RESTAURANTS

Present your Southern Technical Institute Student I.D. and receive a fifteen percent discount on any meal that is not an advertised special.

We are now accepting applications for employment for both full and part-time positions. Hours available are full-time evenings and part-time from 11-2 daily. Those interested should fill out an application at Rax (495 Fairground Street, across from the Civic Center) or call 426-4901.

SPRING BREAK '86

The definitive guide to the hottest vacation spots for the college student:

Every spring, college students across the U.S. slam their books shut for a week and take off to vacation spots all over the country. In January, Starlog Press will release SPRING BREAK '86, the essential book for that collegiate rite of spring--having fun! It is an invaluable guide to 38 of this country's hottest vacation spots: from Ft. Lauderdale's sizzling beach scene to the snowy splendor of Tahoe, and historic New Orleans, home of Cajun cooking and jazz.

Whether the ideal vacation includes, skiing, sunning, or sightseeing, SPRING BREAK '86 offers the college student all the information needed to make that spring break unforgettable. Heavily

illustrated with color and black-and-white photographs, SPRING BREAK '86 begins with the essentials of how to get there and where to stay. Hotel and travel listings include prices--all affordable for the student on a restricted budget. Once travel and hotel are decided, SPRING BREAK '86 gives an insider's view of the local hot spots--restaurants, shops, and clubs. Invaluable information such as drinking age and whom to contact in an emergency are listed for every spot, as well as suggestions on what to wear and what to do locally for free. One can find out where to rent a car or how much local public transportation costs--all before leaving one's dorm room.

Every section begins with a profile on why each spot is unique and proceeds to give a cornucopia of information needed for a trouble-free, fun-filled vacation. No other guide available is tailored so specifically to the needs of the college student on the go. And, in an effort to immortalize the spring vacation, SPRING BREAK '86 is offering the Spring Break Encore Contest! The lucky winner will receive round-trip air fare for two from his/her city to Fort Lauderdale, Florida, plus four days and three nights at the Sheraton Yankee Clipper Hotel in July. So get ready for the vacation of the year, and plan it with SPRING BREAK '86!

Spring Break Disney Style!

Lake Buena Vista, FLA.--College students heading for Florida good times will have an opportunity to discover the wonders of Walt Disney World with special-value admission media during Spring Break '86.

Between March 1 and March 31, college students (ages 18-24) can take advantage of a special one-day ticket to either the Magic Kingdom or Epcot Center for \$16.50--a \$5.00 savings compared to the regular price. A special two-day ticket good for a day at the Magic Kingdom and a day at Epcot Center is \$25.00.

Epcot Center's newest wonder, The Living Seas presented by United Technologies Corporation, features an underwater journey past a real-life Caribbean Coral Reef to Seabase Alpha, a high-tech 21st-century oceanic research base. Tabbed the world's sixth largest "ocean," this self-contained salt-water environment contains more than 4,000 sea creatures including sharks, barracuda, diamond rays and dolphin.

Students can also travel to foreign places in World Showcase at Epcot Center, or head for the Magic Kingdom

and the thrills of Space Mountain, the Haunted Mansion and Big Thunder Mountain. Music lovers can rock the evening away on the electronic video dance floor at the Plaza Pavilion.

Walt Disney World is located off of I-4 near Orlando--just 65 miles from Daytona Beach and 70 miles from Tampa.

Tickets are available at any Select-A-Seat outlet, participating Sears stores, and all Walt Disney World ticket locations. College I.D. is required.

PRODUCTION
SCHEDULE

DEADLINE/ISSUE DATE
MARCH 31/APRIL 8
APRIL 14/APRIL 22
APRIL 28/MAY 6
MAY 19/MAY 27

All display ads and articles must be submitted by 2:00 P.M. of the respective deadline. Late material will be accepted at the Editor's discretion.

The STING welcomes your letters and/or comments. Correspondence should be typed or hand printed by the author(s). Names will be withheld upon request.

