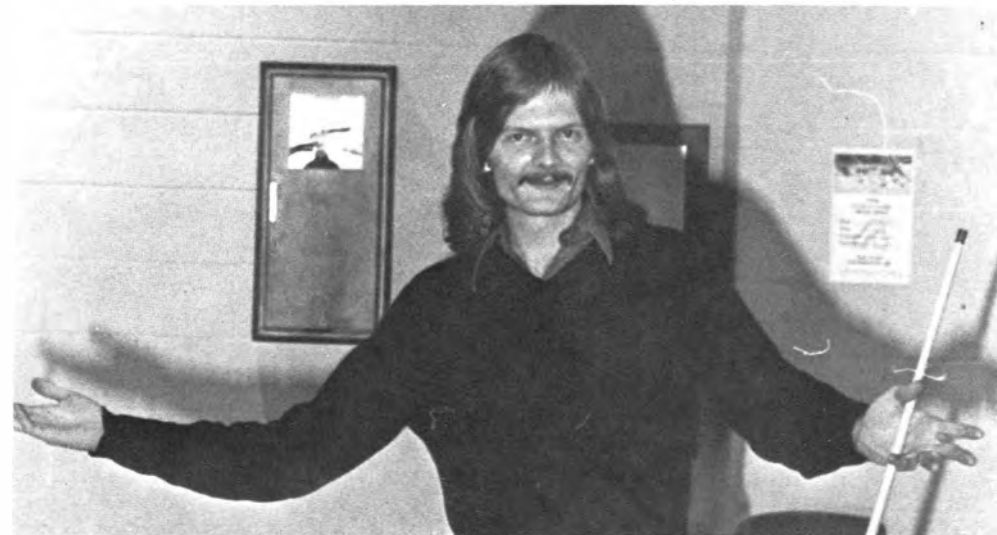

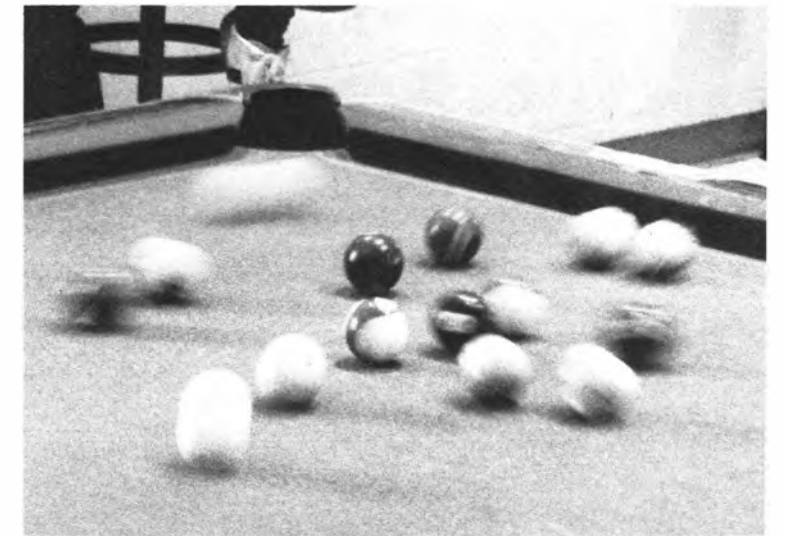

Intramural  
Basketball

Tournament

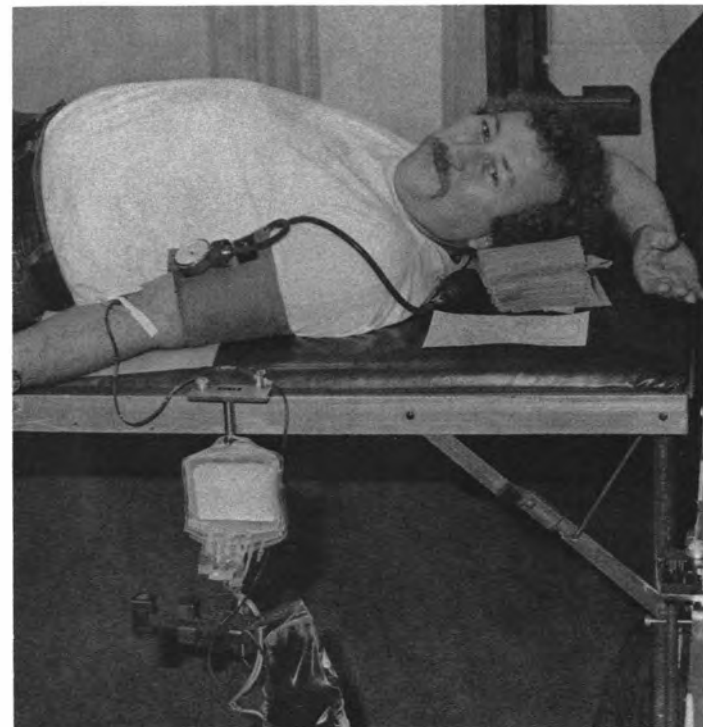

Dance

Fly

Blood Drive

**HELP SOMEONE  
MAKE IT**   
**BE A BLOOD DONOR**  
ATLANTA REGIONAL RED CROSS BLOOD PROGRAM

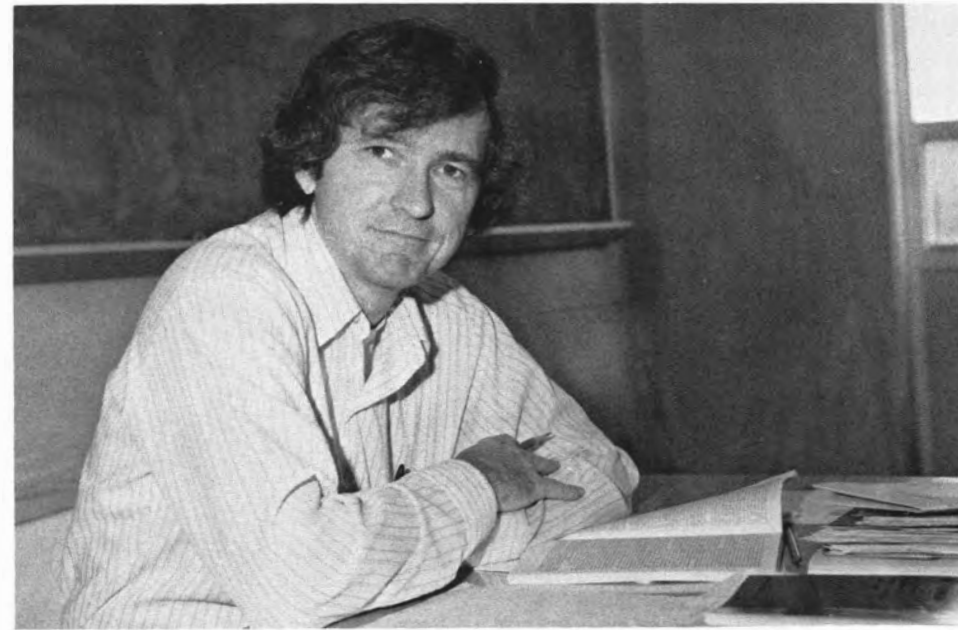

