## THE RACE IS ON...

The Winter '76 Bathtub Race, a preview of the world's only motorized bathtub race on land, will be held Saturday, February 14 at 2:00 pm.

For the first time in its history, the winter race will have a sponsor, the Pabst Blue Ribbon Company. Although there will be no pre-race publicity, the race will be open to all STI students, faculty and staff.

The race is held primarily as a preview of the coming spring race, and the press, tub sponsors and potential sponsors of tubs and of the entire race from all over the country are invited to attend.

Over 12 tubs are expected to run 35 laps over the main track (spring track) of 1 mile. Some of the old tubs will be back, but driver

Mike Van Steenburg, winner of last spring's race, will be piloting a new machine, as will Tom Preacher, Don Davidson, David Lynn, John Hadley, and Jim Hill and the TKE's, who are expected to run three machines. David Lynn and Gene Sander's ran their tubs at Road Atlanta in a parade lap on Nov. 2. Both drivers are expected to be strong competitors in the winter race.

The drivers will use the Le Mans start and plaques will be awarded for the first time in the Winter '76 Race for 1st, 2nd and 3rd place. Time trials will be held Saturday, Feb. 7, 11 am - 2 pm.

Winter '76 - a preview race, will be an exciting prelude to the spring race. Come see!

## Southern Tech Textile Mgt. Degree Set

Southern Tech will offer an associate degree in Textile Management effective winter quarter 1976, according to Dr. Walter O. Carlson, dean of the engineering technology division of Georgia Tech.

Textile management is designed for people to be middle-line supervisors in Georgia's textile industry and for current supervisors who desire to be more effective in their job. The textile industry is the largest manufacturing industry in Georgia, employing more than 120,000 people.

"The Textile Management program will be a cooperative venture between Southern Tech and Georgia Tech on the one hand, and participating University System institutions on the other" said Carlson.

Floyd, Gordon and Gainesville Junior colleges have already indicated a strong interest in the new program.

According to Carlson, STI and Georgia Tech would be responsible for general supervision of the curriculum and furnish the personnel to teach the textile technology courses. The local institutions will teach all the general education courses.

Graduates of the program could transfer to Southern Tech to pursue a Bachelor of Engineering Technology degree in Textile Engineering Technology or Industrial Eng. Technology.

The program was developed after consultation with members of the textile industry and has been approved and endorsed by the Textile Education Foundation.

STI has the only Textile Engineering Technology program in the United States approved by the Engineers' Council for Professional Development.

## Tau Alpha Pi

The Society is proud to announce the induction of four new members into the society. They are: Larry Ansley EET, Pat McNew IET, Bill Nolte MET, and Greg Seawright EET. These people have demonstrated the high qualities required for membership.

All students who have attained a cumulative grade point average of 3.5 or better, have never failed a course at Southern Tech, have been on the Dean's List for two consecutive quarters, and have a minimum of 50 hours remaining at Southern Tech are urged to seek the recognition due them by membership in Tau Alpha Pi. If you think you qualify contact Tom Sanford P.O.Box 8052 or Dr. Robert Fischer in the English and Social Studies Dept.

Tom Sanford, President

"Prospering and growing in your own business" is the title of a short course Tuesday and Thursday evening Feb. 3-March 4 by the Ga. Tech/Southern Tech Office of Continuing Education on the campus of Southern Tech.

This course will provide the opportunity for the potential or newly self-employed business person to gain or increase expertise in managing his own business. The course is intended for present and prospective small business owners.

The objectives of this course, are to make the small business owner/manager aware of up-to-date ideas which will improve the effectiveness of his business operations, to give practical techniques which will aid him to improve these ideas and to prepare him to cope successfully with the many changes in the future economic environment.

Fee for the course is \$50 and includes all necessary classroom supplies. CEU's will be recorded in the name of each registrant who successfully completes the program. Deadline for registration is Jan. 23. For further information call 424-7219 or 424-8918.