Please limit letters to 300 words. All correspondence must be received prior to the issue deadline. Letters may be deposited in the lock box, located outside the Students Publications Office in the Student Center or mailed to:

STI STING, 1112 Clay Street, Marietta Ga. 30060

Future deadlines/issue dates can be found on page 2 of each paper. The STING reserves the right to edit or refuse letters found unacceptable by the staff. The STING is a bi-monthly publication written, typeset, and produced by Southern Tech students. If you would like to help with the production of the newspaper, please speak with someone on staff or call (404)424-7310.

The STING is offset printed by Star Printing, Acworth, Georgia.

Kier Rocks Student Center

The well received Kier played to a packed cafeteria Thursday, February 27. His tunes were a great mixture of Billy Joel, Dan Fogelberg, Jackson Browne, Elton John, The Beatles, and Bruce Springsteen. WGHR played the concert live and Kier's personality and talent kept his listeners entertained for the

duration.
Kier played guitar, keyboards, and harmonica in his Southern Tech Debut. Besides his popular sound he also is a singer-songwriter who gave up a career in classical music to play to a wider audience.

Kier first started playing guitar when he was 16. His

performances started in 1978 and his first album, "CONSIDER Me" (82), was well received in the southeast. His choice of music for this concert was a good combination of pop and his own music. CAB deserves a WELL DONE for such a fine performance. I hope that we will see Mr. Kier again.

Lay it on the line.

Become A Leader!

One Saturday, April 5, Southern Tech's division of Student Affairs is sponsoring its first Student Leadership Conference.

This all-day series of seminars and workshops has been designed to enhance the leadership and management skills of Southern Tech student leaders. Topics to be covered in the seminars include: Time Management, Conducting Effective Meetings, Becoming a One-Minute Manager, Goal Setting, Organizing and Delegating Man Power, Improving Your Written and Oral Skills, Dress For Success, and The Power of Positive Thinking. The conference will begin at 9:30 am with registration and continental breakfast, will include a buffet

luncheon, and will conclude about 4:30 pm with our wrap-up session.

Participation in the conference is free of charge as Student Activity, Housing, and Student Government funds are being used to pay for the luncheon and speaker fees. Any Southern Tech student is invited to attend the conference, especially those wishing to enhance their leadership and management skills. There is a limited enrollment of 100, so it is essential that all organizations wanting to be represented at the conference complete a form in the Student Center office by Monday, March 10.

We are looking forward to an excellent conference—see you there.

Ask any Navy pilot. It doesn't come any more thrilling than this. Landing an F-14 on the rolling deck of a carrier at sea is a challenge that tests the skills of the best.

Navy flight training. Navigation. Aerodynamics. It's the best you can get. But along with the airborne thrills,

Navy pilots and flight officers get down-to-earth skills.

There is no boot camp. College graduates get leadership and management training fast.

at Aviation Officer Candidate School. It's challenge and responsibility. The satisfaction of knowing you're with a topflight team.

You can't beat the rewards either. An excellent starting salary. Unexcelled benefits.

And opportunities to move up fast.

Lead the Adventure as a Navy pilot or flight officer. And let your pride fly high. Contact your Navy Officer Recruiter or call 1-800-327-NAVY.

NAVY OFFICER.

LEAD THE ADVENTURE.

Student Government Paves New Path

By Linda Burruss
Special To The STING

STI should be proud of their student government. Recently, Southern Tech's Student Government Association was voted as the best student government in the University System of Georgia. Members of SGA have worked hard for this award. Without the dedicated members of SGA and the Administration, some of the tasks that SGA has accomplished would not have happened. If you have noticed, there are now some bulletin boards standing in selected places on campus, so the student can be well informed of what's happening around campus. Also, there will now be two Graduation ceremonies, one in December and one at the end of Spring Quarter. Hopefully, an AVAIL system will be in-

stalled in the student center, and Southern Tech now has a mascot!

Another aspect of SGA is the unity and leadership portrayed in a group. SGA works together as a group to accomplish goals. The design of SGA carves a different kind of path for leadership.