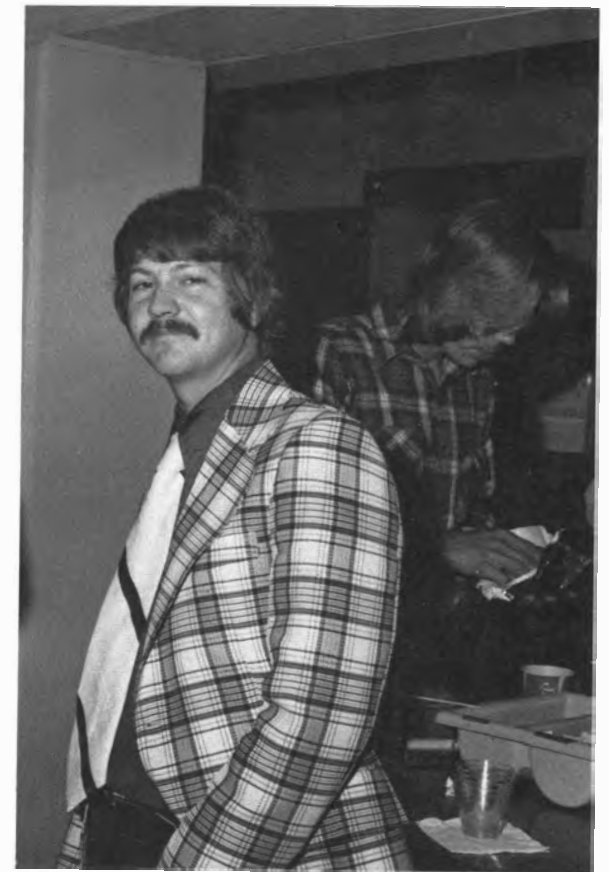

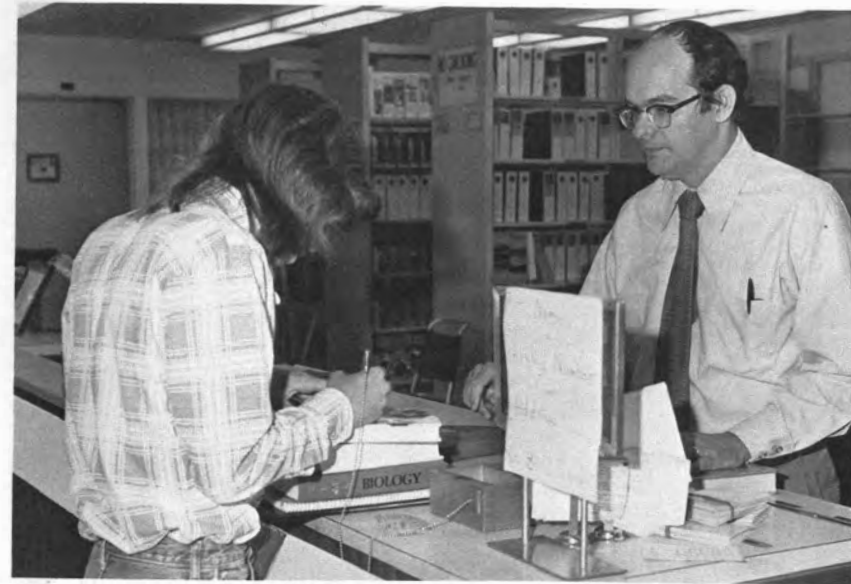

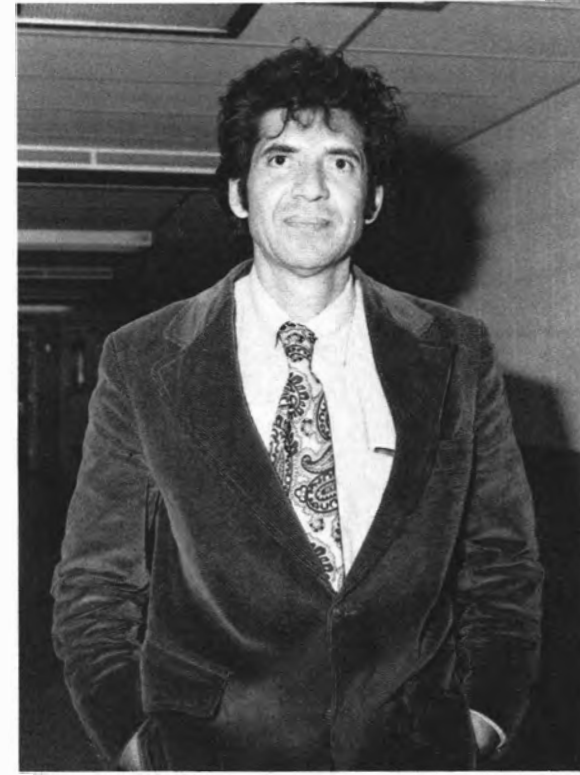

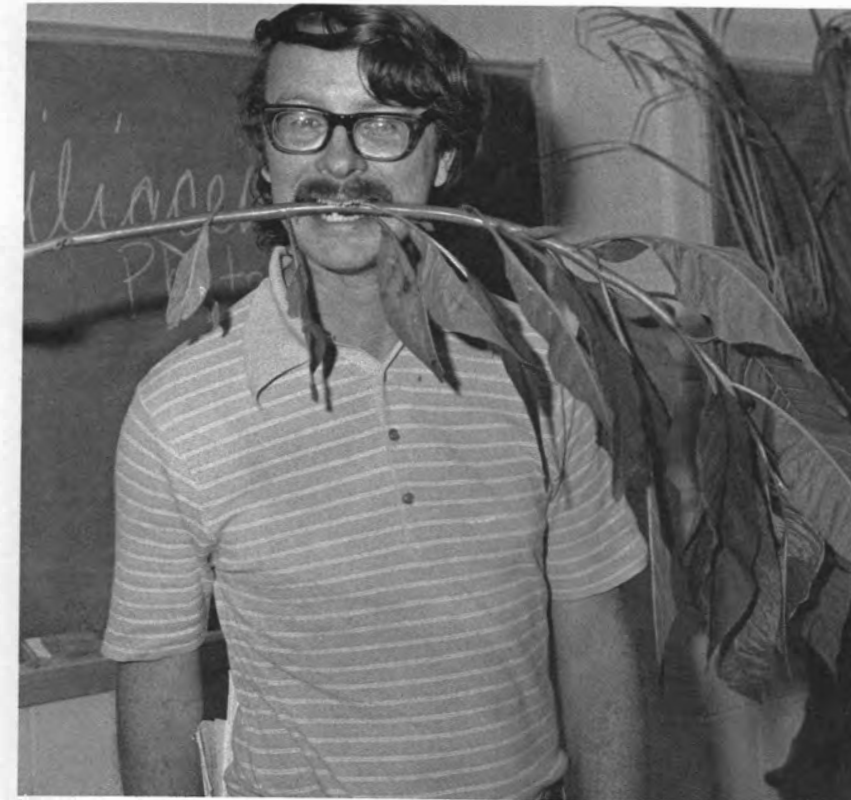

Dick Gregory

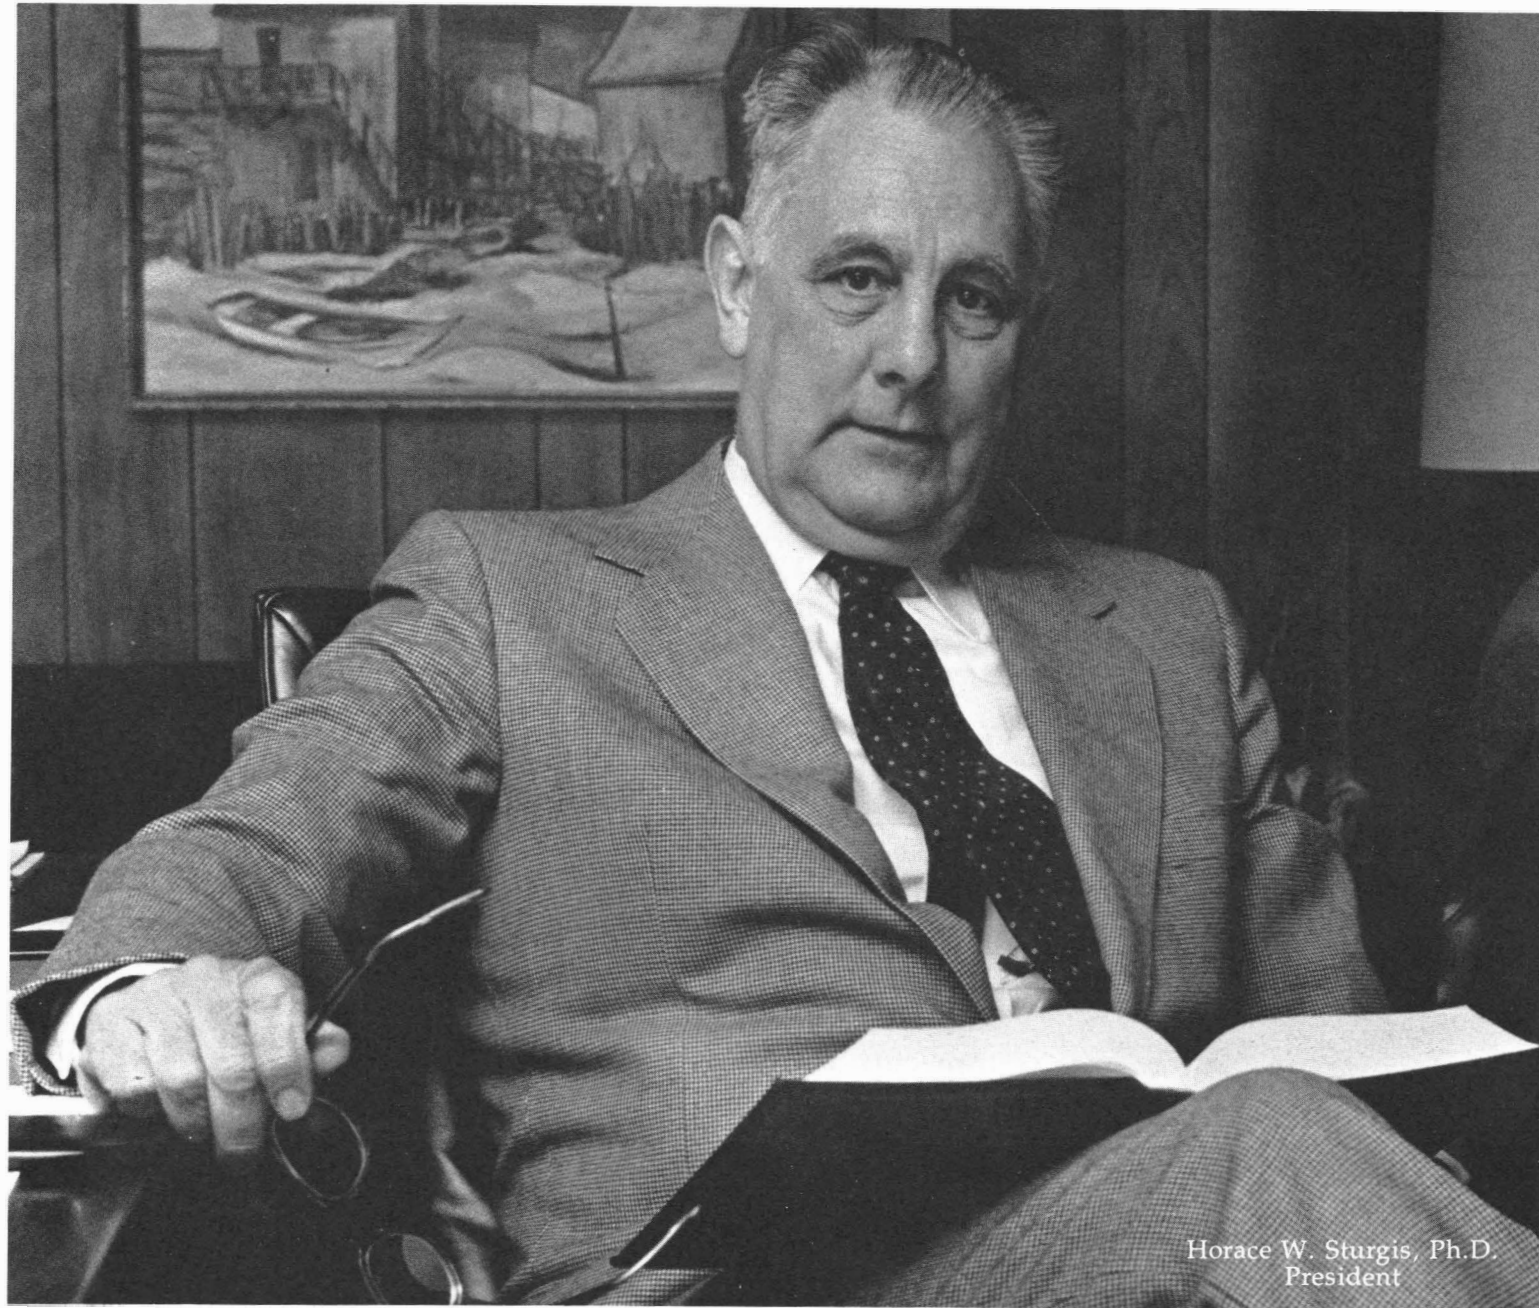

As wise and seasoned  
 as Ole' Man Winter yet  
 growing ever wiser  
 . . . seeking to know  