## LETTERS

And I thought gambling was illegal. I'm referring to the "no armed bandits" in the snack bar area. Since the substantial reduction in service from the snack bar, the vending machines have become increasingly important. The current fad at Southern Tech seems to be playing the coffee slot machine to try to hit the nickel jackpot. The reasoning behind this is to try to make up losses incurred in the other machines. To top it off, old fashion foods has removed the change machine, and I had almost figured out how to operate it with some consistency.

As a student I feel something should be done about this problem. Don't forget this is a Technical Institution. Rebuttal or comments are requested through this paper.

Signed,

Mal Nutrition

I would like to see a more extensive type of tutoring program begun. I am certain a lot of students need help, but many do not get the personal attention they need. Surely there are many gifted students in different majors that could spare a few hours per week to help someone less gifted than they are. After all, isn't helping and caring for one another something to be proud of?

John C. Summerlin

The article that was published in the last issue concerning the bookstore and its policies was, to say the least, emphatic. I intend to keep my policy of printing almost any submitted material, no matter whose roses it might wilt, for this, I feel, is the best way to affect any change.

There were a few good points made: The bookstore appears to be interested in selling sweatshirts and cigars rather than books; its' paperback selection is typical of ones to be found in any local drugstore; and the few books that might appeal are too costly.

But I don't feel the fault lies with the man who runs the store. Compared to the previous management he's batting a thousand. I believe the fault lies wholly with the system he has to work within. That is where the "intellectual cripples" reside and that is where the flames should be thrown.

Nick Gordeuk, Editor

## NOTE

Monday, Jan. 26th, Mrs. Jennie T. Anderson, the chairman of the Cobb County Bicentennial committee and Mr. Gene Michaels, administrative asst. to congressman Larry McDonald, will present to Southern Tech a bicentennial flag. The presentation will take place at 12 noon in the library seminar room. All students and faculty are invited to attend.

## FRANKS' FOOD FACTS

Welcome to 1976 and Winter Qtr! My first column each quarter tends to be repetitious but there are certain things which I feel need to be re-emphasized.

First of all, if you have any thoughts, questions, or complaints about or concerning foodservice, please contact me directly. My office is in the cafeteria and that phone number is 422-7785. If I am not available, leave a message and I will either contact you or immediately take appropriate action.

(con't. p. 4)

FOOD FACTS-con't.

Secondly, the meal plan in the dining hall is directed at but not limited to the dormitory students. Any-one on campus is allowed - and welcome- to purchase the meal plan. The cost is \$3.75 per day for three meals. It may be purchased only for a qtr. at any time during the qtr. This means that if you miss us at registration, you may purchase the meal plan any time during the quarter. The cost to you is pro-rated at \$3.75 per day, over the remaining days in the qtr.(5 days perweek, Mon-Fri only).

Beginning this qtr., we are offering daily specials at the cafeteria. For only \$1.50\* you can purchase a meat, 2 vegetables, rolls/

rolls/butter and a beverage. That's a hard deal to beat. Also, we offer a vegetable plate with your choice of three vegetables, rolls & Butter and beverage for \$1.20.\* The choice of vegetables includes any of our salad selection for that day.

The luncheon menu for this week(Jan.19-Jan. 23) follows:

Monday: Macaroni & Beef, Turkey Steak Grilled Ham sandwich, French Fries, Country Style Cabbage, blackeyed peas.

Tues: Turkey & Dressing, Franks & Beans, Surfburger on a bun, whipped potatoes, Green beans, speckled butter beans.

Wed: Macaroni & Cheese with sausage patty, breaded veal cutlet with tomato sause, hot dogs ( 2 ), roast potatoes, turnip greens, peas & Snaps.

Thurs: Country Fried Steak, sloppy joe on a bun, fried breaded fish filet, whipped potatoes, green beans, peas & carrots.

Fri: Liver and onions, chicken and dumplings, grilled cheese sandwich, french fries, green baby lima beans, beets and onions.

In addition to the above, the cafe. offers a soup (counts as a ~~xxx~~ vegetable) and either chili or brunswich stew)(counts as a meat) everyday. Come see us!