Committees are formed to perform certain tasks. The committee chairman is allowed to delegate authority. For the formal meeting of the quarter, the committee compiles the data and presents it in a manner that relates to what you have learned in Business Communication. These presentations are not only given to the members at the meeting, but some of the administration also attend the formal meeting. This formal

meeting opens a communication channel to the Administration, so that the students' needs can be met. The Administration is very cooperative and eager to listen.

SGA allows every member to become a better leader and you will get hands-on-training of subjects you learn here at STI. Leadership qualities are invaluable to an employee, and SGA is a great opportunity to experience the fundamentals of being a leader.

Please think about becoming a member of STI's Student Government Association. "Jeff Causey, a member of the Student Government here at STI says, "it can be a very rewarding and learning experience. I think SGA is well organized. I

Student Government Vice President Larry Manning and President David Key.

have learned how to approach the Administration in order to accomplish student needs, and the free pizza in the meetings is great!!!"

Elections will be held Spring Quarter. Applications need to be in the SGA office by March 21. Think about it! From my experience as SEC/TREAS in SGA, I have learned how to

become a better leader by watching other people. SGA does hit some bad spots, but we have learned to pick ourselves up and start all over. We know that the next time will be better. SGA is not just another opportunity, it is an experience that will be with you for a lifetime.

Hospice Sponsors Tennis Tournament

An amateur tennis tournament sponsored by Bank South to benefit Hospice of Central Georgia is scheduled for May 5-10 at River North Golf and Country Club in Macon.

Men and women are invited to compete for prizes in singles and doubles matches which will run throughout the week and are being coordinated by Ken McClure, River North tennis professional. Registration forms and additional information may be obtained by calling Ken McClure at 912-746-2394.

A special attraction of this second annual charity tournament will be a day of local

celebrity tennis on Saturday, May 10. Among those who have agreed to play are Mayor George Israel, Harley Bowers, Chuck England, John Lastinger, Bill Elder, and Billy Watson.

Hospice of Central Georgia is a three-year old nonprofit community service program dedicated to providing supportive care for terminally ill patients and their families in their own homes at no charge to them. It relies on the local community for financial and volunteer support and received its seed funding from the Macon-Bibb County Hospital Authority.

Spring Quarter Orientation will be held the morning of March 31, 1986. We are expecting approximately 300 students.

We are requesting that all organizations submit any materials to be included in the new students' packets by Wednesday, March 19. Packets will be stuffed on March 21, the last day of Win-

ter Quarter. Each organization is required to have at least one representative present during the morning of the 21st from 9:00 a.m. until 12:00 noon. Please have your representative call or come by the Counseling Center to sign up. Our phone number is 424-7226.

Please limit your material to one page. If the page is larger

than 8½ x 11, you will be responsible for folding the material. Also, if you have items that need stapling, please staple them before you bring them to us. If possible, please do not send any items that are paper clipped.

Your cooperation is greatly appreciated.

The White House Fellowships

A unique opportunity for outstanding Americans early in their careers to work for a year at the highest levels of the Federal Government

For more information:
 The President's Commission on
 White House Fellowships
 712 Jackson Place, N.W.
 Washington, D.C. 20503
 (202) 395-4522

We ask that you join in welcoming Ms. Stephanie Corley as the new secretary to the Vice President for Student Affairs. Ms. Corley came to Southern Tech as a temporary employee in the Continuing Education Department during the Fall Quarter, 1985, and began work in the Student Affairs Office on February 4, 1986. Ms. Corley holds the Bachelor of Arts Degree in Spanish/Education from

Wanyesburg College. Her background includes a variety of work experiences including teaching, business and paralegal work with a local firm. Ms. Corley and her family reside in East Cobb.

Ms. Corley replaces Mrs. Ann Westlake who retired at the end of January after 17 years of continuous service at Southern Tech. Please stop by to say hello and introduce yourself to Stephanie.

Clubs & Organizations

Alpha Delta Pi

This past weekend ADPi had their first annual CRUSH party. The party was sensational! Everyone rocked out the hours on the dancefloor. I would like to thank all the guys who attended who helped make this party great! I would also like to express my appreciation to Sid Miller & Tony Adams for helping make buttons for the party.