 and seeking to teach  
 . . . passing cold  
 knowledge on-warmed  
 with a bit of insight  
 and personality.

SPRING  
1976

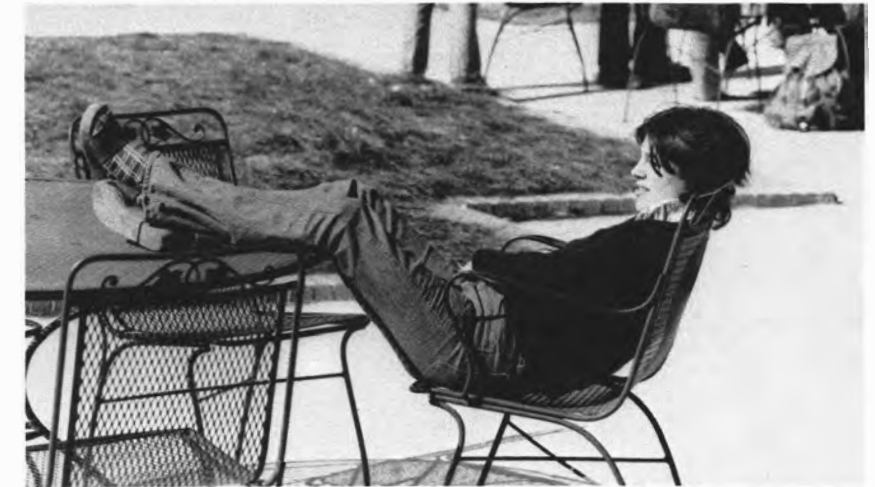

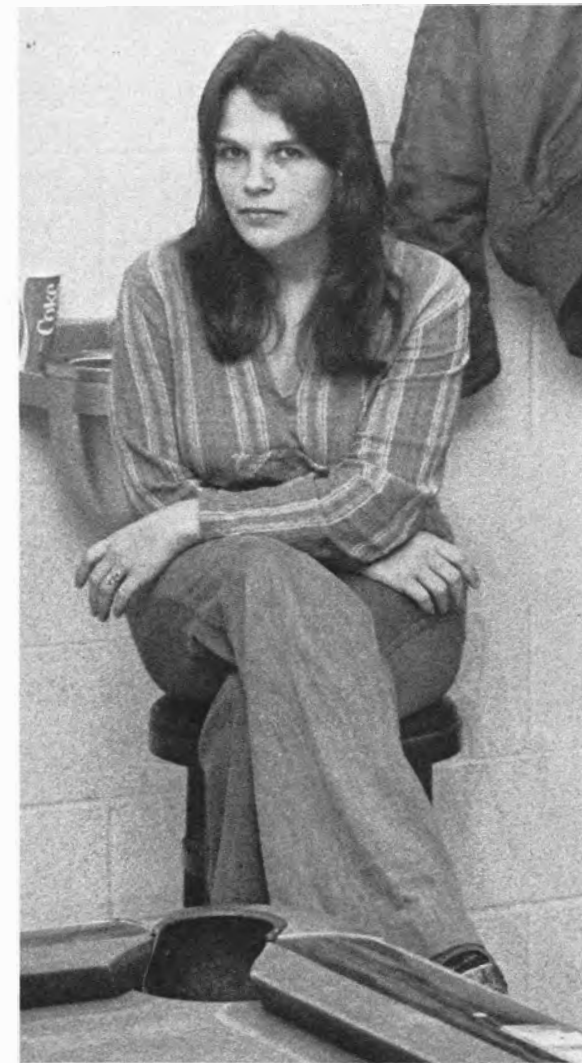

. . . Spring  
. . . New life awaits birth  
. . . Ideas ponder germination  
Happiness flourishes as all is Born Again.

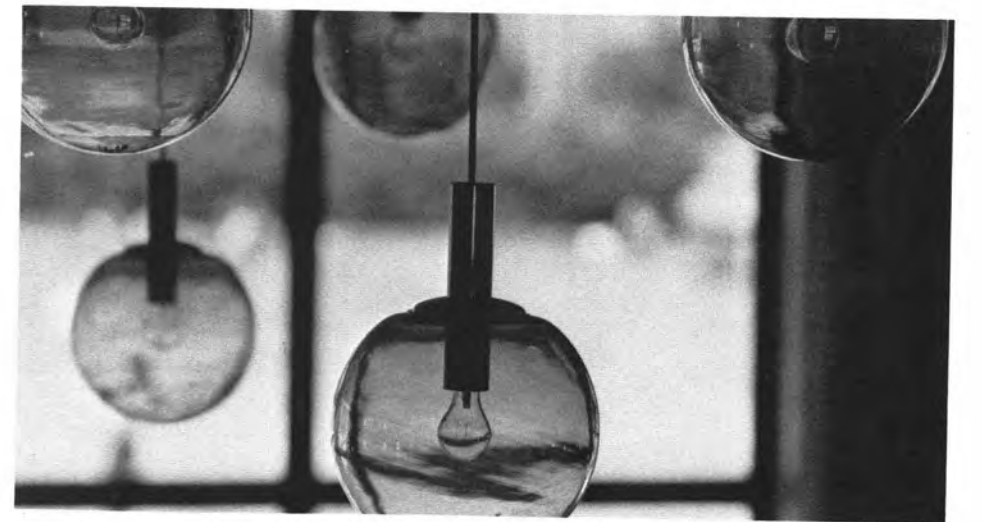

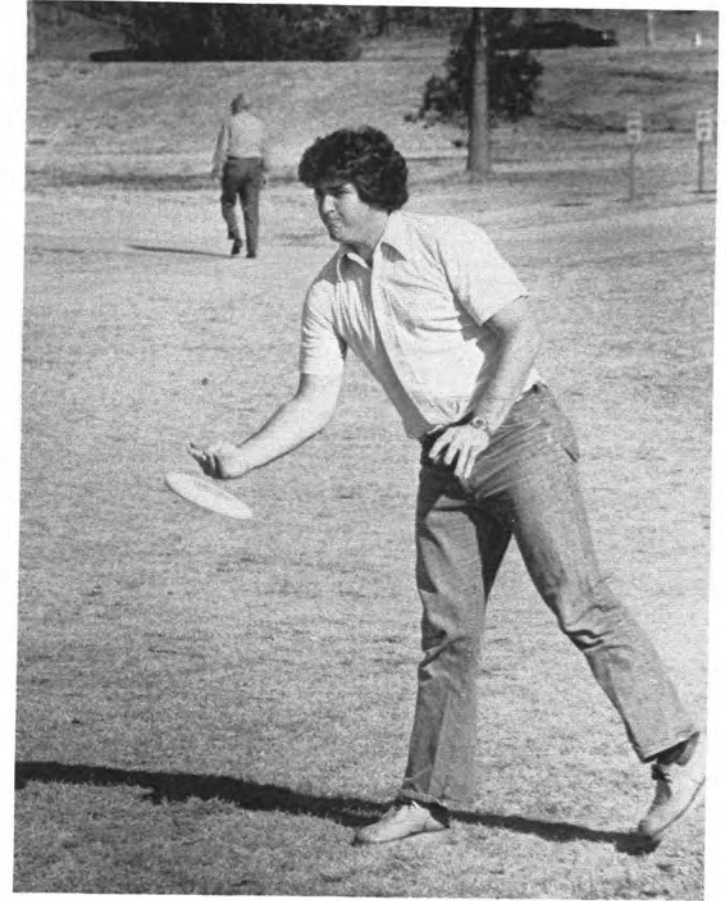

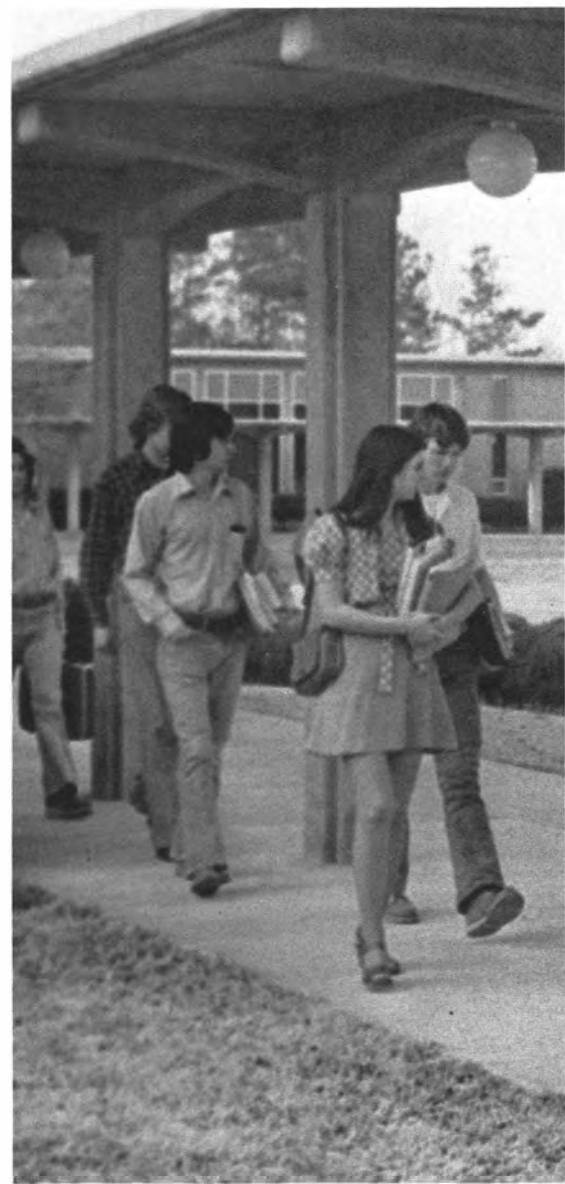

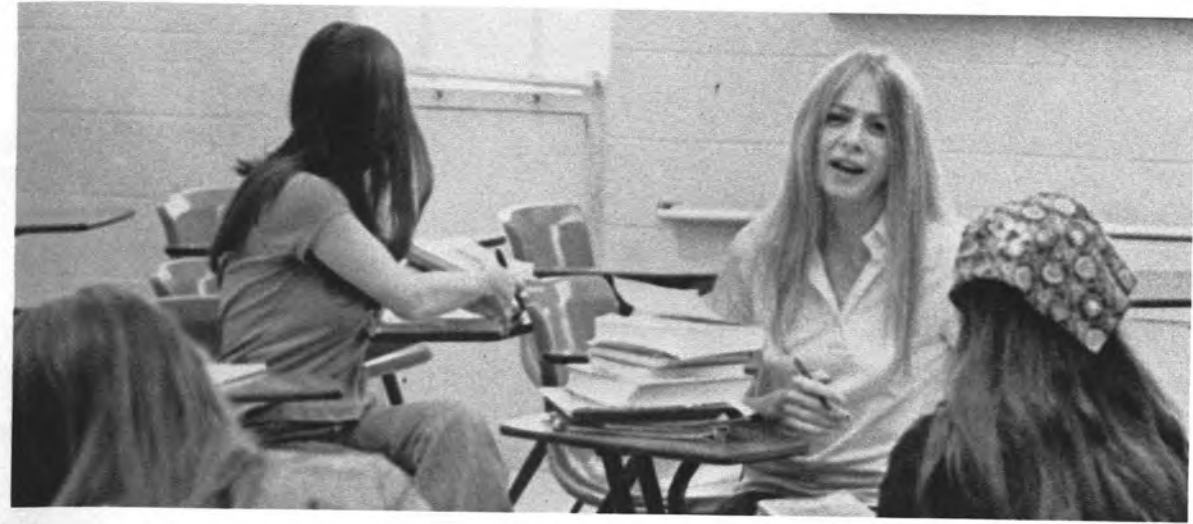

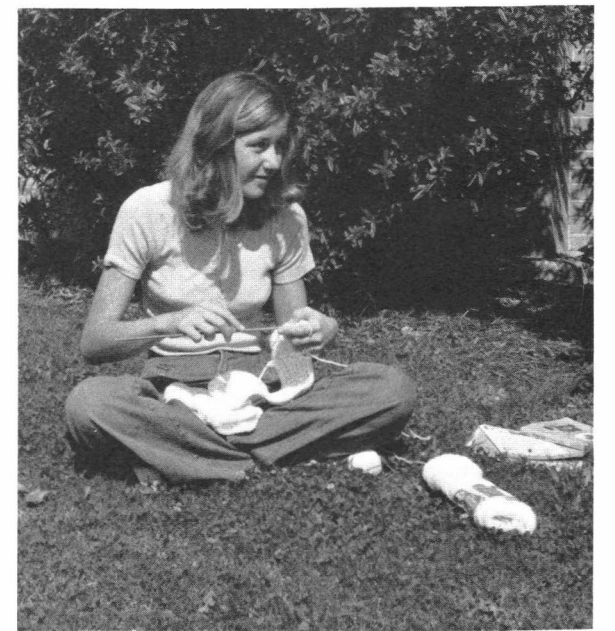

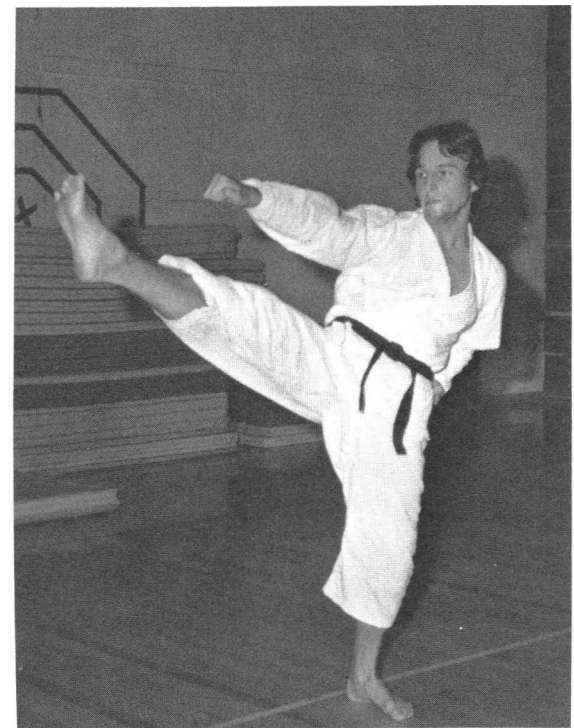

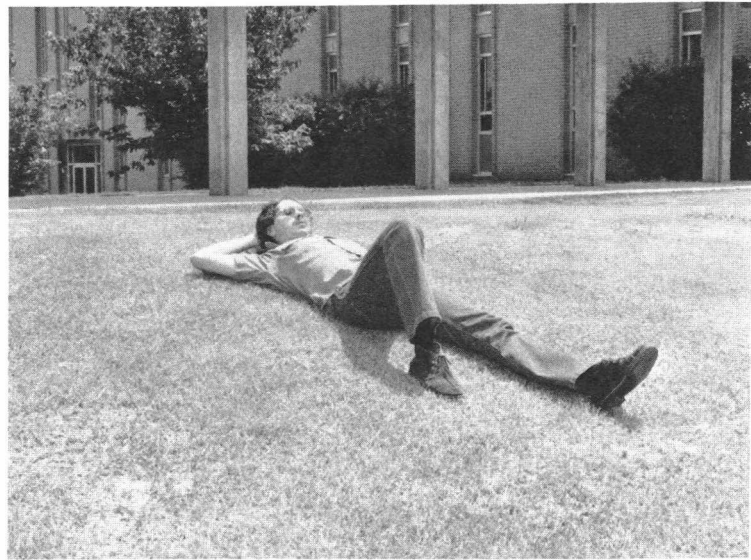

Easter, KJC Day, Graduation,  
Growing up or growing away?  
Growing closer or wiser . . .  
Growing . . . not dying . . . birth.