Alpha Delta Pi's State Day was February 22. Our chapter received two awards, most improved chapter and one for raising 1000.00 for the Ronald McDonald House. Way to go ADPi's!

Gamma Phi Beta

The sisters of the Delta Omicron Chapter of Gamma Phi Beta wish to congratulate the following new officers: Chrissy Switzler, President; Georgiana Conger, Vice President; Courtney Hall, Secretary; Angi Bay, Treasurer; Stacy Easler, PACE; Lisa Carroll, Pledge Director; Tori Eliis, Rush Chairman; Julie Albright, Rush Assistant; Leslie Smith, Social; Deana Davis, Scholarship; Angi Bay, Panhellenic; Laurie Dowden, Panhellenic; Robin Alworth, Ritual; Teresa

Robertson, Public Relations & Collegiate-Alumni Relations Cindy Yarbrough, Philanthropy&Fund Raiser.

We would also like to thank all of our old officers for a job well done this past year!

We wish also to thank our 1985 Fall pledges for their fabulous pledge project. It looks great on our office door!! And to our Super Pledge-Michelle Brinkley, we wish the very best for you and keep up the good work!

Lambda Chi Alpha

Yes, the brothers of Lambda Chi Alpha did invade Orlando, Florida last weekend and every appalling, mortifying, and generally outrageous activity we did we enjoyed. Hundreds of brothers lashed the sun and fun of our annual conclave that was hosted by the University of Central Florida. All of the rumors that you have heard about our trip are true. Yes, we did throw some stranger that we didn't even know into the pool for twenty dollars. Better yet that stranger who was tossed in to pool payed us \$50.00 to throw the other guy into the pool--who just happened to be a priest!! Yes, it's true that Tony Brown was intoxicated and walked into the restroom

which was the one that was designated for females!! Those Florida women didn't even blush as much as Tony did! As far as girls go there were lots of them down there in Orlando and they are extremely friendly! As last year and the year before, our chapter Sigma XI was rewarded the honor of receiving the "man-miles" award. The award is issued to the chapter that has the most brothers travel the longest distance. In our case that was 12 brothers at 600 miles and believe me every mile was an experience.

Keep your eye open the Delta Force. The Delta Force will be issuing details for several top secret parties for this spring and our party commander has assured us that all units are go. Repeat-orders are expected from the Delta Force to terminate and exterminate the enemy(exam headaches).

Lambda Chi Alpha...there is a difference!!

Student Government

Elections for the Southern Tech Student Government Positions are being held Spring quarter. Our Student Government this last year has done a great job. Other than

just doing Administrative work, they have been involved in bringing new activities to the students (the Tae Kwon Do courses) and heightening school spirit through instigating the basketball rivalry with Kennesaw.

All those who are interested in running for SGA office should go by their office and pick up an application. It is hoped that everyone exercises their right and privilege to uphold the strong tradition that Larry Manning and David Key have set for this year.

Tau Kappa Epsilon

Congratulations to our newly elected officers for 1986: Jeff Causey, President; Cliff Leatherwood, Vice President; Tim Dwyer, Secretary; Scott Robinson, Historian; Lamar Owen, Treasurer; Ed Cocciaiffero, Chaplain; Ashley Vickers, Sergeant-at-Arms; Kevin Todd, Educator. Good Luck, we know you'll go a good job.

On February 1st the TKE regional conference was held at the Sheraton Hotel at I-75 and the 120 loop. The Southern Tech chapter hosted the conference of which more than 20 other chapters attended. Both the meetings and the party on Saturday night were a

big success.

Our thanks go to the Alumni for helping us run over budget at this year's Red Carnation Ball--due to damages. At this rate, Marietta will have to acquire a new hotel each year, in order to accommodate the TEKE formal. Absolutely devastating! Where was Freddie?