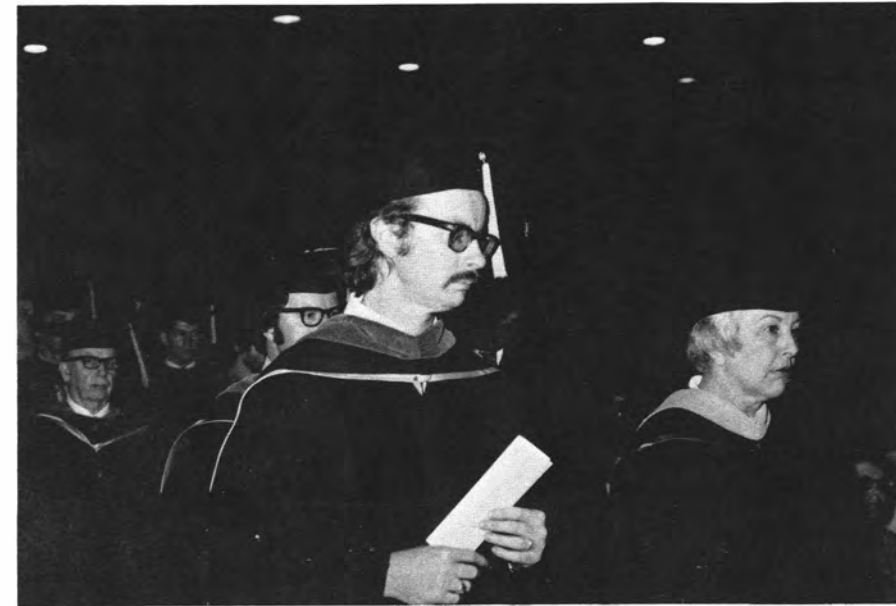

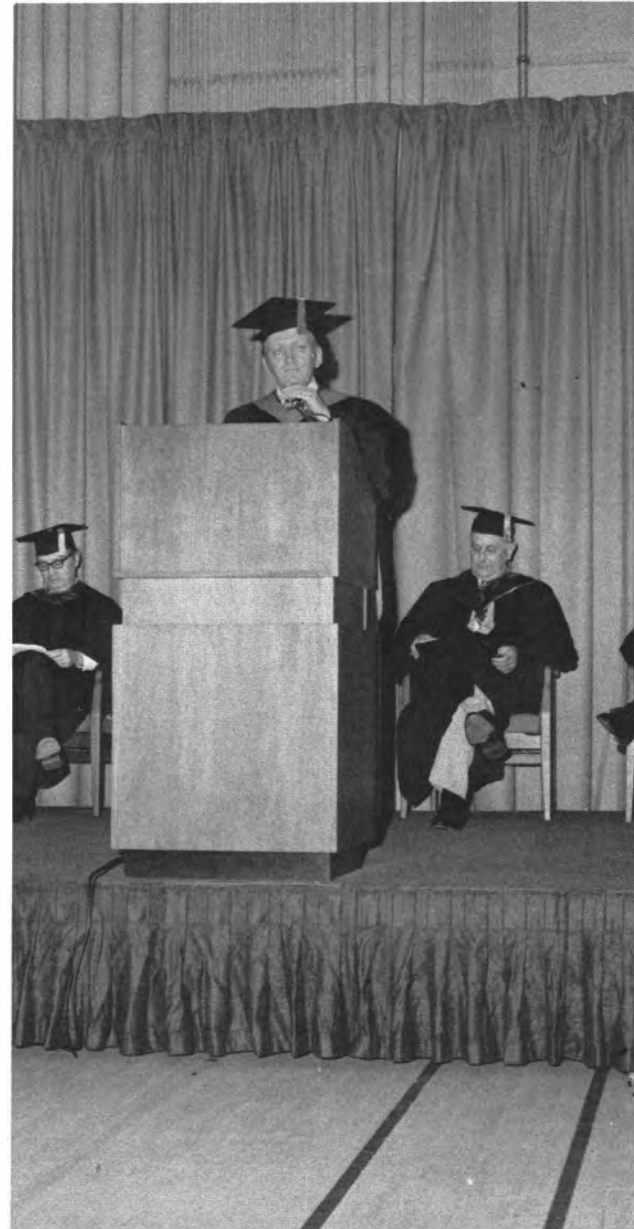

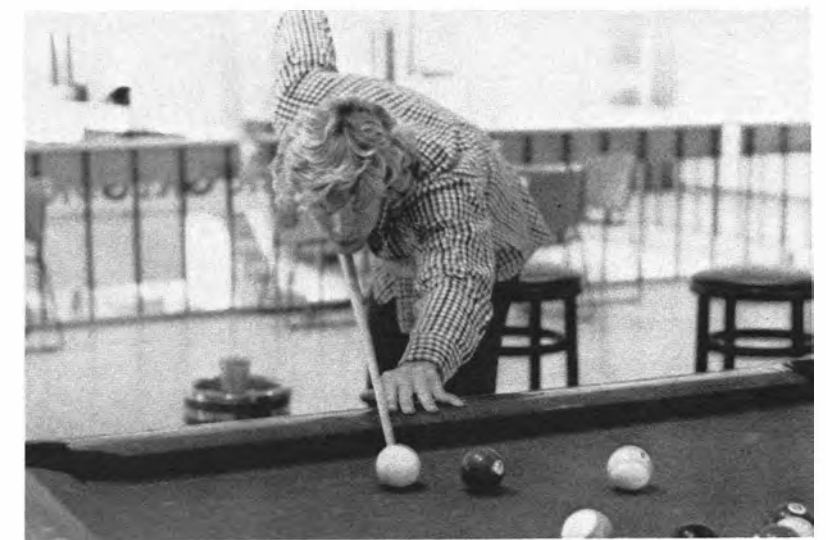

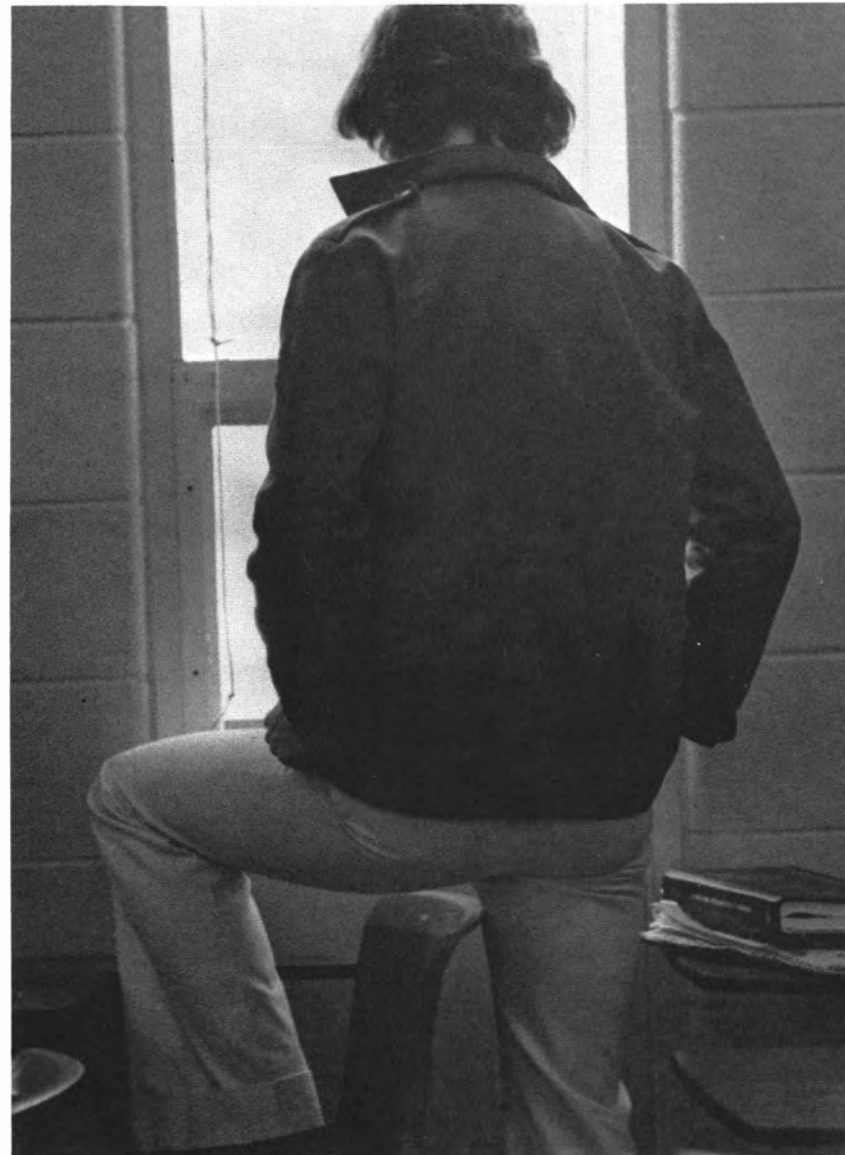

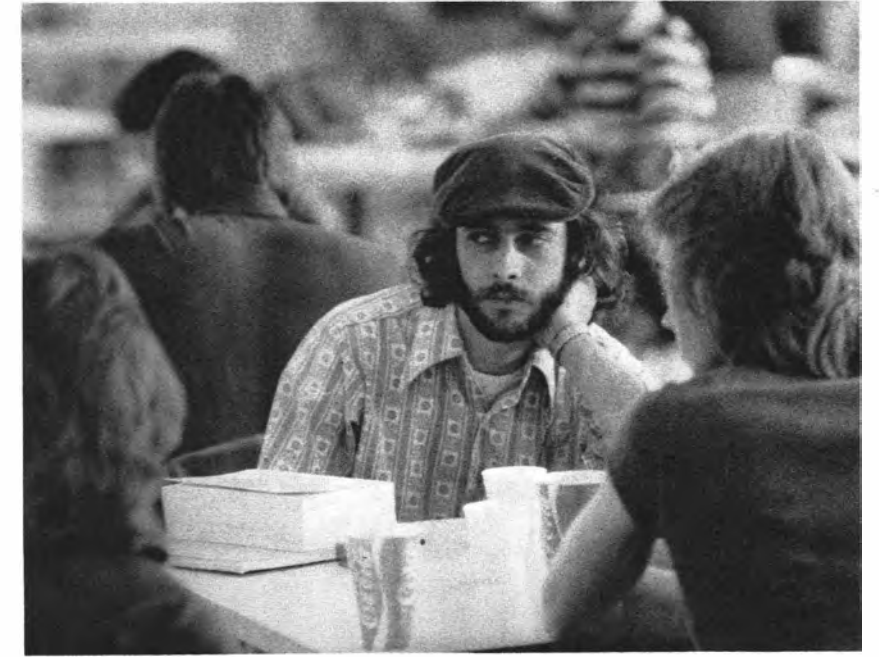

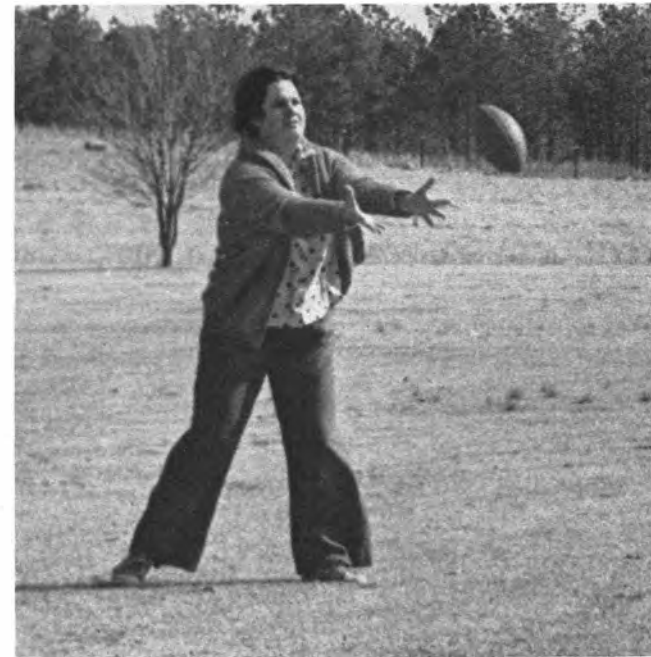

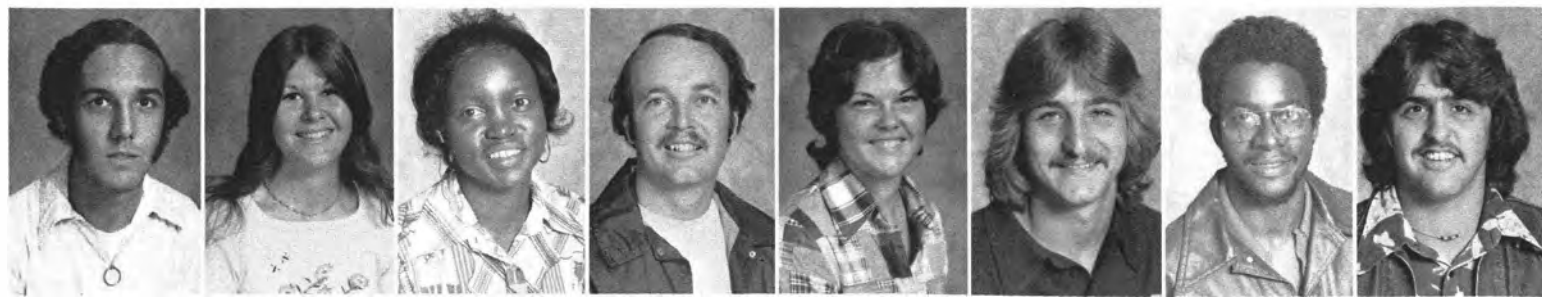

Like the growth in spring, our minds are expanding, absorbing knowledge the way dry winter earth absorbs water. Youth expanding into maturity . . . growing.

# EPILOGUE

# The History of Kennesaw Junior College 1966-1976

Kennesaw Junior College is a Unit of the University System of Georgia.

When the college opened in September, 1966, temporary offices and classrooms were located at Southern Technical Institute and Banberry Elementary School in Marietta, Georgia, until the college buildings were completed in January, 1967.

The campus, located on approximately 150 acres of land eight miles northeast of Marietta, consists of a library, gymnasium, three classroom buildings (Humanities, Natural Science and Mathematics, Social Science), administration building, student services building, maintenance building, and added during the 1974-75 academic year, a 10,000 square foot warehouse. The \$2 million James V. Carmichael Student Center was dedicated on October 2, 1975, by Governor George Busbee.

A commuter college, KJC is accredited by the Southern Association of Colleges and Schools. Approved by the Board of Regents of the University System of Georgia on October 9, 1963, KJC was officially named in August 1965. The college has three Divisions and one Department. The college opened its doors in the Fall of 1966 and the first academic year began with 1,014 students. KJC has more than doubled its original enrollment, with 2,241 students in the Fall of 1974 and 3,098 in September, 1975. The faculty has grown from 46 full-time teaching faculty in 1966-67 to 76 in 1975-76. KJC has had a total of 1,230 graduates through June, 1975. Some 14,520 different students have attended the college from September, 1966, to September 1975.

Dr. Horace W. Sturģis, Associate Registrar at Georgia Tech for 18 years, became the first President and continues to serve in that capacity. Dr. Derrell C. Roberts, now President of Dalton Junior College, was the first Academic Dean (1966-1970) of KJC. Since that time, Dr. Robert Akerman, presently an editorial associate with the Atlanta Journal, served (1970-73) as Academic Dean, and Dr. Eugene R. Huck now serves (1973-76) in that post. The first Chairman of the Division of Humanities was Dr. John C. Greider (1966-1976), and the Social Science Division Chairman was Dr. George Beggs (1966-1976); both men continue to serve in those capacities. Dr. Herbert Davis is Chairman of the Natural Science and Mathematics Division (1970-76); Dr. Wesley Walraven preceded him in that position (1966-1970). Dr. David Harris has served as Acting Chairman and Chairman of the Physical Education Department since 1966; he continues in that position. Dr. Harris is a past President (1973-74) of the Georgia Association for Health, Physical Education, and Recreation. Skill classes in Physical Education have grown from 8 in 1966 to 38 in 1976, plus 8 lecture courses.

While the main thrust of the academic program is the preparation of students for transfer to four-year colleges and universities, the college also offers career programs and developmental courses. Thirty transfer programs (in the Fall of 1975) are designed to meet the core curriculum requirements for colleges in the University System of Georgia. The first career program, nursing, began in the Fall of 1968. Some eight career programs were being offered in the 1975 Fall quarter.

Growth in library resources is a story of documented progress. In June, 1967, at the end of the first fiscal year of the college, the collection amounted to 1,479 books. By March, 1971, the number had grown to 43,923, or more than double the 20,000 volumes required by the American Library Association for junior colleges. The KJC library reached a new pinnacle when it required its 50,000th volume in the Spring of 1973. In addition to this year's 60,000 volume collection, the KJC library also houses the 20,000-volume microfiche series on American Civilization. The library serves as a Federal Depository for government documents.

When KJC opened, it began participating in the annual Cobb County Symposia, held on the campus each Spring. The 1975 Symposium explored "The Human Condition." The annual Symposia are co-sponsored by the Cobb County Medical Society, the Cobb County Ministerial Association, the Cobb Judicial Circuit Bar Association, and Kennesaw Junior College.

KJC's first Student Government Association was organized in 1967. "The Sentinel," student newspaper, and "The Montage," student yearbook, both began publication during the first academic year of the college.

A program of community services was begun in the Fall of 1967 with 282 persons enrolled. By 1974-1975, enrollment had grown to 5,578 adults enrolled in non-credit courses and seminars both on the campus and in out-lying communities through the "College on Wheels" program.

The Kennesaw Junior College Foundation, Inc., a group of 29 business and professional leaders from Cobb and surrounding counties, was organized in the Summer of 1969. Funds raised by the Foundation are used for student scholarships, faculty development, and community services.