Contrary to all predictions, on Feb 28, there was a blizzard of massive dimension which swept through the TEKE house. This avalanche brought about snowdrifts leaving Fraters no choice but to bring their straws. Again the "snowjam" Party of 1986 was phenomenal. Rescue crews worked vigorously throughout the night before finding G.W., Tim, and Chicken-wing under the pool table.

The Brothers of Tau Kappa Epsilon would like to thank Pi Kapp Phi Brother Randy Simmons for his donation of twenty dollars to the Xi-Chi TEKE house fund. Last week, TKE voted unanimously to put Randy Simmons in charge of collecting tax-deductible donations from other Pi Kapp's interested in helping the new TKE house become a reality at Southern Tech. Randy, it is dedication like yours that will ensure that TKE remains Southern Tech's No. 1 fraternity in years to come!

Short News Of Interest

Five chickens fell to their deaths when two U. of Alberta agriculture students tossed them off a second floor balcony during an Engineering Week rally, according to the Canadian University Press. The students thought the chickens would land safely because chickens can fly short distances. The prank was intended "to maintain the ongoing rivalry between the agis and engineers."

The assassin game wasn't a lot of fun for a Michigan State U. student who found himself looking down the pistol barrels of two campus police officers. The student was stalking his "victim" in her residence hall with a toy gun when an RA spotted him,

mistook him for a real criminal, and phoned the police. One officer says he is "frightened" by how close such incidents come to causing a serious accident.

The selective service system will begin cross-checking draft registration records with computerized student aid data received from the Education Department to ensure that all male federal aid recipients have registered. The program will not require additional information from colleges and universities.

There are two kinds of suds at a laundromat near the U. of Georgia-Athens. Ringers is a combination laundromat-restaurant-bar where students

can mingle, watch MTV, eat hot sandwiches, drink beer, and still keep an eye on their laundry through the glass windows behind the bar. To attract UGA students, Ringers cashes personal checks, pipes rock music into the laundry room and manages the wash-and-dry cycle for students returning late from class.

Studying has edible awards for students at Northwestern U. The local McDonald's restaurant offered students a free cheeseburger for every A or A- earned during the Fall quarter. Although the 8,569 A's and A-'s NU awarded are worth \$5,665 in cheeseburgers, the McDonald's manager says the offer is good for business -- most students end up paying

for french fries and a soft drink.

The YWCA Rape Crisis Center has served over 1,000 victims of sexual assault since its beginning 10 years ago. Volunteers are needed to work on the 24 hour hotline and to educate the community about the nature of rape and sexual assault, and how to prevent it.

The next volunteer training begins Tuesday, April 8. For more information, call Linda Travis at 428-2666.

HELP WANTED
Position: Mailroom-messenger. Working out of Galleria Office. Part-time hours 1-6 Monday thru Friday. Salary & benefits-open. Call 586-1574.

Try us. And compare.

Letters To The Editor

write in and tell us what is going on.

During the last 2 months, I have seen the name "ABNER Lives" printed all around campus. Who is ABNER??? Is he the contractor of the Academic Building?...I doubt it...IF it was him he would not be alive by now. Is he the guy who kicked the TEKES out of their house?...I doubt it, the Health Department was in charge of that.

Probably, ABNER is the name of a new computer that the Japanese are trying to sell in the U.S. ...Nooo!... They already sell Hewlett-Packard.

Maybe ABNER is the new Pre-Registration system that Registrars office will start this quarter, or maybe is another of the C.A.B.'s ideas trying to get student involvement on campus.

I don't know what else to think. The only thing I know besides that I'm flunking Calculus for the third time is that every time I read "ABNER LIVES" I know that there's somebody out there that cares about student's life in this college. Every time I see the name "ABNER"... it makes my day.

So...ABNER, whoever you are, or wherever you came from, I have to say that you bring life to this school. If you are the name of a new organization at school, you better believe that I will join you.

We don't know who Abner is either... maybe Abner will

Dear Mr. Editor,

First, let me compliment you the two issues of the STING I have read this quarter. As a friend of a former editor, I appreciate the effort necessary to produce an issue.

Though I am not a compulsive neatnik, there are a couple of matters concerning the campus environment that have been on my mind of late.

First, there is the cleanliness of the classrooms. From room 470, I can watch the construction of the badly needed new classroom building. But to see it, I have to overlook a most incredible collection of dead bugs, spider webs, dust and general filth which has collected on the window, window sill, and heater. This being Winter, I know the moths have been there for at least 3 months. I share everyone's anticipation of the new facility, but one can only hope the already overextended housekeeping staff can rise to the new challenge.

Next, there is the matter of a non smoking area in the eating section of the Student Center. At a time when study carrels are in great demands in the library, frequently students must study in the Student Center. Georgia law currently requires restaurants to provide a non smoking area for their patrons. I do not know if that applies to the Student Center,

but I do know that there are smokers who insist on enjoying their self destructive habit over the objections of non smokers.

In order to provide a haven for those who have preserved their sense of smell and appreciate clean air, a non smoking area should be provided. The area in the back behind the vertical uprights would do nicely.

'again, let me compliment you on your efforts.

Yours truly, Mark Whisenant

*Thanks for the compliment.
The smoking problem will continue to exist unless real action is taken. Try complaining to the SGA...*

Dear Chip and Dale:

Thank you Chippie for the wonderful Editorial on some of the small animals we have on campus.

It's true, we, of the Maintenance Department, we're not aware of Chip and Dale, and perhaps if we had the time to sit on the square and watch, we might have been more understanding; however, you see we are too busy patching holes and painting the Student Center every Monday for some of the Chip and Dale lovers.

Another point to bring up: how about all the time we spend repainting bathroom walls where other Chip and Dale watchers spend their time when they are not watching their little friends makeing girls scream.

So you see we do take care of Chip and Dale; however, our Chip's and Dale's are two legged animals who tear up their own home.

Well, I would write some more, but one of our Chippie's or Dale's just stopped up a commode with a loaf of bread. Tell me why don't animal lovers find a better way to feed them bread?

Can't sit, too busy for Chip and Dale

Great... how about running Chip & Dale out of the dorm rooms? (roaches too!)

Attention Readers!

Hey People! We want your opinion! Really... see all of these Letters to the Editor? Well, they were all written by students. As a matter of fact, we would be happy to publish your opinions in the STING.

Just write down your thoughts in letter form and submit to the Editor before deadline. All submissions are subject to grammatical editing. We want your opinions... Really!

Spring Fever Catch It!!!

**By Derek Stewart
Photographer**

For college students, life is divided into quarters. And not the kind of quarters you stick into a video game, either. School quarters are the kind that students live and die by. And each quarter has its own characteristics.

Summer quarter is the time for working and saving money for the school year. Fall quarter brings football and illusions of wealth due to the money saved during summer quarter. By the end of fall quarter, students are flat broke. By the end of winter quarter, students are starting to burn out. Serious dread and depression set in along the end of winter quarter. But then, when it seems that the year will never end and things will never get better, here come visions of ... (que the trumpets) ... spring quarter.

This spring fever strikes everyone at some time during the winter quarter, ever professors. It causes students to forget about school and other responsibilities. Students start to daydream, and develop a longing for spring break. We lose a sense of reality, including the fact that we're flat broke. Nothing seems to matter any more.

Spring fever hits me about half way through winter quarter. My thoughts turn to the left-center field stands of Fulton County stadium during a Braves game.

The first signs of warm days bring about a whole new list of things-to-do. The golf clubs have to be cleaned up, and the truck gets washed for the first time in 6 months.

The classic thoughts of spring are romantic thoughts of love, flowers, and the like. I have heard that spring is the time when a young lady's thoughts turn to romance, and a young man's thoughts turn to baseball. And from what I've seen and heard from Southern Tech students, this seems to be true.

Spring fever affects everyone differently. One way or another, you're going to catch it. When it hits, don't fight it, just let it go. It will make the rest of this drab winter quarter go by much more smoothly.