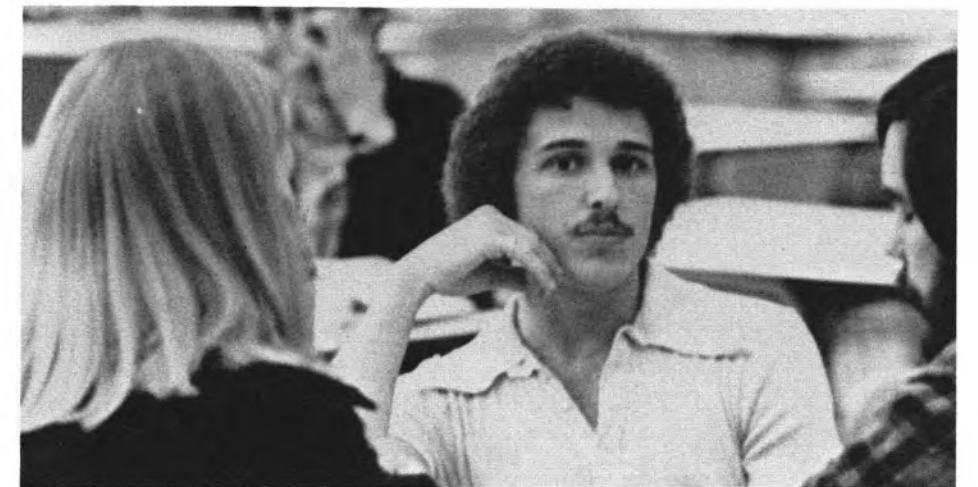

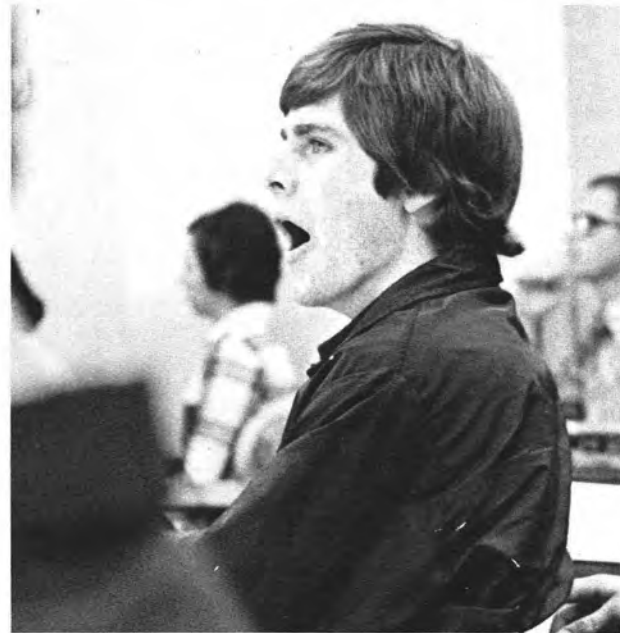

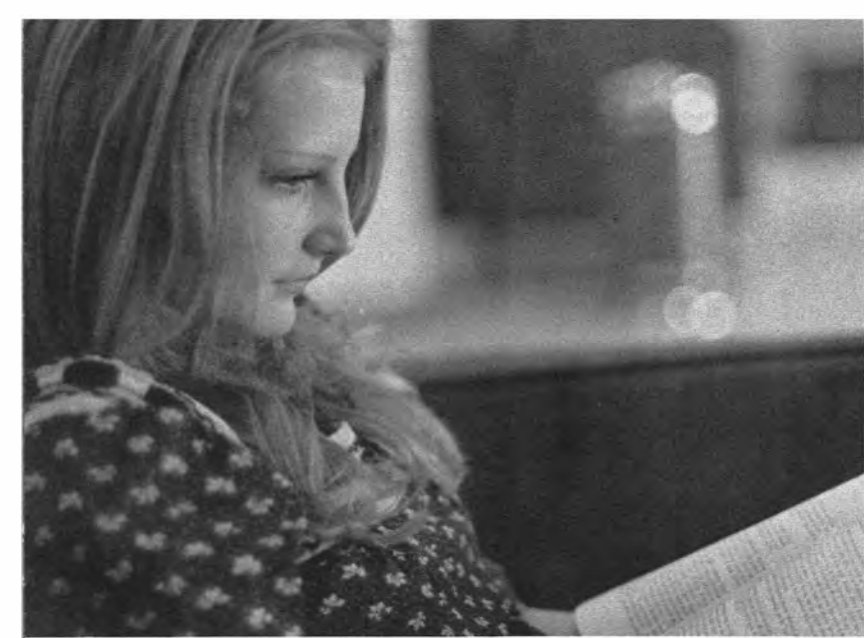

A Joint Enrollment for Twelfth Grade Students (JETS) program, offered in cooperation with Marietta, Cobb County, and other area school systems, enables superior high school seniors to earn high school and college credit concurrently. This program has been very successful at KJC. KJC offers Cooperative programs with the Cobb-Marietta Vocational Technical School, Southern Technical Institute, and Georgia State University.

Clubs and organizations on campus offer opportunities for students to participate in special interest groups. Students also participate in honor societies and service organizations.

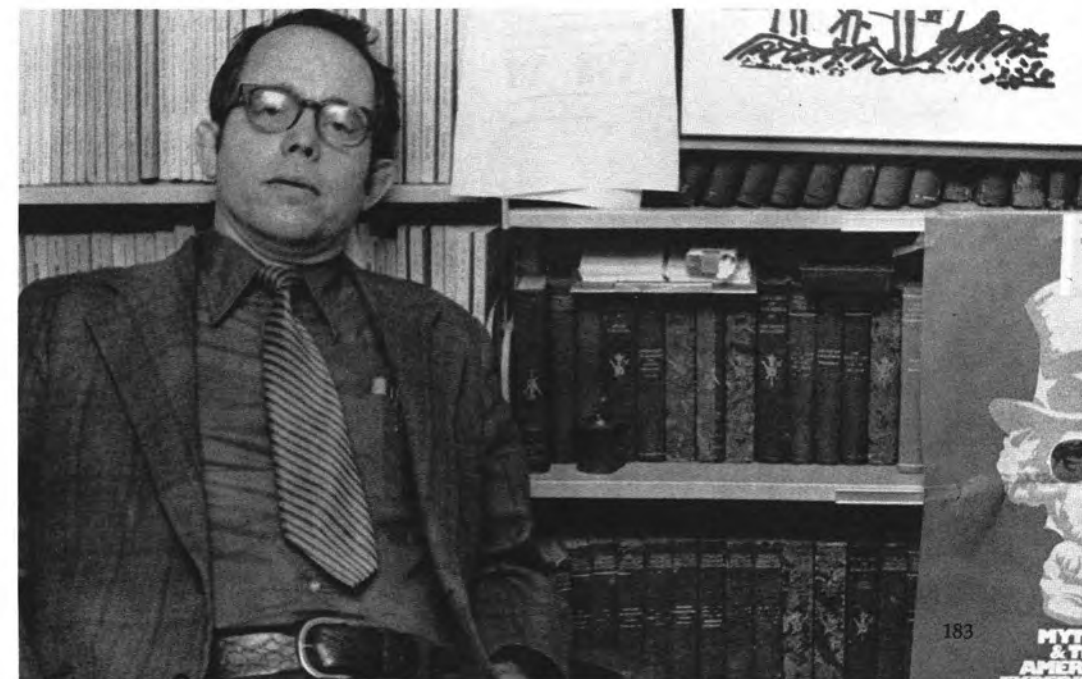

The Montage salutes the United States on its Bicentennial Anniversary, 1776-1976.

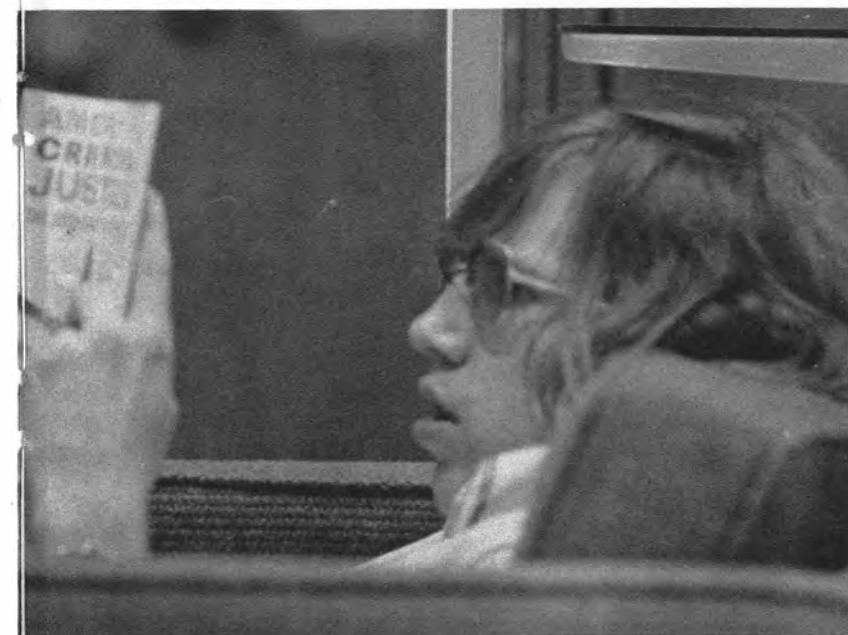

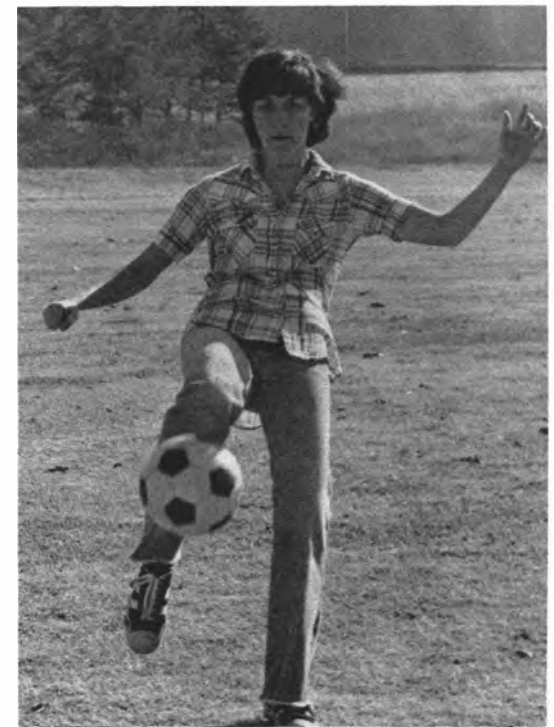

People change . . .  
 and as they do  
 cities, states, and  
 nations change with  
 and for them.  
 Together we grow,  
 build, and develop  
 toward each  
 individual goal . . .  
 and hope for unity.