(404) 424-7310

TRUST ME. IT'S THE LATEST IN COMMUNICATIONS TECHNOLOGY - WHENEVER THE CAMERA PANS TO THE GALLERY, YOU SWITCH TO THE NEXT ONE..."

Calgary Press Service

The following two letters were written by students in order to gather support from the student population.

Madalyn Murray O'Hair, an atheist, whose efforts successfully eliminated the use of Bible reading and prayer from all public schools five years ago, has been granted a Federal hearing in Washington, D.C. on the subject of religion and the airwaves by the Federal Communications Commissions (FDC). The petition (R.M.2493) would ultimately pave the way to stop reading of the Gospel on the airwaves of America. She took her petition with 27,000 signatures to back her stand.

If her attempt is successful, all Sunday worship services being broadcasted either by radio or television will stop.

Many elderly people and shut-ins, as well as those recuperating from hospitalization or illness, depend on radio and television to fulfil their worship needs each week.

Mrs. O'Hair is also campaigning to remove Christmas programs and Christmas songs and carols from the public schools.

We need 1,000,000 (one million) signed letters.

If you are against Mrs. O'Hair's plans to remove religion in public school and television, you can sign a petition (No. 2493) which locates in the Student Center Office.

Need Help... but don't know who to ask?

The Counseling Center here at STI, is open to help all STI students, free of charge, cope with many pressures, questions, concerns, and problems that might occur while attending school. The counselors encourage students to learn about themselves and to develop their personal and interpersonal skills as part of their college education. Trained professionals are available to assist you in dealing with personal, career, or educational concerns which inhibit the learning process and make life less comfortable. Counseling provides students with a confidential environment with which to do this. In addition, the Counseling staff regularly offers workshops on a variety of topics. Keep your eyes posted for more details. The center is open 8:00 a.m. - 5:00 p.m., Monday - Friday. Drop by and make an appointment if you would like to speak with a counselor.

Petition To Students

Dear President Cheshire,

Those of us who have signed the following petition would like to express our deep concern regarding the future of Professor Linn. We have, without exception, found him to be among the most versatile, instructive, and committed individuals here at STI.

Simply, our individual signatures hopefully demonstrate our overwhelming support for Professor Linn, a man whose presence at this institution (we feel through personal experience) is of the highest value.

Thank you for giving us your attention on this matter.

Sincerely,

Students of Professor Linn

Petitions for this matter can be found on the desk in front of the Student Center office.

We did our homework. Now do yours.

You want a computer for college. You don't know which one to get. You're confused. You get depressed.

Don't be.

Because the answer to all your computer problems is at your campus computer center. Where you'll find Macintosh™ personal computer and a selection of Macintosh products specifically suited for students.

The Macintosh personal computer lets you work faster, smarter and more creatively. The Apple® External Disk Drive gives you the power

to store and access information faster. And the ImageWriter™ printer lets you print out crisp copies of your work. Lastly, there's the Macintosh carrying case. Which lets you take your Macintosh system wherever your work takes you.

So go to the campus computer center and pick up a Macintosh brochure.

And remember. When you bring a Macintosh home, there's a good chance you'll be bringing home something else. Better grades.

FOR MORE INFORMATION ON THE NEW MAC PLUS AND OTHER APPLE PRODUCTS, PLEASE CONTACT SANDY LLOYD AT 424-7345

FREE PIZZA!

Yes... Free Pizza. That is what Kevin is doing in the picture above. We eat pizza when we put the STING together and you can get in on this deal. The STING staff (3 people) is currently interested in training five to ten students for the 1986-'87 school year. Paid positions will be opening starting summer quarter. Editor-In-Chief, Assistant Editor, Layout Editor, and other managing positions will be opening. THESE POSITIONS ARE WELL PAID POSITIONS! Also, generous commissions for advertisement sales are available. No experience necessary. If you are the slightest bit interested, come by the office (located in the Student Center) on Thursdays at 12:00 P.M. to speak with Kevin or Joel. You may also call for more information at (404) 424-7310.

GET INVOLVED -- JOIN THE STING STAFF!