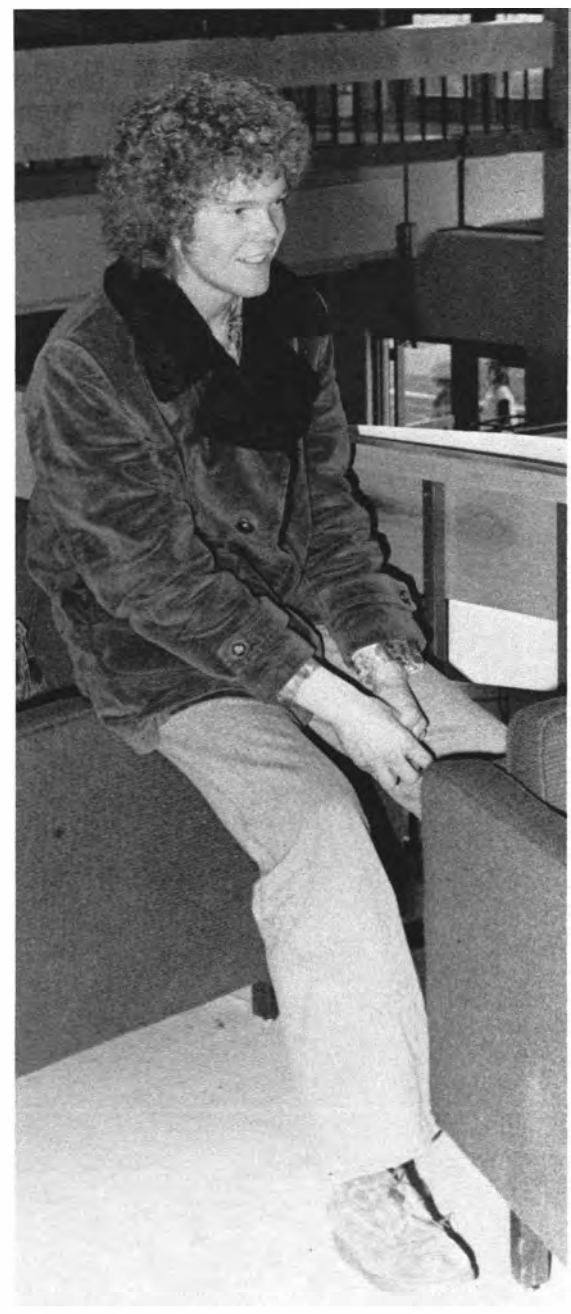

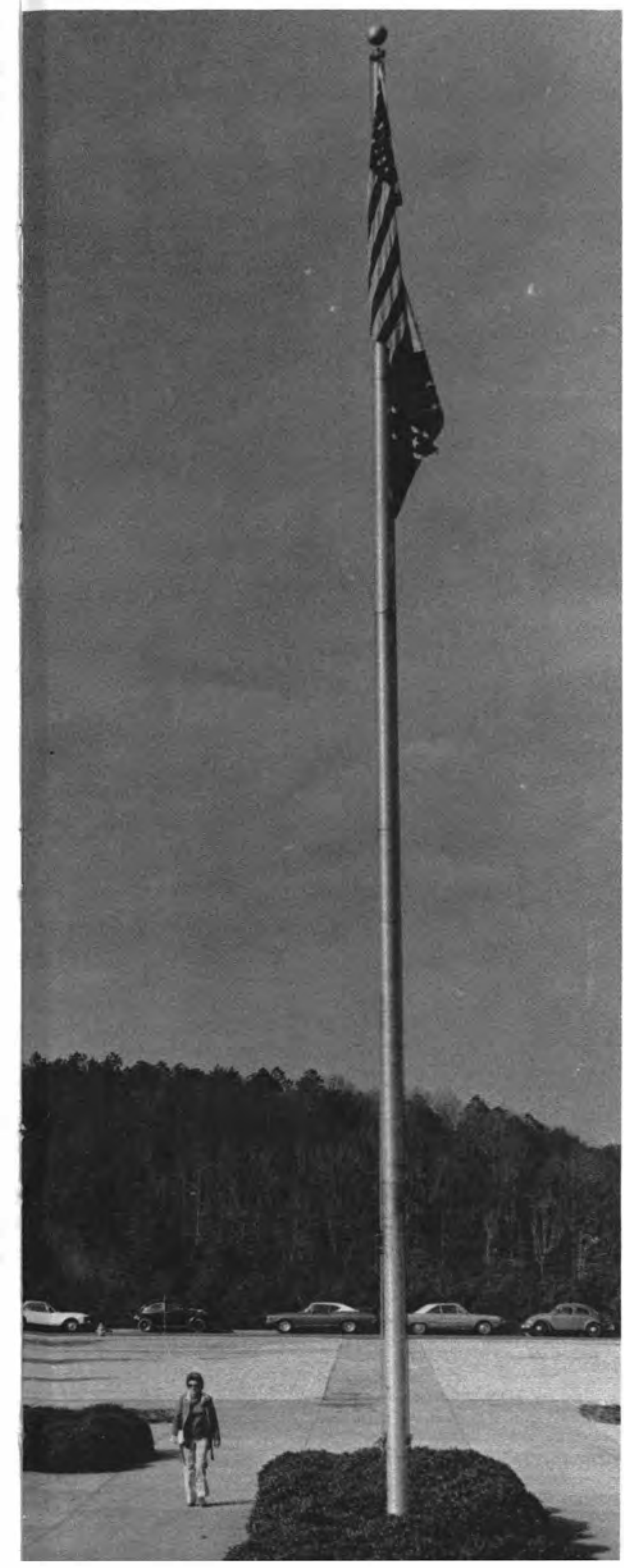

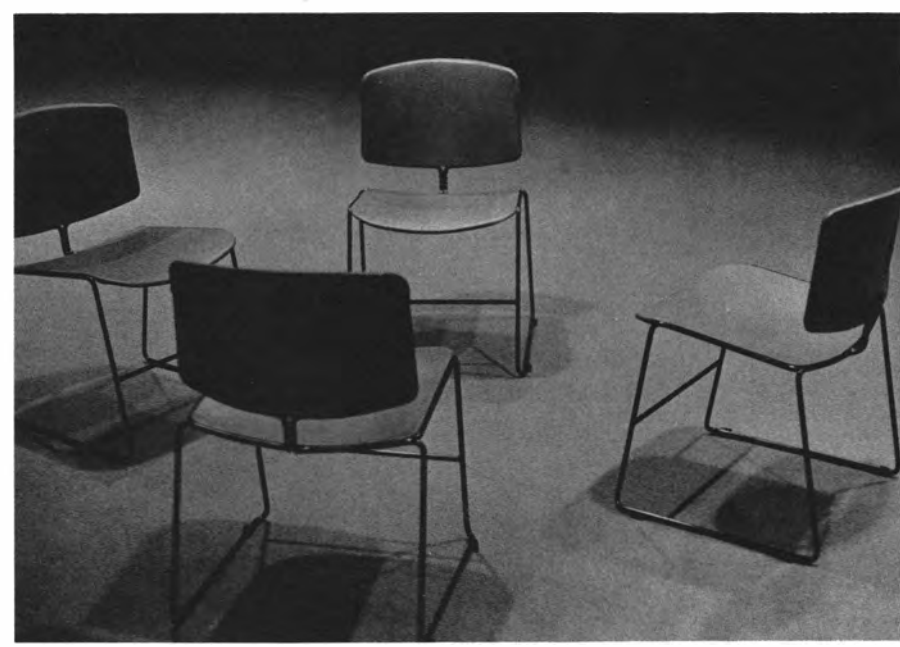

The American experience . . . not all good or all bad. A seasonal experience. Sometimes I feel coldly towards America, yet other times I am rewarded by the realization that this is home and home is the best place to be, especially on your birthday.

A warm feeling envelopes me. I guess it's like running barefoot all summer, or taking a hot bath after playing in the snow during the winter. Nations change, seasons change, people change . . . but home is best. Happy Birthday America!

The Montage Staff appreciates the efforts, concern, and advice of many students and faculty, including Frank Wilson, Carol Martin, John Grieder, Madeline Miles, The Sentinel Staff, Becky Rentz, Jim Lee, and Phil Holley. Our publisher's representative and staff, Bill Wolfe, Roger Merritt, J.B. Edwards, and William Hunter, were especially helpful and understanding. Montage Staff is: Susan Todd, editor: Cheryl McKeon, assistant editor: and Doug King, photo editor.

The book Specifications are as follows: Paper — Hunter Naturale; Type Style — Palatino, 2 point lead; Trim Size — 9"x12"; Ink Color — Brown/Black; Headline Style — Helvetica Bold Outline; Hunter Publishing Company
